

Probate Real Estate Sales 101: A Guide For Real Estate Agents And Investors

*When a loved one dies, we want to know that their final wishes were carried out as they had hoped. Being entrusted to carry out these wishes is an enormous responsibility, and one you may not fully understand. The title of executor is given to those who have been named to administer a will and handle the specifics involved with settling an estate. Many times, a loved one dies before the executor has time to learn what the title entails. Sometimes, this title is given to family members who have little or no experience with taxes, inheritance law, and probate, leaving someone who is already grieving feeling overwhelmed and frustrated. Assuming they are not capable of performing these tasks alone, many people turn to an attorney to assist in the particulars, who in return charges them hefty fees. If you have been charged with serving as executor to a simple estate, *How to Settle a Simple Estate Without a Lawyer* can bring you up-to-date -- quickly -- on everything you need to know about wills, trusts, probate, taxes, and much more. This book will help you assess whether the estate under your control can be settled without an attorney. Estates that involve guardianship of a child and complex trusts may require the assistance of a lawyer. Before paying expensive attorney fees to settle a rather straightforward estate, allow this book to explain all the basics you need to know to tackle this project on your own, saving you thousands in the process. In this book, you will learn about identifying the different types of trusts -- such as charitable trusts, generation-skipping transfer trusts, living trusts, and totten trusts -- as well as taking the first steps as an executor, navigating the probate process, paying the debts of an estate, and distributing bequests. You will be provided with a complete dictionary of all terms relating to estates, a list of common mistakes that novice executors often make, and an array of resources available to you beyond a lawyer. This book will explain the duties you will perform as the executor, as well as how to set up a filing system for important documents involved with the estate, claim life insurance and social security benefits, read the will, manage assets and pay bills involved with the estate, and transfer property belonging to the estate. We spent hundreds of hours interviewing estate planning professionals and gathering information from novice executors, such as yourself, who share their tips and advice for successfully settling an estate without paying thousands. Settling a loved one's estate can be a taxing experience when also trying to cope with his or her passing, especially if the subject is foreign to you. Don't worsen the experience by throwing away your hard-earned money and hiring an attorney to settle a simple estate you can feasibly handle on your own.*

*In 21 Ways To Find Off Market Real Estate I reveal to you some of the best strategies and methods that myself and the top investors across the United States have used to buy thousands of homes, consistently, in various types of markets. "This book is not just a bargain, it's a steal. It's filled with practical, workable advice for anyone wanting to build wealth."—Mike Summey, co-author of the bestselling *The Weekend Millionaire's Secrets to Investing in Real Estate* Anyone who seeks financial wealth must first learn the fundamental truths and models that drive it. *The Millionaire Real Estate Investor* represents the collected wisdom and experience of over 100 millionaire investors from all walks of life who pursued financial wealth and achieved the life-changing freedom it delivers. #1 Best-Seller on Amazon! According to recent surveys the average real estate agent makes less than \$10,000 a year and close to 90% of new agents will not last more than two years in the business. Fewer than 10% of agents will make over \$100,000 and the majority that do have been in the business for decades. The average real estate agent sells 12 homes a year and for agents that are just starting out that number is less than four. In 2012 Dan Lesniak used a unique strategy to upend the industry trends. In his first year in real estate Dan had over 36 transactions totaling over \$22 million in sold volume, making him one of the most successful rookie real estate agents ever on his way to taking over one of the most competitive market areas in the country, that had previously been dominated by agents with over 10 years experience. In The HyperLocal, Hyper Fast Real Estate Agent, Dan tells how he used the Segmentation, Targeting and Positioning (STP) framework to identify potential markets, choose which ones to go after and how to add massive value to the consumers in that market. This book will teach you how to use the STP framework to enter new markets or increase market share in your existing markets by adding more value to your potential clients and communicating your value proposition to the market. Whether you are a new agent getting started or a veteran agent looking for more growth this book will show you how to do it using examples of how Dan did it in the hyper competitive Arlington, VA (Greater Washington

DC) market. What Other Industry Leaders Have Said About the Book "I have been coaching realtors for 22 years. Dan is the best business man who sells real estate that I've ever seen. He has great systems, structures, and processes. That is what separates him from the rest!" -Rick Ruby - Core Head Coach One of my favorite sayings is "follow the yellow brick road." In this book, Dan clearly lays out the path to the Emerald City, avoiding all the dangers of creating your own way. In Dan's first year, he closed over \$22 million in sales, a feat matched by only the tiniest fraction of real estate agents-regardless of experience. If you are looking for a step-by-step plan from someone who has done it, this is the book for you! -Pam O'Bryant, Chief Engagement Officer for Keller Williams Capital Properties, Contributor to Gary Keller's The Millionaire Real Estate Agent book There is no greater opportunity right now in the real estate industry than there is in the expansion market. This will require you to grow in your existing market and know how to expand in new ones. This book is a great example of how to rapidly expand in any market and is a must read for expansion team leaders. -Noah Ostroff, Chief Executive Officer of Global Living and Top Selling Keller Williams Agent Dan Lesniak is the real deal. He runs the most profitable real estate team I know of, hands down. If you want to compress time to achieve your goals, listen to this guy and take action now! -Jeff Latham, President of Latham Realty Unlimited with 275 homes sold annually Dan and I first met when he was just getting started in the business, and I have been blown away at how he was able to grow his brand so rapidly in a very competitive market. Dan's creative approach and tenacity has served him well, and he is a great example of how to commit and succeed as a young real estate agent. -Thad Wise, Senior Vice President with First Savings Mortgage Corporation and \$100 Million Loan Officer Dan Lesniak is by far one of the brightest and highest-skilled real estate agents I have had the pleasure of working with; his strategies for his clients are brilliant! Dan has succeeded in one of the most competitive markets in the country, while also growing his brokerage and giving back to the community. -Elysia Stobbe, Real Estate RockStar and #1 Best Selling Author of How To Get Approved for the Best Mortgage Without Sticking a Fork in Your Eye
