

Separation Of Power (The Mitch Rapp Series Book 3)

Rapp heads to Pakistan to confront a mortal threat he may not be prepared for. In fact, this time he might have met his match. Mitch Rapp is used to winning. But now the CIA operative finds himself chasing false leads from continent to continent in an effort to keep nukes from falling into the hands of terrorists. Together with friend and colleague Scott Coleman, Rapp struggles to prevent the loss of these lethal weapons, and soon it becomes alarmingly clear that forces in Moscow are hell-bent on fomenting even more chaos and turmoil in the Middle East. Rapp must go deep into Russian territory, posing as an American ISIS recruit, to stop a plan much more dangerous and insidious than he ever expected.

From the #1 New York Times bestselling author of American Assassin—now a major motion picture—comes pulse-pounding thriller that “is an old school spy story...updated with heavy helpings of internal intrigue and domestic politicking and betrayal” (Library Journal) that puts CIA agent Mitch Rapp in the crosshairs of an enemy even he did not anticipate. When diplomacy fails and military intervention is inappropriate, our leaders sometimes take a third option and Mitch Rapp has been assigned just such an “unofficial” task—targeting a German industrialist who is supplying a notorious terror sponsor. But when the mission is dangerously compromised, Rapp quickly realizes he’s been deemed an expendable asse in a power struggle on home turf; the battle over who will become the successor of the dying CIA director. But no one counted on Mitch Rapp’s return...or how far he’ll go to find out who set him up. An explosive and unputdownable thriller that is ripped from the headlines, The Third Option proves that “in the world of black-ops thrillers, Mitch Rapp remains the gold standard” (Booklist, starred review of Red War).

CIA operative Mitch Rapp investigates an attack on a team of Navy SEALs in the Philippines, searches for a possible State Department traitor, and fights to stop a Middle Eastern assassin out to ignite World War III.

Having earned numerous enemies in his more than fifteen years on the front lines of the war on terror, CIA operative Mitch Rapp is targeted by the influential father of a terrorist who is demanding retribution for his son's death. Reprint.

The Unitary Executive Theory

Learning about an imminent terrorist attack, CIA operative Mitch Rapp takes the lead in a daring commando raid into northern Pakistan, where he obtains information about a planned nuclear attack but suspects that a greater threat has yet to be uncovered. By the author of Executive Power. Rreprint.

"In July 2019, President Donald J. Trump claimed at a student summit that the Constitution's Article II means "I have the right to do whatever I want as president." While such a statement would have shocked the Framers of the Constitution, it represents the working assumption of most modern presidents and has been given scholarly articulation over the past thirty years in what is known as the unitary executive theory. Proponents of this theory believe in a strong, vigorous presidency endowed with various unilateral powers. They think that the president controls any and all constitutional executive functions, and that Congress cannot check the president when exercising executive powers. The theory emerged in a weak form under the Reagan administration and in a stronger form under George W. Bush, and the Trump presidency represents its logical extension. Jeffrey Crouch, Mark J. Rozell, and Mitchell A. Sollenberger argue that the unitary executive theory stands in opposition to the Constitution and serves to justify presidential actions that violate the constitutional principles of separated powers and checks and balances. In this study, they explore the history of the theory's emergence and examine the chief executive's domestic and foreign affairs powers to show that the president does not exercise unitary control, despite the erosion of constitutional limits. While advocates of the theory argue that greater presidential power will make government more efficient, the results have shown otherwise. The Unitary Executive offers a much-needed primer on presidential power and presents a robust case for the return to our constitutional limits"--

In a newest addition to the saga of CIA superagent Mitch Rapp, fearless Americans must risk their lives for their country's security, fighting a covert war that can never be discussed, even with their own political leaders, in a new thriller from the best-selling author of Protect and Defend.

