There are planets not meant to be colonized by humans. For three decades they will sleep, while their great colonial starship transports them to what is believed to be the perfect world. Their ship is state-of-the-art and totally automatic, allowing the passengers to remain in suspended animation for most of the journey. When they wake, they expect to find a virgin planet, unspoiled by the hands of man - a world where they can pursue happiness in a safe and free environment. The naive colonists from Earth have a different reality to face. Readers Favorites

AL CLARK (Book One) Literary Review ????? by Paul F. Johnson Al Clark by Jonathan G. Meyer grabs the readers attention from the first page. One of my favorite genres is science fiction, above all, space opera. I found Al Clark to be space opera and more. I call it space adventure. The author has created a strong, believable set of characters, particularly the First Six. The story plot is strong and steady with several well designed twists, leaving a true space opera and space adventure fan expectantly waiting to turn the next page. I strongly recommend this book for those that enjoy good sci-fi. Good story. What the readers are saying: ????? Scifi as it was meant to be - Jennifer Seidler ????? Out of the shadows of USA Today bestselling author Eileen Wilks's World of the Lupi series comes an enthralling novella of a man and woman whose true natures could be the death of them. Certain people in Midland, Texas, are dying. All of them were Gifted, and all of them have been drained of their blood. Kai is a reluctant telepath with a skewed Gift—she sees thoughts instead of experiencing them. So, unlike other Midlanders, she can intuit that they have a "Guardian." She also knows that the Guardian Nathan isn't human. His true nature hasn't been divined. Neither has hers. But when another one of the Gifted is found dead, Kai herself becomes a suspect. And only Nathan can save her. Previously published in *On the Prowl*. Includes a preview of Eileen Wilks's *Mortal Ties*, coming September 2012.

From #1 New York Times bestselling author Patricia Briggs comes a fantastical series set in a world where magic is the only thing that stands between humanity and total destruction... Seraph is a Raven mage, and among the last of the Travelers who ensure that the city of Colossae is safe from evil. Unwelcome by those who fear magic, the wizard clans have been decimated by the very people they've sworn to protect. But Seraph is spared a similar fate by the ex-soldier Tier—and together they build a life where she is no longer burdened by her people's responsibility. But now Tier is missing—or dead—and Seraph's reprieve from her duty is over. Using her magic to discover her husband's fate, Seraph realizes the prison that holds the evil entity known as Stalker is weakening—and only Seraph can fulfill her ancestors' oath...

Newly mated werewolves, Anna and Charles, attend a summit discussing whether or not the wolves should make themselves known to humans, when she is attacked by vampires, in the second novel in the series following Cry Wolf. 25,000 first printing.

An ancient order tied to the Vatican... A blood fortune buried in the caves of France... A conspiracy of power, greed and darkest evil... Archaeologist and explorer Annja Creed's fascination with the myths and mysteries of the past leads her to a crypt in the caves of France, where the terrifying legend of the Beast of Gevaudan hints at the unimaginable. What she discovers is shattering: an artifact that will seal her destiny; a brotherhood of monks willing to murder to protect their secret; and a powerful black-market occultist desperate to put his own claim to centuries-old blood money. Annja embarks on a high-tension race across Europe and history itself, intent on linking the unholy treachery of the ages with the staggering revelations of the present. But she must survive the shadow figures determined to silence her threat to their existence.

When she ventures into the forbidden forest, Bella Beauchamps is attacked by a cursed nobleman and secluded in his castle where she is torn between her family and this strange man who makes her happy.

"Highly accessible, authoritative, and intellectually provocative, a startlingly original theory of how Homo sapiens came to be: Richard Wrangham forcefully argues that, a quarter of a million years ago, rising intelligence among our ancestors led to a unique new ability with unexpected consequences: our ancestors invented socially sanctioned capital punishment, facilitating domestication, increased cooperation, the accumulation of culture, and ultimately the rise of civilization itself. Throughout history even as quotidian life has exhibited calm and tolerance war has never been far away, and even within societies violence can be a threat. The Goodness Paradox gives a new and powerful argument for how and why this uncanny combination of peacefulness and violence crystallized after our ancestors acquired language in Africa a quarter of a million years ago. Words allowed the sharing of intentions that enabled men effectively to coordinate their actions. Verbal conspiracies paved the way for planned conflicts and, most importantly, for the uniquely human act of capital punishment. The victims of capital punishment tended to be aggressive men, and as their genes waned, our ancestors became tamer. This ancient form of systemic violence was critical, not only encouraging cooperation in peace and war and in culture, but also for making us who we are: Homo sapiens"--

