

Star Wars Origami: 36 Amazing Models From A Galaxy Far, Far Away

Kids can get crafty with this unicorn origami, and crimp, fold and fashion a fantasy world. This beautifully illustrated full-colour book has all you need to create unicorns and some of their magical friends, including fairies, mermaids and cute animals. From here young crafters can construct whole enchanting scenes, including a magical meadow and a unicorn picnic with sweet treats. These 20 origami projects are explained with clear step-by-step instructions and are divided into easy, medium and hard difficulties, so that young readers can improve their confidence and fine motor skills as they progress through the book. They can even create unicorn-themed accessories, including bookmarks, brooches and cup-cake toppers, and use their creations every day.

Celebrated paper artist and designer Marc Hagan-Guirey has applied his genius to the Star Wars galaxy in this book of 15 unique kirigami (cut-and-fold) ships featured in the saga's films. Ranging in difficulty from beginner to expert, each beautifully detailed model features step-by-step instructions and a template printed on cardstock—all that's needed are a utility knife, a cutting mat, and a ruler. Clear tips and guidance through the tricky stages help readers craft their own X-wing, Imperial Star Destroyer, Millennium Falcon, and a dozen more ships and vehicles, each accompanied by colorful and inspiring photographs of the final model on display (or ready for a jump to Hempters).

Packed with full-color stickers, this book provides a bounty of imaginative play for young "Star Wars" fans. Full color.

This book provides a guide and working tool for students and home dressmakers. It will also help build up skills and confidence in a vital area of the subject.

Create precision origami models of characters and ships from Star Wars: The Force Awakens with some instruction from Star Wars Origami. Comes with paper to get you started! Like a Jedi's training, the Japanese craft origami demands dexterity and patience. Star Wars Origami takes the traditional technique and applies it to contemporary art and fun projects that you can show off in your home or on your desk. Follow folding instructions on pre-printed paper to create a whole host of paper models from the major blockbuster, Star Wars: The Force Awakens. Star Wars fans will love creating 10 origami renditions of characters and ships from The Force Awakens. The step-by-step instructions make in Star Wars Origami make it easy for even beginners to this papercraft to jump in. Plus, this pack comes with 100 special, pre-printed sheets of origami paper, so your projects will have the right look, in addition to the right folds. Difficulty levels range from beginner to expert.

"Provides step-by-step instructions for moderately difficult origami models, including a fox mask, a tulip and stem, a masu box and insert, a penguin, a seal, a goldfish, a waterbomb, and an ornament"--Provided by publisher.

"Through the intricate art of origami, LaFosse and Alexander succeed in educating all ages about wildlife conservation and the importance of preserving our Earth's endangered animals." --Jack Hanna
A portion of the proceeds benefit wildlife conservation. An interactive way to foster appreciation and understanding of our planet's endangered species!Origami Endangered Animals Kit, from master origami artists Michael LaFosse and Richard Alexander, is designed to educate and entertain in equal measure. This origami kit includes everything you need: 48 large sheets of high-quality double-sided folding paper A full-color 64-page instruction book Free online video demonstrations Educational notes about endangered and threatened species The 12 animals featured in this kit range from the diminutive Macaque to the massive Blue Whale, and also include The Leopard! These big cats are the victims of shrinking habitats and trophy hunters. Only 12,000 to 14,000 remain in the world. The Rhinoceros: These animals are frequent targets of poachers. There are 28,000 to 30,000 individuals remaining. The Macaque: These clever primates suffer from disease and shrinking habitats as farmlands expand. The Gorilla: These critically endangered primates are being rapidly hunted to extinction. The Sea Turtle: Ungainly on land, these reptiles are victims of beach development, bycatch, poaching, marine debris, and more. The Tiger: A ferocious apex predator, these big cats suffer from shrinking habitats, hunting, and poaching. Only 8,000 to 10,000 individuals remain, half of them in captivity. The Elephant: The largest land mammal, these massive herbivores are threatened by habitat loss and poaching. The Great White Shark: These impressive predators are critically endangered due from overfishing, and slow reproductive maturity. Only around 3,500 individuals remain. The Blue Whale: The largest animal on earth, tipping the scales at over 120 tons! These giants were nearly hunted to extinction and are now recovering their numbers, but face many environmental challenges. There are estimated to be 10,000 to 25,000 individuals remaining in the world. The Emperor Penguin: These majestic flightless birds live exclusively in the southern hemisphere. Not yet endangered, but severely threatened. The Giant Panda: These cuddly bears are threatened by habitat pressure and low birthrates. Only around 1,200 remain in the world. The Australian Sea Lion: These mammals spend most of their time in the water and are heavily hunted, their food sources heavily fished out until recently. Fewer than 15,000 individuals remain. These fun-to-fold paper animals are an ideal way to bring natural beauty into your home or office, while also highlighting the plight of endangered wildlife species. Animal figures are the most popular form of origami, and now anyone can use them to learn more about these important species.

