

Super Sales On Super Heroes: Book 2

((Minor Spoiler and Warning at the bottom of the blurb. Please read all the way through.)) Sameerixis, or Sam for those who actually know him, isn't what you'd call normal. He had been a door-to-door salesman, of sorts. One that peddled wares, wishes, and whims to anyone willing to pay his prices. Except that life is gone now. His old business model had been modernized. Email, phone contacts, letters, flyers, business cards, and scheduled consultations. Sam was a man trapped in place by his own success. And loving it. Additionally, he was also the owner of a Private Military Company that specialized in dealing with criminals or those wanted by a government. His goals were simple. Rebuilding his strength, establishing a comfortable life for himself and others, and taking from Jenaphila as much as he could. Now though, he's gotten exactly what he wanted in the worst possible way. Jenaphila front and center with as much of her empire as he can grab. While she goes after him directly and with vengeance. Everything is changing faster than Sam would like it to. Heading right toward what might just be the end of the prime plane itself. Warning: This novel explores dark subjects, and what people will give up of themselves, and each other, to get what they want. The main character is written as a demon from another plane in a tough situation, and will not make choices that line up with societal and cultural norms. It contains adult themes and moral ambiguities. As with my previous work, explicit scenes are found within. It has violence and a harem relationship.

Your favorite heroes from the movies, in blockbuster comic-book adventures! Captain America, Iron Man, Thor, Hawkeye, Black Widow and the Hulk have assembled as the Avengers, but their teamwork needs, well, work when Hydra strikes! Hank Pym is the original Ant-Man, the little hero with a flair for big trouble! Cap and the Widow must forge a new Avengers squad from fresh recruits Scarlet Witch, Vision, Falcon and War Machine! Stephen Strange struggles to master the mystic arts! And the Guardians of the Galaxy are targeted by one of the deadliest bounty hunters in the cosmos - Death's Head! All that, and Spider-Man too!
COLLECTING: AVENGERS: OPERATION HYDRA 1, ANT-MAN: LARGER THAN LIFE 1, CAPTAIN AMERICA: ROAD TO WAR 1, DOCTOR STRANGE: MYSTIC APPRENTICE 1, GUARDIANS OF THE GALAXY: DREAM ON 1, SPIDER-MAN: MASTER PLAN 1

*(Spoiler for the faint hearted at the bottom of the blurb. Please read all the way through.)*In a world full of super powers, Felix has a pretty crappy one. He has the ability to modify any item he owns. To upgrade anything. Sounds great on paper. Almost like a video game. Except that the amount of power it takes to actually change, modify, or upgrade anything worthwhile is beyond his abilities. With that in mind, Felix settled into a normal life. A normal job. His entire world changes when the city he lives in is taken over by a Super Villain. Becoming a country of one city. A city state. Surprisingly, not a whole lot changed. Politicians were still corrupt. Banks still held onto your money. And criminals still committed crime. Though the black market has become more readily available. And in that not so black market, Felix discovers he has a way to make his power useful after all, and grasps a hold of his chance with both hands. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/partial harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk. This is the Omnibus edition of the 1st Super Sales on Super Heroes Trilogy. It contains all three books of the first trilogy. Only the description of the first book has been included to prevent spoilers from occurring. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes.

Well-crafted illustrations and designs that lay the groundwork for you to create your own frame-worthy masterpieces. High Resolution Printing. Each image is printed in high resolution to offer crisp, sharp designs that enable trouble free coloring and high quality display. Suitable for All Skill Levels. This coloring book offers a broad variety of designs suited for all skill levels - ranging from beginner to expert level. A Great Gift. Coloring books make a wonderful gift Anthony Hamilton coloring books are frequently one of the most gifted items. Buy Now & Relax. Scroll to the top of the page and click the Add to Cart button. Superman, Batman, Wonder Woman, Green Lantern and more of DC's beloved super heroes illustrate the importance of kindness. Batman shares his cool tools with Robin. Wonder Woman teaches Wonder Girl how to use a magic lasso. Aquaman cares for the creatures in the sea. Green Lantern will rush off to help any member of the Corps who is in trouble.

