On Theatre (Plays And Playwrights)

For anyone interested in drama, *Playwrights on Playwriting: From Ibsen to Ionesco* offers revealing and astute insights on modern theater and the creation of plays. The book gathers the opinions and theories of the greatest names in the past 200 years of drama, among them Anton Chekhov, George Bernard Shaw, Federico Garcia Lorca, Eugene O'Neill, Bertolt Brecht, Tennessee Williams, Sean O'Casey, and Arthur Miller, to name a few. In the first part of the book, "Credos and Concepts," the playwrights offer their differing philosophies on the dynamics of theatrical performance and the changes in drama since Aristotle. In the second part, "Creations," the same dramatists look at specific plays of their own, commenting on their intended goals and the works' overall success. A unique and enlightening collection, *Playwrights on Playwriting* is an essential resource for the enthusiast of theater.

Stephen Unwin's *A Guide to the Plays of Bertolt Brecht* is an indispensable, comprehensive and highly readable companion to the dramatic work of this challenging and rewarding writer. plays that emerged from one of the most turbulent periods in history have had a profound and lasting influence on theatre. Central to theatre studies courses and whose plays are frequently revived on stage, Brecht is nevertheless perceived as a difficult writer. This companion is divided into two sections: the first seven chapters outline the tumultuous historical, cultural and theatrical context of Brecht's work. They explore his theatrical theory and provide an account of his approach to staging his plays which informs an understanding of how they work in practice. The second section provides an analysis of nineteen plays in six chronological groupings, each prefaced by a brief sketch of Brecht's life and theatrical development in that period. For each play, Stephen Unwin offers a synopsis, a critical commentary and an account of the work in performance. The book concludes with an examination of Brecht's legacy and a chronicle of his life and times. Written by experienced theatre director Stephen Unwin, this is the perfect companion to Brecht's plays and life for student and theatre practitioner alike.

David Rush takes beginning playwrights through the first draft of a play and deep into the revision process.

Drawing on examples from such classics as Othello and The Glass Menagerie, Rush provides detailed models for writers to evaluate their work for weaknesses and focus on the in-depth development of their plays. Rush encourages writers to make sure their plays are clear and focused. He shows how to keep plays dramatically compelling and offers ways to avoid common mistakes that make them dull, confusing, or ineffective. He then distills the essence of traditional revision into key questions and discusses frequently overlooked tools, terms, and strategies that go beyond established methods of evaluation.

black experience, the plays in Black Female Playwrights are centered on the female experience." -- Voice Literary Supplement "Perkins' anthology is valuable for a number of reasons... Perkins' book (which includes a bibliography of plays and pageants by black women before 1950 as well as a selected bibliography of critical works) is a major help in providing access to [the world of black drama]." -- Theatre Journal The need to acknowledge these works was the impetus behind this volume. Perkins has selected nineteen plays from seven writers who were among the major dramatizers of the black experience during this early period. As forerunners to the activist black theater of the 1950s and 1960s, these plays represent a critical stage in the development of black drama in the United States.

An accessible, contemporary guide to the art of dramatic writing During the ten years that Stuart Spencer has taught playwriting, he has struggled to find an effective playwriting handbook for his courses. Although most of the currently popular handbooks have good ideas in them, they all suffer from the same problems: they're poorly organized; are composed mostly of quirky, idiosyncratic advice on how specific playwrights have gone about writing their own work; and are full of abstract theorizing on the nature of art. As a result, they fail to offer any concrete information on how to construct a well-written play or any useful guidelines and exercises. Moreover, few of these books are actually written by working playwrights. Out of frustration, Spencer wrote his own book. The result, The Playwright's Guidebook, is a clear, concise, and engaging handbook. Spencer

addresses the important principles of structure, includes insightful writing exercises that build upon one another, explores the creative process, and troubleshoots recurrent problems that playwrights actually face. Playwrights for Tomorrow was first published in 1969. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Three plays are published in this sixth volume of a series of collections of plays by dramatists who have participated in an experimental program conducted by the Office for Advanced Drama Research (O.A.D.R.), University of Minnesota. Dr. Arthur H. Ballet, editor of the series, is the director of the program. The plays in this volume are The Thing Itself by Arthur Sainer, The Marriage Test by Jonathan Gillman, and The End of the World; or, Fragments from a Work in Progress by Keith Neilson. In an introduction Dr. Ballet briefly describes the O.A.D.R. program and comments on the three plays. Of Mr. Sainer and his play Dr. Ballet writes: "Arthur Sainer represents a new wave in theatrical writing, the semi-improvisational piece which really takes on life only in production, but which also speaks with a voice as old and honorable as theatre itself. The Firehouse Theatre, with its unique and skillful dedication to innovative theatre, brought The Things Itself to exciting production for enthusiastic audiences." Jonathan Gillman's The Marriage Test is, he writes, "a rare and sparkling work for the stage: a classic farce." On the third play and its author he comments: "The End of the World by Keith Neilson was the first play provided with facilities

