

## **Straight To Hell: True Tales Of Deviance, Debauchery And Billion Dollar Deals**

*Animal House meets Liar's Poker in this hysterically funny, often unbelievable, and absolutely, positively true account of life at DLJ, one of the hottest investment banks on Wall Street. "Like most other young business school graduates, John Rolfe and Peter Troob thought that life in a major investment banking firm would make their wildest dreams come true -- it would be fast-paced, intellectually challenging, glamorous, and, best of all, lucrative. They were in for a surprise. For behind the walls of Wall Street's firms lies a stratum of stunted, overworked, abused, and in the end, very well-compensated, but very frustrated men and women. Monkey Business takes readers behind the scenes at Donaldson, Lufkin, and Jenrette (DLJ), one of Wall Street's hottest firms of the 90s, from the interview process to the courting of clients to bonus time. It's a glimpse of a side of the business the financial periodicals don't talk about -- 20-hour work days, trips across the country where associates do nothing except carry the pitch book, strip clubs at night, inflated salaries, and high-powered, unforgettable personalities. Monkey Business provides readers with a first-class education in the real life of an investment banker. But best of all, it is an extremely funny read about two young men who, on their way towards achieving the American dream, quickly realized they were selling their souls to get there."*

**THE SECOND ENTRY IN THE PICADOR TRUE TALES SERIES: ONE OF LIFE'S TRICKIEST RITES OF PASSAGE COLLECTED INTO AN UNFORGETTABLE VOLUME OF STORIES** The fraught relationship between roommates is a true cultural obsession. Shows like *Friends*, *The Golden Girls*, *The Odd Couple*, and *New Girl* have held us rapt for decades, simultaneously delighting and disconcerting us with their depictions of mismatched couples' cringe-worthy awkwardness and against-all-odds friendship. Maybe it's that uniquely unnatural experience of living with a total stranger that ignites our curiosity, or just that almost all of us, for better or worse, have had one of our own. In Stephanie Wu's *The Roommates*, people of all ages reveal their disastrous, hilarious, and sometimes moving stories of making their best friend for life or lifelong nemesis. Learn what it's like to share a room in places as unusual as a thirty-person beach house, a billionaire's yacht, a reality show mansion, and a retirement hotel, and those as familiar as sleepaway camps, boarding schools, and college dorms. Put down your roommate's dirty dishes and passive-aggressive Post-it's for this eye-opening glimpse into how people live together in the modern age. You'll meet: *The Amateur*

*E. C. Abbott was a cowboy in the great days of the 1870's and 1880's. He came up the trail to Montana from Texas with the long-horned herds which were to stock the northern ranges; he punched cows in Montana when there wasn't a fence in the territory; and he married a daughter of Granville Stuart, the famous early-day stockman and Montana pioneer. For more than fifty years he was known to cowmen from Texas to Alberta as "Teddy Blue." This is his story, as told to Helena Huntington Smith, who says that the book is "all Teddy Blue. My part was to keep out of the way and not mess it up by being literary.... Because the cowboy flourished in the middle of the Victorian age, which is certainly a funny paradox, no realistic picture of him was ever drawn in his own day. Here is a self-portrait by a cowboy which is full and honest." And Teddy Blue himself says, "Other old-timers have told all about stampedes and swimming rivers and what a terrible time we had, but they never put in any of the fun, and fun was at least half of it." So here it is—the cowboy classic, with the "terrible" times and the "fun" which have entertained readers everywhere. First published in 1939, *We Pointed Them North* has been brought back into print by the University of Oklahoma Press in completely new format, with drawings by Nick Eggenhofer, and with the full, original text.*

than the printers could keep up with. It became a radio show, a podcast, a live performance. Now, for the first time—and including both classic and new, never-before-seen revelations—Desert Oracle has been bound between two hard covers and is available to you. Straight out of Joshua Tree, California, Desert Oracle is “The Voice of the Desert”: a field guide to the strange tales, singing sand dunes, sagebrush trails, artists and aliens, authors and oddballs, ghost towns and modern legends, musicians and mystics, scorpions and saguaros, out there in the sand. Desert Oracle is your companion at a roadside diner, around a campfire, in your tent or cabin (or high-rise apartment or suburban living room) as the wind and the coyotes howl outside at night. From journal entries of long-deceased adventurers to stray railroad ad copy, and musings on everything from desert flora, rumored cryptid sightings, and other paranormal phenomena, Ken Layne's Desert Oracle collects the weird and the wonderful of the American Southwest into a single, essential volume.

