

Ship Wrecked: Stranded On An Alien World

Don't miss Found, the heart-pounding conclusion to the Shipwreck Island middle-grade series from author S. A. Bodeen, a stunning, wilderness survival adventure from start to finish. Sarah Robinson and her family are shipwrecked on a remote and mysterious island. Their food is scarce and there's no sign of rescue. They have seen strange creatures, rescued a mysterious girl, and found the Curator, who has captured Sarah's father and stepbrother to use in a bizarre time travel experiment. And then the only man who knows about their island comes back—he's looking for buried treasure, and won't leave without it, even if it means leaving the Robinsons stranded. Time is running out. They must get off the island. Read them all! Shipwreck Island Lost Trapped Found

Sir Ernest Shackleton's journey to the Antarctic continent in 1914 goes terribly wrong after their boat is trapped and crushed by ice, leaving them stranded in the most harsh conditions and fighting for their very lives with every step they took. Reprint.

Sarah Robinson and her family are shipwrecked on a remote and mysterious island. Their food is running out, and their fear is escalating--there is no sign of rescue. The mysterious girl they found unconscious at the beach is healing, and what she tells them about the strange island and especially about someone called the Keeper has the family on edge. When Sarah's dad and Marco's younger brother go missing, the mystery becomes dangerous. Now, it's a matter of life and death. Now, the family is truly lost.

b.A masterpiece of historical adventure. ISkeletons on the Zahara The western Sahara is a baking hot and desolate place, home only to nomads and their camels, and to locusts, snails and thorny scrub -- and its barren and ever-changing coastline has baffled sailors for centuries. In August 1815, the US brig Commerce was dashed against Cape Bojador and lost, although through bravery and quick thinking the ship's captain, James Riley, managed to lead all of his crew to safety. What followed was an extraordinary and desperate battle for survival in the face of human hostility, starvation, dehydration, death and despair. Captured, robbed and enslaved, the sailors were dragged and driven through the desert by their new owners, who neither spoke their language nor cared for their plight. Reduced to drinking urine, flayed by the sun, crippled by walking miles across burning stones and sand and losing over half of their body weights, the sailors struggled to hold onto both their humanity and their sanity. To reach safety, they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity. From the cold waters of the Atlantic to the searing Saharan sands, from the heart of the desert to the heart of man, Skeletons on the Zahara is a spectacular odyssey through the extremes and a gripping account of courage, brotherhood, and survival.

For fans of Hatchet and Island of the Blue Dolphins comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, The Cay. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand--until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea.

Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The story is a study with a high ethical purpose but no sermon."—New York Times Book Review "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—Kirkus Reviews " Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature."—School Library Journal

Boon Island

Shipwrecked for Six Years at the Top of the World

It was against all Mogs! The incredible true story of a modern day Australian family shipwrecked on the tiny island of Mogmog in Micronesia. It all ended with a shipwreck, ten years of planning, dreaming, plotting and scheming - gone in one night. Who even heard of shipwrecks these days? this is the 21st century, not the 1800s. But, happen it did, to a modern, mostly normal family from Western Australia. Now, home is a remote island in Micronesia that Lonely Planet states is inhabited by some of the world's most remote people - and us. Our beloved boat, Windrider, is now seated inconspicuously on the coral beach with her hull ripped out, rudders bent through ninety degrees, engines out and systems largely rendered useless. The morning after, we sat on the beach looking at our boat. Was this the end? Could something be salvaged? Andrew has a saying - actually he has lots - but this one is that it is possible to eat an elephant as long as you do it one bite at a time. So we set about our elephant, hoping we weren't going to get stomped on.' With a combined boating experience of sixty-five years, Jennifer Barrie and her husband Andrew were confident that they were unlikely to hit any major snags after setting out on their dream voyage - sailing their beloved Windrider around the Pacific. In early 2010, Jennifer and Andrew, along with their two young daughters, washed up - literally - on the tiny island of Mogmog in Micronesia. Fortunately for the Barrie family, Mogmog is inhabited by a bunch of very friendly locals...or at least that's what they initially thought! This is the true story of a modern day Swiss Family Robinson who lived to tell the tale of surviving a shipwreck and months stranded on one of the world's most remote islands. In Marooned on Mogmog, you'll see that paradise isn't always what it seems...

