

## THE DETRIMENT: A Compelling Detective Thriller Based On True Events (DI Jake Flannagan Book 2) (DETECTIVE INSPECTOR JAKE FLANNAGAN SERIES)

The authors take a look at some 350 motion pictures from the detective genre. They provide cast and credits (including character names), plot synopsis, and critical comments for each of the films covered, from both the silent and the sound eras. The volume includes a list of detective radio and television programs, as well as many captioned photographs from the films included in the text. Annotation copyrighted by Book News, Inc., Portland, OR

Along with Batman, Spider-Man, and Superman, the Joker stands out as one of the most recognizable comics characters in popular culture. While there has been a great deal of scholarly attention on superheroes, very little has been done to understand supervillains. This is the first academic work to provide a comprehensive study of this villain, illustrating why the Joker appears so relevant to audiences today. Batman's foe has cropped up in thousands of comics, numerous animated series, and three major blockbuster feature films since 1966. Actually, the Joker debuted in DC comics Batman 1 (1940) as the typical gangster, but the character evolved steadily into one of the most ominous in the history of sequential art. Batman and the Joker almost seemed to define each other as opposites, hero and nemesis, in a kind of psychological duality. Scholars from a wide array of disciplines look at the Joker through the lens of feature films, video games, comics, politics, magic and mysticism, psychology, animation, television, performance studies, and philosophy. As the first volume that examines the Joker as complex cultural and cross-media phenomenon, this collection adds to our understanding of the role comic book and cinematic villains play in the world and the ways various media affect their interpretation. Connecting the Clown Prince of Crime to bodies of thought as divergent as Karl Marx and Friedrich Nietzsche, contributors demonstrate the frightening ways in which we get the monsters we need.

June 2007: a nightclub bomb, a dead spy, an airport ablaze. Detective Inspector Jake Flannagan must uncover a real-life mystery that threatens to destroy a nation. The hotly anticipated sequel to 'The Theseus Paradox', the smash-hit, 7/7 thriller based on true events. "The truth costs nothing, but a lie can cost you everything..."

This response to the current crisis in the field of literary studies describes the fundamental flaws of poststructuralist literary criticism, which has become a self-serving enterprise at the expense of scholarship at large and students in particular. Outlining an improved approach that meets the expectations of 21st-century students and teachers, the author proposes a new definition of the literary object of study which addresses the inconsistencies of the literary canon by including nontraditional narratives such as films, comic books and pop songs.

The Detriment

A Compelling Detective Thriller Based on True Events

The Detective, The Woman and The Silent Hive: A Novel of Sherlock Holmes

Murder at Morgan Park

A Reader's Companion to Sherlock Holmes by Father J. Michael Venditti Sir Arthur Conan Doyle wrote in his memoirs, "It is a great mistake to start putting out cargo when you have hardly stowed any on board," explaining why he didn't become an author until relatively late in life. Father J. Michael Venditti has Sherlock Holmes cargo in abundance and his A Reader's Companion to Sherlock Holmes offers fans a friendly and intriguing perspective into the classic stories. Venditti hopes to encourage new readers to crack open the tales of the Sleuth of Baker Street, while offering fresh insight for those already familiar with the cases. This is not a book of literary criticism of the Holmes tales – instead Venditti dispels myths and misconceptions about the works, as well as offers insight into the man who created them. Part biography and part history, Venditti's book frames the Holmes canon as only an avid fan can do. This Companion will send the reader straight to the pages of the Holmes tales with historical context to bring them to vivid life.

Entrepreneurship in Policing and Criminal Contexts explores the contemporary and under researched themes of ‘entrepreneurial policing’ and ‘entrepreneurialism in criminal justice contexts’

which are emerging topics of both theoretical and practical interest in the current rapidly changing criminal justice environment.

Contemplating Maternity explore how discourses of choice shape and are shaped by womenOs identities and experiences as (non)mothers and how those same discourses affect and reflect private practices and public policies related to reproduction and motherhood. This volume is unique because it investigates discourses of choice across the arc of maternity and as enacted through various (non)maternal subject positions.

