Inspired by the history of the British "brideships," this captivating historical debut tells the story of one woman's coming of age and search for independence—for readers of Pam Jenoff's *The Orphan's Tale* and Armando Lucas Correa's *The German Girl*. Tomorrow we would dock in Victoria on the northwest coast of North America, about as far away from my home as I could imagine. Like pebbles tossed upon the beach, we would scatter, trying to make our way as best as we could. Most of us would marry; some would not.

England, 1862. Charlotte is somewhat of a wallflower. Shy and bookish, she knows her duty is to marry, but with no dowry, she has little choice in the matter. She can't continue to live off the generosity of her sister Harriet and her wealthy brother-in-law, Charles, whose political aspirations dictate that she make an advantageous match. When Harriet hosts a grand party, Charlotte is charged with winning the affections of one of Charles's colleagues, but before the night is over, her reputation—her one thing of value—is at risk. In the days that follow, rumours begin to swirl. Soon Charles's standing in society is threatened and all that Charlotte has held dear is jeopardized, even Harriet, and Charlotte is forced to leave everything she has ever known in England and embark on a treacherous voyage to the New World. From the rigid social circles of Victorian England to the lawless lands bursting with gold in British Columbia's Cariboo, *The Brideship Wife* takes readers on a mesmerizing journey through a time of great change. Based on a forgotten chapter in history, this is a sparkling debut about the pricelessness of freedom and the courage it takes to follow your heart.

The idea that 'home' is a special place, a separate place, a place where we can be our true selves, is so obvious to us today that we barely pause to think about it. But, as Judith Flanders shows in her best and most ambitious work to date, "home" is a relatively new idea. In *The Making of Home*, Flanders traces the evolution of the house from the sixteenth to the early twentieth century across northern Europe and America, showing how the homes we know today bear only a faint resemblance to homes through history. What turned a house into the concept of home? Why did northwestern Europe, a politically unimportant, sociologically underdeveloped region of the world, suddenly became the powerhouse of the Industrial Revolution,

the capitalist crucible that created modernity? While investigating these important questions, Flanders uncovers the fascinating development of ordinary household items--from cutlery, chairs and curtains, to the fitted kitchen, plumbing and windows--while also dismantling many domestic myths. In this prodigiously researched and engagingly written book, Flanders brilliantly and elegantly draws together the threads of religion, history, economics, technology and the arts to show not merely what happened, but why it happened: how we ended up in a world where we can all say, like Dorothy in Oz, "There's no place like home."

A sweeping story of survival during World War II Amsterdam, May 1943. As the tulips bloom and the Nazis tighten their grip across the city, the last signs of Dutch resistance are being swept away. Marijke de Graaf and her husband are arrested and deported to different concentration camps in Germany. Marijke is given a terrible choice: to suffer a slow death in the labor camp or—for a chance at survival—to join the camp brothel. On the other side of the barbed wire, SS officer Karl M ÿ ller arrives at the camp hoping to live up to his father's expectations of wartime glory. When he encounters the newly arrived Marijke, this meeting changes their lives forever. Woven into the narrative across space and time is Luciano Wagner's ordeal in 1977 Buenos Aires, during the heat of the Argentine Dirty War. In

his struggle to endure military captivity, he searches for ways to resist from a prison cell he may never leave. From the Netherlands to Germany to Argentina, *The Dutch Wife* braids together the stories of three individuals who share a dark secret and are entangled in two of the most oppressive reigns of terror in modern history. This is a novel about the blurred lines between love and lust, abuse and resistance, and right and wrong, as well as the capacity for ordinary people to persevere and do the unthinkable in extraordinary circumstances.
