

See How They Work Look Inside Diggers: Big Rigs, Fire Trucks, Diggers, Farm Equipment (World Of Wonder)

What does every mile mean to you? When you hit the trails, the road, the track or the treadmill, what does each mile mean? A group of runners and walkers from around the world share their stories as they let us know what every mile matters means to them. Get ready to be inspired.

Glenda K. Harrison, freelance style contributor and creator of the blog, So What to Twenty, has long been enthusiastic about the subject of style. Spending her days inspiring women to identify and embrace their unique gifts, and fashion prowess, she noticed the meaning of style is often cast into a one dimensional story - usually referring to fashion, and relegated into what someone is wearing, when in fact, style is much more complex than sartorial pursuits, and extends beyond what the eye can see. After spending many years deciphering people who embody the characteristics of style, with clarity, Harrison takes us on a journey that cleverly unravels the intangible traits, as well as their wardrobe mastery, and then beautifully weaves together the person who encompasses this multi-faceted word. With the illustrations of Allison Taylor, True Style: A Look Beyond the Surface brings this subject to life, and puts substance and artistry into the true meaning of style.

#1 New York Times Bestseller "Significant...The book is both instructive and surprisingly moving." —The New York Times Ray Dalio, one of the world's most successful investors and entrepreneurs, shares the unconventional principles that he's developed, refined, and used over the past forty years to create unique results in both life and business—and which any person or organization can adopt to help achieve their goals. In 1975, Ray Dalio founded an investment firm, Bridgewater Associates, out of his two-bedroom apartment in New York City. Forty years later, Bridgewater has made more money for its clients than any other hedge fund in history and grown into the fifth most important private company in the United States, according to Fortune magazine. Dalio himself has been named to Time magazine's list of the 100 most influential people in the world. Along the way, Dalio discovered a set of unique principles that have led to Bridgewater's exceptionally effective culture, which he describes as "an idea meritocracy that strives to achieve meaningful work and meaningful relationships through radical transparency." It is these principles, and not anything special about Dalio—who grew up an ordinary kid in a middle-class Long Island neighborhood—that he believes are the reason behind his success. In Principles, Dalio shares what he's learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book's hundreds of practical lessons, which are built around his cornerstones of "radical truth" and "radical transparency," include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as creating "baseball cards" for all employees that distill their strengths and weaknesses, and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for organizations and institutions, Principles also offers a clear, straightforward approach to decision-making that Dalio believes anyone can apply, no matter what they're seeking to achieve. Here, from a man who has been called both "the Steve Jobs of investing" and "the philosopher king of the financial universe" (CIO magazine), is a rare opportunity to gain proven advice unlike anything you'll find in the conventional business press.

For ages 3 to 5 years. With the city blanketed in a deep snow, Ryan's dad is worried about how he will get to work. However, four year old, Ryan, knows just what to do. With the help of his snow blower, snowplow, dump truck, front loader, and a train, he clears the streets so that his dad can safely get to work.

Angecorex Points (Part One)

The final battle -- the ultimate price. The once beautiful land of Hightspall is being carved up by warring armies led by figures from out of legend. One army is headed by the charismatic brute, Axil Grandys, and the other by Lyf, resurrected sorcerer-king and Axil's ancient nemesis. Only the escaped

slave Tali and her unreliable magic stand in their way -- but Tali's gift grows more painful every time she uses it. As the armies converge on the fateful peak of Touchstone, Tali and her ally Rix must find a way to overcome Lyf and prevent Axil from using the Three Spells that will destroy Hightspall forever. *JUSTICE* is the shattering finale to Ian Irvine's fantasy epic Tainted Realm trilogy.

Money, money, money! It makes the world go round and round so it seems. You can either think about it or not, but you cannot escape it! *How To Gain Wealth With Just One Word* is a short and sweet ebook alternative. The author shares his personal experiences on receiving wealth and how his experiences will help you. This ebook discusses the power of thought, the subconscious and how to receive the best results on receiving wealth.