The wreck of the Nottingham Galley on Boon Island and the resultant rumors of insurance fraud, mutiny, treason, and cannibalism was one of the most sensational stories of the early 18th century. Shortly after departing England with Captain John Deane at the helm, his brother Jasper and another investor aboard, and a skeleton crew, the ship encountered French privateers on her way to Ireland, where she then lingered for weeks picking up cargo. They eventually headed into the North Atlantic later in the season than was reasonably safe and found themselves shipwrecked on the notorious Boon Island, just off the New England coast. Captain Deane offered one version of the events that led them to the barren rock off the coast of Maine; his crew proposed another. The story contains mysteries that endure to this day, yet no contemporary non-fiction account of the story exists. In the hands of skilled storytellers Andrew Vietze and Stephen Erickson, this becomes a historical adventure-mystery that will appeal to readers of South and The Perfect Storm.

Having survived being blinded and shipwrecked on a tiny Caribbean island with the old Black man Timothy, twelve-year-old Phillip is rescued, in the sequel to The Cay. An ALA Best Book for Young Adults. Reissue.

Adam Sykes, bad boy singer with the rock band Iron Hammer, loves to party. When his latest escapade ends in arrest, he's packed off by his manager to a private yacht to lay low. Shipwrecked & Stranded

A Shipwreck, a Raging Storm, and the Harrowing Alaskan Rescue That Became a Legend

Shipwrecked

The true and remarkable life of Richard Willis (Will) Jackson, an intrepid seaman from one of the leading shipbuilding families in 19th century Maine, whose exploits and adventures in the oceans of the world would rival characters straight out of the lives and imaginations of Joseph Conrad and Jack London. Will Jackson survived a harrowing shipwreck in the Marshall Islands, being washed overboard rounding Cape Horn and running down Alaskan glaciers over a tragically shortened life that ended in a most bizarre and pedestrian incident on the eve of realizing his life's ambition: appointment as master of a ship. After nine months of sometimes perilous life among natives in the South Sea islands in 1884, captured in chapters of a book he helped write, Jackson served on a series of large ships and coastal schooners – all based in the post-Gold Rush boomtown of San Francisco – that took him up and down the west coast from Alaska to Mexico and to the four corners of the earth. His faithful letters to his family in Maine and a diary provide a colorful background for a compelling portrait of an extraordinary young man of character and independent spirit, intellect and curiosity, no small ambition and that most admirable of traits, an abiding sense of humor.

Why is he glaring at me like that? Lexie's task is to meet with renowned businessman Miles Leighton and close a deal on her father's behalf. She joins him and his other guests on a luxurious yacht only to be put off by his cold and calculating demeanor...until the unimaginable happens, and she's thrown overboard in a sudden shipwreck! She finds herself stranded on a desert island with a newly charming and attractive Miles Leighton, who has been transformed by the amnesia he sustained in the wreck!

Marooned in paradise with a beautiful woman... ..is surely the only way for a truly committed playboy to get shipwrecked! Ideally, however, Rob Dalton would have chosen a slightly friendlier companion! Prickly conservationist Honor Brier clearly just wants to be left alone with her birds and turtles. Honor's had more than her fair share of heartbreak, and the isolated island has been a perfect place to recover in peace. She has no time for accidental tourists. Yet Rob is charming and infuriatingly attractive—his sheer passion for life is difficult to resist. Slowly Honor is discovering that even playboys may have their good points...

Follows a group of six kids stranded on a deserted island as they embark on a quest for survival that tests their limits.

A Novel

SHIPWRECKED!

Reframing the American story from the vantage point of the nation's watery edges, Jamin Wells shows that disasters have not only bedeviled the American beach—they created it. Though the American beach is now one of the most commercialized, contested, and engineered places on the planet, few people visited it or called it home at the beginning of the nineteenth century. By the twentieth century, the American beach had become the summer encampment of presidents, a common destination for millions of citizens, and the site of rapidly growing beachfront real estate. Shipwrecked tells the story of this transformation, arguing that coastal shipwrecks themselves changed how Americans viewed, used, and inhabited the shoreline. Drawing on a broad range of archival material—including logbooks, court cases, personal papers, government records, and cultural ephemera—Wells examines how shipwrecks laid the groundwork for the beach tourism industry that would transform the American beach from coastal frontier to oceanfront playspace, spur substantial state and private investment alongshore, reshape popular ideas about the coast, and turn the beach into a touchstone of the American experience.

Author's experiences on north east coast of Greenland, 1920-22, when shipwrecked aboard the schooner Dagny.

