In the late 19th century, the new nation-state of Italy was eager to join her European neighbours in creating an international empire, and her eyes turned toward Africa as a source of potential colonies. Securing a foothold in Eritrea on the Red Sea coast, the Italians quickly became embroiled in a shooting war with the Ethiopians. The war proved a disaster for the Italians, who suffered three major defeats against the forces of Emperor Menelik's army, including a horrendous massacre at Adowa, the largest defeat of a colonial army prior to World War I. This book looks at the campaign with an emphasis on the colourful uniforms worn by both sides.

Ellen Prentiss's papa said she was born with saltwater in her veins, so he gave her sailing lessons and taught her how to navigate. As soon as she met a man who loved sailing like she did, she married him. When her husband was given command of a clipper ship custom-made to travel quickly, she knew that they would need every bit of its speed for their maiden voyage: out of New York City, down around the tip of Cape Horn, and into San Francisco, where the Gold Rush was well under way. In a time when few women even accompanied their husbands onboard, Ellen Prentiss navigated their ship to set the world record for speed along that route. A Margaret Ferguson Book

In the heart-stopping finale to the Crown of Feathers trilogy, which #1 New York Times bestselling author Kendare Blake calls “absolutely unforgettable,” Veronyka must face her most devastating enemy yet: her own sister. I had a sister, once... Veronyka is no longer an orphaned stable boy or a nameless Phoenix Rider apprentice: she is the daughter of Pheronia Ashfire, the last queen of the Golden Empire...and the niece of Valkyra Ashfire, the resurrected rebel queen who tore the empire apart. We shone brightly, burned fiercely. Now that the secret is out, everyone at the Eyrie treats Veronyka differently, and with Tristan still a hostage of the scheming Lord Rolan—and Sev with him as a spy—Veronyka feels very much alone. Except for her beloved phoenix, Xephyra, of course, and her new friend, Kade, who has his own reasons for wanting to save Tristan. Was it always going to come down to this? Sister against sister? Darkness against light?

Veronyka is determined to do whatever it takes to get Tristan back, even if that means revealing her identity to the world and inheriting a throne she's not sure she wants. But when she discovers that Valkyra has bonded with a strix—a legendary creature of darkness that feeds off the life force of others—Veronyka realizes she has more to deal with than an encroaching war with the empire. Val is willing to destroy everything to get her revenge on a world that rejected her, and if Veronyka wants to bring peace to the empire and Pyra alike, she must face

down her sister once and for all. The world began with Ashfire queens...perhaps they will also be its destruction.

***This dark satire about an entitled young banker in a downward spiral is “a very modern and thoroughly haunting piece of work” (The Sunday Telegraph). It’s 2008 and Matt Freeman is living in London, desperately trying to keep a toehold in the financial world by running a shadow banking business with contacts in North Korea and Iran. He is furious with the emptiness and impermanence of twenty-first century life—but addicted to the allure of luxury possessions: cars, watches, bespoke suits. And meanwhile, there is the question of why the women in Matt Freeman’s life seem to disappear. Capturing one of the world’s financial capitals at a crucial moment, poised between extravagant excess and a terrifying recession, Get Me Out of Here is a satirical psychological thriller about the rage and desperation that come with the expectation of money for nothing. By turns darkly comic and unnerving, Sutton’s novel possesses a moral authority rare in contemporary fiction.***

**"Wild Horse Annie" was the nickname of Velma Bronn Johnston (1912–77), who loved mustangs all her life. When she saw mustangs being rounded up and killed to make room for ranchers' livestock, she knew she had to speak up. In 1950, she began writing letters to local newspapers and politicians, defending the horses' right to roam free. Many people told Annie to hush up, but they couldn't stop her. She soon became a voice for mustangs throughout the state of Nevada, speaking on their behalf at town halls and meetings. But Annie was only one person, and she wanted to do more. So she got children to speak up, too, by having them write letters to Washington, D.C., officials to ask them to save the mustangs. Finally, with the help of her young "pencil brigade," Annie persuaded Congress to pass nationwide laws protecting wild horses and burros on public land nationwide. Readers will find inspiration in author Tracey Fern and artist Steven Salerno's portrait of an early animal-rights advocate, who spoke up for what she believed in, and empowered a generation of children to be a voice for the voiceless.**
