My First Color Dominoes: The Game Of Color Discovery

My mother called me a thrill seeker as a kid. That continued to be a fair assessment throughout my life, but with unforeseen consequences. For 57 years I managed to cheat death as I endured accidents such as a head on car collision that catapulted me through two windshields or hitting a telephone pole at 110 MPH on a motorcycle, to name just a couple. Ride along the emotional roller coaster that includes 17 surgeries and the domino effect of events that resulted. After the cancer diagnosis, an internal fight also

an interview, betting his life savings on a boxing match (against the favorite), becoming romantically entangled with one of Fidel Castro's granddaughters, or simply manufacturing press credentials to go where he wants—Brin—Jonathan Butler has always been the "act first, ask permission later" kind of journalist. This book is the culmination of Butler's decade spent in the trenches of Havana, trying to understand a

culture perplexing to Westerners: one whose elite athletes regularly forgo multimillion-dollar opportunities to stay in Cuba and box for their country, while living in penury.

Butler's fascination with this distinctly Cuban idealism sets him off on a remarkable journey, training with, befriending, and interviewing the champion boxers that Cuba seems to produce more than any other country. In the process,

Readers' Favorite Award Winner for Coming of Age The Domino Effect is the story of Danny Rorro, a charismatic kid from Queens poisoned by the past. A series of painful defeats have left him scarred and isolated from his neighborhood, his parents, and – most significantly – the benevolent ways of his childhood when he was known as “Domino.” With great insight, imagery and wit, Danny recalls his past in Queens and his coming-of-age at Hamden Academy.