Is it important to be connected? Well, considering this: If Facebook were a country, it would have the sixth largest population in the world. The truth is, we no longer live in a world of six degrees of separation. In fact, we're now down to only six pixels of separation, which changes everything we know about doing business. This is the first book to integrate digital marketing, social media, personal branding, and entrepreneurship in a clear, entertaining, and instructive manner that everyone can understand and apply. Through the use of timely case studies and fascinating stories, SIX PIXELS OF SEPARATION offers a complete set of the latest tactics, insights, and tools that will empower you to reach a global audience and consumer base-and, best yet, you can do this pretty much for free. Digital marketing expert Mitch Joel unravels this fascinating world of new media-but does so with a brand-new perspective that is driven by compelling results. The smarter entrepreneurs and top executives are leveraging these digital channels to get their voice "out there"-connecting with others, becoming better community citizens, and, ultimately, making strategic business moves that are increasing revenue, awareness, and overall success in the marketplace-without the support of traditional mass media. Everyone is connected. Isn't it time for you and your company to connect to everyone? SIX PIXELS OF SEPARATION will show you how.

The Third Option

Extending deconstructive theory to historical and political analysis, Timothy Mitchell examines the peculiarity of Western conceptions of order and truth through a re-reading of Europe's colonial encounter with nineteenth-century Egypt.

THE NEW YORK TIMES NUMBER ONE BESTSELLER On a busy Washington morning, amid the shuffle of tourists and the brisk rush of government officials, the stately calm of the White House is shattered in a hail of gunfire. A group of terrorists has descended on the Executive Mansion, and gained access by means of a violent massacre that has left dozens of innocent bystanders murdered. Through the quick actions of the Secret Service, the president is evacuated to his underground bunker – but not before almost one hundred hostages are taken. While the politicians and the military leaders argue over how to negotiate with the terrorists, one man is sent to break through the barrage of panicked responses and political agendas surrounding the crisis. Mitch Rapp, the CIA’s top counterterrorism agent, makes his way into the White House and soon discovers that the president is not as safe as Washington’s power elite had thought. And, in a race against time, he makes a chilling discovery that could determine the fate of America – and realizes that the terrorist attack is only the beginning of a master scheme to undermine an entire nation. AMERICAN ASSASSIN, book one in the series, is soon to be a MAJOR MOTION PICTURE starring Dylan O’Brien (Maze Runner), Taylor Kitsch (True Detective) and Michael Keaton. Praise for the Mitch Rapp series ‘Sizzles with inside information and CIA secrets’ Dan Brown ‘A cracking, uncompromising yarn that literally takes no prisoners’ The Times ‘Vince Flynn clearly has one eye on Lee Child’s action thriller throne with this twist-laden story. . . . instantly gripping’ Shortlist ‘Action-packed, in-your-face, adrenalin-pumped super-hero macho escapist fiction that does exactly what it says on the label’ Irish Independent “One of the best thriller writers on the planet.” –The Real Book Spy In the next thriller in the #1 New York Times bestselling Mitch Rapp series, it’s a race against the clock when ISIS takes out the entire US power grid and throws the country into chaos. When Mitch Rapp captures ISIS’s top technology expert, he reveals that he was on his way to meet a man who claims to have the ability to bring down America’s power grid. Rapp is determined to eliminate this shadowy figure, but the CIA’s trap fails. The Agency is still trying to determine what went wrong when ISIS operatives help this cyber terrorist do what he said he could—plunge the country into darkness. With no concept of how this unprecedented act was accomplished, the task of getting the power back on could take months. Perhaps even years. Rapp and his team embark on a desperate search for the only people who know how to repair the damage—the ones responsible. But his operating environment is like nothing he’s experienced before. Computers and communication networks are down, fuel can no longer be pumped from gas stations, water and sanitation systems are on the brink of collapse, and the supply of food is running out. Can Rapp get the lights back on before America descends irretrievably into chaos? This compulsive thriller proves once again that the Mitch Rapp series is “the best of the best when it comes to the world of special ops” (Booklist, starred review).

