*'Dominatrix' (Volume 2), is an exploration into the largely hidden world of the sadomasochistic female, along with Volume 1, it offers the definitive and most broad-ranging international study of the subject ever undertaken. Conducted over a 10-year period, by the BDSM magazine publisher and writer, Roy Turner, these eBooks offer a full, frank and totally unique insight into the real world of the dominatrix, those who work within the 'sex industry', as well as those who live out the 'Fem/Dom' lifestyle in private. In Volume 2, we meet the Antwerp-based; 'Mistress Shane', who is an unrepentant Sadist-managing to combine a passion for strap-on dildos and equal opportunity multi-gender sex with a weakness for romantic fiction and a love of the opera and antiques! Hear how 'Mistress Gen' of band 'The Genitorturers', shocked and enthralled audiences with her notorious live stage show—a combination of a rock concert and an extremely fetishistic sex show, busting taboos in cities all over the world—except Cincinnati! Meet, Patricia de Gifford, who now reigns as 'Supreme Highest Administrator' in one of the most bizarre and ambitious endeavours in the Fem/Dom stratosphere, the legendary 'Other World Kingdom', or OWK for short. Located in the Czech Republic, the OWK has created a veritable country of 'dominant women' and male 'subject-slaves', complete with palaces, farms, even their own currency and, of course, plenty of prisons! Authentically re-enact your schooldays with 'Miss Prim', who works exclusively within the world of 'adult' schoolboy and schoolgirl fantasy scenarios, in her role as headmistress of the 'Muir Academy', in South Wales. 'Nanny Lilly' has devoted herself to the nurturing and (when needed) the chastisement of her 'Big Baby' charges. Here she shares her experiences and understanding of this little known area of eroticism, providing along the way a fascinating insight into the world of the 'adult baby'. Get the truth about Sara Dale, who achieved a degree of infamy some years ago as the 'Miss Whiplash' character in the scandal surrounding property rented out by a then British Chancellor of the Exchequer,*

*Norman Lamont. Unusually, she switches in her role-playing, that is she enjoys playing both the dominant and submissive roles in her unique approach to tantric sex and counselling. Also discover the bizarre, yet enchanting world of female dominance that exists in 'Aristasia' with ambassadress Miss Marianne Martindale, a world of bygone charm and elegance that ignores all events that have occurred since 1960—including the calendar! There are, in all, five or six Aristasian households scattered around Britain. The embassy is the only one that may be visited by a male outsider, and then only by invitation. Miss Martindale, as ambassadress and spokeswoman, is the only Aristasian who will communicate with the outside world. Plus, many other revealing interviews with professional and lifestyle mistresses including the Americans; The Reverend Kellie Everts, Lady Latex, Lady Green, Domina Irene Boss. The UK's; Tanith Au Set, Janus, Mistresses; 'R', Ash, Christine, and Amber. Sub/Dom couples; Chrystalle & Guy, Christine & David, Linda & Gary. **At nine years old, Amani Al-Khatahtbeh watched from her home in New Jersey as two planes crashed into the World Trade Center on September 11, 2001. That same year, she heard her first racial slur. Muslim Girl: A Coming of Age is the extraordinary account of Amani's coming of age in a country that too often seeks to marginalize women like her. Her spirited voice and unflinching honesty offer a fresh, deeply necessary counterpoint to current rhetoric about the place of Muslims in American life.**

In BDSM 101, Jen shares rare insight into this oftentimes misunderstood world. Practical instructions are given on: Safety and communication Bondage, spanking, flogging Fetishes, humiliation, dirty talk And more! Included are steamy, sometimes ridiculous anecdotes from Jen's past, interviews with her wacky artist friends, and basic illustrations. *In this collection of provocative confessions, both women and men speak of how they came to discover what really gets them going when it comes to a dominating woman taking charge with a strict hand. It is a raw and sometimes extreme look at how the power dynamic between a woman and a man can play out in an infinite number of ways both sexually and in their overall relationship. The act of a woman physically disciplining a man is at the heart of each narrative, but the way in which this evolves in each instance is very broad and much more complicated than the simple motion of a female's hand striking a man's body. The obsession with spanking and being spanked runs throughout most of the personal revelations, but they go far beyond that to deeper needs, to traumatic early-life experiences and to broader visions of living a life in a matriarchal society. Spanking is tied up in so many emotional, psychological and physical dimensions that it is impossible to distill the whole world of getting a good hard whipping into simple depictions. Yet, it is possible to take the broad array of men and women who have either gotten disciplined or have done the disciplining in a strikingly memorable way and let them speak for themselves. The stories collected here are chosen from a vast array of confessions due to their unique qualities. There were many similar stories I came upon but the ones printed here really stuck in my mind as being especially exemplary of women with deep desires to spank and men with endless urges to be spanked due to unusually powerful events or people in their*

Volume 2 of Joe Holder's exposition of Romans covers Romans chapters 9 through 16. The epistle to the Romans is a "theological masterpiece." Against the dark background of man's tragic sinfulness, it paints the brilliant scene of God of righteousness through the Lord Jesus Christ. Then, it calls for a practical response of faith and godliness in the daily walk of discipleship.