Maybe you're a recent college graduate, looking for a successful start to your career. Or an experienced professional, feeling the need to try something new. Either way, a whole host of opportunities await you-- but if you really hope to ace that interview and get the job you want, you'll need the right skills to get ahead. So when you're navigating the complex twists and turns of today's changing job market, let *I'll Get That Job!* serve as your road map and guide. Featuring advice from real HR professionals, headhunters, and team managers, this essential job-hunting companion will let you know exactly what you need to do to increase your chances, from social media presence to writing a great CV. While shedding light on the many myths and outdated "rules" that may actually bog you down in today's job-seeking experience, *I'll Get That Job!* serves as a source of motivation and encouragement for modern job hunters. After all, with hard work and the right mind-set, it really is possible for you to get that job you've always wanted--and become the most successful version of yourself along the way!

Are you picking up all your students' work is trying to tell you? In this book, assessment expert Susan M. Brookhart and instructional coach Alice Oakley walk teachers through a better and more illuminating way to approach student work across grade levels and content areas. You'll learn to view students' assignments not as a verdict on right or wrong but as a window into what students "got" and how they are thinking about it. The insight you'll gain will help you * Infer what students are thinking, * Provide effective feedback, * Decide on next instructional moves, and * Grow as a professional. Brookhart and Oakley then guide teachers through the next steps: clarify learning goals, increase the quality of classroom assessments, deepen your content and pedagogical knowledge, study student work with colleagues, and involve students in the formative learning cycle. The book's many authentic examples of student work and teacher insights, coaching tips, and reflection questions will help readers move from looking at student work for correctness to looking at student work as evidence of student thinking.

What thoughts crossed your mother's mind the first time she saw you? What dreams did your father hold in his heart? Told from the perspective of a baby in utero whose parents are seeing the ultrasound picture for the first time. A colorful and inspiring way to instill the message that we are each wonderfully treasured and made. Fun Fact: In early spring 2013, while putting socks on her newest daughter's feet, the author Ruth spoke out loud, "Look at those toes, where will they go?" In a moment of sheer inspiration, she grabbed her eldest daughter's Tinkerbell notebook, and between folding laundry and scrambling eggs, wrote the manuscript for this book.

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures

Looking for Work The Facilitator's Guide - Item 1243

Deep Work

Justice

On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes and atrocities of the past that had haunted her grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. She is retired from Union County Public Schools where she was an Administrative Assistant to the Assistant Superintendent. She has two daughters and four grandchildren who also reside in the Old North State.

Do you feel overwhelmed by all the stuff in your home? Is your home office a messy file drawer of papers? Do you want to get organized, but you do not know where to start? This book will help you look at your stuff differently and put you on the right track to get organized and stay organized, so you can better enjoy life. We will consider the real value of our possessions. Is "real value" a dollar amount? Or the usefulness of the item? Or how it makes you feel? There are many ways to consider an item's value, none of them right or wrong. Everything is relative in terms of what is really important to you, whether it be your time, your space, or your stuff.

This book has two purposes. First, to introduce the study of work and the workplace as a method for informing the design of computer systems to be used at work. We primarily focus on the predominant way in which the organization of work has been approached within the field of human-computer interaction (HCI), which is from the perspective of ethnomethodology. We locate studies of work in HCI within its intellectual antecedents, and describe paradigmatic examples and case studies. Second, we hope to provide those who are intending to conduct the type of fieldwork that studies of work and the workplace draw off with suggestions as to how they can go about their own work of developing observations about the settings they encounter. These suggestions take the form of a set of maxims that we have found useful while conducting the studies we have been involved in. We draw from our own fieldwork notes in order to illustrate these maxims. In addition we also offer some homilies about how to make observations; again, these are ones we have found useful in our own work. Table of Contents: Motivation / Overview: A Paradigmatic Case / Scientific Foundations / Detailed Description / Case Study / How to Conduct Ethnomethodological Studies of Work / Making Observations / Current Status

The Tyler family had the perfect life - until sixteen-year-old Leah decided she didn't want to be perfect anymore. While Leah's parents fight to save their daughter from destroying her brilliant future, Leah's younger sister, Justine, must cope with the damage her out-of-control sibling leaves in her wake. Will this family survive? What happens when love just isn't enough? Jodi Picoult fans will love In Leah's Wake - a heartbreaking, ultimately redemptive story about family, connection and our responsibility to those we love.