Undercover-Einsatz für den Weltfrieden Der Irak lässt mit Hilfe von Nordkorea nukleare Sprengköpfe in einem unterirdischen Bunker produzieren. Zumindest laut den Informationen, die Israel den Vereinigten Staaten zuspielt. Mitch Rapp taucht in die verwinkelten Straßenschluchten von Bagdad ab, um den drohenden Atomkrieg abzuwenden. Ärger droht auch vor der eigenen Haustür: Intrigante Politiker boykottieren mit allen Mitteln die Erinnerung von Irene Kennedy zur neuen CIA-Chefin. Sie wollen den Geheimdienst entmachten und ihre egoistischen Interessen vorantreiben. Privat steht Mitch nach einer Begegnung mit der Vergangenheit ebenfalls vor einem Scherbenhaufen. Ein atemloser Action-Marathon mit Mitch Rapp. Erstmals in ungekürzter Übersetzung. Publishers Weekly: 'Pausenlose Action und Spannung.' AllReaders.com: 'Ein sagenhafter Agenten-Thriller, der das Tempo für keine Sekunde drosselt.' People Magazine: 'Pfeilschnell wie eine Stinger-Rakete.

A Danger to Constitutional Government

This is an open access title available under the terms of a CC BY-NC-ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. In a democracy, a constitutional separation of powers between the executive and the assembly may be desirable, but the constitutional concentration of executive power in a single human being is not. Beyond Presidentialism and Parliamentarism defends this thesis and explores 'semi-parliamentary government' as an alternative to presidential government. Semi-parliamentarism avoids power concentration in one person by shifting the separation of powers into the democratic assembly. The executive becomes fused with only one part of the assembly, even though the other part has at least equal democratic legitimacy and robust veto power on ordinary legislation. The book identifies the Australian Commonwealth and Japan as well as the Australian states of New South Wales, South Australia, Tasmania, Victoria, and Western Australia as semi-parliamentary systems. Using data from 23 countries and six Australian states, it maps how parliamentary and semi-parliamentary systems balance competing visions of democracy; it analyzes patterns of electoral and party systems, cabinet formation, legislative coalition-building, and constitutional reforms; systematically compares the semi-parliamentary and presidential separation of powers; and develops new and innovative semi-parliamentary designs, some of which do not require two separate chambers.

The DNA of business has changed. Forever. You can blame technology, smartphones, social media, online shopping and everything else, but nothingchanges this reality: we are in a moment of business purgatory. So, what are you going to do about it? Mitch Joel, one of the world's leading experts in new media, warns that the time has come to CTRL ALT DELETE. To reboot and to start re-building your business model. If you don't, Joel warns, not only will your company begin to slide backwards, but you may find yourself unemployed within five years. That's a very strong warning, but in his new book, CTRL ALT DELETE, Joel explains the convergence of five key movements that have changed business forever. The movements have already taken place, but few businesses have acted on them. He outlines what you need to know to adapt right now. He also points to the seven triggers that will help you take advantage of these game-changing factors to keep you employable as this new world of business unfolds. Along the way, Joel introduces his novel concept of "squiggle" which explains how you can learn to adapt your personal approach to your career, as new technology becomes the norm. In short, this is not a book about "change management," but rather a book about "changing both you AND your business model."

This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government. It is without annotation or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

Dr. Eric Najarian. He's young, talented, and ambitious. He has all the qualities they're looking for at White Memorial Hospital. He doesn't know he's being watched. Judged. An elite clique of medical professionals thinks he has what it takes to join their secret club. All the young doctor has to do is agree to play by their rules. But Eric has already seen too much. A missing corpse. An unspeakable mutilation. A brutal abduction. It's only the beginning of a plot of terrifying evil. A sinister plan the group will stop at nothing to hide. And if Eric refuses to become their colleague—he will be their next victim.

