### **The 'Trials' of Same-Sex Desire**

*In Reconsidering the Emergence of the Gay Novel in English and German, James P. Wilper examines a key moment in the development of the modern gay novel by analyzing four novels by German, British, and American writers. Wilper studies how the texts are influenced by and respond and react to four schools of thought regarding male homosexuality in the late nineteenth and early twentieth centuries. The first is legal codes criminalizing sex acts between men and the religious doctrine that informs them. The second is the ancient*

*Greek erotic philosophy, in which a revival of interest took place in the late nineteenth century. The third is sexual science (or "sexology"), which offered various medical and psychological explanations for same-sex desire and was employed variously to defend, as well as to attempt to cure, this "perversion." And fourth, in the wake of the scandal caused by his trials and conviction for "gross indecency," Oscar Wilde became associated with a homosexual stereotype based on "unmanly" behavior. Wilper analyzes the four novels-Thomas Mann's Death in Venice, E. M. Forster's Maurice, Edward Prime-Stevenson's Imre: A Memorandum, and John Henry*

An examination of how female same-sex desires were represented in a wide range of Italian and British medical writings, 1870-1920. It shows how the psychiatric category of sexual inversion was positioned alongside other medical ideas of same-sex desires, such as the virago, tribade-prostitute, fiamma and gynaecological explanations.

This book offers an innovative account of

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

manliness in Britain between 1760 and 1900. Using diverse textual, visual and material culture sources, it shows that masculinities were produced and disseminated through men's bodies –often working-class ones – and the emotions and material culture associated with them. The book analyses idealised men who stimulated desire and admiration, including virile boxers, soldiers, sailors and blacksmiths, brave firemen and noble industrial workers. It also investigates unmanly men, such as drunkards, wife-beaters and

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

masturbators, who elicited disgust and aversion. Unusually, *Manliness in Britain* runs from the eras of feeling, revolution and reform to those of militarism, imperialism, representative democracy and mass media, periods often dealt with separately by historians of masculinities. This book is part of a new generation of historical research that challenges prevailing arguments for the medical and legal construction of male homosexual identities in late nineteenth and early twentieth-century Britain. British society

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

could not tolerate the discussion necessary to form medical or legal concepts of 'the homosexual'. The development of masculinity as a social status is examined, for its influence in shaping societal attitudes towards sex and sexuality between men and fostering resistance to any kind of recognition of these phenomena. Imperatives to bolster masculinity as a social status precluded public recognition of the existence of sex and sexuality between men, even in terms that were hostile and pejorative.

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

In mid-nineteenth-century Britain, there existed a dominant discourse on what it meant to be a man –denoted by the term 'manliness'. Based on the sociological work of R.W. Connell and others who argue that gender is performative, Robert Hogg asks how British men performed manliness on the colonial frontiers of Queensland and British Columbia.

**Constitution of Political Authority** argues that there are good reasons to suppose that our understandings of state power quiver with erotic undercurrents. The book maintains, more specifically, that the relationship between ideas of political authority and male same-sex desire is especially fraught. Through a series of case studies where a statesman's same-sex desire was put on trial (either literally or metaphorically) as a problem for the good exercise of public powers, the book shows the resilience and adaptability of cultural beliefs in the incompatibility between public office and male same-sex desire. Some of the case studies

The most authoritative account of a pivotal event in legal and cultural history: the trials of Oscar Wilde on charges of "gross indecency" Among the most infamous prosecutions of a literary figure in history, the two trials of Oscar Wilde for committing acts of "gross indecency" occurred at the height of his fame. After being found guilty, Wilde spent two years in prison, emerged bankrupt, and died in a cheap hotel room in Paris a few years after his release. The trials prompted a new intolerance toward homosexuality: habits of male bonding that were previously seen as innocent were now viewed as a threat, and an

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

association grew in the public mind between gay men and the arts. Oscar Wilde on Trial assembles accounts from a variety of sources, including official and private letters, newspaper accounts, and previously published (but very incomplete) transcripts, to provide the most accurate and authoritative account to date of events that were pivotal in both legal and cultural history.

Masculinity, Class and Same-Sex Desire in Industrial England, 1895-1957 explores the experiences of men who desired other men outside of the capital. In doing so, it offers a unique intervention into the

history of sexuality but it also offers new ways to understand masculinity, working-class culture, regionality and work in the period.

