

Self Reliance (Dover Thrift Editions)

Self-Reliance is an 1841 essay written by American transcendentalist philosopher and essayist Ralph Waldo Emerson. Also included are the essays *The Over Soul*, *Circles*, *The Poet*, *Experience*, *Nature*, and *Friendship*.

A collection of essays from the father of the American transcendentalism, including "Nature," "Self-Reliance," "Love," and "Art." Ralph Waldo Emerson's famous essay "Nature" declared that understanding nature was the key to understanding God and reality, and laid the groundwork for transcendentalism. His legacy of boldly questioning the doctrine of his day and connecting with nature will resonate with today's readers in search of meaning and enlightenment. Essays include "Nature" (1836) and Emerson's first series, published in 1841: "History," "Self-Reliance," "Compensation," "Spiritual Laws," "Love," "Friendship," "Prudence," "Heroism," "The Over-Soul," "Circles," "Intellect," and "Art." *Nature and Other Essays* joins Gibbs Smith's best-selling *Wilderness* series. Standing beside the works of his protégée Henry David Thoreau, as well as John Muir, Mark Twain, Walt Whitman, and Jack London, these essays are reissued to encourage and inspire philosophers, travelers, campers, and contemporary naturalists. Ralph Waldo Emerson (May 25, 1803–April 27, 1882) was a famous lecturer, philosopher, poet, and writer. He led the transcendentalist movement of the 1800s, mentored Henry David Thoreau, and was a pioneer of multiculturalism in American writing.

It was with this first version of "Song of Myself," from the 1855 edition of *Leaves of Grass*, that Whitman first made himself known to the world. Readers of revised editions will find this version surprising, and often superior.

A collection of six essays addresses the author's views on moral idealism, laying the foundations for his later, more fully developed transcendentalist ideologies.

The 100 Most Influential Books Ever Written

The Awakening

Four Steps to Make Things Right

The six essays and one address in this volume flesh out Emerson's transcendentalist ideas. In addition to the celebrated title essay, the others included here are "History," "Friendship," "The Over-Soul," "The Poet" and "Experience," plus the famous Harvard Divinity School Address.

"Ne te quaesiveris extra." "Man is his own star; and the soul that can render an honest and a perfect man, commands all light, all influence, all fate; nothing to him falls early or too late. Our acts our angels are, or good or ill, our fatal shadows that walk by us still." Epilogue to *Beaumont and Fletcher's Honest Man's Fortune* Cast the bantling on the rocks, suckle him with the she-wolf's teat; wintered with the hawk and fox, power and speed be hands and feet.

This 1930 Newbery Honor Book relates an exciting tale of adventure in which four orphaned children head for the South Dakota prairie, where they battle drought, squatters, and other challenges.

This concise volume collects the core writings that have made Ralph Waldo Emerson into a key source of insight for spiritual seekers of every faith—with an introduction by the bestselling philosopher Jacob Needleman. Here is the essential collection of Emerson's spiritual thought for those readers who understand the transformative quality of ideas. It is concise and suited to years of rereading and contemplation, offering the essays that trace the arc of the inner message brought by America's "Yankee Mystic." *The Spiritual Emerson* features many of Emerson's landmark works. Yet also included are overlooked classics, such as the essays "Fate" and "Success," which served as major sources of inspiration to some of the leading American metaphysical thinkers of the late nineteenth and early twentieth centuries. The introduction by religious scholar and philosopher Jacob Needleman frames—historically and philosophically—the development of Emerson's thought and explores why it has such a powerful hold on us today.

Self-reliance, and Other Essays

The Autobiography of Benjamin Franklin

Four orphans – Henry, Jessie, Violet, and Benny – discover an abandoned boxcar and move in, embarking on a life of self-reliance and hard work. They also enter a world of freedom and adventure. When Violet falls ill, they're forced to take her to a doctor, even though they'll risk losing their independence by getting a grown-up involved. Gertrude Chandler Warner read this story to her students and rewrote it many times to make sure that it would be both engaging and easy to read. *The Box-Car Children* was so successful that she published 18 sequels. Warner noted that the book "raised a storm of protest from librarians who thought the children were having too good a time without any parental control! That is exactly why children like it!" Ranked among the all-time "Top 100 Chapter Books" in a School Library Journal survey, *The Box-Car Children* is also among the National Education Association's "Teachers' Top 100 Books for Children."