THE NEW YORK TIMES NUMBER ONE BESTSELLER Two weeks before the election - and presidential candidate Josh Alexander's motorcade is decimated by a terrorist bomb. Alexander survives the attack, although members of his entourage are not so lucky. It appears to be the work of al-Qaeda. But then CIA director Irene Kennedy is presented with classified information so toxic that she considers destroying it altogether. Instead she summons Mitch Rapp, the one man reckless enough to take the evidence to its extreme conclusion. AMERICAN ASSASSIN, book one in the series, is soon to be a MAJOR MOTION PICTURE starring Dylan O'Brien (Maze Runner), Taylor Kitsch (True Detective) and Michael Keaton. Praise for the Mitch Rapp series 'Sizzles with inside information and CIA secrets' Dan Brown 'A cracking, uncompromising yarn that literally takes no prisoners' The Times 'Vince Flynn clearly has one eye on Lee Child's action thriller throne with this twist-laden story. . . . instantly gripping' Shortlist 'Action-packed, in-your-face, adrenalin-pumped super-hero macho escapist fiction that does exactly what it says on the label' Irish Independent 'Mitch Rapp is a great character who always leaves the bad guys either very sorry for themselves or very dead' Guardian

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Includes a 2014 Postscript addressing Occupy Wall Street and other developments. Efforts to secure the American city have life-or-death implications, yet demands for heightened surveillance and security throw into sharp relief timeless questions about the nature of public space, how it is to be used, and under what conditions. Blending historical and geographical analysis, this book examines the vital relationship between struggles over public space and movements for social justice in the United States. Don Mitchell explores how political dissent gains meaning and momentum—and is regulated and policed—in the real, physical spaces of the city. A series of linked cases provides in-depth analyses of early twentieth-century labor demonstrations, the Free Speech Movement and the history of People's Park in Berkeley, contemporary anti-abortion protests, and efforts to remove homeless people from urban streets.

The New York Times bestselling Mitch Rapp series returns with this "fast-paced spy thriller" (People) following the country's best assassin as he finds himself in the crossfire of a covert mission. Mitch Rapp was publicly hailed by the president for his role in the fight against terrorism. After years of working in the shadows, Rapp was caught in the media spotlight—and marked for death by virtually every terrorist in the world. Now a CIA advisor, Rapp is on his way to hunt down the traitor from the front lines. When a Navy SEAL team in the Philippines is ambushed, all evidence points to a leak within the US State Department. And a greater threat lurks—a ruthless assassin working for the most powerful men in the Middle East, who are bent on igniting a world war. With the world watching, Rapp must hold back the flames of Armageddon.

Control the Kill

The #1 New York Times bestselling author of American Assassin—now a major motion picture—delivers “first-class political intrigue from a master storyteller” (Booklist) in this electrifying Mitch Rapp thriller. The confirmation of Dr. Irene Kennedy as the CIA’s new director explodes into chaos when it becomes clear there is a deadly inside plot to destroy her and prematurely end her term. Meanwhile, as a dangerous world leader gains power in the nuclear arms race, Israel forces the president’s hand with a chilling ultimatum. With the specter of World War III looming, the president calls on top counterterrorism operative Mitch Rapp, who scours the alleys of Baghdad and the avenues of Washington for America’s enemies. But with only two weeks to take out the nukes, Rapp is up against a ticking clock and impossible odds in this “sharply plotted thriller” (Publishers Weekly).

Vital perspectives for the divided Trump era on what the Constitution’s Framers intended when they defined the extent—and limits—of presidential power One of the most vexing questions for the framers of the Constitution was how to create a vigorous and independent executive without making him king. In today’s divided public square, presidential power has never been more contested. The President Who Would Not Be King cuts through the partisan rancor to reveal what the Constitution really tells us about the powers of the president. Michael McConnell provides a comprehensive account of the drafting of presidential powers. Because the framers met behind closed doors and left no records of their deliberations, close attention must be given to their successive drafts. McConnell shows how the framers worked from a mental list of the powers of the British monarch, and consciously decided which powers to strip from the presidency to avoid tyranny. He examines each of these powers in turn, explaining how they were understood at the time of the founding, and goes on to provide a framework for evaluating separation of powers claims, distinguishing between powers that are subject to congressional control and those in which the president has full discretion. Based on the Tanner Lectures at Princeton University, The President Who Would Not Be King restores the original vision of the framers, showing how the Constitution restrains the excesses of an imperial presidency while empowering the executive to govern effectively.

