"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. THE DOOR IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

The first organizational book inspired by the culinary world, taking mise-en-place outside the kitchen. Every day, chefs across the globe churn out enormous amounts of high-quality work with efficiency using a system called mise-en-place--a French culinary term that means "putting in place" and signifies an entire lifestyle of readiness and engagement. In *Work Clean*, Dan Charnas reveals how to apply mise-en-place outside the kitchen, in any kind of work. Culled from dozens of interviews with culinary professionals and executives, including world-renowned chefs like Thomas Keller and Alfred Portale, this essential guide offers a simple system to focus your actions and accomplish your work. Charnas spells out the 10 major principles of mise-en-place for chefs and non chefs alike: (1) planning is prime; (2) arranging spaces and perfecting movements; (3) cleaning as you go; (4) making first moves; (5) finishing actions; (6) slowing down to speed up; (7) call and callback; (8) open ears and eyes; (9) inspect and correct; (10) total utilization. This journey into the world of chefs and cooks shows you how each principle works in the kitchen, office, home, and virtually any other setting.

"One of the ten best leadership books so far this year." -- Bloomberg Following up the popular peak performance book *Organize Tomorrow Today*, a new plan to motivate, set priorities and lead any team to optimal achievement Watch a triumphant speech after a sports championship or business milestone and you'll almost always hear some variation of this catchphrase: "It couldn't have happened without the great team we have." It doesn't matter if you're the owner of a 10,000-employee Fortune 500 company or running a small business, you're a part of a team. With a combined 50 years of experience building, managing, advising, and troubleshooting teams in both the business and sports worlds, Jason Selk and Tom Bartow now reveal the common DNA that links the highest performing teams. In *Organize Your Team Today*, Selk and Bartow show how it takes collective mental toughness to win, developed only through a clear understanding of the goals, limitations, roles and personalities on your team. Great leaders respect and embrace channel capacity, Selk and Bartow explain, which means they don't overload their teams with blizzards of tasks and responsibilities. They bust the "focus" and "relationship" fallacies, as those words are meaningless for teams unless they are byproducts of activities that really matter. And Selk and Bartow teach how to manage expectations, since doing so creates a level of respect between the leader and the team -- and among the team members--that is a catalyst for peak achievement.

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.
