For once, business is going well for Quark, not that anyone on Deep Space Nine truly appreciates his genius for finding profit in the most unlikely of circumstances. Quark is even looking forward to making the deal of a lifetime -- when he suddenly finds himself stuck right in the middle of a major dispute between Bajor and the Ferengi Alliance. It seems that the Grand Nagus is refusing to sell one of the lost Orbs of the Prophets to the Bajoran government, which has responded by banning all Ferengi activity in Bajoran space. With diplomatic relations between the two cultures rapidly breaking down, Quark loses his bar first, then his freedom. But even penniless, he still has his cunning and his lobes, and those alone may be all he needs to come out on top -- and prevent an interstellar war!

The post-television Deep Space Nine saga continues with this original novel from New York Times bestselling author David R. George III! On the original Deep Space Nine, Captain Kira Nerys watches as the nearby wormhole opens and discharges a single, bladelike vessel. Attempts to contact its crew fail, and the ship is soon followed by another vessel of similar design. When an armada subsequently begins to emerge from the wormhole, it seems clear that DS9 is under attack. Kira orders her first officer, Commander Elias Vaughn, to board the U.S.S. Defiant and defend the station, and alerts

Starfleet to send additional forces as her crew prepares DS9's shields and weaponry for the onslaught to come. Meanwhile, on the lead ship, Iliana Ghemor considers launching an attack on DS9 and finally ending the life of Kira, the fountainhead of all the ills in her miserable life. Her vengeance demands more than mere death, though—it requires pain. Ghemor refocuses, choosing to follow her plan to mete out her revenge on the captain by first decimating the population of Bajor.

Continuing the events from Star Trek: Fearful Symmetry, a new novel in the ongoing Deep Space Nine series set after the end of the critically acclaimed television series. Captain Kira's lookalike, Iliana Ghemor, dreams of fulfilling a prophecy that will mark her as the one true Emissary of the mirror universe—a messianic figure who will lead her followers into a war that could trigger the cleansing of countless alternate Kiras in countless parallel realities. But the stakes are higher than anyone imagines, for the pull of destiny tugs at other souls who are swept into the vortex of the Prophets, remote and timeless beings who have set these events in motion. Yet the outcome of this struggle for the fate of one universe will ripple across many others, giving shape to a future that will prove to be greatest trial yet for the heroes of station Deep Space 9.

An original novella set in the Star Trek: Deep Space Nine universe! With his Starfleet assignment temporarily on hold, Odo needs a distraction. He welcomes Chief O'Brien's

offer to loan him some of the action-packed books that both men relish: tales about hard-boiled private eyes, threatening thugs, and duplicitous dames. Then Quark suddenly goes missing during a hastily planned trip to Ferenginar. His concerned friends on Deep Space Nine feel that Odo, as the station's former chief of security, is uniquely suited to track Quark down. But once on Ferenginar, Odo learns that Quark is trapped in the seamy underbelly of a criminal enterprise that could have been ripped from the pages of one of O'Brien's novels. To find the bartender, Odo discovers that he must rely not only on his law enforcement background, but his knowledge of all things noir.

America's problem with race has deep roots, with the country's foundation tied to the near extermination of one race of people and the enslavement of another. Racism is truly our nation's original sin. "It's time we right this unacceptable wrong," says bestselling author and leading Christian activist Jim Wallis. Fifty years ago, Wallis was driven away from his faith by a white church that considered dealing with racism to be taboo. His participation in the civil rights movement brought him back when he discovered a faith that commands racial justice. Yet as recent tragedies confirm, we continue to suffer from the legacy of racism. The old patterns of white privilege are colliding with the changing demographics of a diverse nation. The church has been slow to respond, and Sunday morning is still the most segregated hour of the week. In *America's Original Sin*, Wallis offers a prophetic and deeply personal call to action in overcoming the racism so ingrained in American society. He speaks candidly to Christians--particularly white Christians--urging them to cross a new bridge toward racial justice and healing. Whenever divided cultures and gridlocked power structures fail to end systemic sin, faith communities can help lead the way to grassroots change. Probing yet positive, biblically rooted yet highly practical, this book shows people of faith how they can work together to

After the disastrous events in the Bajoran system, Captain Benjamin Sisko must confront the consequences of the recent choices he has made in his life. At the same time, the United Federation of Planets and its Khitomer Accords allies have come to the brink of war with the Typhon Pact. While factions within the Pact unsuccessfully used the recent gestures of goodwill—the opening of borders and a joint Federation–Romulan exploratory mission—to develop quantum-slipstream drive, they have not given up their goals. Employing a broad range of assets, from Romulus to Cardassia, from Ab–Tzenketh to Bajor, they embark on a dangerous new plan to acquire the technology they need to take control of the Alpha and Beta Quadrants. While UFP President Bacco and Romulan Praetor Kamemor work feverishly to reestablish peace, Captains Sisko, Jean-Luc Picard, and Ro Laren stand on the front lines of the conflict . . . even as a new danger threatens the Bajoran wormhole as it once more becomes a flashpoint of galactic history.

Continuing the Deep Space Nine saga—an original novel from New York Times bestselling author David R. George III! At the end of 2385, in a significant shift of its goals from military back to exploratory, Starfleet sent Captain Benjamin Sisko and the crew of the U.S.S. Robinson on an extended mission into the Gamma Quadrant. Tasked with a yearlong assignment to travel unknown regions, they set out to fulfill the heart of Starfleet's charter: to explore strange new worlds, seek out new life and new civilizations. But now three months into the mission, their first contact with an alien species comes in the form of an unprovoked attack on the Robinson. With the ship's command suddenly incapacitated, seventy-eight of the 1,300 aboard are abducted—including Sisko's daughter, Rebecca. But Rebecca had already been kidnapped years earlier by a Bajoran religious zealot, part of a sect believing that her birth fulfilled the prophecy of the arrival of the Infant Avatar. Does her disappearance now have anything to do with the harrowing events of the past? And for what purpose? Have these enemies taken Sisko's daughter and the rest of the missing?