With CIA director Thomas Stanfield dead, his protégé, Dr. Irene Kennedy, is poised to take over the reins of the agency, while CIA operative Mitch Rapp heads to the Middle East to try to stop the chaos that could ignite World War III. Reprint.

In the world of black-ops thrillers, Mitch Rapp continues to be among the best of the best” (Booklist, starred review), and he returns in the #1 New York Times bestselling series alone and targeted by a country that is supposed to be one of America’s closest allies. After 9/11, the United States made one of the most secretive and dangerous deals in its history—the evidence against the powerful Saudis who coordinated the attack would be buried and in return, King Faisal would promise to keep the oil flowing and deal with the conspirators in his midst. But when the king’s own nephew is discovered funding ISIS, the furious President gives Rapp his next mission: he must find out more about the high-level Saudis involved in the scheme and kill them. The catch? Rapp will get no support from the United States. Forced to make a decision that will change his life forever, Rapp quits the CIA and assembles a group of independent contractors to help him complete the mission. They’ve barely begun unraveling the connections between the Saudi government and ISIS when the brilliant new head of the intelligence directorate discovers their efforts. With Rapp getting too close, he threatens to go public with the details of the post-9/11 agreement between the two countries. Facing an international incident that could end his political career, the President orders America’s intelligence agencies to join the Saudis’ effort to hunt the former CIA man down. Rapp, supported only by a team of mercenaries with dubious allegiances, finds himself at the center of the most elaborate manhunt in history. With white-knuckled twists and turns leading to “an explosive climax” (Publishers Weekly), Enemy of the State is an unputdownable thrill ride that will keep you guessing until the final page.

The #1 New York Times bestselling novel that picks up where the “right, right, and dynamite” (Star Tribune, Minneapolis) The Last Man left off, The Survivor is a no-holds-barred race to save America...and Mitch Rapp's finest battle. When Joe “Rick” Rickman, former golden boy of the CIA, steals a massive amount of the Agency's most classified documents in an elaborate betrayal of his country, CIA director Irene Kennedy has no choice but to send her most dangerous weapon after him: elite covert operative Mitch Rapp. Rapp quickly dispatches with the traitor, but Rickman proves to be a deadly threat to America even from beyond the grave. In fact, mysterious tip-offs are appearing all over the world, linking to the potentially devastating data that Rickman managed to store somewhere only he knew. It's a deadly race to the finish as both the Pakistanis and the Americans search desperately for Rickman's accomplices, and for the confidential documents they are slowly leaking to the world. To save his country from being held hostage to a country set on becoming the world's newest nuclear superpower, Mitch Rapp must outrun, outthink, and outgun his deadliest enemies yet in this heart-pounding adventure that proves that Vince Flynn 'is a master—maybe the master—of thrillers in which the pages seem to turn themselves” (Bookreporter).

THE NEW YORK TIMES NUMBER ONE BESTSELLER With Mitch Rapp away on assignment in Pakistan, CIA Director Irene Kennedy turns to his protégé, Mike Nash. Nash has served his government honorably for sixteen years, first as an officer in the Marine Corps, then as an operative in an elite counterterrorism team run by Mitch Rapp, never wavering in his fight against the jihads and their culture of death. Fighting the War on Terror in secret, he has been forced to lie to everyone he cares about, including his wife and children. He has soldiered on secure in the knowledge that his hard work and lethal tactics have saved the lives of thousands. But the one thing he never saw coming was that his own government was about to turn on him. AMERICAN ASSASSIN, book one in the series, is soon to be a MAJOR MOTION PICTURE starring Dylan O’Brien (Maze Runner), Taylor Kitsch (True Detective) and Michael Keaton. Praise for the Mitch Rapp series ‘Sizzles with inside information and CIA secrets’ Dan Brown ‘A cracking, uncompromising yarn that literally takes no prisoners’ The Times ‘Vince Flynn clearly has one eye on Lee Child’s action thriller throne with this twist-laden story. . . . instantly gripping’ Shortlist ‘Action-packed, in-your-face, adrenalin-pumped super-hero macho escapist fiction that does exactly what it says on the label’ Irish Independent ‘Mitch Rapp is a great character who always leaves the bad guys either very sorry for themselves or very dead’ Guardian