Star Wars Origami

36 Amazing Paper-folding Projects from a Galaxy Far, Far Away...

Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like The Joy of Origami and Origami on the Go, this book puts an original spin on an ancient art. And like Star Wars® Scanimation and Star Wars® FanDex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential Lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestseller The Strange Case of Origami Yoda and Darth Paper Strikes Back, and is scheduled to be published at the same time as Angleberger's upcoming book, The Secret of the Fortune Wookiee.

*The hilarious, clever, and much-anticipated follow-up to the breakout hit, The Strange Case of Origami Yoda! It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a “troublemaker.” Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight’s presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent. . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for Darth Paper Strikes Back **STARRED** *RETVIEW*“Angleberger’s just-as-funny follow-up to The Strange Case of Origami Yoda delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority.Pitch-perfect middle-school milieu and enough Star Wars references (and laughs) to satisfy fans and win new ones.”—Kirkus Reviews, starred review “In this imaginative sequel, author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book’s design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It’s a natural step up from the Wimpy Kid series, with more text and narrative complexity, but just as much on-target humor and all-around fun.”—Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception Origami Yoda has received, kids will be clamoring for this sequel. They won’t be disappointed.” —School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, The Strange Case of Origami Yoda. A sequel to equal the funny and clever novel/comics debut of the Origami Yoda, as Dwight’s friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made The Strange Case of Origami Yoda a pleasure, Angleberger takes readers through the ups and downs of adolescence.” —Portland Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News*

Warring against the test-prep oppression of the FunTime Menace, the heroes of McQuarrie Middle School ally themselves with Principal Rabbksi, who is being drawn to the dark side. By the award-nominated author of Darth Paper Strikes Back. It’s the fourth book in the mega-hit Origami Yoda series! In The Surprise Attack of Jabba the Puppet, Dwight and Origami Yoda return to McQuarrie Middle School—and not a moment too soon. The gang needs their help fighting a new and powerful enemy: the FunTime Menace, a diabolical test-prep service. This bestselling series showcases Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and his keen knack for authentically capturing the intrigues, fads, and dramas of middle school in “satisfying tale[s] of friendship and just resistance to authority” (Kirkus Reviews, starred review).

Trinkets

Etch away the lines on each page to reveal 16 Star Wars posters from all three trilogies. Use the included stylus to reveal 16 Star Wars posters from across all three trilogies. Each of the etching pages has lines to follow, and then it ' s up to you how much color to infuse into the image. An introductory section describes how to etch for the best results and includes fascinating history and details about the films and their posters. Each page is easy to remove so that the finished masterpieces can be displayed on your wall.