All of the super heroes look out for people who aren't as strong as they are! In doing so, they show that greatness comes from giving to others.

Superman may be faster than a speeding bullet, but even he can't outrun copyright law. Since the dawn of the pulp hero in the 1930s, publishers and authors have fought over the privilege of making money off of comics, and the authors and artists usually have lost. Jerry Siegel and Joe Shuster, the creators of Superman, got all of \$130 for the rights to the hero. In *Empire of the Superheroes*, Mark Cotta Vaz argues that licensing and litigation do as much as any ink-stained creator to shape the mythology of comic characters. Vaz reveals just how precarious life was for the legends of the industry. Siegel and Shuster—and their heirs—spent seventy years battling lawyers to regain rights to Superman. Jack Kirby and Joe Simon were cheated out of their interest in Captain America, and Kirby's children brought a case against Marvel to the doorstep of the Supreme Court. To make matters worse, the infant comics medium was nearly strangled in its crib by censorship and moral condemnation. For the writers and illustrators now celebrated as visionaries, the "golden age" of comics felt more like hard times. The fantastical characters that now earn Hollywood billions have all-too-human roots. *Empire of the Superheroes* digs them up, detailing the creative martyrdom at the heart of a pop-culture powerhouse.

Calling All Superheroes highlights the enormous potential of superhero play in supporting learning and development in early childhood. Using examples from practice, it provides guidance on how to effectively manage and implement superhero play and set appropriate boundaries in early years settings and schools. Illustrated with engaging photographs and case studies, the book gives ideas about how superhero play can be used to promote positive values and teach children essential life skills. Offering practical strategies and questions for reflection designed to facilitate further development, chapters address important topics and challenges such as: Child development, the characteristics of effective learning and the benefits of superhero play, including making sense of right and wrong and increasing moral awareness How to broach difficult themes like death, killing, weapons, aggressive play and gender-related issues Supporting children to recognise everyday heroes and how to find heroic abilities within themselves The role of the adults in managing superhero play, engaging parents and creating effective learning environments Written by a leading expert with 20 years' experience in the early years sector, this book is an essential resource for early years teachers, practitioners and anyone with a key interest in young children's education and learning.

Superheroes Are Everywhere

Lift the flaps to reveal super heroes' secret identities!

Reports to write, forms to fill, coffee to drink, leads to run down, organized crime syndicates to break. Gus's life had been a tedium and boredom he'd grown comfortable with. One that he sought out after he'd come back from his tour of duty. That was before Melody, a contractor, more or less blew his life up as if it were a building packed full of c4. Then helped him make a new life, which he himself ended blowing up. A cushy new job with the FED, thrown out the window with a single gunshot. All based on an assumption of who was working for who, and that he'd been on the wrong side of the equation. And so ended his career in law enforcement after he became the assassin of a presidential candidate. Now Gus is on to the next job. This time, working for his contractor and wife. The job they're about to be given is a high paying one. The thing is that the people they're going up against? They're just out to see the world burn. To send it screaming back down into the dark ages. It's a good thing that he's a Boogiemán. Because being an apex predator that made the entirety of the Paranormal world fear him was something he could fall back on even in this situation. To hunt, investigate, and watch from the shadows. Wouldn't be the first time he'd put his life on the line either. Unfortunately for everyone involved, the long forgotten and primordial past was rearing its ugly head. Gus knows he can certainly punch above his own weight class, but this case might just be the one that ends him. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk.