Speaking of the Fantastic

*Swiss Vendetta, Tracee de Hahn's mesmerizing debut, is an emotionally complex, brilliantly plotted mystery set against the beautiful but harsh backdrop of a Swiss winter. Inspector Agnes Lüthi, a Swiss-American police officer in Lausanne, Switzerland, has just transferred to the Violent Crimes unit from Financial Crimes to try to shed all reminders of her old life following her husband's death. Now, on the eve of the worst blizzard Lausanne has seen in centuries, Agnes has been called to investigate her very first homicide case. On the lawn of the grand Château Vallotton, at the edge of Lac Léman, a young woman has been found stabbed to death. The woman, an appraiser for a London auction house, had been taking inventory at the château, a medieval fortress dripping in priceless works of art and historical treasures. Agnes finds it difficult to draw answers out of anyone—the tight-lipped Swiss family living in the château, the servants who have been loyal to the family for generations, the aging WWII survivor who lives in the neighboring mansion, even the American history student studying at the Vallotton château's library. As the storm rages on, roads become impassible, the power goes out around Lausanne, and Agnes finds herself trapped in the candlelit halls of the château with all the players of the mystery, out of her depth in her first murder case and still struggling to stay afloat after the death of her husband.*

*A collection of interviews with Terry Bisson, Marion Zimmer Bradley, John Brunner, Jonathan Carroll, Robert Holdstock, Ellen Kushner, Ursula K. Le Guin, Fritz Leiber, Ray Faraday Nelson, Frederik Pohl, Dan Simmons, Lawrence Watt-Evans, and Gene Wolfe.*

*Dr. Marin Rose is a veterinary surgeon. When her husband, Sandy, dies in a stable fire and threatening incidents happen to her, she leaves home to find work abroad. Years later, she returns home to accept her family responsibilities and prove, at least to herself, that Sandy's death was not accidental. Marin discovers that justice may conflict with the strict interpretation of the law and that few lines are straight....*

*What constitutes a causal explanation, and must an explanation be causal? What warrants a causal inference, as opposed to a descriptive regularity? What techniques are available to detect when causal effects are present, and when can these techniques be used to identify the relative importance of these effects? What complications do the interactions of individuals create for these techniques? When can mixed methods of analysis be used to deepen causal accounts? Must causal claims include generative mechanisms, and how effective are empirical methods designed to discover them? The Handbook of Causal Analysis for Social Research tackles these questions with nineteen chapters from leading scholars in sociology, statistics, public health, computer science, and human development.*

While serving on the board of directors of a women's shelter, Jessica must look into the possible spousal abuse by a respected member of the community.

A death row confession sparks an investigation that will tear Miami apart in this “engrossing thriller” from the #1 New York Times – bestselling author (Booklist). Detective-Sergeant Malcolm Ainslie, a former Catholic priest, is about to start his vacation when a call comes in from death row. Before serial killer Elroy Doil is taken to the electric chair, he wants to make a full confession to the cop who put him away. To close the books on additional murder cases in which Doil is a suspect, Ainslie drives four hundred miles to Florida State Prison. Although Doil confesses to ten other homicides, he insists that he didn't commit the crime for which he will be executed the following day: the grisly slaying of a city commissioner and his wife. In his search for the real killer, Ainslie will discover that the upper levels of Miami's government—including some of his closest colleagues—are more corrupt and dangerous than he ever imagined.

Examines the science behind both mild and extreme compulsive behavior, using case studies to understand its deeper meaning and reveal the truth about human compulsion.

More than a century after Sherlock Holmes first capered into our world, what is it about Arthur Conan Doyle's peculiar creation that continues to fascinate us? Dundas provides a history of an idea, a biography of someone who never lived, a tour of the borderland between reality and fiction. He unearths the inspirations behind Holmes and his indispensable companion, Dr. John Watson, and reveals how Conan Doyle's tales laid the groundwork for an infinitely remixable myth, kept alive over the decades by writers, actors, and readers.