adapted for the stage by Julie Crutcher and Vaughn McBride. Southern playwriting is a distinctive voice in the American theater, a point eloquently made in the foreword by Jon Jory. The literary works of the South, he writes, are dominated by "great language, family, strong women, religion, the land, and the past," all of which makes them wonderful for acting -- and for reading. This entertaining book honors southern playwrights in a collection of works that have premiered at Actors Theatre of Louisville.

Unrivalled in its coverage of recent work and writers, *The Methuen Drama Guide to Contemporary American Playwrights* surveys and analyses the breadth, vitality and development of theatrical work to emerge from America over the last fifty years. This authoritative guide leads you through the work of 25 major contemporary American playwrights, discussing more than 140 plays in detail. Written by a team of 25 eminent international scholars, each chapter provides:

- a biographical introduction to the playwright's work;
- a survey and concise analysis of the writer's most important plays;
- a discussion of their style, dramaturgical concerns and critical reception;
- a bibliography of published plays and a select

list of critical works. Among the many Tony, Obie and Pulitzer prize-winning playwrights included are Sam Shepard, Tony Kushner, Suzan-Lori Parks, August Wilson, Paula Vogel and Neil LaBute. The abundance of work analysed enables fresh, illuminating conclusions to be drawn about the development of contemporary American playwriting.

Actors and playwrights, can self-produce. There is notable precedence for self-producing, from Moliere to Shaw, from Shepard to the hundreds of playwrights and actors backing their work today. The *How to Produce a Play without a Producer: A Survival Guide for Actors and Playwrights* will empower the actor or writer by clarifying the intricacies of theatre production. Topics include budgeting, theatre spaces, building artistic and technical teams, legal and tax issues, box office management, marketing, publicity, press agents, and transferring the play to a higher production level.

Over four decades, Stephen Poliakoff has proved himself to be a distinctive dramatist in the mediums of theatre, film and television. Moving from playwright to television and film director, he has been hailed as 'TV's foremost writer' (*Independent*) and as 'one of our most

poetic and best TV dramatists' (Daily Telegraph). In the USA, his TV 'films' have received industry acclaim, *The Lost Prince* winning three Emmy Awards and *Gideon's Daughter* two Golden Globes. This book is the first to offer a comprehensive overview of Poliakov's work for stage and screen and a framework for its critical evaluation. It will prove invaluable to students of theatre, film, and television studies. Robin Nelson locates Poliakov's distinctive vision and fierce independence as a writer and director in both personal and public histories and against industry contexts. He charts Poliakov's 'meteoric rise' as a playwright, and his 'second starburst' in television drama since *Shooting the Past* (1999) which re-affirmed his reputation as a dramatist of distinction. While the chronology of Poliakov's impressive output is clearly laid out, works are discussed in thematic clusters ranging across mediums to afford a fresh perspective. The book covers 'issue dramas', 'quirky strong women' and 'histories/memories' as well as Poliakov's early developing dramaturgy, and it examines in detail the later feature films and television dramas which have secured his reputation as our most distinctive television dramatist.

the Alley Theatre in Houston, and Mr. Kliewer's was given, in an earlier version, at the Scorpio Rising Theatre, Los Angeles. In his introduction Professor Ballet points out that works by playwrights in the O.A.D.R. program have been produced not only in cooperating theatres in the United States but in Australia, New Zealand, Scotland, and Canada as well. It grows increasingly difficult, he writes, to find playhouses willing to risk an "imperfect" new play and playwright or to challenge their audiences to dare explore unknown dramatic and theatrical territory. "More dangerous still," he comments, "has been the tendency for some directors to make theatre their own, highly personal art. Many important, and many more unimportant, theatres have become showcases for artistic directors who impose their will on all work, old or new."