Super Sales on Super Heroes

From Vice President Kamala Harris comes a picture book with an empowering message: Superheroes are all around us--and if we try, we can all be heroes too. Now a #1 New York Times bestseller! Before Kamala Harris was elected to the vice presidency, she was a little girl who loved superheroes. And when she looked around, she was amazed to find them everywhere! In her family, among her friends, even down the street--there were superheroes wherever she looked. And those superheroes showed her that all you need to do to be a superhero is to be the best that you can be. In this empowering and joyful picture book that speaks directly to kids, Kamala Harris takes readers through her life and shows them that the power to make the world a better place is inside all of us. And with fun and engaging art by Mechal Renee Roe, as well as a guide to being a superhero at the end, this book is sure to have kids taking up the superhero mantle (cape and mask optional). Praise for Superheroes Are Everywhere: "This [book] offers a solid message: a superhero could be anyone, including you." --Booklist

Runner and company have safely left the city ahead of the siege. Completing their class promotions with barely any time to spare. Unfortunately he hasn't discovered the password he needs to begin the logoff process to save the four-hundred thousand or so crewmates left alive in this game where dying truly means death. The game continues to shift and change with each day and as a byproduct of Runner's actions. Not only do the rules change, but those he's with have changed. No longer simple programs they have reached actual sentience. Pressing himself ever onwards to learn more about the world he finds himself surprised at every turn. On top of navigating the ever changing game the outside world has contacted him directly. Now he has to begin to navigate the situation as a gamer, IT support, and an officer. Of course this would all be a lot easier if he didn't get captured within a few hours of leaving Crivel. Fate seems to be stacking the deck against him as quickly as she can this time around. The difficulty has been flipped to Nightmare and no one told Runner.

The spectacular exhibition catalogue, *Marvel: Universe of Super Heroes* celebrates 80 years of Marvel history with original comics

pages, amazing sculptures, artefacts, original commissions, panoramic hallways and interactive displays. Marvel Comics and Marvel Studio Films are not only the enduring voices of the Super Heroes themselves, but also the diverse visions of Marvel's writers, artists, actors and filmmakers. The catalogue features legendary comic creators, up-and-coming talent, editors, executives, artists, art collectors, actors and show-runners, along with articles about the history and power of YOU, the Marvel fans, with stories that stretch the mind regarding how we think about heroes, be it through personal history, fandom or fashion. Featuring interviews with and articles by some of the legends and stars in the field, such as: Iconic comic book writer and editor, Stan Lee (1922-2018). Comic book writers Kelly Sue DeConnick, Joe Quesada, G. Willow Wilson, and Chris Claremont (best known for creating Wolverine). Actor, Clark Gregg who plays the character of Phillip J. Coulson in classic Marvel films such as Iron Man 1 and 2, Thor, and The Avengers. Film, TV and comic writer, Joseph 'Jeph' Loeb best-known for his writing of TV series such as Smallville, and Heroes, as well as his book works on many major Marvel characters. Actor, James Marsters who played the role of the English vampire Spike in the cult TV series, Buffy the Vampire Slayer. Creator of Marvel's Luke Cage, Cheo Hodari Coker. In a world full of super powers, Felix has a pretty crappy one. He has the ability to modify any item he owns. To upgrade anything. Sounds great on paper. Almost like a video game. Except that the amount of power it takes to actually change, modify, or upgrade anything worthwhile is beyond his abilities. With that in mind, Felix settled into a normal life. A normal job. His entire world changes when the city he lives in is taken over by a Super Villain. Becoming a country of one city. A city state. Surprisingly, not a whole lot changed. Politicians were still corrupt. Banks still held onto your money. And criminals still committed crime. Though the black market has become more readily available. And in that not so black market, Felix discovers he has a way to make his power useful after all, and grasps a hold of his chance with both hands. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/partial harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk.

Super powers. Super harem. Super awesome. Contains Adult Content. Seriously. Who in their right mind tells both his lawyer and the judge presiding over his murder trial, "F--k you!" while still in the courtroom? No one, right? Yeah, you'd be wrong about that. I did. You'd say the same thing if you were just found guilty of a murder you didn't commit, though. Call me crazy for going off like that in court, but trust me, you don't know crazy until you see what happened next. I never believed in superheroes. I certainly didn't believe that I'd become one, or that strategically forming a harem of hot chicas and getting down with them to unlock my superpowers would be the key to my survival. Did I say my survival? I meant the universe's. No, really... that's exactly what happened when I was taken to a galaxy of supers, thrown into a prison ship full of villains, and told it was up to me to stop them all. Read on, friend, because it gets a whole hell of a lot crazier from here. WARNING: This book contains violence and sexual situations, a harem, heads exploding, and ample blood. You might cringe, you will laugh, and hell, you might even cry. All of that is on purpose, I assure you. Grab the sequels and audiobook, including SUPERS: EX GODS, the spinoff series.