In the bestselling tradition of Hampton Sides' s in the Kingdom of Ice, a " gripping adventure tale " (The Boston Globe) recounting Dutch polar explorer William Barents ' three harrowing Arctic expeditions—the last of which resulted in a relentlessly challenging year-long fight for survival. The human story has always been one of perseverance—often against remarkable odds. The most astonishing survival tale of all might be that of 16th-century Dutch explorer William Barents and his crew of sixteen, who ventured farther north than any Europeans before and, on their third polar exploration, lost their ship off the frozen coast of Nova Zembla to unforgiving ice. The men would spend the next year fighting off ravenous polar bears, gnawing hunger, and endless winter. In Icebound, Andrea Pitzer masterfully combines a gripping tale of survival with a sweeping history of the great Age of Exploration—a time of hope, adventure, and seemingly unlimited geographic frontiers. At the story ' s center is William Barents, one of the 16th century ' s greatest navigators whose larger-than-life ambitions and obsessive quest to chart a path through the deepest, most remote regions of the Arctic ended in both tragedy and glory. Journalist Pitzer did extensive research, learning how to use four-hundred-year-old navigation equipment, setting out on three Arctic expeditions to retrace Barents ' s steps, and visiting replicas of Barents ' s ship and cabin. " A resonant meditation on human ingenuity, resilience, and hope " (The New Yorker), Pitzer ' s reenactment of Barents ' s ill-fated journey shows us how the human body can function at twenty degrees below, the history of mutiny, the art of celestial navigation, and the intricacies of building shelters. But above all, it gives us a firsthand glimpse into the true nature of courage.

AN INSTANT NEW YORK TIMES BESTSELLER The " lively " (The New Yorker), " convincing " (Forbes), and " riveting pick-me-up we all need right now " (People) that proves humanity thrives in a crisis and that our innate kindness and cooperation have been the greatest factors in our long-term success as a species. If there is one belief that has united the left and the right, psychologists and philosophers, ancient thinkers and modern ones, it is the tacit assumption that humans are bad. It's a notion that drives newspaper headlines and guides the laws that shape our lives. From Machiavelli to Hobbes, Freud to Pinker, the roots of this belief have sunk deep into Western thought. Human beings, we're taught, are by nature selfish and governed primarily by self-interest. But what if it isn't true? International bestseller Rutger Bregman provides new perspective on the past 200,000 years of human history, setting out to prove that we are hardwired for kindness, geared toward cooperation rather than competition, and more inclined to trust rather than distrust one another. In fact this instinct has a firm evolutionary basis going back to the beginning of Homo sapiens. From the real-life Lord of the Flies to the solidarity in the aftermath of the Blitz, the hidden flaws in the Stanford prison experiment to the true story of twin brothers on opposite sides who helped Mandela end apartheid, Bregman shows us that believing in human generosity and collaboration isn't merely optimistic—it's realistic. Moreover, it has huge implications for how society functions. When we think the worst of people, it brings out the worst in our politics and economics. But if we believe in the reality of humanity's kindness and altruism, it will form the foundation for achieving true change in society, a case that Bregman makes convincingly with his signature wit, refreshing frankness, and memorable storytelling. Fourteen-year-old Hakon goes to sea as a ship's boy in 1849, and soon finds his ship commandeered by pirates and then wrecked, leaving him stranded on an island with treasure for company.

Five years have passed, and the story begins in a dark period in the Star Watch saga. Captain Jason Reynolds, Omni of the U.S. Space Fleet, along with his now sixteen-year-old daughter, Mollie, are en route to the Dacci System to attend the memorial service for none other than Boomer, his other daughter. Information on her death had been sketchy at best--an attack by the Sahhrain on Harpaign, during the Goldwon graduation trials. It had been a massacre. The Blues have since declared war on the Sahhrain, and there is a good chance the U.S. Fleet and the Alliance will be dragged into the fray as well.Once on the planet Harpaign, Jason conducts a preliminary investigation--one that soon reveals things are not what they seem. Information is being withheld and clues indicate there is a slim possibility that Boomer did not die on the sandy dunes battlefield of Capital City after all--setting in motion the most riveting, non-stop action, Star Watch novel yet. So grab ahold your multi-guns and affix your Enhancement shields, because this is going to be one hell of a wild, rollercoaster ride!