A perfect introduction to coding for young minds! This updated step-by-step visual guide teaches children to create their own projects using Scratch 3.0. Suitable for complete beginners, this educational book for kids gives readers a solid understanding of programming. Teach them to create their own projects from scratch, preparing them for more complex programming languages like Python. Techy kids will familiarize themselves with Scratch 3.0 using this beginner's guide to scratch coding. Difficult coding concepts become fun and easy to understand, as budding programmers build their own projects using the latest release of the world's most popular programming language for beginners. Make a Dino Dance Party or create your own electronic birthday cards for friends and family. Build games, simulations, and mind-bending graphics as you discover the awesome things computer programmers can do with Scratch 3.0. This second edition of Coding Projects in Scratch uses a visual step-by-step approach to split complicated code into manageable, easy-to-digest chunks. Even the most impressive projects become possible. This book is an impressive guide that is perfect for anyone who wants to learn to code. Follow Simple Steps. Improve Your Skills & Share Your Creations! Follow the simple steps to building interactive games and simulations using the latest version of the popular programming language Scratch 3.0 in this new edition. Create mind-bending illusions, crazy animations, and interactive artwork with this amazing collection of Scratch projects. Suitable for beginners and experts alike, this fabulous introduction to programming for kids has everything you need to learn how to code. You'll improve your coding skills and learn to create and customize your own projects, then you can share your games online and challenge friends and family to beat each other's score! What's inside this kids' coding book? - Simulations, mind-benders, music, and sounds - Algorithms, virtual snow, and interactive features - Different devices, operating systems, programming languages and more Computer coding teaches kids how to think creatively, work collaboratively, and reason systematically, and is quickly becoming a necessary and sought-after skill. DK's computer coding books for kids are full of fun exercises with step-by-step guidance, making them the perfect introductory tools for building vital skills in computer programming. Coding Projects in Scratch is one of three brilliant coding books for kids. Add Coding Games in Scratch and Coding Projects in Python to your collection.

Detailed illustrations guide you through each step of the process, making the ancient craft of origami approachable for enthusiasts of all levels. Whether you make the pieces for yourself or to give as gifts, the models in this book will brighten your day and leave a lasting impression.

A New York Times bestseller, Safari is a magical journey for the whole family. Readers, as if on African safari, encounter eight wild animals that come alive using never-before-seen Photocall technology. Each full-color image is like a 3-D movie on the page, delivering a rich, fluid, immersive visual experience. The result is breathtaking. The cheetah bounds. The gazelle leaps. The African elephant snaps its ears. The gorilla munches the leaves off a branch. It's mesmerizing, as visually immediate as a National Geographic or Animal Planet special. Accompanying the images is Safari, the guide: It begins with an evocative journal of a safari along the Mara River in Kenya and interweaves the history of safaris. Then for each animal there is a lively, informative essay and an at-a-glance list of important facts. It's the romance of being on safari—and the thrill of seeing the animals in motion—in a book unlike any other.

Offers full-color illustrations and step-by-step instructions for out-of-this-world crafts featuring characters, locales and objects from the Star Wars universe, including a felt Yoda doll, an R2-D2 knit wool cap, Dagobah terrariums, Hoth snow globe, broken-action-figure

Christmas wrath, a Chanukah "droidel," a Chewbacca tissue-box cozy and much more. Original. 50,000 first printing

With Dwight attending Tippet Academy this semester, the kids of McQuarrie Middle School are on their own—no Origami Yoda to give advice and help them navigate the treacherous waters of middle school. Then Sara gets a gift she says is from Dwight—a paper fortune-teller in

the form of Chewbacca. It's a Fortune Wookiee, and it seems to give advice that's just as good as Yoda's—even if, in the hands of the girls, it seems too preoccupied with romance. In the meantime, Dwight is fitting in a little too well at Tippet. Has the unimaginable happened? Has Dwight become normal? It's up to his old friends at McQuarrie to remind their kooky friend that it's in his weirdness that his greatness lies. This is the third case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author

of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in "a satisfying tale of friendship and just resistance to authority" (Kirkus Reviews, starred review). Praise for The Secret of the Fortune Wookieehas crafted a worthy follow-up to his break STARRED REVIEW "Angleberger's third in the series continues the fun. A chorus of spot-on-middle school voices and plenty of laughs are wrapped around this tale of friendship and seasoned with Star Wars references." —Kirkus Reviews, starred review "Tom Angleberger offers a hilarious third book in his best-selling series starring origami Star Wars characters. Angleberger's grasp of middle-school emotions, humor and behavior is spot-on, and parents who want to get a sense of what it's like be a preteen these days might consider reading this book. But you'll likely have to pry it out of your young reader's hands first." —Scripps Howard News Service Award 2013 ReadKiddoRead Kiddos - FINALIST COMING SOON TO NETLIFX! The Shoplifters Anonymous meetings that sixteen-year-old Moe is forced to attend are usually punctuated by the snores of an old man and the whining of the world's unhappiest housewife. Until the day that Tabitha Foster and Elodie Shaw walk in. Tabitha has just about everything she wants: money, friends, popularity, a hot boyfriend who worships her...and clearly a yen for stealing. So does Elodie, who, despite her goodie-two-shoes attitude pretty much has "klepto" written across her forehead in indelible marker. But both of them are nothing compared to Moe, a bad girl with an even worse reputation. Tabitha, Elodie, and Moe: a beauty queen, a wallflower, and a burnout—a more unlikely trio high school has rarely seen. And yet, when Tabitha challenges them to a steal-off, so begins a strange alliance linked by the thrill of stealing and the reasons that spawn it. Hollywood screenwriter Kirsten Smith tells this story from multiple perspectives with humor and warmth as three very different girls who are supposed to be learning the steps to recovery end up learning the rules of friendship.