An existence spent being forced to kill others to satiate a Monster. Where the only thing to look forward to was the blessed, if brief, period of time between paying that bribe. Except that very same Monster is and isn't Rene. It just happened to live inside his own mind and force him to do what it wanted. Rather than being an actual Monster. That was Rene's entire life until a fateful day changed that. A day that the career as a hitman for hire built on the Monster's needs will end. Where Rene will be forced to atone for his actions. To be held accountable and judged. Except the verdict is already long since passed and needs no deliberation. His sentence was being sent hundreds of years into the past, into a different world even, where he must live a life for the betterment of others. Every action judged as it happens and weighed out against him. But even this new idyllic life he's been living in for eighteen years is now completely off the rails and Rene has gone back into a life lived in the underworld. Armed with a few gifts granted to him by the one who judged him, gifts better suited to a fantasy about living in a video game, Rene has to maneuver his way through all the twists and turns in his new life while using all the things he'd learned in his old one. Except using those skills is a double-edged sword. If he's not careful, he'll end up right back where he started. Or so he would hope. War is on the horizon and Felicie is in the crosshairs. Or more accurately, the Mask is. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk. Fostering Faust

Marvel Super Heroes: Larger Than Life

Monster's Mercy

DC Super Heroes: Who's Who?

Marvel: Universe of Super Heroes

Like the successful DC SUPER HEROES ABC, 123 and COLORS & SHAPES, this adorable concept book introduces budding super heroes to opposites. Good guys versus bad guys, fast and slow, big and little--super heroes (and villains!) offer excellent examples of opposing superlatives. Parents enjoy the contrasts--illustrated by beloved characters--every bit as much as their little ones. Created with a sense of a humor and a deep knowledge of the super heroes, this is perfect for comic book fans of all ages.

What do you want to be when you grow up? Discover the new daring tales of inspiration from over fifty iconic British icons today, who have each harnessed their curiosity and ambition and turned it into their own superhero power. With a special introduction by Stormzy! Every inspirational figure has something that makes them special, just like you. Just look at: · Princess K, who went from tapping her foot under the desk at school, to dancing centre stage at Glastonbury · Dina Asher Smith, who started out crawling at lightning speed and became the fastest British woman in history · Reggie Yates, who used his power of empathy to connect instantly both in person and through the TV · Riz Ahmed, whose ability to code-switch between cultures and creative outlets let him excel as a scholar, actor, activist, and rapper · Liam Charles, who followed his childhood passion in the kitchen to become a Bake Off master This is a book filled with inspiring journeys, to encourage and empower you to harness your power, and become your own superhero.

The popular figure known as the superhero has exerted such a strong and mushrooming influence upon society, morality, and politics that a mythology now pervades our culture. This phenomenon, begun in the 1930s, had its roots in comic books. In recent times the extremely successful movies about Superman and Batman have made these two individual superheroes, created by the comic book muse, as familiar worldwide as any characters ever created. Here is a study of this superhuman creation, revealed as a proliferating symbol whose dimensions over sixty years of comic book history have been rendered to satisfy the demands and expectations of the popular audience. This fascinating book shows how the superhero has become a vivid figure in the mainstream of modern culture.

