There's not much keeping Ian McDermott in Spokane, but at least it's home. He's been raising Sammy practically on his own ever since their mom disappeared again on one of her binges. They get by, finding just enough to eat and plenty of time to skateboard. But at Morrison High, Ian is getting the distinct, chilling feeling that the administration wants him and his board and his punked hair gone. Simply gone. And when his temper finally blows—he actually takes a swing at Coach Florence and knocks him cold—Ian knows he's got to grab Sammy and skate. Run. Their search for the one relative they can think of, their only hope, leads Ian and Sammy across the entire state of Washington in the cold and rain—and straight into a shocking discovery. Through it all, Ian knows exactly what he has to do: protect Sammy, and let no one split up their family of two. Michael Harmon tells a nuanced and unflinching story of wilderness survival, the fierce bond between brothers, and teen rage—and redemption.

A mix of Tony Hawk and Brian Welch comes together in skateboarding legend Christian Hosoi, who reveals everything about his rise, fall, and redemption, in this amazing tell-all—from being named the greatest skater of all time to bottoming out on drugs to finally finding redemption through God. Fans of Slater Kelly's Pipe Dreams and Brian Welch's Save Me From Myself, and followers of Tony Alva, Jay Adams, and Steve Caballero, will be captivated by this extraordinary, star-studded story, a gripping read that ranges from the heart of the 1980s skateboarding scene to the inside of a prison, from Hollywood parties to intense prayer sessions. Hosoi: My Life as a Skateboarder Junkie Inmate Pastor takes readers to the heart of one little-known world after another—and he portrays them in all their gore and glory for all the world to see.

This book explores the ways in which religion is observed, performed, and organised in skateboard culture. Drawing on scholarship from the sociology of religion and the cultural politics of lifestyle sports, this work combines ethnographic research with media analysis to argue that the rituals of skateboarding provide participants with a rich cultural canvas for emotional and spiritual engagement. Paul O'Connor contends that religious identification in skateboarding is set to increase as participants pursue ways to both control and engage meaningfully with an activity that has become an increasingly mainstream and institutionalised sport. Religion is explored through the

themes of myth, celebrity, iconography, pilgrimage, evangelism, cults, and self-help.

When Skateboards Will Be Free
Inside the World of Board Graphics
A History of Skateboard Art
Skate, Surf, Snow

Skateboarding rhinos grind curbs, pop ollies, rip through tunnels, and biff on bumps. Includes a Glossary of skateboarding lingo. Full color.

Inside the World of Board Graphics takes an in-depth, comprehensive look at the global nature and cultural influence of Surf/Skate/Snow board art and design. International design luminaries Art Chantry, Katrin Olin and James Victore are placed along side industry super stars Terry Fitzgerald, Martin Worthington, Yoshihiko Kushimoto and Rich Harbour (who has been shaping and designing surfboards since 1959). The book includes dozens of interviews and profiles from the people currently creating board art and design: Aaron Draplin, Emil Kozak, Morning Breath, Anthony Yankovic, Haroshi and Hannah Stouffer to name a few. There are many books about the art of board design, but there has never been a book like this that takes a rare look behind the scenes of the creative process. Countries represented: Iceland, Spain, Japan, Brazil, Australia, Canada, Russia, Poland, UK, Mexico, Venezuela, Romania, South Africa, Finland, Sweden, Germany, Croatia and the USA, among others. A young woman lies dead, strangled by a killer still prowling the sweltering run-down neighborhood. The young wife of a police lieutenant receives threatening phone calls; the precinct 's patrol cars are sabotaged; even the puppies the officers have adopted as mascots are savagely slain. It looks like there's a psycho on the loose with a vendetta against the cops. And then the widow of a precinct cop is found horribly murdered. The signature of the first crime is on this one. But a deadly new element has been added – another murderer is imitating the first one 's methods. Olsen 's ear is uncanny – the language, the psychology of cops rings absolutely true with all the brutal authenticity of Joseph Wambaugh. He makes them intimate, real, alive -- the burly, 37-year-old watch commander, Lt. Packer Lind, a dedicated cop; his adoring 21-year-old wife Amnee; Precinct Commander Julius Singletary, 47 and estranged from his wandering wife Agate; Sergeant Turk Molnar, the prototype of a big, dumb, good-natured flatfoot; the lovable smart-ass Artie Siegi, sex-driven Billy Mains and his new patrol car sidekick, bosomy Mary Rob Maki; and their patrolmen pals – including Gerald Yount, 24, whose wife Darlene has been cruelly unfaithful, precipitating a nightmare that brings Olsen's novel to its thunderous resolution. *Night Watch* is a superb evocation of the real world of big city police today. It is a rare combination of action and a novel of character. In telling this riveting story, Jack Olsen portrays a memorable man in Watch Commander Packer Lind, along with marvelous creations of the characters of the cops under his command and their wives and the pressured lives they lead. For more than a year, Olsen studied policemen at close range: on their beats, visiting them in their homes, joining in their off-duty revelries, riding shotgun as they chased speeders and burglars and killers, walking side by side with them into the bars and back alleys and tanks and dives and sometimes onto the killing grounds of this most dangerous of occupations. After sharing their pressure-cooker lives, Olsen calls them “ the most undervalued members of our society: good and decent men, for the most part, whose stresses and torments are only dimly understood by the public they serve. They live on the edge of a knife-blade, and they pay the price in broken homes, tortured lives, and uncertain futures. The wonder isn 't that there are so many bad cops. The wonder is that there are so few. ”

And requires less skateboarding. So why bother? Moving to a small beach town seems like an awesome idea. The skateboarding is good, the sun is always shining, and no one moves very fast. She even meets a hot chick like five minutes after moving there. Life is good. Except young Weston Duvall has already grown up and her reasons for doing so surprise Alden even more because she didn't see them coming. Weston can't trust Alden, and Alden isn't sure she wants to be trusted. So why can't they seem to stay away from each other?