139 POWERFUL and Scientifically PROVEN Health Tips to Boost Your Health, Shed Pounds and Live Longer!

Family always comes first. Alma, New York is the perfect town, right down to the coordinated shopfront decorations on Main Street, and Gina Dewar is the perfect wife, mother, daughter-in-law. She understands the responsibility that comes with marrying into America's golden family, and she tries not to burden her husband Bobby with drama from her own small-town past. But a summer house in the Hamptons doesn't always buy happiness, and the Dewars aren't quite as apple pie as they seem. When Bobby is publicly accused of having an affair cracks start to appear in the Dewar clan, and when he denies any knowledge, Gina faces an impossible dilemma. Should she stand by her husband, or listen to her sister-in-law, telling her that there is more to this story? As the town explodes with speculation, Gina tries to keep the gossips out of her marriage. After all, no one knows better than her that secrets should stay in the family. But then she hears the rumor that Bobby's supposed mistress is pregnant and she is shaken to the core. With the future of her family so uncertain, Gina is about to find out what she's willing to do to protect those she loves... A moving, emotionally gripping novel about family secrets and the space between loyalty and trust. A stunning new read for fans of Elin Hilderbrand, Emily Giffin and Jennifer Weiner. Readers love Cecilia Lyra: "ABSOLUTELY UNPUTDOWNABLE. Warm and emotional. I loved it completely from beginning to end... captured my heart from the first page... Brilliant writing, lovable characters, real situations, the book was everything I needed and more." Book Reviews by Shalini, 5 stars "A simply glorious read!... One of the best books I read this year!" Goodreads reviewer, 5 stars "Definitely for fans of Elin Hilderbrand. I absolutely loved it and liked that the drama was intense but there was reprieve and easy reading in between. It was well-written and truly the perfect beach read." Goodreads reviewer, 5 stars "WOW! What an incredible story that brought out so many emotions." Heidi Lynn's Book Reviews, 5 stars "A fantastic read!... I cried at quite a few spots. I didn't want this book to end!" Goodreads reviewer, 5 stars "Delightful, bittersweet and beguiling... Had me utterly enchanted. The Sunset Sisters is uplifting and compelling and I highly recommend it." Brianne's Book Reviews, 5 stars "Brilliant book. Loved it." NetGalley reviewer, 5 stars "The perfect summer story." Goodreads reviewer "A fantastic, great read. The story is full of emotions. Recommend it." NetGalley reviewer, 5 stars "A great book." Goodreads reviewer, 5 stars "Read this in one day." NetGalley reviewer, 5 stars "A great read... has the full gamut of emotions and it's not to be missed." NetGalley reviewer, 5 stars "An emotional, heart-warming summer read that is perfect to lay back and relax with on lazy, summer afternoons... this story pulled at my heart strings and took me on an emotional, heart-warming ride the entire way through." Goodreads reviewer "Love, lies and betrayal at its best. This is a compulsive read, one I had difficulty putting down." Goodreads reviewer "The kind of story I love! Family secrets, all those skeletons in the closets makes for a book I couldn't put down!" NetGalley reviewer, 5 stars "Amazing, emotional." Goodreads reviewer "An emotional, heart-warming summer read... will envelope you and not let you out of its grasp until you have read each and every word of this bittersweet, emotional tale... this story pulled at my heart strings and took me on an emotional, heart-warming ride the entire way through." Goodreads reviewer

The Book Angecorex Points (Part One) is about our life that surrounds us everyday, which includes birds, trees, water, river, lakes and also social issues and social bonding, adventure. It's a black and white silver screen art film for a broader audience. Most of the events are the creation of the author, no part of living example or does not exist. It's a creation of authors unique mind. Angecorex Points (Part One).

Synopsis coming soon.....