((Minor Spoiler and Warning at the bottom of the blurb. Please read all the way through.))The war with Gaelis has gone poorly for Alex's foes and well for his allies. He's enriched himself, empowered his county with that coin, and built his county ever higher. The war swings in favor of his Duchess. Yet the war still goes on. The end doesn't seem to be near, nor does Alex feel as if it is as simple as he'd once thought it. Alex would rather settle down in his county and live a quiet and enjoyable life. One filled with familial things and friends. Where he could make his county the pride of the empire in peace. Because he'd already gotten to the top once before. He'd climbed the corporate ladder in his previous life and missed out on really having one. Having friends. Or just a family. Now Alex wants only for the simple things. Things that have no place on the battlefield, kingdom politics, or the courts. That of course doesn't matter much when fate is concerned. Or really everyone else in the empire. They all have their own plans that all seem to run counter to Alex's. Fortunately, Alex has been preparing. Making changes and building his foundation and seat of power ever higher. He's empowered the people he relies on and in. His armies are expertly trained and almost over-equipped. His treasury is overflowing and ready to be spent. Even with all of that, Alex isn't sure it'll be enough for what he believes is coming. Because spring is here. And that means roads will be opening. Passes will be traversable. Making it possible for armies to march. Which means it's time for Alex to get back to work. Because more than ever he has a lot to lose, including his newborn children. If he wants to keep them safe, he's going to have to ride to war once again. And end it once and for all no matter the cost. **Warning: This novel explores dark subjects, and what people will give up of themselves, and each other, to get what they want. The main character is written as a real person in a tough situation and will not make choices that line up with societal and cultural norms. It contains adult themes and moral ambiguities. As with my previous work, explicit scenes are found within. It has violence and a harem relationship.**

Superheroes have always been with us, from gods with mighty powers to human heroes who don't disguise to save the day . . . Join six larger-than-life mythic and legendary heroes from around the world in this colourful, illustrated collection of Ladybird Tales. Meet tricksters, fighters, shape-shifters and even people who save the day with just the power of speech. Anansi the Spider-Man Loki and the Magical Hammer Hanuman, Demon Fighter Inanna in the Underworld Shahrazad the Storyteller The Legend of Hua Mulan Perfect for bedtime, to read aloud or enjoy alone, these thrilling tales breathe marvellous life into ancient tales. Includes a special introduction from award-winning author David Solomons.

One thousand years in the future, a Legion of Super-Heroes comes together to dedicate their lives to recapturing the great age of heroes of the 21st century. When the heroes discover that reality is falling to a great darkness in both times simultaneously, the Justice League and the Legion of Super-Heroes must team up to stop it all. But what is the connection between the secrets of the new Gold Lanterns and the coming of the Great Darkness? A monumental DC epic event miniseries!

Amazing women of the Bible come to life through age-appropriate puzzles, activity pages, and 50 reusable stickers in these friendly and fun sticker and activity book featuring The Beginner's Bible classic art and simply written content. Children will love learning about Deborah, Ruth and Naomi, Queen Esther and more as they delight in the stories, art, and activities in The Beginner's Bible Super Girls from the Bible Sticker and Activity Book.

Runner has a problem. He and 499,000 men and women are trapped in a game. He also just happens to be the only person from IT who could log everyone out safely. And he doesn't remember his password. He, like everyone else in this nightmare, had their memories scrambled or lost in the process of being loaded into the game. A single garbled message is his only clue on how to save everyone. The problem is that whoever loaded them into the game, loaded their minds completely. If they die, their brain gets wiped. Now it's time for Runner to flex his skills as a power gaming min maxer and see what he can do. Because every time he levels, he might gain the memory of the password. Time to go Hardcore. **Warning and minor spoiler: This novel contains graphic violence, a harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk. (Book 2: Otherlife Nightmares, is out now) (Book 3: Otherlife Awakenings, is out now) 3/21/16-Version 2.0 is now available. This version has been professionally edited.**

Super Hero Opposites

DC Super Heroes: My First Book of Super-Villains

Reports to write, forms to fill, coffee to drink, leads to run down. Gus's life had been a tedium and boredom he'd grown comfortable with. One that he sought out after he'd come back from his tour of duty. That was before Melody, a contractor, more or less blew his life up as if it were a building packed full of c4. Then pranced around the ashes of it like it was the end of the world and she was conjuring up the end times herself. All while breaking in a rookie by the name of