LATE NIGHT RADIO YOU CAN SINK YOUR TEETH INTO Recovering con artist Ciara Griffin is trying to live the straight life, even if it means finding a (shudder!) real job. She takes an internship at a local radio station, whose late-night time-warp format features 1940s blues, '60s psychedelia, '80s goth, and more, all with an uncannily authentic flair. Ciara soon discovers just how the DJs maintain their cred: they're vampires, stuck forever in the eras in which they were turned. Ciara's first instinct, as always, is to cut and run. But communications giant Skywave wants to buy WVMP and turn it into just another hit-playing clone. Without the station -- and the link it provides to their original Life Times -- the vampires would "fade," becoming little more than mindless ghosts of the past. Suddenly a routine corporate takeover is a matter of life and undeath. To boost ratings and save the lives of her strange new friends, Ciara rebrands the station as "WVMP, the Lifeblood of Rock 'n' Roll." In the ultimate con, she hides the DJs' vampire nature in plain sight, disguising the bloody truth as a marketing gimmick. WVMP becomes the hottest thing around -- next to Ciara's complicated affair with grunge vamp Shane McAllister. But the "gimmick" enrages a posse of ancient and powerful vampires who aren't so eager to be brought into the light. Soon the stakes are higher -- and the perils graver -- than any con game Ciara's ever played....

Gary Shilling, an award-winning economic forecaster, argues that the global economy is going through a long period of de-leveraging and weak growth, which makes deflation far more likely and a far greater threat to investors than inflation. Shilling explains in clear language and compelling logic why the world economy will struggle for several more years and what investors can do to protect and grow their wealth in the difficult times ahead. The investment strategies that worked for last 25 years will not work in the next 10 years. Shilling advises readers to avoid broad exposure to stocks, real estate, and commodities and to focus on high-quality bonds, high-dividend stocks, and consumer staple and food stocks. Written by one of today's best forecasters of economic trends-twice voted by Institutional Investor as Wall Street's top economist Clearly explains what to invest in, what to avoid, and how to cope with a deflationary, slow-growth economy Demonstrates how Shilling has been consistently right about major economic trends since he began forecasting in the early 1980s Filled with in-depth insights and practical advice, this timely guide lays out a convincing case for why investors need to be prepared for a long period of weak growth and deflation-not inflation-and what you can do to prosper in the difficult times ahead.

REALITY BITES Talk radio host and werewolf Kitty Norville has agreed to appear on TV's first all-supernatural reality show. She's expecting cheesy competitions and manufactured drama starring shapeshifters, vampires, and psychics. But what begins as a publicity stunt will turn into a fight for her life. The cast members, including Kitty, arrive at the remote mountain lodge where the show is set. As soon as filming starts, violence erupts and Kitty suspects that the show is a cover for a nefarious plot. Then the cameras stop rolling, cast members start dying, and Kitty realizes she and her monster housemates are ironically the ultimate prize in a very different game. Stranded with no power, no phones, and no way to know who can be trusted, she must find a way to defeat the evil closing in . . . before it kills them all. An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As

the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.

Time to embrace your inner evil. Rose Kinley never intended to be one of the most feared creatures to walk the earth. Once upon a time, she was a human—one who fell in love

with a mysterious stranger. But when she got caught in a paranormal war, she lost her humanity and died...only to wake later as a vampire. Now Rose has a choice. She can continue to try and be the good girl she once was or she can let her darkness out to play. Maybe it's finally time for her to step into the dark. He's the reason she's undead. Panther shifter Julian Craig has a mission—protect Rose at all costs. It's his fault that she lost her human life, and he literally made a deal with the devil so that she would have a second chance as a vampire. And as part of that deal, he's supposed to keep his hands off Rose. An impossible task considering the dangerous lust he feels for her. When Rose is targeted by a paranormal collector, Julian knows that he will have to let his own beast out if he is to protect the only woman who ever touched his battered soul. Rose may be afraid of the darkness she carries, but Julian is more than ready to show the world just what kind of a monster he truly is. Julian isn't afraid of the dark...but the monsters that wait in the shadows? They will bow to him. He'll show her just how good it can feel...to be bad.