This bestseller provides teachers and administrators with strategies for examining and discussing student work, such as essays, math problems, projects, artwork, and more. New for the Third Edition: The Microlab Protocol, a relatively quick and easy way to introduce groups to protocol-guided conversation; a new case focused on understanding the Common Core; and more detailed notes and strategies for facilitators. Tina Blythe develops and facilitates online professional development courses for Harvard Project Zero and consults for schools, districts, and organizations both nationally and internationally. David Allen is an assistant professor at the College of Staten Island, City University of New York. Barbara Schieffelin Powell is a national and international educational consultant in curriculum development, teacher education, and evaluation.

The students in Mrs. Madoff's class share how they will celebrate Mother's Day with their families, in the latest book from the mother-daughter team which includes instructions for making a flower for mom from a button, paper, and a pipe cleaner.

This book is about organisational development from a systemic perspective. It is about systemic principles. How do they work in organisations? And how do people in those organisations experience them? This book attempts to answer this and many more questions on working with the systemic phenomenological perspective in organisations and society at large. From the same perspective, this book discusses a large amount of issues such as fraud, success, downturn and succession. This book includes many examples of organisations and themes, including constellations in South America, Europe, Russia and the US. Together, they make this book to be a Lonely Planet in the world of working in the systemic- phenomenological way. Jan Jacob Stam, founder of the Hellinger Institute in The Netherlands, and a very welcome teacher and lecturer in more than twenty countries, has been a leader and researcher in the field of systemic work for over 15 years. This book gives you a look into Jan Jacob's experiences and insights. And as always, he has moved on and continues to develop and search for new insights. There are so many interesting questions still unanswered. This book reads like a dream on a cold winters' nights where no one sleeps and Jan Jacob keeps you awake as he makes you part of this special world.

Now that Connor Cohen is dead, Silas Cohen is free to live the life he wants. But there are still two men in the way. When Enzo Juarez tries to make a new deal with Fiona, her good intentions get the best of her and she unexpectedly puts Silas in danger. Can Alex's connections save them this time? All bets are off when it's every man for themselves in this series' finale.

Beyond Dollars: 15 Ways to Drive Employee Engagement and Reinforce Culture

Mother's Day

Unemployment is one of the most politically explosive issues in China and has gained further prominence as a result of the present global financial crisis. The novelty, urgency, and complexity of Chinese unemployment have compelled the government to experiment with policy initiatives that originate in the West. This book argues that although China is not a liberal democracy, it has turned to neo-liberal forms of governance to deal with unemployment, which now function alongside pre-existing Chinese modes of governance. This book examines the initiatives which represent China's attempt to institutionalize and humanize its approach to governance: these initiatives include training programmes; counselling; a web-based national labour-market information network; insurance; and using community (shequ) organizations as the base for new mechanisms of governance and informal job generation. Based on extensive original research including semi-structured interviews, the book discusses the ways in which the government combines the new techniques with old campaign-style policy techniques. The author argues that these multiple modes of governance make the state's power visible in the new Chinese labour market, and at the same time run the risk of policy incoherence or even failure.

Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of Give and Take). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 800-CEO-READ

What's Your Green Goldfish is based on the simple premise that employees are the key drivers of customer experience and that "Happy Employees Create Happy Customers." The book focuses on 15 different ways to drive employee engagement and reinforce a strong corporate culture. It's the second book in the goldfish trilogy. The first book was an Amazon Best Seller entitled, What's Your Purple Goldfish. Purple focused on customers, whereby Green focuses on employees. Both books are based on a revolutionary new approach called marketing g.l.u.e. (marketing by giving little unexpected extras). The book is based on the findings of the Green Goldfish Project, an effort which crowd sourced 1,001 examples of signature added value for employees. Key themes emerged from the Project. The book is filled with