Vanessa into the PID. A gung-ho and eager young detective looking to prove herself. Then commandeering and recruiting a cleaning lady that turned out to be an Elven Dryad Sorceress who viewed killing people as little more than emptying the trash can. Gus had lived through it though. Made it work for him and had come out of it without too many new scars. An adventure that he hadn't wanted any part of that involved the Fed being blowed up, a stadium full of Paras all going into a feral rage, and breaking off a plot hatched by what felt like an organization that rivaled the Fed. Which apparently was all in a day's work, right up until they fired you for doing that work because you made the brass look bad. Without a job, more people relying on him than ever, and no direction, Gus is going to have to put on his big boy pants and figure something out. And soon. It's a good thing that he's a Boogieman. Because being an apex predator that made the entirety of the Paranormal world fear him was something he could fall back on. He could lean into it and make it work for him. He'd done it before when he was in the military. Made a name for himself out there in the bloody desert. He was The Hunter. A name that the Elven mothers now used to instill fear into misbehaving children. A name that grown men and women wouldn't discuss in polite company. Except, despite Gus's best intentions to get back to his stable non-life, he's going to get thrown right back into the fray. Whether he likes it or not, he's about to be handed a new problem that's going to mess up what little remained of his life. Unfortunately, his past was going to catch up to him and meet up with his future. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk.

What's the opposite of super heroes? Supervillains! Superman, Batman, Wonder Woman and their friends (and archrivals) illustrate opposites in this engaging concept board book. See Superman fly UP, up and away! While Aquadad dives DOWN into the ocean. Batman is INSIDE the Batmobile while Robin is OUTSIDE of it. The Flash goes from NEAR to FAR in the blink of an eye. Beloved characters and classic illustrations provide an engaging way for little ones to learn important concepts.

In a world full of super powers, Felix had a pretty crappy one. He has the ability to modify any item he owns. To upgrade anything. Sounds great on paper. Almost like a video game. Except that the amount of power it takes to actually change, modify, or upgrade anything worthwhile is beyond his abilities. At least, that was until Felix leveraged a once-in-a-lifetime opportunity to give himself a great deal of points. Investing in Super Heroes and Super Villains and owning them. Using them, Felix built up an empire. An organization by the name of Legion. It grew to heights that could stand toe-to-toe with governments, even at a military level. Surprisingly, not a whole lot changed despite becoming a mega-company CEO. Politicians were still corrupt. Banks still held onto your money. And criminals still committed crime. Governments still wanted to take everything from Felix and Legion. In the end, Legion had to back down. Retreat back to a new homeworld. Losing important people in the process. Kit Carrington and Lillian Lux sacrificed themselves to save him and were marooned on a hostile planet. Even as their home world fell into ruin, Felix fell back. He resolved himself to wait for a chance to get back into the fight after tending to his wounded organization. Now, the Overgod Runner has just appeared and offered him a second chance. To rebuild Legion and crush everyone in his way. If he could do that, and take over the government of the country he's about to be dropped into, he'll get Kit and Lily back. There was no way Felix would let go of this chance, nor could he even consider the possibility of failure. It's time to get Kit and Lily back. Legion First.

Batman is really Bruce Wayne. Superman is also known as Clark Kent. And Wonder Woman is Diana Prince when she's not saving the world. Young super hero fans can lift the flaps throughout this book to discover their favorite super heroes' secret identities!