This book can be downloaded as a PDF file from here. This book I wrote, I presume, in 2013. It is a huge book of epic parameters. The basic underlying theme is the essential difference, planar-languages has with feudal-languages. Feudal languages are quite powerful, in that, the moment they are spoken, the social structure and human relationships change powerfully into a custom-design hierarchy, depending on the language. When planar-languages are spoken, the social system and human relationship shift towards a planar arrangement. For a planar-language social system to experience feudal-language communication is a very creepy experience. Individuals can go berserk. Mental trauma and emotional terrors, which cannot be understood by the native-English, will effect individuals selectively; with the others having no idea that some individuals among them have been effected. This is a very vital piece of information which all native-English nations should understand. For, youngsters, persons engaged in professions which are defined in pejorative usages in feudal-languages, and various others can literally go mentally ill, when accosted or connected with feudal-language speakers. The issue of Gun violence in the US in which innately decent and peaceful persons go homicidal can be directly or indirectly connected to the affliction caused by feudal languages. I very specifically mention the name of Adam Purinton in this connection. It is dangerous to allow bilingualism to run riot in native-English nations, if the other language is a feudal-language. For, feudal languages do have carnivorous codes. Inside feudal-language nations, people do keep a distance from lower-positioned persons and groups of persons, who can, if they want, bite them verbally, without the use of any abusive word, profanity or expletive. Simply change the indicant-word level of certain key words. The terrific damage is done. Modern psychology and psychiatry can be utter nonsense. They do not know about these things. Verbal signals can trigger various kinds of switch-on and switch-off effects in others. Instead of focusing on the person who has been affected, it would be more intelligent and effective to find out who is sending the switch-on and switch-off signals. And send them home to their home-lands. Feudal languages can create mutation in physical features, emotional balance, human relationships, national economy, and stature of professions, and in many more things about which native-English nations have no information on. It is dangerous for the native-English to learn feudal-languages, when living in the midst of feudal-language speakers. It would only have the effect of allowing the feudal-language speakers to place a powerful grip on them, physically and mentally. In fact, the feudal languages speakers would literally be able to control the emotional stability of the native-English speakers, if they can be made to understand feudal languages. It would be like string-puppetry. The native-English who have learned feudal languages can literally be made to dance, yell

and jump as per the pull and push that can be conveyed by means of the holding strings of the verbal codes in feudal-languages. At the same time, for feudal language speakers, knowing English is a great advantage. It would give a very powerful pathway and bridge for them to crossover the various gorges in their own communication code and enter into the placid native-English locations. As of now, almost all native-English nations are simply getting dismantled and disarrayed by the spread of feudal-language speakers inside their vital areas. Things are going into various errors. Much worse is in the offing, unless effective steps are taken to forestall them. I wrote this book some five years back. In this book, a bit of the personal experiments I have done many years ago on certain individuals has been mentioned. This book is not focused on the internal codes in feudal-languages. This book moves through the peripheral areas of many other items, including the English colonial rule in the subcontinent.

Literary critics such as Virginia Woolf and Lionel Trilling had noted intuitive affinities between the art of Jane Austen and that of Mozart, but this 1983 book was the first to compare their artistic style and individual works in a comprehensive way. Extended comparisons are of course difficult because of the intrinsic differences between prose fiction and instrumental music. In *Jane Austen and Mozart*, Robert K. Wallace has succeeded in making illuminating comparisons of spirit and form in the work of these two artists. His book celebrates the achievements of Austen and Mozart by comparing their stylistic significance in the history of their separate arts and by offering comparisons of three Austen novels with three Mozart piano concertos. In exploring precise similarities between the two artists, Wallace shows how the art and criticism of one field can illuminate the art and criticism of another. Above all, *Jane Austen and Mozart* attempts to show the degree to which three masterpieces by each artist have comparable meaning and value.