From the New York Times bestselling and critically acclaimed author of *The Invention of Murder*, an extraordinary, revelatory portrait of everyday life on the streets of Dickens' London. The nineteenth century was a time of unprecedented change, and nowhere was this more apparent than London. In only a few decades, the capital grew from a compact Regency town into a sprawling metropolis of 6.5 million inhabitants, the largest city the world had ever

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

seen. Technology—railways, street-lighting, and sewers—transformed both the city and the experience of city-living, as London expanded in every direction. Now Judith Flanders, one of Britain's foremost social historians, explores the world portrayed so vividly in Dickens' novels, showing life on the streets of London in colorful, fascinating detail. From the moment Charles Dickens, the century's best-loved English novelist and London's greatest observer, arrived in the city in 1822, he obsessively walked its streets, recording its pleasures, curiosities and cruelties. Now, with him,

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

Judith Flanders leads us through the markets, transport systems, sewers, rivers, slums, alleys, cemeteries, gin palaces, chop-houses and entertainment emporia of Dickens' London, to reveal the Victorian capital in all its variety, vibrancy, and squalor. From the colorful cries of street-sellers to the uncomfortable reality of travel by omnibus, to the many uses for the body parts of dead horses and the unimaginably grueling working days of hawker children, no detail is too small, or too strange. No one who reads Judith Flanders's meticulously researched, captivatingly written *The Victorian City*

will ever view London in the same light again.

*A Marriage Below Zero* is the first novel in English to explicitly explore the subject of male homosexuality. Written by a British émigré to America, the New York theater critic Alfred J. Cohen, under the pseudonym of “Alan Dale,” this first-person narrative is told by a young Englishwoman, Elsie Bouverie, who gradually discovers that her new husband, Arthur Ravener, is romantically involved with another man. Denounced on publication (“a saturnalia in which the most monstrous forms of human vice exhibit themselves shamelessly,” wrote one reviewer), the novel was

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

published during the public exposure of a London homosexual brothel frequented by upper-class men and telegraph boys. *A Marriage Below Zero* reflected late-nineteenth-century fears and anxieties about homosexuality, women's position in marriage, and the threat that seemingly new, illicit forms of desire posed to marriageable women and to the Victorian family. This Broadview edition includes excerpts from the era's pro-homosexual tracts, scientific and legal documents, contemporary feminist commentary on the new "dandyism," and newspaper accounts of late-Victorian same-sex scandals. Highlights of the

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

volume include excerpts from Charles Dickens's 1836 account of his visit to Newgate Prison, where he witnessed the last two men in Britain executed for sodomy, George Bernard Shaw's 1889 unpublished letter attacking the social purity movement's legislation against homosexual men, and a never-before-reprinted 1898 article from Reynolds's Newspaper, "Sex Mania," that warned of an increasing number of homosexual men choosing to enter marriages as a cover for an illicit life.

Sodomy Laws to Same-Sex Marriage provides international perspectives on the legal and social history of same-sex relationships from the early 19th century to the present. Its emphasis is on areas where the impetus for change has been most noticeable: Europe, the Americas, and Australasia. From Sodom and Gomorrah to Britain's sodomy laws and continental Europe's abhorrence of sexual acts 'against nature', the history of same-sex love traditionally ranged from fire and brimstone maledictions to secrecy and scandal. Until recently, legal positions across the western world reflected the legacies of the British and French empires, as well as Christianity, particularly Catholicism. In recent years, however, there has been a revolution in attitudes

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

towards same-sex relationships. This poses hitherto unanswered questions: what historical complexities lie behind the revolutionary shift from punitive attitudes to legal endorsement of same-sex relationships? Given the cultural variety of historical attitudes to same-sex relationships, why has their legal acceptance been so international? The essays in this volume provide answers to these questions, offering the first international overview of the topic. While other studies have attempted to explain the change in legal and social treatment of same-sex relationships in a national context, or within a shorter time frame, this is the first volume to examine the topic from the French Revolution to the present day, bringing together a diverse array of

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

perspectives over a range of countries. It is an important volume for students and scholars of queer history, the history of sexuality, law and sociology.

The book brings together for the first time John Addington Symonds' key writings on homosexuality, and the entire correspondence between Symonds and Havelock Ellis on the project of Sexual Inversion. The source edition contains a critical introduction to the sources.

