Opposites Attract...and can thrive in a marriage built on God. The book starts with the results of a survey detailing the ten most important qualities that each man or woman wants in a spouse, then teaches us how we can be the person who breeds that quality in our husband or wife. Throughout the book the authors use their own personalities and experience with marriage to demonstrate how to do marriage right.

Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money."

Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in *Millionaire by Thirty*, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

In the midsummer of his twelfth birthday, Davey, his twin cousins and his sister Kate, embark on a tour of the infamous underground city in Davey's hometown. As the tour progresses, Davey finds himself separated from the others, and inside an eerie chamber. Here he is drawn to a large and hazy-glassed mirror. In a moment, Davey's reflection blurs, and he finds himself back on the streets of the ancient city - but the residents are not of his time - they are ghosts, and some do not take kindly to those from 'the other side'. Davey encounters some friendly spirits, too - but they urge him to try to make it back to his own time, before an evil ghost crew discovers he is mortal. A frantic search for his own world begins, and Davey makes it just in time. But he senses there is unfinished business and, come Hallowe'en, the ghosts will be on the lookout for him - and this time they will be visiting his world . . .

Kasher in the Rye

Spyfax File Binder

When Amal finds out that her disastrous Tinder match is now going to be her boss, she can't be more annoyed. Qais Ahmed is everything she never wants to be: narcissistic, manipulative and arrogant. However, despite her relentless efforts, she is unable to resist his charm and wit and is drawn to him once she gets to know the real him. She soon discovers that he isn't just a part of her professional life but has a deep connection to a past she is trying to forget. Will this disturbing secret tear them apart or bind them together forever?

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.