As sales of Hagee's current New York Times bestseller, *Four Blood Moons*, continue to soar, hundreds of thousands of readers have had their thirst whetted to know what is to come at the end of this world . . . heaven itself! Hagee's national media power assures another mega-bestseller.

What I feel has no name... Suanne Laqueur's award-winning debut novel *The Man I Love* thrilled readers with its memorable characters and depth of emotion. Erik Fiskare's journey of love, recovery and forgiveness captivated hearts but also left questions unanswered. Now Daisy Bianco has a chance to tell her story. It's been three years since a single lapse of judgment cost Daisy the love of her life. Erik was a conduit to her soul but now he's chosen a path of total disconnection, refusing to speak to her or acknowledge her betrayal. Alone and shattered, Daisy attempts to take responsibility for her actions while building her career as a professional dancer in New York City. But Erik's unforgiving estrangement proves too much for her strength. Plagued by flashbacks to the Lancaster shootings, she falls into a dangerous spiral of self-harm, cutting into her own skin as a means to atone. Only the timely appearance of an old friend, John "Opie" Quillis, saves her from self-destruction and gives her a chance to love again. Laqueur skillfully weaves flashbacks to the college years with Daisy's present life. Supported by John's patient affection, she works to separate her evolution as an adult from the unresolved guilt and grief of her youth. As her professional accomplishments lift her out of

*depression, Daisy learns to hold onto her accountability without letting it become her identity. Years pass and she builds a beautiful life filled with dance and friends. Lovers come and eventually go, leaving her on her own with the old thought: Come back to me. In this parallel narrative, Laqueur peels open the beloved characters from The Man I Love to reveal new and complex layers of vulnerability. The scars from the shooting are deep and pervasive within this circle of friends. Like Daisy, they are trying to evolve without being fully resolved. But when questions from the past go unheeded, you alone must find and give your answers true.*

On March 14, 2012, more than three million people read Greg Smith's bombshell Op-Ed in the New York Times titled "Why I Am Leaving Goldman Sachs." The column immediately went viral, became a worldwide trending topic on Twitter, and drew passionate responses from former Fed chairman Paul Volcker, legendary General Electric CEO Jack Welch, and New York City mayor Mike Bloomberg. Mostly, though, it hit a nerve among the general public who question the role of Wall Street in society -- and the callous "take-the-money-and-run" mentality that brought the world economy to its knees a few short years ago. Smith now picks up where his Op-Ed left off. His story begins in the summer of 2000, when an idealistic 21-year-old arrives as an intern at Goldman Sachs and learns about the firm's Business Principle #1: Our clients' interests always come first. This remains Smith's mantra as he rises from intern to analyst to sales trader, with clients controlling assets of more than a trillion dollars. From the shenanigans of his summer internship during the technology bubble to Las Vegas hot tubs and the excesses of the real estate boom; from the career lifeline he received from an NFL Hall of Famer during the bear market to the day Warren Buffett came to save Goldman Sachs from extinction--Smith will take the reader on his personal journey through the firm, and bring us inside the world's most powerful bank. Smith describes in page-turning detail how the most storied investment bank on Wall Street went from taking iconic companies like Ford, Sears, and Microsoft public to becoming a "vampire squid" that referred to its clients as "muppets" and paid the government a record half-billion dollars to settle SEC charges. He shows the evolution of Wall Street into an industry riddled with conflicts of interest and a profit-at-all-costs mentality: a perfectly rigged game at the expense of the economy and the society at large. After conversations with nine Goldman Sachs partners over a twelve-month period proved fruitless, Smith came to believe that the only way the system would ever change was for an insider to finally speak out publicly. He walked away from his career and took matters into his own hands. This is his story.

Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands the importance her family attributes to having land of their own.

New York Times Best Seller and Over 1 million copies sold! Over 750 5-Star reviews Wiese's visit to the devil's lair lasted just twenty-three minutes, but he returned with vivid details etched in his memory, capturing the attention of national media, including the Christian Broadcasting Network, Daystar Television Network, Trinity Broadcasting Network, the Miracle Channel, Sid Roth's It's Supernatural!, Sean Hannity's America, Charisma News, and many others. Bill Wiese experienced something so horrifying it continues to captivate the world. He saw the searing flames of hell, felt total isolation, smelled the putrid and rotting stench, heard deafening screams of agony, and experienced terrorizing demons. Finally the strong hand of God lifted him out of the pit. Now Wiese shares his insights on commonly asked questions such as: Is hell a literal burning place? Where is hell? Do you have a body in hell? Are there degrees of punishment in hell? Are there children in hell? Can demons torment people in hell? Can "good" people go to hell?

'Eloquent, entertaining and accessible.' FT Adviser When Kevin Rodgers embarked on his career in finance, dealing rooms were filled with clamouring traders and gesticulating salesmen. Nearly three decades later, the bustle has gone and the loudest noise you're likely to hear is the gentle tapping of keyboards. Why Aren't They Shouting? is one banker's chronicle of this silent revolution, taking us from an age of shouted phone calls and alpha males right up to today's world of computer geeks and complex derivatives. Along the way, Rodgers offers a masterclass in how modern banking actually works, exploring the seismic changes to the global financial industry over the last thirty years. Above all, his story raises a deeply troubling question: could it be that the technology that has transformed banking - and that continues to do so - is actually making it ever more unstable? 'A welcome addition to the panoply of must-read titles about banking before, during and after the crisis ... by someone who was actually at the centre of the industry at the time.' Euromoney 'An animated first-person narrative about the reality of banking ... lively and engaging.' LSE Review of Books

The Business of Investment Banking

**A comprehensive overview of investment banking for professionals and students The investment banking industry has changed dramatically since the 2008 financial crisis. Three of the top five investment banks in the United States have disappeared, while Goldman Sachs and Morgan Stanley have converted to commercial banking charters. This Third Edition of The Business of Investment Banking explains the changes and discusses new opportunities for students and professionals seeking to**

advance their careers in this intensely competitive field. The recent financial regulation overhaul, including the Dodd-Frank legislation, is changing what investment banks do and how they do it, while the Volcker rule has shaken up trading desks everywhere. This new edition updates investment banking industry shifts in practices, trends, regulations, and statistics Includes new chapters on investment banking in BRIC countries, as Brazil, Russia, India, and China now account for a quarter of the global economy Explains the shift in the listing of securities away from New York to various financial centers around the world, and how major exchanges compete for the same business This new edition, reflecting the current state of the investment banking industry, arrives in time to better serve professionals wanting to advance their careers and students just beginning theirs.

The time was the 1980s. The place was Wall Street. The game was called Liar's Poker. Michael Lewis was fresh out of Princeton and the London School of Economics when he landed a job at Salomon Brothers, one of Wall Street's premier investment firms. During the next three years, Lewis rose from callow trainee to bond salesman, raking in millions for the firm and cashing in on a modern-day gold rush. Liar's Poker is the culmination of those heady, frenzied years—a behind-the-scenes look at a unique and turbulent time in American business. From the frat-boy camaraderie of the forty-first-floor trading room to the killer instinct that made ambitious young men gamble everything on a high-stakes game of bluffing and deception, here is Michael Lewis's knowing and hilarious insider's account of an unprecedented era of greed, gluttony, and outrageous fortune. Everyone has suffered the tortures of an unfaithful, unavailable, controlling, or demanding date, boyfriend, or lover. They may be hell to live through, but they make riveting postmortems, collected here as 20 gay writers recount adventures from the deep end of the dating pool. An autobiography of Joe Calendino, a former Hell's Angel, that recounts his rock bottom days and road to recovery.

