In this utterly gripping thriller, Sarah, the fearless heroine of indie bestseller Orphan Monster Spy, hunts a rogue German doctor in Central Africa who might be a serial murderer. It's 1940, and Sarah Goldstein is hiding in plain sight as Ursula Haller, the Shirley Temple of Nazi high society. She helps the resistance by spying on Nazi generals at cocktail parties in Berlin, but she yearns to do more. Then the spy she works for, the Captain, gets word of a German doctor who's gone rogue in Central Africa. Rumors say the doctor is experimenting with a weapon of germ warfare so deadly it could wipe out entire cities. It's up to the Captain and Sarah to reach the doctor and seize this weapon--known as "the Bleeding"--before the Nazis can use it to murder thousands. Joining them on their journey, in of the guise of a servant, is Clementine, a half-German, half-Senegalese girl, whose wit and ferocity are a perfect match for Sarah's. As they travel through the areas now known as the Republic of the Congo and Gabon, Clementine's astute observations force Sarah to face a hard truth: that mass extermination didn't start with the Nazis. This unbearably high-stakes thriller pushes Sarah to face the worst that humanity is capable of--and challenges her to find reasons to keep fighting.

History for the Classical Child

A guide to the mythology and religion of ancient Egypt, and to the temples and tombs of the world's first great civilization. A chronology of ancient Egypt charts the events of a society that flourished for three millennia. A guide to the most famous burial sites, including Giza, Saqqara and the Valley of the Kings. A tour of sacred centers from the mortuary temples of the pharaohs to those dedicated to the many gods and goddesses. Illustrated with more than 900 color photographs. --From publisher's description.

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

In this book the author has collected a number of his important works and added an extensive commentary relating his ideas to those of other prominentnames in the consciousness debate. The view presented here is that of a convinced dualist who challenges in a lively and humorous way the prevailing materialist "doctrines" of many recent works. Also included is a new attempt to explain mind-brain interaction via a quantum process affecting the release of neurotransmitters. John Eccles received a knighthood in 1958 and was awarded the Nobel Prize for Medicine/Physiology in 1963. He has numerous other awards honouring his major contributions to neurophysiology.

Over 40 expertly rendered illustrations depict life in Athens in the 5th and 4th centuries B.C.: the building of the Parthenon, a performance of Oedipus Rex, a torchlight wedding procession, children playing, Socrates' trial, the Olympian games, Aristotle tutoring the young Alexander of Macedonia, and more. Detailed captions for each illustration.