Philosopher, naturalist, poet and rugged individualist, Henry David Thoreau (1817-1862) has inspired generations of readers to think for themselves, to follow the dictates of their own conscience and to make an art of their lives. This representative sampling of his thought includes five of his most frequently cited and read essays: "Civil Disobedience," his most powerful and influential political essay, exalts the law of conscience over civil law. "Life without Principle" distills the essence of Thoreau's philosophy of self-reliance and individualism. "Slavery in Massachusetts" is a searing attack on government condonation of slavery. "A Plea for Captain John Brown" is an eloquent defense of the radical abolitionist, while "Walking" celebrates the joys of that activity and pleads for conservation of the earth's wild places. The latter essay is recognized as one of the pioneer documents in the conservation

and national park movement in America.

An indispensable look at Emerson's influential life philosophy Through his writing and his own personal philosophy, Ralph Waldo Emerson unburdened his young country of Europe's traditional sense of history and showed Americans how to be creators of their own circumstances. His mandate, which called for harmony with, rather than domestication of, nature, and for a reliance on individual integrity, rather than on materialistic institutions, is echoed in many of the great American philosophical and literary works of his time and ours, and has given an impetus to modern political and social activism. Larzer Ziff's introduction to this collection of fifteen of Emerson's most significant writings provides the important backdrop to the society in which Emerson lived during his formative years. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Through its four essential steps, *A GOOD APOLOGY* gives groundbreaking advice on how best to make an effective apology toward rebuilding any relationship, for readers of *The Body Keeps the Score*. We've all done something wrong or made a mistake or insulted someone -- even if by accident. We've all been hurt and wanted the other person to help us heal. It may be surprising, but the breaches themselves aren't the real problem; our inability to fix them is what causes us trouble. In *A Good Apology*, Dr. Molly Howes uses her experiences with patients in her practice, research findings, and news stories to illustrate the power and importance of a thorough apology. She teaches how we can all learn to craft an effective apology with four straightforward steps. An apology is a small-scale event between people, but it's enormously powerful. This comprehensive book gives readers the tools to fix their relationships, make amends, and move forward. With it, you'll fully understand the meaning and importance of this universal and timeless endeavor: a good apology.

The Spiritual Emerson

The Portable Emerson

This volume, edited by Carl Bode in collaboration with Malcolm Cowley, presents the essential Emerson, selected from works that eloquently express the philosophy of a worldly idealist. The Portable Emerson comprises essays, including "History," "Self-Reliance," "The Over-Soul," "Circles," and "The Poet"; Emerson's first book, Nature, in its entirety; twenty-two poems, including "Uriel," "The Humble-Bee," and "Give All to Love"; orations, including "The American Scholar," "The Fugitive Slave Law," and "John Brown"; English Traits, complete; and biographical essays on Plato, Napoleon, Henry David Thoreau, Thomas Carlyle, and others.

Accounts of Thoreau's daily life on the shores of Walden Pond outside Concord, Massachusetts, are interwoven with musings on the virtues of self-reliance and individual freedom, on society, government, and other topics. A selection of the Common Core State Standards Initiative.

A Book that Transformed America "Friendship is first, Friendship last. But it is equally impossible to forget our Friends, and to make them answer to our ideal." - Civil Disobedience, Henry David Thoreau Civil Disobedience was Thoreau's first published book and continues to transform American discourse. It is unusual for its symbolism and structure, its criticism of Christian institutions, and its many-layered storytelling. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes.

Franklin's Autobiography has received widespread praise, both for its historical value as a record of an important early American and for its literary style. This work has become one of the most famous and influential examples of an autobiography ever written. This title is based on the Harvard Classics edition.

Classic Works

A Book of Quotations

Details the books that have forever changed civilization, from the Bible and the Koran to Darwin's *Origin of the Species* and Freidan's *Feminine Mystique*, and includes a historical overview and fascinating facts for each author and book, and much more. Original. *Nicomachean Ethics* Aristotle - The *Nicomachean Ethics* is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on

their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. Publisher's Weekly acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

Essays on nature highlight the power and spirit of the natural world and introduce the foundation of transcendentalism.

The Box-Car Children

The Jumping-Off Place

Our schools are troubled with a multiplication of studies, each in turn having its own multiplication of materials and principles. Our teachers find their tasks made heavier in that they have come to deal with pupils individually and not merely in mass. Unless these steps in advance are to end in distraction, some clew of unity, some principle that makes for simplification, must be found. This book represents the conviction that the needed steadying and centralizing factor is found in adopting as the end of endeavor that attitude of mind, that habit of thought, which we call scientific. This scientific attitude of mind might, conceivably, be quite irrelevant to teaching children and youth. But this book also represents the conviction that such is not the case; that the native and unspoiled attitude of childhood, marked by ardent curiosity, fertile imagination, and love of experimental inquiry, is near, very near, to the attitude of the scientific mind. If these pages assist any to appreciate this kinship and to consider seriously how its recognition in educational practice would make for individual happiness and the reduction of social waste, the book will amply have served its purpose. It is hardly necessary to enumerate the authors to whom I am indebted. My fundamental indebtedness is to my wife, by whom the ideas of this book were inspired, and through whose work in connection with the Laboratory School, existing in Chicago between 1896 and 1903, the ideas attained such concreteness as comes from embodiment and testing in practice. It is a pleasure, also, to acknowledge indebtedness to the intelligence and sympathy of those who coöperated as teachers and supervisors in the conduct of that school, and especially to Mrs. Ella Flagg Young, then a colleague in the University, and now Superintendent of the Schools of Chicago.