A collection of stories about North Idaho native, Robert L. "Cougar Bob" Campbell. All of the stories are true. Author, B. J. Campbell, tells them as creative non-fiction. THE AMERICAN EDITION Satan is being outsourced. According to the Powers That Be, Hell isn't hellish enough, and Satan is given seven days to figure out how to bring back the fire and brimstone days of Hell's fury. The Devil takes on human form-a

## Access Free Straight To Hell: True Tales Of Deviance, Debauchery And Billion Dollar Deals

ramshackle, disease ridden body-and sets out on a road trip exploring new and novel miseries of the human condition to save his job. From L.A. to Miami, Satan, accompanied by Eustice Seeney, the only man who managed to escape Hell twice (and live to never shut up about it), some bent doctors, an average medium femme fatale with a Tarot tattoo, and an angelic escort service hit the road. Satan manages to find his way into one mess of life's affairs after another culminating in an explosive finale revealing who or what puts the lighting in our dreams, and begs the question of who would rid the world of the Devil they know?

Boyd McDonald (1925-1993) had the makings of a successful life in the 1950s--an education at Harvard, a job at Time/Life--but things didn't turn out as planned. After 2 years of resentful conformity and desperate alcoholism, McDonald dried out, pawned a lot of his suits, and went on welfare; it was then that his life truly began. From a room in a New York SRO hotel, McDonald published *Straight to Hell*, a series of chapbooks collecting readers' "true homosexual experiences." Following the example of Alfred Kinsey, McDonald obsessively pursued the truth about sex between men just as gay liberation began to tame America's sexual outlaws for the sake of legal recognition. Admired by such figures as Gore Vidal and William S. Burroughs, *Straight to Hell* combined a vigorous contempt for authority with a keen literary style, and was the precursor of the first queer 'zines decades later. Containing in-depth interviews with friends and family members and a wealth of previously unpublished material, *True Homosexual Experiences: Boyd McDonald and Straight to Hell* is the first book devoted to this key figure of the American underground.

The hilarious New York Times bestseller "sharply observes the lives of globe-trotting, overindulging investment bankers" (Entertainment Weekly). "Some chick asked me what I would do with 10 million bucks. I told her I'd wonder where the rest of my money went." —@GSElevator For three years, the notorious @GSElevator Twitter feed offered a hilarious, shamelessly voyeuristic look into the real world of international finance. Hundreds of thousands followed the account, Goldman Sachs launched an internal investigation, and when the true identity of the man behind it all was revealed, it created a national media sensation—but that's only part of the story. Where @GSElevator captured the essence of the banking elite with curated jokes and submissions overheard by readers, *Straight to Hell* adds John LeFevre's own story—an unapologetic and darkly funny account of a career as a globe-conquering investment banker spanning New York, London, and Hong Kong. *Straight to Hell* pulls back the curtain on a world that is both hated and envied, taking readers from the trading floors and roadshows to private planes and after-hours overindulgence. Full of shocking lawlessness, boyish antics, and win-at-all-costs schemes, this is the definitive take on the deviant, dysfunctional, and absolutely excessive world of finance. "Shocking and sordid—and so much fun." —Daily News (New York) "LeFevre's workplace anecdotes include tales of nastiness, sabotage, favoritism, sexism, racism, expense-account padding, and legally questionable collusion." —The New Yorker

Volume 1: Strange True Tales from the American Southwest

Close Calls

**A veteran journalist discovers an ancient system of speech techniques for overcoming the fear of public speaking—and reveals how they can profoundly change our lives. In 2010, award-winning journalist John Bowe learned that his cousin Bill, a longtime extreme recluse living in his parents' basement, had, at the age of fifty-nine, overcome a lifetime of shyness and isolation—and gotten happily married. Bill credited his turnaround to Toastmasters, the world's largest organization devoted to teaching the art of public speaking. Fascinated by the possibility that speech training could foster the kind of psychological well-being more commonly sought through psychiatric treatment, and intrigued by the notion that words can serve as medicine, Bowe set out to discover the origins of speech training—and to learn for himself how to speak better in public. From the birth of democracy in Ancient Greece until two centuries ago, education meant, in addition to reading and writing, years of learning specific, easily taught language techniques for interacting with others. Nowadays, absent such education, the average American speaks 16,000 to 20,000 words every day, but 74 percent of us suffer from speech anxiety. As he joins Toastmasters and learns, step-by-step, to successfully overcome his own speech anxiety, Bowe muses upon our record levels of loneliness, social isolation, and political divisiveness. What would it mean for Americans to learn once again the simple art of talking to one another? Bowe shows that learning to speak in public means more than giving a decent speech without nervousness (or a total meltdown). Learning to connect with others bestows upon us an enhanced sense of freedom, power, and belonging. A young adult debut by the best-selling author of *The Interestings* traces the experiences of Jam, who is sent to a therapeutic Vermont boarding school where she confronts her losses in the aftermath of her beloved boyfriend's shattering death. Simultaneous eBook.**