For readers of Democracy in Chains and Dark Money, a revelatory investigation of the Religious Right’s rise to political power. For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues, such as abortion and same-sex marriage. In her deeply reported investigation, Katherine Stewart reveals a disturbing truth: this is a political movement that seeks to gain power and to impose its vision on all of society. America’s religious nationalists aren’t just fighting a culture war, they are waging a political war on the norms and institutions of American democracy. Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination. She exposes a dense network of think tanks, advocacy groups, and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared, anti-democratic vision and a common will to power. She follows the money that fuels this movement, tracing much of it to a cadre of super-wealthy, ultraconservative donors and family foundations. She shows that today’s Christian nationalism is the fruit of a longstanding antidemocratic, reactionary strain of American thought that draws on some of the most troubling episodes in America’s past. It forms common cause with a globe-spanning movement that seeks to destroy liberal democracy and replace it with nationalist, theocratic and autocratic forms of government around the world. Religious nationalism is far more organized and better funded than most people realize. It seeks to control all aspects of government and society. Its successes have been stunning, and its influence now extends to every aspect of American life, from the White House to state capitols, from our schools to our hospitals. The Power Worshipers is a brilliantly reported book of warning and a wake-up call. Stewart’s probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms.

#1 New York Times bestselling author Vince Flynn introduces the young Mitch Ra pp on his first assignment, a mission of vengeance that made him a CIA superagent.Two decades after the Cold War, Islamic terrorism is on the rise, and CIA Operations Director Thomas Stanfield forms a new group of clandestine operatives—men who do not exist—to meet this burgeoning threat abroad before it reaches America’s shores. Stanfield’s protégé, Irene Kennedy, finds the ideal candidate in the wake of the Pan Am Lockerbie terrorist attack. Among the thousands grieving the victims is Mitch Rapp, a gifted college athlete, who wants only one thing: retribution. Six months of intense training prepare him to stand the enemy with brutal efficacy, leaving a trail of bodies from Istanbul and across Europe, to Beirut. But there, the American assassin will find every ounce of skill and cunning to survive the war-ravaged city and its deadly terrorist factions.

This book examines the nature and role of the many conventions which, rather than laws, are instrumental in determining many important questions of Government behaviour in Britain and other Commonwealth countries.

Separation of PowerSimon and Schuster
Counterterrorist agent Mitch Rapp is on a collision course with America’s most feared enemy in this white-knuckle thriller from “the best pure adrenalin-charged action writer out there” (The Providence Journal) and #1 New York Times bestselling author of American Assassin. No longer willing to wait for the international community to stop its neighboring enemy, Israel brings down Iran’s billion-dollar nuclear program in an ingeniously conceived operation. The attack leaves a radioactive tomb and environmental disaster in its wake, and has Iranian president Amattullah calling for blood—American blood. Seizing opportunity where others fear reprisals, Mitch Rapp devises a brilliant plan to humiliate Iran’s government and push the nation to the brink of revolution. But when a back-channel meeting between CIA director Irene Kennedy and her Iranian counterpart goes disastrously wrong, Rapp is locked in a showdown with a Hezbollah mastermind in league with Amattullah—and he is given twenty-four hours to do whatever it takes to stop unthinkable catastrophe.

Act of Treason

Thriller

Executive Power Under the Constitution

Protect and Defend

Errata. Errata

The #1 New York Times bestselling author of the electrifying Mitch Rapp series “knows how deliver action in his novels” (St. Paul Pioneer Press) and does so again with this thrilling follow-up to The Third Option. The confirmation of Dr. Irene Kennedy as the CIA’s new director explodes into chaos as a deadly inside plot to destroy her and prematurely end the president’s term emerges. Meanwhile, a dangerous world leader gains power in the nuclear arms race, leading Israel to force the president’s hand with a chilling ultimatum. With the specter of World War III looming, the president calls on top counterterrorism operative Mitch Rapp, but with only two weeks to take out the nukes, Rapp is up against a ticking clock—and impossible odds.