The definitive guide to the life and work of Antonin Artaud Antonin Artaud's theatre of cruelty is one of the most vital forces in world theatre, yet the concept is one of the most frequently misunderstood. In this incisive study, Albert Bermel looks closely at Artaud's work as a playwright, director, actor, designer, producer and critic, and provides a fresh insight into his ideas, innovations and, above all, his writings. Tracing the theatre of cruelty's origins in earlier dramatic conventions, tribal rituals of cleansing, transfiguration and exaltation, and in related arts such as film and dance,

Before Lanford Wilson became a Pulitzer Prize-winning playwright, with such celebrated productions as *The Hot I Baltimore*, *Fifth of July*, *Talley's Folly*, and *Burn This*, he wrote dozens of short stories and poems, many of which take place in the 1950s, small-town Missouri where he grew up. This selection of Wilson's early work, written between 1955 and 1967 when he was between the ages of 18 and 30, provides a rare look at a young writer developing his style. The stories explore many of the themes Wilson later took up in the theater, such as sexual identity and the rupture of societies and families. These never-before-published works—part of the manuscript collection donated by Wilson to the University of Missouri—shed light on the roots of some of

Written to encourage new and experienced playwrights to build techniques for a greater range of creative expression in writing for the stage, the book uses exercises or etudes to help guide the playwrights towards an understanding of thinking and working theatrically. The etudes are designed to get writers writing and to encourage them to develop and further their creative processes. It is the experience of the creating and not copying (from famous writers) their own plots and characters that is emphasized through out.

Without William Shakespeare, we wouldn't have literary masterpieces like Romeo and Juliet. But without Henry Condell and John Heminges, we would have lost half of Shakespeare's plays forever! After the death of their friend and mentor, the two actors are determined to compile the First Folio and preserve the words that shaped their lives. They'll just have to borrow, beg, and band together to get it done. Amidst the noise and color of Elizabethan London, *THE BOOK OF WILL* finds an unforgettable true story of love, loss, and laughter, and sheds new light on a man you may think you know.

'Post-black' refers to an emerging trend within black arts to find new and multiple expressions of blackness, unburdened by the social and cultural expectations of blackness of the past and moving beyond the conventional binary of black and white. Reflecting this multiplicity of perspectives, the plays in this collection explode the traditional ways of representing black families on the American stage, and create new means to consider the interplay of race, with questions of class, gender, and sexuality. They engage and critique current definitions of black and African-American identity, as well as previous limitations placed on what constitutes blackness and black theatre. Written by the emerging stars of American

theatre such as Eisa Davis and Marcus Gardley, the plays explore themes as varied as family and individuality, alienation and gentrification, and reconciliation and belonging. They demonstrate a wide-range of formal and structural innovations for the American theatre, and reflect the important ways in which contemporary playwrights are expanding the American dramatic canon with new and diverse means of representation. Edited by two leading US scholars in black drama, Harry J. Elam Jr (Stanford) and Douglas A. Jones Jr (Princeton), this cutting edge anthology gathers together some of the most exciting new American plays, selected by a rigorous academic backbone and explored in depth by supporting critical material.

It opens with Mustapha Matura's 1979 play *Welcome Home Jacko* which in its depiction of a group of young unemployed West Indians was one of the first to explore issues of youth culture, identity and racial and cultural identification. Jackie Kay's *Chiaroscuro* examines debates about the politics of black, mixed race and lesbian identities in 1980s Britain, and from the 1990s Winsome Pinnock's *Talking in Tongues* engages with the politics of feminism to explore issues of black women's identity in Britain and Jamaica. From the first decade of the twenty-first century the three plays include Roy Williams' seminal pub-drama *Sing Yer Hearts Out for the Lads*, exploring racism and identity against the backdrop of the World Cup; Kwame Kwei-Armah's National Theatre play of 2004, *Fix Up*, about black cultural history and progress in modern Britain, and finally Bola Agbage's terrific 2007 debut, *Gone Too Far!*, which examines questions of identity and tensions between Africans and Caribbeans living in Britain. Playwriting Seminars is "a treasure-trove of information, philosophy, and inspiration" (Theatre Journal), "an absolutely essential guide to all aspects of playwriting and a valuable whitewater raft trip down the rapids of Hollywood screenwriting" (Magellan), and "a terrific learning environment for writers" (WebCrawler Select). It was also a recommended resource for playwrights at New Dramatists (NYC). The Handbook's initial concepts came from the author's work with Lucasfilm and the BBC. It was originally developed for playwrights and screenwriters, but has since been used by writers of fiction and nonfiction books. This new edition covers all aspects of writing full-length plays with an expanded treatment of screenwriting for Hollywood and independent film as well as diagrams of key elements of dramatic structure. Playwriting techniques are explained with many examples from classic and contemporary plays performed today by America's regional theatres as well as on Broadway and Off-Broadway. The 392 page Handbook explains the interconnections between characters and plot and the importance of subtext to character development in the contemporary theatre (what characters don't tell us matters as much as what they say in dialogue). Key exercises are included for developing "voice" as a writer and for creating the essential dual plot structure that supports intriguing characters in today's theatre. Many professionals in theatre and film are quoted on key parts of the art and craft of playwriting and screenwriting to help explain effective techniques.