**Fun, shocking, and compulsively readable, *Rock Star Babylon* is a guilty pleasure for fans everywhere who want to know more about rock stars behaving badly. From Ozzy Osbourne to Chuck Berry, Courtney Love to Keith Moon, *Rock Star Babylon* has gathered together the most outrageous antics and diva-esque misbehavior in the annals of rock. Here in a single volume are the most wickedly entertaining stories of over-the-top parties, crazy divorces, hidden cameras, trashed hotel rooms, misapplied epileptic interventions, and innocent headless bats. Running the gamut from the rude to the ridiculous, these reports of rock-and-rollers at their worst come straight from the mouths of those who were there—or those who were there but left early and heard about it afterward. From New York Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the *Periodic Table*. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?\* *The Periodic Table* is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. *THE DISAPPEARING SPOON* masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. \*Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve**

There's the office: President of the United States. And then there's the man in the office—prone to temptation and looking to unwind after a long day running the country. Celebrating the decidedly less distinguished side of the nation's leaders, humor writer Brian Abrams offers a compelling, hilarious, and true American history on the rocks—a Washington-to-Obama, vice-by-vice chronicle of how the presidents like to party. From explicit love letters to slurred speeches to nude swims at Bing Crosby's house, reputations are ruined and secrets bared. George Washington brokered the end of the? American Revolution over glasses of Madeira. Ulysses S. Grant rarely drew a sober breath when he was leading the North to victory. And it wasn't all liquor. Some presidents preferred their drugs—Nixon was a pill-popper. And others chased women instead—both ?the professorial Woodrow Wilson (who signed his love letters "Tiger") and the good ol' boy Bill Clinton, though neither could hold a candle to Kennedy, who also received the infamous Dr. Feelgood's "vitamin" injections of pure amphetamine. Illustrated throughout with infographics (James Garfield's attempts at circumnavigating the temperance movement), comic strips (George Bush Sr.'s infamous televised vomiting incident), caricatures, and fake archival documents, the book has the smart, funny feel of Mad magazine meets The Colbert Report. Plus, it includes recipes for 44 cocktails inspired by each chapter's partier-in-chief.

Jeffrey Konvitz's New York Times—bestselling horror novel about a young woman descending into demonic madness who discovers it's not simply in her mind Aspiring model Allison Parker finally moves into her dream apartment: a brownstone on Manhattan's Upper West Side. But her perfect home quickly turns hellish. The building is filled with a cast of sinister tenants, including a reclusive blind priest, who seems to watch her day and night through an upstairs window. Eventually, Allison starts hearing strange noises from the empty apartment above hers. Before long, she uncovers the building's demonic secret and is plunged into a nightmare of sinful misdeeds and boundless evil. In the tradition of Rosemary's Baby, this gripping novel was adapted into a feature film starring Ava Gardner, Cristina Raines, and Chris Sarandon. The Sentinel is classic horror at its best. As Limbo falls, a new prisoner emerges from the Forbidden area

cave of the Seventh Circle. The demons are closing in on the dwarf Clavius and all allies of the fugitive prisoner. Chiron is pressed to control the unrest by his centaur kind against the newly arrived humans to his circle, and the miners join the ranks of the fugitives while attempting to assist Clavius and the newcomer, John Moore, who has been caught up in the tumult against his wishes. A new guest, and a more ancient fugitive of Hell arrives at the river Phlegethon, throwing off the fragile balance of Chiron's circle once and for all. In the midst of the chaos, a connection between John Moore and the new prisoner is revealed, and new allies are found in the journey to escape Hell. Can they make it or will the Fallen discover their attempt at freedom? This is Book IV. Book V, the finale of The AngelFall Series will be available in June 2013.

