A Jumbo Coloring Book with More Than 100 Pages of Easter Coloring for Toddlers and Preschool Kids

The author of Among Friends returns with a witty, heartfelt account of his adventures as a full-time traveling storyteller for God. In third grade, we talked about what we wanted to be when we grew up. I raised my hand and said, "I want to be the pope!" Everyone laughed. But, hey, if you think about it, I'm still in the running. Encountering God is a collection of Father Jim Sichko's tales about worship in Lexington, Kentucky, diocese to embark on a new role as a papal missionary of mercy. As his former congregation well knew, his warmth, humor, and genuine passion for spreading the message of God's unconditional love made him an ideal choice for the job, and Pope Francis seemed to agree. Here he reveals what it's like to live out of a suitcase (and love it) as he engages in the "Ministry of Encountering" by connecting through the shared experiences of daily life, and revealing how God's presence is accessible to us all if we simply open our hearts. Father Jim knows how challenging that can be, but his purpose is to make it easier. He passes along the Holy Father's message that it's not just about what we give up, but what we give—because we all have something to offer, and it costs nothing to love.

Encountering God offers a glimpse into an unusual life—and a call to move from “me” to “we” thinking in a world that sometimes seems determined to drive us apart. This ebook features forewords by Bishop John Stowe, OFM Conv., and Ed Bastian, CEO of Delta Airlines; and an afterword by Olivia Newton-John.

Then came that fateful night, when Olivia was awakened by the low whistle of the wind off the ocean...a whistle that became an unearthly wail coming from Belinda's bedroom. The night that would send generations of Logans down an unavoidable path of lies, deceit, and heartbreak.

One of the most popular shows to come out of Shondaland, Shonda Rhimes's production company, is ABC's political drama Scandal (2012–18)—a series whose tremendous success and marketing savvy led LA Times critic Mary McNamara to hail it as "the show that Twitter built" and Time magazine to name its protagonist as one of the most influential fictional characters of 2013. The series portrays a fictional Washington, DC, and features a diverse group of characters, racially and otherwise, who gather around the show's antiheroine, Olivia Pope, a powerful crisis manager who happens to have an extramarital affair with the president of the United States. For seven seasons, audiences learned a great deal about Olivia and those interwoven in her complex world of politics and drama, including her team of "gladiators in suits," with whom she manages the crises of Washington's political elite. This volume, named for both Olivia's team and the show's fans, analyzes the communication, politics, stereotypes, and genre techniques featured in the television series while raising key questions about the intersections of race, gender, sexuality, and viewing audiences. The essays range from critical looks at various members of Scandal's ensemble, to in-depth analyses of the show's central themes, to audience reception studies via interviews and social media analysis. Additionally, the volume contributes to research on femininity, masculinity, and representations of black womanhood on television. Ultimately, this collection offers original and timely perspectives on what was one of America's most "scandalous" prime-time network television series.

In a rhythmic alphabet chant, all the letters race one another up the coconut tree.