At once a book about Oxford and Heidelberg University and about the character of European society on the eve of the World War I, Our Friend "The Enemy" challenges the idea that pre-1914 Europe was bound to collapse. An unprecedented examination of the ways in which the

## Download Free Nameless Offences: Homosexual Desire In The 19th Century

uninhibited urban sexuality, sexual experimentation, and medical advances of pre-Weimar Berlin created and molded our modern understanding of sexual orientation and gay identity. Known already in the 1850s for the friendly company of its “warm brothers” (German slang for men who love other men), Berlin, before the turn of the twentieth century, became a place where scholars, activists, and medical professionals could explore and begin to educate both themselves and Europe about new and emerging sexual identities. From Karl Heinrich Ulrichs, a German activist described by some as the first openly gay man, to the world of Berlin’s vast homosexual subcultures, to a major sex scandal that enraptured the daily newspapers and shook the court of

*The Sexual Constitution of Political Authority*

*Britain 1600-2000*

*In August 1934, young Cyril L. wrote to his friend Billy about all the exciting men he had met, the swinging nightclubs he had visited, and the vibrant new life he had forged for himself in the big city. He wrote, "I have only been queer since I came to London about two years ago, before then I knew*

*nothing about it." London, for Cyril, meant boundless opportunities to explore his newfound sexuality. But his freedom was limited: he was soon arrested, simply for being in a club frequented by queer men. Cyril's story is Matt Houlbrook's point of entry into the queer worlds of early twentieth-century London. Drawing on previously unknown sources, from police reports and newspaper exposés to personal letters, diaries, and the first queer guidebook ever written, Houlbrook here explores the relationship between queer sexualities and modern urban culture that we take for granted*

*today. He revisits the diverse queer lives that took hold in London's parks and streets; its restaurants, pubs, and dancehalls; and its Turkish bathhouses and hotels—as well as attempts by municipal authorities to control and crack down on those worlds. He also describes how London shaped the culture and politics of queer life—and how London was in turn shaped by the lives of queer men. Ultimately, Houlbrook unveils the complex ways in which men made sense of their desires and who they were. In so doing, he mounts a sustained challenge to conventional understandings of the*

*city as a place of sexual liberation and a unified queer culture. A history remarkable in its complexity yet intimate in its portraiture, Queer London is a landmark work that redefines queer urban life in England and beyond. "A groundbreaking work. While middle-class lives and writing have tended to compel the attention of most historians of homosexuality, Matt Houlbrook has looked more widely and found a rich seam of new evidence. It has allowed him to construct a complex, compelling account of interwar sexualities and to map a new, intimate geography of*

*London.*”—Matt Cook, *The Times Higher Education Supplement Winner of History Today's Book of the Year Award, 2006*

*This volume brings together a number of recent critical essays on aspects of gender discourse visible in Indian English fiction. The articles included here address the multiple aspects of gender identity and open up doors for a number of varied interpretations. The authors considered range from Saratchandra to R Raj Rao, from Jhabvala to Manju Kapur. The contributions investigate a range of features of gender discourse,*

Homosexuality, bisexuality, transvestitism, and trans-genders represented new ideas, customs, and mentalities which shattered nineteenth-century Italy. At this time, Italy was a state in the making, with a growing population, a fading aristocracy, and new urban classes entering the scene. While still an extremely Catholic country, atheism and secularization slowly undermined the old, traditional morality, with literature and poetry endorsing innovative

fashions coming from abroad. Laxity mixed with perversion, while new forms of sexuality mirrored the immense changes taking place in a society that, since time immemorial, was dominated by the Church and by a rigid class system. This was a revolution, parallel to the political movements that brought about the Unification of Italy in 1861, and was tormented, intense, and occasionally tragic. This collection of essays offers a rather comprehensive overview of this phenomenon. Personalities and places, ideas and novels, poetry and tragedy, law and customs, are the subject of ten essays, written by leading international experts in Italian history, the history of sexuality, literature and poetry. The Italian nineteenth century is a time of a

number of rapid changes, visible and invisible revolutions, often given less attention than the unification process. This book makes a substantial contribution to Italian studies and modern European history.

Studying the ways in which writings on prisons were woven into the fabric of the period, the contributors to this volumen consider the ways in which these works affected inmates, the prison system, and the Victorian public.

Bringing together established critics and exciting new voices, *The Politics of Gender in Anthony Trollope's Novels* offers original readings of Trollope that recognize and repay his importance as source material for scholars working in diverse fields of literary and cultural studies.

As the editors observe in their provocative introduction, Trollope more than any of his contemporaries is studied by scholars from disciplines outside literary studies. The contributors here draw together work from economics, colonialism and ethnicity, gender studies, new historicism, liberalism, legal studies, and politics that convincingly argues for the eminence of Trollope's writings as a vehicle for the theoretical explorations of Victorian culture that currently predominate. The essays variously examine imperial and postcolonial themes in the context of economic, cultural, aesthetic, and demographic influences; show how gender-sensitive readings expose Trollope's critique of capitalism's influence; address Trollope and

sexuality in the context of queer studies, the law, archetypal constructions, and classical feminism; and offer new approaches to narrative theory through examination of Victorian understandings of male and female psychology. Regenia Gagnier's concluding chapter revisits the collection's critical strands and reflects on the implications for future studies of Trollope.