A Superhero Fantasy

Ryker only had one goal in his life right now: Turn a certain adventuring guild into a flaming wreck while dancing merrily through the smoldering ruins. All for the chance to get back at a handful of people. It didn't work out that way though. At all. He'd died, been forced into the body of an Avatar, absconded with the queen as her castle fell to betrayal, kidnapped a little kid who is obviously more than he seems, and to top all that off, he killed his undead father. The smoldering ruins of the Queendom have cooled, the patterns reset, and Ryker has a task that is more than likely too much for him. Take the Queendom back, destroy two armies, and give Lauren, the rightful queen, back her crown. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. The breakout stars of the Marvel Future Fight mobile game feature in action-packed adventures! See how Dan Bi, a young girl from South Korea, first brought an ancient mystical bear spirit into the modern world — and how this unlikely duo became the evil-smashing team known as Crescent and Io! K-pop sensation Seol Hee already has the power to melt fans' hearts — but as crimefighter Luna Snow, she can also freeze her enemies! Discover how she juggles life as an international pop star with being a costumed hero! And Ami Han is White Fox: a superspy and the last of the kumiho, a mystical race of shape-shifters. But who was she before she became White Fox — and what happened to the rest of the kumiho? Also featuring the far-out Future Avengers!

Meet Zesty Tastee, flamboyant gay playboy and heir to the Tastee Corporation fortune. That's what the world knows of him, but Zesty is also

Magpie, the corporate saboteur who fights against his father's corrupt business practices. Zesty's evil tycoon dad is out to destroy an entire rainforest, and he's joined up with a mysterious sect of ninjas to help keep 'Magpie' from interfering. Prince Ander is the sect agent on the case and Zesty has love at first sight for this dreamy ninja master. Zesty can't understand why anyone as noble as Prince would ever work with his father. His mission is to find out the secret of the rain forest, and win Prince's heart in the process!

One night with a superpowered babe. Alan Star thinks he's the luckiest guy in the world, but fantasy turns into nightmare when a late-night meetup with a heroine turns deadly. To the dismay of the powers-in-charge, Alan has stumbled upon the dirty truth behind the squeaky-clean image of the hero business. Soon, everyone from government black ops to angry superpowered flames want to shut him up.

Permanently. With nowhere else to run, Alan escapes to the one place that the heroes won't go: the underground world of a fabled hero-killer. For an indecent price, Alan gains the protection of a powerful crime syndicate. But he discovers too late that they want more than his good looks. What will Alan become? Guinea pig? Ladykiller? Hero of the streets? His greatest weakness is the source of a newfound strength, as Alan forges his identity, teams up with heroes old and new, and faces the true menace behind it all. Witness the birth of the Red Light Hero. Warning: This book contains diverse adult situations and possibly unwholesome interactions such as superpowered flings, polyamory, and biology experiments gone wild.

Super Heroes

Book 2

Runner and his team managed to bring peace to Tirtius, successfully log the crew out, and have begun settling in to make a home on the isle of Vix. North Wood fort itself. Fate isn't going to let them go that easily though. She clearly hasn't decided on what to do with him. Plots are in motion. Threats local, outside of the ship, divine, and abroad in game scheme to exterminate Runner and the threat he represents. The possibility of what he could become. To top it all off, the server is clearly ramping up towards a full awakening. What does one do with an entire world of "living" beings who are aware? It all comes to a head when an assassin attempts to take his life in his own home. Now comes the true test. What is he willing to wager to build the future he wants, both in game and out? Or rather, who?

The DC Super Villains everyone loves to hate show budding super heroes what they SHOULD NOT do using humorous examples. From the Joker and Penguin to Sinestro and Poison Ivy, DC's cast of bad guys humorously illustrate the difference between good and bad behaviors such as sharing versus stealing; and helping versus hurting. Classic art and funny scenarios will entertain comic book fans of all ages.

In a world full of super powers, Felix had a pretty crappy one. After learning to harness his ability to modify any item he owns, he now runs a corporation that is rapidly expanding. Legion. After tangling with the local Heroes guild they've finally settled into a semblance of stability. Sounds great on paper. Run your company, make money, be your own boss, settle down. Except that with running a business, comes an inordinate amount of responsibilities. Like making sure everything keeps running and your people are paid. Worrying about the longevity of his company, Felix begins to expand into other cities. So they've packed up the car, put in all the requisite forms, gotten the approvals, and set out to start Legion up in a new city. The problem though is the local government had no idea who they were selling permits to. Approving forms for. To Felix and Legion. And now they're about to find out.