It is a time of renewed hope. As the U.S.S. Defiant sails through the wormhole and charts a new course of discovery into the unknown ocean of the Gamma Quadrant, powerful individuals from distant worlds gather at station Deep Space 9™ to usher in a bright new era; with the Dominion now only a memory, Bajor is poised at last to enter the Federation. For Colonel Kira Nerys, Commander Elias Vaughn, and all those who follow them, these are the voyages they were born to undertake. But where they seek to go is defined by the journeys they have made before, and how they will populate these uncharted waters -- the spectres of lost leaders, fallen friends, forsaken lovers, vanquished enemies, and earlier selves. Some of these shades drive the travelers on, others are pulled inexorably into their wake; but all make their presence felt, and in feeling, the men and women

Three hundred fifty-seven years, nine lives, one soul—all are Drax. Mother, father, engineer, ambassador, scientist, statesman, serial killer, Starfleet officer: At one time or another, Dax has been all of these things and more. The near-immortal part of a composite species known as the Trill, Dax is a sentient, wormlike symbiont joined body and mind to a succession of humanoid hosts, carrying the memories of each lifetime into the next. Each incarnation is different. Each has its own personality, its own triumphs, its own tragedies, its own dreams—and each one is Dax. Here for the first time are tales from the lives of one of the most unique and compelling Star Trek characters ever created, told by voices as diverse as the hosts themselves: Steven Barnes, Michael Jan Friedman, L. A. Graf, Jeffrey Long, S. D. Perry, Judith and Garfield Reeves-Stevens, Kristine Kathryn Rusch, Robert Simpson, and Susan Wright. Much more than an anthology, this unique collection of stories weaves the tapestry of one being's life...through three and a half centuries of history in the Star Trek universe. Increasingly absorbed in recent years by advances in our understanding of the origin of life, evolutionary history, and the advent of human kind, eminent biologist Christian de Duve has pondered the future of life on this planet. Focusing on the process of natural selection, de Duve explores the inordinate and now dangerous rise of humankind.--[book jacket]

Before the Dominion War and the decimation of Cardassia...before the coming of the Emissary and the discovery of the wormhole...before space station Terok Nor became Deep Space 9™...there was the Occupation: the military takeover of an alien planet and the violent insurgency that fought against it. Now that fifty-year tale of warring ideologies, terrorism, greed, secret intelligence, moral compromises, and embattled faiths is at last given its due in the three-book saga of Star Trek's Lost Era... A seemingly benign visitation to the bountiful world of Bajor from the resource-poor Cardassian Union is viewed with cautious optimism by some, trepidation by others, and a calculating gleam by unscrupulous opportunists. What begins as a gesture of compassion soon becomes something very different. Seen through the eyes of participants on both sides -- including those of a young officer named Skrain Dukat -- the personal, political, and religious tensions between the Bajorans and the Cardassians quickly spiral out of control, irrevocably shaping the futures of both worlds in an emotionally charged and

*From the New York Times bestselling author David Mack comes an original, thrilling Section 31 novel set in the Star Trek: The Next Generation universe! No law...no conscience...no mercy. Amoral, shrouded in secrecy, and answering to no one, Section 31 is the mysterious covert operations division of Starfleet, a rogue shadow group pledged to defend the Federation at any cost. The discovery of a two-hundred-year-old secret gives Doctor Julian Bashir his best chance yet to expose and destroy the illegal spy organization. But his foes won't go down without a fight, and his mission to protect the Federation he loves just end up triggering its destruction. Only one thing is for certain: this time, the price of victory will be paid*

"Original sin is the Western world's creation story." According to the doctrine of original sin, humans are born bad and only God's grace can bring salvation. In this captivating book, acclaimed historian James Boyce shows how these ideas have shaped the Western view of human nature right up to the present. The legacy of original sin takes many forms, including the distinctive discontent of Western people - the feelings of guilt and inadequacy associated not with doing wrong, but with being wrong. As well as an innovative history of Christianity, Boyce offers new insights into the making of the West. Born Bad traces a fascinating journey from Adam and Eve all the way to Adam Smith and Richard Dawkins in this sweeping story of a controversial idea and its remarkable influence. "What is wrong with me? This question has haunted the West for fifteen hundred years, but until recently it came with an answer - which was called original sin. Western people believed they were "born bad" because they had inherited the sin of the first humans." — James Boyce "This highly original, readable book shows how the Christian idea that we are all somehow fundamentally warped has helped to shape democratic politics, free markets, sexual anxieties and even debates about whether dead babies go to heaven." — Marion Maddox, author of God Under Howard and Taking God to School The mysterious Tomed Incident of 2311 was the Federation's definitive*

*confrontation with the Romulan Empire. Now fans can learn the truth behind the intrigue, heroism, and tremendous personal sacrifice surrounding this pivotal event -- including the untold story of the Enterprise NCC-1701-B. In the midst of escalating political tensions among the Klingons, the Romulans, and the Federation, Starfleet goes forward with the inaugural flight of Universe, a prototype star ship that promises to revolutionise space exploration. But the Universe experiment results in disaster, ravaging a region of space dangerously close to the Romulan Star Empire, apparently confirming suspicions that the Federation has begun testing a weapon of mass destruction. As the military build-up accelerates on both sides of the Neutral Zone, Captain John Harriman of the USS Enterprise, NCC-1701-B, is fated for a final confrontation with his oldest enemy at a flashpoint in history -- with the Beta Quadrant one wrong move from the outbreak of total war.*