A paper-folding adventure in a galaxy far, far away! Make Darth Vader, Kylo Ren, BB-8, ships, droids, and more! Combining the mythic power of Star Wars with the fun of origami, here is everything you need to create a collection of characters, creatures, Jedi starfighters,

and those very special objects—like Kylo Ren and Rey's lightsabers—imbued with a galaxy of meaning. Ingeniously designed by origamic master Chris Alexander, each of the 34 projects includes illustrated step-by-step instructions and a photograph of the finished model. Includes: A primer on origami definitions, symbols, and how to make the basic folds 72 sheets of specially printed folding paper, plus step-by-step folding directions for 34 projects to fold Everything you need to make lovable porgs, the unfathomably evil Supreme Leader

The lowdown on the toughest, sexiest, and beardiest man to ever stalk the earth Since its emergence from the bowels of the internet, the Chuck Norris Fact has roundhouse kicked its way into the world's consciousness with all the vim and verve of its namesake. Singing the praises of his unequalled toughness, his mighty kicking feet, his indestructible beard, his frightening virility, and his ability to stop time by thinking about pineapples, The Truth About Chuck Norris is the one book brave enough to go behind the beard and reveal the real Chuck. Lin Spector, webmaster of the site which started the meme and survivor of a real-life encounter with Chuck himself, has selected the 400 most kick-ass facts from his library of thousands, as well as illustrations as awesome as the man himself. This death-defying volume includes such awe-inspiring observations as: ♀I can once bit Chuck Norris's leg. After five days of excruciating pain, the cobra died. ♀Chuck Norris can charge a cell phone by rubbing it against his beard. ♀When an episode of "Walker, Texas Ranger" aired in France, the French surrendered to Chuck Norris just to be on the safe side. ♀Chuck Norris was the first person to tame a dinosaur. ♀Chuck Norris once visited The Virgin Islands. Afterward, they were renamed The Islands. ♀Every piece of furniture in Chuck Norris's house is a Total Gym. ♀May have paeen to the archeological American male and a bible of all things Chuck. The Truth About Chuck Norris is easily the most important book of all time. AN UNAUTHORIZED PARODY.

This hilarious, highly original series, which so astutely captures the odd preoccupations of middle schoolers, will appeal to the many fans of the Origami Yoda series and such gross-out classics as Don't Eat Fried Worms and Freckle Juice. Lyle Hertzog and his friends Marilla and Dave expect to spend another dull holiday passing time at the local Qwickpick convenience store. Then an article in their hometown paper catches their eye—the sludge fountain at the nearby sewage plant is being retired. With this news, the three friends decide they're not just normal kids who don't have Christmas plans: they're the Qwickpick Adventure Society. Their first mission: to see the "poop fountain" before it fades from glory. Told with the mix of journal entries, doodles, and handwritten notes that has made the Origami Yoda books so appealing, this is another great story from a master chronicler of middle school. Praise for The Qwickpick Papers "Laugh-out-loud high jinks tailoredmade for reluctant readers. A hilarious and well- designed update." —School Library Journal Summer 2014 Kids' Indie Next List

Fold yourself into a game of wizard's chess with this Harry Potter-themed origami kit! Chess is a game of strategy, intellect, and...paper folding? Inspired by the Harry Potter films, Harry Potter Origami Chess adds a new fun element to any game. The included 112-page book offers brief instructions for playing the game and provides complete step-by-step directions for folding each of the chess pieces. Not for the faint of heart, these origami projects are for intermediate or expert paper folders and showcase twelve characters—including Harry, Hermione, Ron, Dobby, Dumble-dore, Voldemort, Draco, Lucius, and more—as the game's kings, queens, rooks, knights, bishops, and pawns. In addition to a double-sided printed chessboard, this entertaining kit comes with 110 specially printed paper to make two complete 32-piece chess sets. Play a rousing game of wizard's chess, or put your Wizarding World origami characters on display.