Felix would like nothing more than to take a vacation. A long one. One where he didn't have to wake up every morning and worry over casualty lists for the day. Ever since he and the Legion had been forced to flee their headquarters four years previous, nothing had gone quite right. In fact, Felix and the Legion have been locked in a shadow war with enemies unknown. Ones with magic that could carve through their technology easily. As the rest of the world fell apart, tearing itself to pieces at every turn with the return of the old gods, the Legion has held the chaos back. The price in blood has been climbing slowly, lately. Felix suspects there's a change on the horizon. One that he hasn't prepared or developed a plan for. Or so his paranoia has been telling him. That there's a change coming now that'll shake up the world. One that will turn it inside out, Legion and Felix along with it. Felix has decided it's time to push ahead and act. To finish things and protect his people at the same time. To take his Legion and make it safe. Because that's all that matters in the end to him. His Legion. And it always came first. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk.

Wild Wastes: Eastern Expansion

Ash's life is anything but normal these days. Having unlocked his Dantian, he's grown in power. Grown to the point where he has others that depend on him for that power. In this world of martial arts, only the strong and the ruthless survive. Everyone else is merely a stepping stone on their path of Cultivation, or an obstacle to be overcome. Or knocked down. A world where the strong rule, and the weak die. Utilizing the Hall, the voice in his head that calls itself Locke, and all the powers available to him, Ash has begun his own journey of

Cultivation. Except that as a Fated One, his journey is a narrow and winding path between two cosmic forces. Each one vying for dominance. And that has nothing to do with what Locke has planned for him. This is his second step in his life as a Cultivator. Overcoming his first tribulation, and solidifying his Dantian. This is a VeilVerse novel. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/a full harem, unconventional opinions/beliefs, and a hero who is tactful as a dog at a cat show. Read at your own risk.

Warner spent his days like no one else. He got up, went to work, forced people to balance their scales- either through taking lives or forced penance- went home, spent time with his daughter, slept with one of his girlfriends, and went to sleep. Only to repeat the pattern over and over and over. Life was the furthest thing from mundane that it could ever be. Warner's life had changed when his daughter had been nearly fatally injured, plunging Warner into a world of paranormal creatures, monsters, and magic that he'd never known existed. Then

he came out the other side as the arbiter of Retribution. He now personally hands out justice to any and all he comes across. Warner has been using his powers considerably since then. Cutting down all who would stand before him and attempt to stop him in his personal crusade. The price he is forced to pay for such power is catching up to him. Catching up to him and forcing him to pay... with interest. Spending more of his time sick and wretched after overuse of the power, he must now begin to wonder about the balance in his own life. Each time he finds himself throwing up golden vomit that turns to blood, he has to wonder just how much damage he is causing to his own body. Except a great change in the world is coming. One that will force a reckoning no one wishes, with Warner becoming a massive lightning rod for it. The very world trembles with the actions he's taken, and quails in fright at what he must do next. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/harem, unconventional opinions/beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk.

[Spoiler for the faint hearted at the bottom of the blurb. Please read all the way through.] Before world war two could reach its conclusion, the world suffered what could only be defined as a cataclysm. Now, Yosemite city stands as the gateway between two worlds. The empire of humanity to the west, and the wild wastes to the east. Standing at the helm for Yosemite is Vince, a Ranger turned city state ruler. Supporting him in his endeavors is his inner circle. Vince has begun to maneuver through the intricacies of ruling. At the same time he must balance his expanding foundation and fend off external threats. Thankfully, every single citizen of Yosemite is united to the cause. To make their home, permanent. To dig out their place in the world and make a stand. Things are starting to spiral out of control. Almost as quickly as he can put it all back together something else falls apart. And with Yosemite rapidly rising into prominence, Vince finds that it really means just putting a bulls-eye on your back. Warning: This novel contains adult themes and moral ambiguities. The main character is written as a real person in an apocalypse, and will not make choices that line up with society and cultural norms. This story contains a harem and is an Adult Fantasy novel.