Top secret data has been stolen from the CIA, and the only man who knows its hiding place is dead. CIA operative Mitch Rapp must race to find the classified information in this blistering novel that picks up where The Last Man left off in Vince Flynn’s New York Times bestselling series. Joseph “Rick” Rickman, former boy wonder at the CIA, stole a massive amount of top secret and hugely compromising intel concerning classified operations all over the world, offering it (and himself) to the Pakistani secret forces. Only his plans went awry when CIA director Irene Kennedy sent Mitch Rapp to hunt him down. It turns out that killing Rickman didn’t solve anything—in fact, the nightmare is only intensifying. Rickman stored the potentially devastating data (CIA assets, operatives, agents) somewhere only he knew, and somehow, from beyond the grave, he still poses a mortal threat to America. Now it’s a deadly race as both the Pakistanis and the Americans search for Rickman’s accomplices and the information they are slowly leaking to the world. Will Rapp outrun and outthink his enemies, or will the Pakistanis find it first and hold America hostage to their dream of becoming the world’s new nuclear superpower?

Mitch Rapp, the CIA’s top operative, searches for a high-level mole with the power to rewrite the world order in this riveting thriller from #1 New York Times bestselling author Vince Flynn, written by Kyle Mills. Mitch Rapp has worked for a number of presidents over his career, but Anthony Cook is unlike any he’s encountered before. Cunning and autocratic, he feels no loyalty to America’s institutions and is distrustful of the influence Rapp and CIA director Irene Kennedy have in Washington. When Kennedy discovers evidence of a mole scouring the Agency’s database for sensitive information on Nicholas Ward, the world’s first trillionaire, she assigns Rapp the task of protecting him. In doing so, he finds himself walking an impossible tightrope: Keep the man alive, but also use him as bait to uncover a traitor who has seemingly unlimited access to government secrets. As the attacks on Ward become increasingly dire, Rapp and Kennedy are dragged into a world where the lines between governments, multinational corporations, and the hyper-wealthy fade. An environment in which liberty, nationality, and loyalty are meaningless. Only the pursuit of power remains. As “one of the best thriller writers on the planet” (The Real Book Spy), Kyle Mills has created another suspenseful read that not only echoes the America of today, but also offers a glimpse into its possible future.

Working his way through a list of hit targets who were responsible for the Pan Am Flight 103 bombing, assassin Mitch Rapp shoots a drunken Libyan diplomat in Paris only to discover that he has been set up and that his handlers want him permanently silenced.

A Novel

Memorial Day

Mitch Rapp S W Set

An American Assassin Thriller

An unprecedented and terrifying bioterrorism plot threatens to kill millions in the midst of a divisive presidential election in this new thriller from the #1 New York Times bestselling Mitch Rapp series. A toxic presidential election is underway in an America already badly weakened by internal divisions. While politicians focus entirely on maintaining their own power and privilege, ISIS kidnaps a brilliant French microbiologist and forces him to begin manufacturing anthrax. Quickly produced videos chronicling his progress and threatening an imminent attack are posted to the Internet, intensifying the hysteria gripping the US. ISIS recruits a Mexican drug cartel to smuggle the bioweapon across the border, but it’s really just a diversion. The terrorist organization needs to keep Mitch Rapp and Irene Kennedy distracted long enough to weaponize a deadly virus that they stumbled upon in Yemen. If they succeed, they’ll trigger a pandemic that could rewrite the world order. Rapp embarks on a mission to infiltrate the Mexican cartels and track down the ISIS leader who he failed to kill during their last confrontation. But with Washington’s political elite increasingly lined up against him, he knows he’ll be on his own. “In the world of black-ops thrillers, Mitch Rapp remains the gold standard” (Booklist, starred review).