over 200 examples. PRAISE FOR WHAT'S YOUR GREEN GOLDFISH "Stan is the sherpa that guides executives along the journey between the heart and mind of business stakeholders. Stakeholders aren't always customers though. At a time when company vision and culture matters more than ever, it takes inspired and engaged employees to bring them to life." - Brian Solis, author of What's the Future of Business #WTF, The End of Business as Usual and Engage "So often overlooked, and so very vital to building company value... empowering employees to support each other and the brand. Stan Phelps 'gets' it and Green Goldfish will walk you step-by-step though achieving this critical goal." - Ted Rubin, author of Return on Relationship "Great customer centric organizations only exist because of engaged and empowered employees. The Green Goldfish is packed with awesome examples of what world class companies are doing today to inspire and reward their employees. If you see value in truly building an "A Team," Green Goldfish will be, without question, your single best reference." - Chris Zane, Founder and President of Zane's Cycles, author of Reinventing the Wheel, the Science of Creating Lifetime Customers "Stan Phelps takes customer service to a whole new level by focusing on EMPLOYEE service, and how to do well by your employees - so they take care of your customers. Packed with stories, insights and R.U.L.E.S. any company can follow, this book is a must-read for managers of companies of all shapes and sizes who know that employees don't leave jobs - they leave managers, especially when they don't feel your love and appreciation. Pick this up, and start engaging your team and making more GREEN - Phil Gerbyshak, author of The Naked Truth of Social Media "Our large-scale research shows unequivocally that engaged employees are more likely to work longer, try harder, make more suggestions for improvement, recruit others to join their company, and go out of their way to help customers. They even take less sick time. Companies can tap into the enormous value of engaged employees by following the 15 ideas that Stan lays out in this book." - Bruce Temkin, author of The Six Laws of Customer Experience "Too often, the actual employment experience delivered on the job does not measure up to the version sold to job candidates during the interview process. In What's Your Green Goldfish, Stan Phelps offers 15 ways to close the gap." - Steve Curtin, author of Delight Your Customers: 7 Simple Ways to Raise Your Customer Service from Ordinary to Extraordinary (AMACOM, June 2013) "In What's Your Green Goldfish, Stan Phelps brilliantly applies the idea of 'doing a little something extra' for employees. You know, those people that actually get the work done and keep customers happy. Read it, put some of the ideas to work, and soon you'll be reaping more 'green' from your customers." - Bob Thompson, Founder and CEO, CustomerThink Corp.

WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN

When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy-especially after twelve years. Forbes isn't the same young man. He found his adventure-and more. Weary, he's ready to settle into a slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the quiet girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

Every Mile Matters

NASA discovered the alien ship lurking in the asteroid belt in the 1960s. They kept the Target under intense surveillance for decades, letting the public believe they were exploring the solar system, while they worked feverishly to refine the technology needed to reach it.

A teenage boy uncovers a horrific family secret. A widower seeks vengeance on the creatures that killed his wife. A drug addled writer stalks the woman of his dreams, a woman much more sinister than she appears. A federal agent races to find the cursed relic powering this city full of spooks, spirits, and serial killers. The lives of these and others will collide in the dark and dangerous streets of Adderlass. A seed of evil was planted under Adderlass, a city where monsters hide behind masks of humanity and ordinary people shuffle anesthetized and addicted by the sickly supernatural power wafting up from below. The city was built over the crystalline skull of a bloodthirsty beast. Now, the hunt is on for this lost treasure and whoever finds it first will control the fate not only of Adderlass but of the entire world. Sixteen-year-old Simon Cubbins, young and naive, may be the key to unlocking the mystery buried in this twisted labyrinth of hidden agendas. He also unknowingly harbors a secret that could destroy the Cubbins bloodline. As different characters fight for control over Simon, he will have to decide whether or not to carry on his family's legacy.

The last time Marilyn actually spoke to Benjamin was when she needed to borrow a crayon... that was ten years ago. Benjamin and Marilyn have known each other all their lives. They've gone to the same schools, ridden the same bus, and had the same teachers for as long as either of them can remember. But they aren't friends. It's nothing personal; they just don't have much in common. Benjamin has always been a bit of a geek. Marilyn is shocked when Benjamin refuses to do her one little favor. Boys don't usually say 'no' to her. And okay it actually would have been a pretty big favor. When Marilyn stops by his house to apologize for her behavior she is even more shocked to find that she likes spending time with him. He's still a geek, but he's also funny, thoughtful, and sweet. And she likes the way she feels when they are together. What a surprise that after all these years they can still find friendship. It just goes to show that sometimes you find the best things in the last place you look.