Over the past three years, the notorious @GSElevator Twitter feed has offered a hilarious, shamelessly voyeuristic look into the real world of international finance. Hundreds of thousands followed the account, Goldman Sachs launched an internal investigation, and when the true identity of the man behind it all was revealed, it created a national media sensation - but that's only part of the story. Where @GSElevator captured the essence of the banking elite with curated jokes and submissions overheard by readers, **Straight to Hell** adds John LeFevre's own story - an unapologetic and darkly funny account of a career as a globe-conquering investment banker spanning New York, London, and Hong Kong. **Straight to Hell** pulls back the curtain on a world that is both hated and envied, taking readers from the trading floors and roadshows to private planes and after-hours overindulgence. night mean you have a ghost? Bodine offers step-by-step instructions for getting rid of them along with clearing and protection prayers to keep them away. These funny, sometimes unnerving, and always entertaining stories will provide reassurance to anyone who has ever encountered things that go bump in the night. Erroneously states "1st Touchstone hardcover edition" in paperback copy.

Quick -- what's the worst, most mind-numbing, humiliating, horrendous, horrific job you can think of? They're all here. The worst jobs in the world. Firsthand accounts of one hundred horrible jobs guaranteed to make you groan, laugh, and maybe, just maybe help you feel a teensy bit better about your own place in the rat race.

Painstakingly assembled by the geniuses behind the British humor magazine *The Idler*, this collection includes the gloriously gory details of such occupations as: hospital launderette, gas station worker, weed sprayer, bank teller, janitor's assistant, and telemarketer. It's a hilarious romp through the stinky cesspool of employment hell, with helpful commentary from those who speak of crap jobs from hard-won personal experience. So curl up with this guide and be grateful for the job you have...or grab the want ads now!

Imagine an ancient evil that dwells in a dark world of its own but can easily cross into ours. Imagine a calculating evil that watches our every move and knows our very hearts. Imagine a powerful evil that seeks to confuse, harm, and destroy us in body and soul. Imagine all you like, but don't think for a moment that such creatures don't exist. In this all-new volume of terrifying true stories, you will learn about the ancient evil spirits we have come to call demons and the various ways they have terrorized humans through the centuries. You will meet some of their modern-day victims, people from all different walks of life. People just like us. You will read about hideous manifestations, depraved assaults, and all other manner of frightening phenomena. These incredulous accounts will startle your senses and challenge your worldview. They may even make you afraid to go to bed at night. But therein lies a powerful weapon. Only in knowing one's enemy can that enemy be defeated. This book will give you a clearer understanding of the inhuman intelligent entities that prowl unseen in our midst, their motives and machinations, and how to avoid crossing their paths. A Novel of Hell

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart",

## Access Free Straight To Hell: True Tales Of Deviance, Debauchery And Billion Dollar Deals

a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfills his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

A selection of autobiographical essays, stories, and anecdotes provides a look at the pitfalls and pains of trying to live a grown-up life, contemplating such topics as children, home improvement, religion, and cosmetic saleswomen.

Becoming a young Wall Street banker is like pledging the world's most lucrative and soul-crushing fraternity. Every year, thousands of eager college graduates are hired by the world's financial giants, where they're taught the secrets of making obscene amounts of money-- as well as how to dress, talk, date, drink, and schmooze like real financiers. **YOUNG MONEY** Inside the Hidden World of Wall Street's Post-Crash Recruits **YOUNG MONEY** is the inside story of this well-guarded world. Kevin Roose, New York magazine business writer and author of the critically acclaimed *The Unlikely Disciple*, spent more than three years shadowing eight entry-level workers at Goldman Sachs, Bank of America Merrill Lynch, and other leading investment firms. Roose chronicled their triumphs and disappointments, their million-dollar trades and runaway Excel spreadsheets, and got an unprecedented (and unauthorized) glimpse of the financial world's initiation process. Roose's young bankers are exposed to the exhausting workloads, huge bonuses, and recreational drugs that have always characterized Wall Street life. But they experience something new, too: an industry forever changed by the massive financial collapse of 2008. And as they get their Wall Street educations, they face hard questions about morality, prestige, and the value of their work. **YOUNG MONEY** is more than an exposé of excess; it's the story of how the financial crisis changed a generation-and remade Wall Street from the bottom up.