The Theological Class Book

The Handbook of Communication Skills

'Submissive Volume 2', is a must read for any women considering exploring their submissive side. This book goes places that will surprise some and possibly shock others-as it is never anything less than candid. The 15 selected interviews here were conducted over a 10-year period, by the BDSM magazine publisher and writer, Roy Turner and offer a full, frank and totally unique insight into the real world of the lifestyle submissive. It certainly isn't some E L James 'Fifty Shades of Grey' or Nancy Friday 'My Secret Garden', etc fantasy-fest, what it does show is that those stereotypes-if they exist at all, are just not at all representative of the experiences related here. Like her male counterpart, the submissive female comes in all types; she can quite often be a highly successful career woman in 'real' life that simply craves the

occasional release from responsibility that comes through role-play, or a women who throws herself headlong into the lifestyle 100%. There was also a tendency to separate 'Husbands/Lovers' from 'Masters' and carry on a double-life either with or without their partner's knowledge or consent. But there is also a much darker side too that is not found so much in the male submissive; a truly dangerous area that some women willingly step into. These women certainly 'walk the talk'; whether it is extreme role-play, slave training, pony-girl, enforced servitude and prostitution, abduction or even kidnapping. Consequently, some of the experiences related here could be considered extremely shocking and genuinely disturbing. It's definitely not one for the faint-hearted! For many interviewees, the need for domination had its roots, not surprisingly, in childhood. An authoritarian, even brutal, father-who went way beyond the occasional spanking, etc, started a trend, which they sought to recreate in future relationships. But other subjects found themselves instinctively drawn to it for reasons less explicable, certainly not out of diminished self-esteem or anything that obvious. In many of the stories told, the division between controlled and controller becomes blurred, in other words, the so-called submissive is actually directing the scenario. By far the most popular and powerful scenario for most women was the idea of being used by two or more men, total humiliation and degradation often being the key driver. Take a peak and use the 'Look Inside', feature and get to read a free sample of the book... Publisher's Note: This eBook contains explicit sexual content, graphic language, and situations that some readers may find objectionable. It is intended for an adult audience.

This edited collection focuses on varying communication perspectives in the Fifty Shades of Grey series. In particular, the chapters focus on kinky people's perceptions of the series; consent, ownership, feminist desire in 24/7 BDSM; erotic romance writing in the post Fifty Shades of Grey landscape; sexual education; news coverage of the series; the rhetoric used in the series; and depictions of consent. The contributors address how a series as dominant in popular culture as Fifty Shades of Grey can affect people involved in a community, those on the outside, and those waiting for an opportunity to explore. Scholars of popular culture, communication, media studies, literary studies, and sociology will find this book particularly useful.

'Dominatrix' (Volume 1), is an exploration into the largely hidden world of the sadomasochistic female, along with Volume 2, it offers the definitive and most broad-ranging international study of the subject ever undertaken. Conducted over a 10-year period, by the BDSM magazine publisher and writer, Roy Turner, these eBooks offer a full, frank and totally unique insight into the real world of the dominatrix, those who work within the 'sex industry', as well as those who live out the 'Fem/Dom' lifestyle in private. Mistress Antoinette reveals her Spanish clients were into 'religious' punishments whereas in England the number of men here who have a 'knicker' fetish continually amazes her. Interestingly enough, black knickers seem to be the big turn-on with men in England, whereas in Catholic Spain it is nearly always virginal

white knickers that perhaps unsurprisingly, are the most popular. And, Mistress Brigitte of the Dutch SM-Studio Phoenix, who form a very happy extended S&M 'family' comprising of a married Mistress and Master together with their male and female slaves who live, work and play together. And even do the baby-sitting and the school-run! For the dedicated fetishist, no trip to the German city of Munich would be complete without a stopover at the studio of Lady Claudette; otherwise rather aptly named 'Bizarradise'. The true connoisseur of outrageous eroticism will find everything on offer and even the more unusual tastes happily accommodated in this liberal, or rather less conservative, oasis of traditionally ultra right-wing Bavaria. The no-nonsense, business like approach of Mistress Jacqueline, is typical of American dominants. Her autobiography, 'Whips and Kisses', as well as her many TV appearances, mail order company and lecture tours Jacqueline has established herself as quite a formidable force on the American fetish scene. Tokyo born Mistress Midori is the daughter of a Japanese mother and German-American father. Both her parents are university professors. Following a varied and successful career in the United States Army and in commerce, see how she found herself a professional dominatrix in San Francisco. As her name suggests, Miss Spiteful's interests definitely lean toward the hardcore end of the SM spectrum, including the nailing of foreskins to tables and the burning of swastika's into flesh with cigarettes. She is also a leading practitioner of the intricate art of Japanese rope bondage. Despite her predilections for the more extreme forms of game-playing, she strictly adheres to the limits of safety and consensuality, practicing her dungeon crafts in South London. Plus, many other revealing interviews with professional and lifestyle mistresses including the Chinese Dominatrix, Mai-Ling. Mistresses; Adelle, Andria, Christine Deering, Cassandra Payne, Dominique, Eva, Hades, Rowena, Xena. Goddesses, Venus and Dianna Vesta, plus Lady Amber and Madam Karra. Publisher's Note: This eBook contains explicit sexual content, graphic language, and situations that some readers may find objectionable. It is intended for an adult audience.