Volume 2 of the Palik Series, published in conjunction with the North American Jules Verne Society Marooned With Uncle Robinson Castaway by pirates on a deserted island Without tools or supplies to survive A mother and her children have only a kindly old sailor to help. But what explains the strange flora and fauna they find on the isle? The second volume in the Palik series, presented by the North American Jules Verne Society, offers another story never before published in English. Shipwrecked Family was rejected by Verne's publisher, so rather than finish it, he rewrote it with new characters. That book became the classic The Mysterious Island in which Captain Nemo made his last appearance. Presented here is Verne's original draft of that novel--one which is very different from the book that it eventually became. Expert translation is provided by Sidney Kravitz, also translator of the definitive modern edition of The Mysterious Island. Translated by Sidney Kravitz; Introduction by Brian Taves. This series is published in conjunction with the North American Jules Verne Society, najvs.org.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate.

This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Sarah Robinson is deeply troubled in the wake of her dad's second marriage. She now has to deal with a new stepmom and two stepbrothers, Marco, who is her age, and Nacho, who's younger. Even though they've all moved from Texas to California to start life as a new, blended family, none of the kids seem remotely happy about it. Sarah's dad and stepmom then decide to take the whole family on a special vacation in order to break the ice and have everyone get to know one another. They'll fly to Tahiti, charter a boat, and go sailing for a few days. It'll be an adventure, right? Wrong. Dead wrong. Shipwreck Island is the first installment in a series from S.A. Bodeen.

Follows the author's reconstruction of the survival story of four eighteenth-century Russian sailors who were shipwrecked on the barren Arctic island of Svalbard for six years, discussing the events of the ice wrecking, the four survivors' minimal provisions, their dependence on driftwood for fire, and their near-death experiences in the wake of polar bear attacks. AVAILABLE FOR THE FIRST TIME IN eBook! In 1955, García Marquez was working for El Espectador, a newspaper in Bogotá, when in February of that year eight crew members of the Caldas, a Colombian destroyer, were washed overboard and disappeared. Ten days later one of them turned up, barely alive, on a deserted beach in northern Colombia. This book, which originally appeared as a series of newspaper articles, is García Marquez's account of that sailor's ordeal. Translated by Randolph Hogan.

Stan is a man who thought he "had it made". He was from a good family and had a sound Christian upbringing. However, Stan rebelled, turning away from all that he had been taught; he ran from God. After high school he took off on his own, with an "I'll do it my way" attitude. For awhile "his way" worked; but, that was all about to come to an abrupt end. He'll go from "standing high" on his own merit, to lying face down in the sand, on an isolated island, with nothing, all in one big "leap". He'll lose everything, and his only way back will be through an unlikely source: a "barrel of monkeys". Come laugh and cry, as we follow Stan through his adventures on this "one of a kind" island. During our travel with Stan, we will learn some valuable life lessons and godly principles.

From the acclaimed author whose beloved books inspired the hit television show, The Deadliest Catch, comes a thrilling true adventure tale in the Alaskan seas A Malaysian cargo ship on its way from Seattle, Washington to China ran aground off the coast of western Alaska's Aleutian Islands on December 8, 2004 during a brutal storm, leading to one of the most incredible Coast Guard rescue missions of all time. Two Coast Guard Jayhawk helicopters lifted off immediately from Air Station Kodiak during the driving storm in an effort to rescue the ship's eighteen crew members before it broke apart and sank in the freezing waters. Nine of the crew were lifted from the ship and dropped aboard a nearby Coast Guard cutter. But during attempts to save the last eight crew members, one of the Jayhawks was engulfed by a rogue wave that broke over the bow of the ship. When its engines flamed out from ingesting water, the Jayhawk crashed into the sea. The seven crew members from the ship who had been hoisted into the aircraft, along with the chopper's three-man crew, plunged into the bitterly cold ocean where hypothermia began to set in immediately. Interviewing all the surviving participants of the disaster and given access to documents and photos, acclaimed author Spike Walker has once again crafted a white-knuckle read of survival and death in the unforgiving Alaskan waters.

Any person who leaves the country to go to another and later returns will be put to death. This was the law in Japan in the early 1800s. When fourteen-year-old Manjiro, working on a fishing boat to help support his family, was shipwrecked three hundred miles away from his homeland, he was heartbroken to think that he would never again be able to go home. So when an American whaling boat rescued him, Manjiro decided to do what no other Japanese person had ever done: He went to America, where he received an education and took part in events that eventually made him a hero in the Land of the Rising Sun.

Describes how the crews of two different vessels became shipwrecked on opposite ends of the same deserted island and the very different experiences of the two groups—one of which through sheer determination and fortitude overcame the challenges of their environment, while the other descended into complete anarchy.