Stick figures to the dark side only lead! To doodle like a Jedi you must learn! In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a lover, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles his first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." F&P Level: T F&P Genre: RF

Create 37 figures with clear, step-by-step instructions and helpful diagrams. Simple to advanced objects include rocket, mouse, elephant, violinist, Viking ship, and many more.

In this funny and sweet new book in the bestselling Darth Vader™ series, Eisner Award-winning author Jeffrey Brown offers an intimate look at the friendships between best pals in the Star Wars universe, from Darth Vader and the Emperor to Leia and her Ewok pals, Han and Chewie, C-3PO and R2-D2, the bounty hunters, and other favorite characters. Jealousy, birthday parties, lightsaber battles, sharing, intergalactic rebellion and more all come into play as Brown's charming illustrations and humor irresistibly combine the adventures of our friends in a galaxy far, far away with everyday events closer to home. © and TM Lucasfilm Ltd. Origami City

Star Wars Make and Do

Created by an origami master, these 23 models offer a menagerie of easy-to-fold animals. Figures include birds—a cardinal, parrot, bald eagle, and cranes—and a fox, pig, hippo, elephant, lion, and others. Diagrams illustrate every step of the folding process, and full-color pictures depict the completed models. Internationally renowned author John Montroll has significantly increased the origami repertoire with his origami designs. Best known as the inspiration behind the single-square, no-cuts, no-glue approach, the American origami expert offers readers meticulously developed folding sequences that allow them to create better models with fewer steps. Dover (2014) original publication. See every Dover book in print at www.doverpublications.com

The final Origami Yoda case file from the kids at McQuarrie Middle School! After successfully fighting to save their field trip in Princess Labelmaker to the Rescue!, Tommy and the gang prepare for a well-earned day of fun and adventure in Washington, DC . . . but of course it won' t be that easy! This trip to the nation ' s capital will be full of shifting alliances and betrayals, carsickness and sugar rushes. Trouble starts even before the buses leave school, when Principal Rabbksi decrees the field trip an "origami-free zone." Dwight secretly folds a Yoda from a Fruit Roll-Up, but will Frutigami Yoda be a match for Harvey ' s sour, hate-filled pickle of darkness?

Introducing fold-by-number, a revolutionary origami new concept in paper folding. Created by the founder of Taró ' s Origami Studio, Origami City marries the joy of paper folding with the foolproof appeal of paint-by-number with the imaginative play of LEGO or Playmobilis. This ingenious book is an all-in-one kit for a complete origami metropolis: 75 realistic pieces to fold with step-by-step instructions; an illustrated paper play mat; and over 100 sheets of preprinted origami paper with numbers and lines for folding. The models—houses, office buildings, cars, emergency and construction vehicles, an airport, even dogs and squirrels to run in the parks—are meticulously detailed, illustrated by Brooklyn-based artist Simon Anizep. For ages 7 and up. The wait is over! This book brings one of man's best technological achievements - fighter jets - to the origami world and further supports the ancient art of paper folding. Art imitates life, but for this book, paper imitates the beauty, versatility, and potentially destructive power of man's flying aircraft. This book is designed for both the origami purist as well as aircraft model hobbyist, with easy-to-follow step-by-step instructions illustrated for both beginners and experienced folders alike. Original design for three different paper base sizes include: (a width half sheet of 8.5 x 11) 1:2.6, 3:1, and 3.5:1. Some of these fighter jet models include the F-14, F-15, F-16, F-18, F-22, MIG-29, SU-27, Typhoon, Rafale C, and Gripen are some of the best fighters from around the world. There is even a model stand design for the display of your origami aircraft to complete and showcase your work. With interest, you can design unit colors and markings of your favorite country's fighter squadron with the use of a computer, printer, and self-adhesive labeling sheet. These fighter models demonstrate the ancient craftsmanship of origami combined with figures of the modern world of flying machines. Hobbyists will enjoy the activity and younger children will discover an amazing and challenging craft that helps teach patience, persistence, and creativity.