A Secret History of the Ollie

A Memoir of a Political Childhood

Official Gazette of the United States Patent and Trademark Office

*Transformation of a Nerd
Skateboarding*

The story of the simple skateboard is part thriller, part underground, underdog success tale. It's chock-full of innovations, far-out graphic artistry, and ever-more-incredible hot-dogging feats. And the story's told in this book with contributions from the stars themselves—Tony Hawk, Stacey Peralta, Jeff Ho, the Dogtown Z-Boys, and more. Beautifully illustrated with historical posters, ads, and memorabilia along with new action photography, studio skateboard shots, and unique portraits of the stars, this is a fitting tribute to an American classic.

BONUS: This edition contains a *When Skateboards Will Be Free* discussion guide. "The revolution is not only inevitable, it is imminent. It is not only imminent, it is quite imminent. And when the time comes, my father will lead it." With a profound gift for capturing the absurd in life, and a deadpan wisdom that comes from surviving a surreal childhood in the Socialist Workers Party, Saïd Sayrafiezadeh has crafted an unsentimental, funny, heartbreaking memoir. Saïd's Iranian-born father and American Jewish mother had one thing in common: their unshakable conviction that the workers' revolution was coming. Separated since their son was nine months old, they each pursued a dream of the perfect socialist society. Pinballing with his mother between makeshift Pittsburgh apartments, falling asleep at party meetings, longing for the luxuries he's taught to despise, Saïd waits for the revolution that never, ever arrives. "Soon," his mother assures him, while his long-absent father quixotically runs as a socialist candidate for president in an Iran about to fall under the ayatollahs. Then comes the hostage crisis. The uproar that follows is the first time Saïd hears the word "Iran" in school. There he is suddenly forced to confront the combustible stew of his identity: as an American, an Iranian, a Jew, a socialist... and a middle-school kid who loves football and video games. Poised perfectly between tragedy and farce, here is a story by a brilliant young writer struggling to break away from the powerful mythologies of his upbringing and create a life—and a voice—of his own. Saïd Sayrafiezadeh's memoir is unforgettable.

"At just 10 years of age, Sky Brown became the youngest professional skateboarder in the world. Instead of using a coach, she learns her tricks online. She's not afraid to take risks and push limits. After a horrific fall left her unresponsive with several skull fractures and a broken left hand and wrist, Brown is still determined to be the best skateboarder in the world!"--

"A piece of wood, two trucks, four wheels...a skateboard. You start by rolling down a sidewalk, and end up rolling through life. For some the ride stops at the end of the street; for others the ride never ends. This book was written by those for whom the ride is never-ending: by the 15-year-old grom who falls asleep dreaming of skateboarding; by the 40-something "pad dad" you see at the local skatepark; by the women whose stories have never been told; and by the 73-year-old architect who didn't begin skateboarding until the age of 65. Over 170 stories and 200+ photographs. The 'everyman/everywoman' are accompanied by

contributions from some 'notable' skateboarders, and other personalities from the skateboard world... Some of the great skateboarding photographers have graciously contributed to the book."--Description from www.amazon.com

Skateboarding and Femininity

Examines the history of skateboarding and discusses the techniques, tricks, safety gear, and maintenance of equipment.

Skateboarding and Femininity explores and highlights the value of femininity both within skateboarding and wider culture. This book examines skateboarding's relationship to gender politics through a consideration of the personal politics connected to individual skateboarders, the social-spatial arenas in which skateboarding takes place, and by understanding the performance of tricks and symbolic movements as part of gender-based power dynamics. Dani Abulhawa analyses the discursive frameworks connected to skateboarding philanthropic projects and how these operate through gendered tropes. Through the author's work with skateboarding charity SkatePal, this book offers an alternative way of recognising the value of skateboarding philanthropy projects, proposing a move toward a more open and explorative somatic practice perspective.

The Skateboard Art of Jim Phillips

This is the first book to celebrate the use of stickers in skateboarding. Showing the full spectrum of skate sticker art, it brings together over 350 of the most memorable stickers ever produced. Stickers became extremely important in the late 1980s and early 90s when many smaller, skater-owned companies emerged—they are an easy way to get brands noticed and virtually every board graphic is also available in sticker form. Nearly every skater has a sticker collection of some sort, either on a bedroom door, on the fridge or in a shoe box. From Wes Humpston and Dogtown's stickers in the 1970s to Birdo at Consolidated's "Don't Do It" campaign, Skateboard Stickers features the very best designs, selected by pro skateboarders past and present. It includes sticker-related stories and articles, such as the story of Death skateboards or Jim Phillips' legendary Screaming Hand sticker logo for Speed Wheels Santa Cruz, and features quotes from skateboarders describing what stickers mean to them.

Every culture has a creation myth, and skateboarding is no different. The Ollie forged a new identity for skateboarding after its invention in the 1970s, and it lies at the root of nearly every significant move in street skating today. This groundbreaking no-handed aerial has also affected the evolution of surfing and snowboarding, and has left a

permanent impression upon popular culture and language. This, then, is the story of the Ollie, the history and technology that set the stage for its creation, the pioneers who made it happen, and the skaters who used it to start a revolution.