A finely honed abridgement of Emerson's principal essays with an introduction that clarifies the essence of Emerson's ideas and establishes their relevance to our own troubled era. This is the first truly accessible edition of Emerson's work, revealing him to be one of America's wisest teachers.

Narrative of the Life of Frederick Douglass First published in 1845, Narrative of the Life of Frederick Douglass is an eye-opening depiction of American slavery. Part autobiography, part human-rights treatise, it describes the everyday horrors inflicted on captive laborers, as well as the strength and courage needed to survive. Narrative of the Life of Frederick Douglass Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. Narrative of the Life of Frederick Douglass Few books have done more to change America's notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of Frederick Douglass This ebook has been professionally proofread to ensure accuracy and readability on all devices. Narrative of the Life of Frederick Douglass Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from the great injustices of the past. Narrative of the Life of Frederick Douglass

Golding's classic, startling, and perennially bestselling portrait of human nature remains as provocative today as when it was first published. This beautiful new edition features French flaps and rough fronts, making it a must-have for fans of this

Nicomachean Ethics

With their call for "simplicity, simplicity, simplicity!", for self-honesty, and for harmony with nature, the writings of Henry David Thoreau are perhaps the most influential philosophical works in all American literature. The selections in this volume represent Thoreau at his best.

Included in their entirety are Walden, his indisputable masterpiece, and his two great arguments for nonconformity, Civil Disobedience and Life Without Principle. A lifetime of brilliant observation of nature--and of himself--is recorded in selections from A Week On The Concord And Merrimack Rivers, Cape Cod, The Maine Woods and The Journal.

In more than 600 striking, thought-provoking excerpts, grouped under 17 headings, Thoreau rails against injustice, gives voice to his love of nature, and advocates simplicity and conscious living. Note.

Daily inspiration from American philosopher and transcendentalist Ralph Waldo Emerson Featuring excerpts from Ralph Waldo Emerson's essays, poems, and lectures, Everyday Emerson offers 365 snippets of wisdom and insight from one of America's greatest writers and philosophers. An astute observer of both nature and society, Emerson's writing touches on themes of individuality, freedom, and human potential, all of it shot through with a profound love and awe of the natural world. The excerpts in Everyday Emerson are inspiring and thought provoking—a daily invitation to engage the world with imagination and intention. In addition to daily quotes, the end of the book also includes selections from Emerson's beloved essay "Self-Reliance." Both longtime appreciators of Emerson's work and readers who would be intimidated by a complete book of essays will find something delightful in its pages.

Six essays and one address outline Emerson's moral idealism and hint at later scepticism. In addition to title essay, this volume includes "History," "Friendship," "The Over-Soul," "The Poet" and "Experience," plus the Harvard Divinity School Address.

Follow the thoughts of essayist, poet and American Transcendentalism founder Ralph Waldo Emerson as he discovered his own belief system in the anthology Self-Reliance and Other Essays. In 'Self-Reliance', Emerson explained that standing on one's own two feet against society was essential to forming a strong union with God. Once this essay was published, it received both wild praise and hurtful backlash from different factions of America. However, Emerson pushed through the negative criticism, stood against the crowd, and found himself stronger in his faith than he ever had before. Emerson found that self-reliance, no matter the situation, would always help the individual persevere and become stronger. Because Emerson wrote for the common man, many of his essays and poems are relatively simple and straightforward; he wanted audiences to understand his thoughts and identify with his beliefs. He also wanted to wake them up from the conventional modern life that he believed had often placated them. Emerson's writings were meant to help the reader transcend to a more thoughtful mindset. His essays discuss themes of philosophy, poetry, history, politics, ethics, and literary criticism, all of which helped break people from what he believed were their mediocre lives. He saw that humanity could become stronger as a whole if people would take the steps to make themselves and their minds stronger.

The Awakening by Kate Chopin from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "She was becoming herself and daily casting aside that fictitious self which we assume like a garment with which to appear before the world." — Kate Chopin, The Awakening The Awakening by Kate Chopin is a masterpiece of early feminist fiction telling the story of a woman who finally decides to decide her own fate.

John Dewey's Democracy and Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, Democracy and Education is regarded as the seminal work on public education by one of the most important scholars of the century.