From the author of the celebrated classic *Louder Than Hell* comes an oral history of the badass Heavy Metal lifestyle—the debauchery, demolition, and headbanging dedication—featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song “You Can't Kill Rock and Roll” Ozzy Osbourne sings, “Rock and roll is my religion and my law.” This is the mantra of the metal legends who populate *Raising Hell*—artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It's also the guiding principle for underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora's box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle finger to a society that had already decided they didn't belong. Whether they were oddballs who didn't fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild shenanigans from metal's heaviest and most iconic acts—the parties, the tours, the mosh pits, the rage, the joy, the sex, the

**NEW YORK TIMES BESTSELLER •** *A former Galleon Group trader portrays an after-hours Wall Street culture where drugs and sex are rampant and billions in trading commissions flow to those who dangle the most enticements. A remarkable writing debut, filled with indelible moments, **The Buy Side** shows as no book ever has the rewards—and dizzying temptations—of making a living on the Street. Growing up in the 1980's Turney Duff was your average kid from Kennebunk, Maine, eager to expand his horizons. After trying – and failing – to land a job as a journalist, he secured a trainee position at Morgan Stanley and got his first feel for the pecking order that exists in the trading pits. Those on the “buy side,” the traders who make large bets on whether a stock will rise or fall, are the “alphas” and those on the “sell side,” the brokers who handle their business, are eager to please. How eager to please was brought home stunningly to Turney in 1999 when he arrived at the Galleon Group, a colossal hedge-fund management firm run by secretive founder Raj Rajaratnam. Finally in a position to trade on his own, Turney was encouraged to socialize with the sell side and siphon from his new broker friends as much information as possible. Soon he was not just vacuuming up valuable tips but also being lured into a variety of hedonistic pursuits. Naïve enough to believe he could keep up the lifestyle without paying a price, he managed to keep an eye on his buy-and-sell charts and, meanwhile, pondered the strange goings on at Galleon, where tens of millions were being made each week in sometimes mysterious ways. At his next positions, at Argus Partners and J.L. Berkowitz, Turney climbed to even higher heights – and, as it turned out, plummeted to even lower depths – as, by day, he solidified his reputation one of the Street's most powerful healthcare traders, and by night, he blazed a path through the city's nightclubs, showing off his social genius and voraciously inhaling any drug that would fill the void he felt inside. A mesmerizingly immersive journey through Wall Street's first millennial decade, and a poignant self portrait by a young man who surely would have destroyed himself were it not for his decision to walk away from a seven-figure annual income, **The Buy Side** is one of the best coming-of-age-on-the-Street books ever written.*

*He was born in rural Missouri, and it was immediately clear that he was different from the rest. He caught his first criminal when he was just two years old. By his sixth birthday, he had located burglars, missing children, drug dealers, rapists, and murderers—including Utah's most wanted criminal. Known to friends as JJ, to law enforcement as Michael Serio's partner, and to captured criminals as “that damned dog,” Jessie Jr., an exceptionally talented bloodhound, bayed like a sea lion that had swallowed a fog horn. Before JJ, few police departments in the West used bloodhounds, and none in Utah. But just when JJ was finally convincing naysayers, he and Officer*

*Serio ran into something worse than resistance: the despair of failure amid high hope. JJ had been tracking Brian David Mitchell, the man who abducted Elizabeth Smart, when he was pulled off the track. Elizabeth later told investigators that on the day she was kidnapped she heard a dog baying in the woods behind her. In almost nine years of service, JJ helped apprehend nearly 300 criminal suspects in the Salt Lake City area. Here is his remarkable story, fleas and all.