*The bones of the first Tyrannosaurus Rex ever discovered have been unearthed in Montana's dusty cattle country, circa 1908. But Chinese American detective Chester Wong has another body to worry about—that of the paleontologist who discovered the fossil, shortly before his murder. Hired by the daughter of a rancher who's been accused of the crime, Wong and his protégé, Last Chance Lee, must solve the mystery piece together the truth from the corpse and clues that have been left behind—and survive on the harsh frontier of the turn-of-the-century West.*

*She destroys the men she loves—and escapes every time. The most dangerous killer James Patterson has ever created is also his most seductive. On his first night with Detroit PD, Officer Walter O'Brien is called to a murder scene. A terrified twenty-year-old has bludgeoned her kidnapper with skill that shocks even O'Brien's veteran partner. The young woman is also a brilliant escape artist. Her bold flight from police custody makes the case impossible to solve—and, for Walter, even more impossible to forget. By the time Walter's promoted to detective, his fascination with the missing, gray-eyed woman is approaching obsession. And when Walter discovers that he's not alone in his search, one truth is certain. This deadly string of secrets didn't begin in his home city—but he's going to make sure it ends there.*

*The detective thriller that has Britain's top investigative journalists talking. "Think real-life Jack Reacher solves the Da Vinci Code!" What were the motives behind the London July 2005 bombings? Featured in the Sunday Telegraph, The Mirror, The Sun & ITV News. Rated as 'ONE TO WATCH!' for 2016. By former Scotland Yard detective David Videdett*

Edgar Allan Poe essentially invented the detective story in 1841 with Murders in the Rue Morgue. In the years that followed, however, detective fiction in America saw no significant progress as a literary genre. Much to the dismay of moral crusaders like Anthony Comstock, dime novels and other sensationalist publications satisfied the public 's hunger for a yarn. Things changed as the century waned, and eventually the detective was reborn as a figure of American literature. In part these changes were due to a combination of social conditions, including the rise and decline of the police as an institution; the parallel development of private detectives; the birth of the crusading newspaper reporter; and the beginnings of forensic science. Influential, too, was the new role model offered by a wildly popular British import named Sherlock Holmes. Focusing on the late 19th century and early 20th, this volume covers the formative years of American detective fiction. Instructors considering this book for use in a course may request an examination copy here.

The Dynamite Conspiracy is a narrative-driven retelling of the bombing of the anti-Union Los Angeles Times by Union Terrorists in 1910. The attack killed 20 people. After a six-month search by a bulldog detective, William Burns, the two conspirators were caught and put on trial in Los Angeles. The era 's top defense attorney, Clarence Darrow, who was hired by Samuel Gompers of the American Federation of Labor, defended them. Darrow eventually pleaded his clients guilty to save them from execution. He was himself put on trail, however, on a charge of jury bribery. After a sensational three-month trial defended by the legendary Earl Roger, Darrow was exonerated, returned to Chicago, and went on to bigger cases.

The Routledge Companion to Crime Fiction is a comprehensive introduction to crime fiction and crime fiction scholarship today. Across 45 original chapters, specialists in the field offer innovative approaches to the classics of the genre as well as ground-breaking mappings of emerging themes and trends. The volume is divided into three parts. Part I, Approaches, rearticulates the key theoretical questions posed by the crime genre. Part II, Devices, examines the textual characteristics of crime fiction. Part III, Interfaces investigates the complex ways in which crime fiction engages with the defining issues of its context – from policing and forensic science through war, migration and narcotics to digital media and the environment. Rigorously argued and engagingly written, the volume is indispensable both to students and scholars of crime fiction.

Street Justice traces the stunning history of police brutality in New York City, and the antibrutality movements that sought to eradicate it, from just after the Civil War through the present. New York's experience with police brutality dates back to the founding of the force and has shown itself in various forms ever since: From late-nineteenth-century "clubbing"-the routine bludgeoning of citizens by patrolmen with nightsticks-to the emergence of the "third degree," made notorious by gangster movies, from the violent mass-action policing of political dissidents during periods of social unrest, such as the 1930s and 1960s, to the tumultuous days following September 11. Yet throughout this varied history, the victims of police violence have remained remarkably similar: they have been predominantly poor and working class, and more often than not they have been minorities. Johnson compellingly argues that the culture of policing will only be changed when enough sustained political pressure and farsighted thinking about law enforcement is brought to bear on the problem.

MURDER at Morgan Park Book 4 Whodunnit Series Loueva Jennings, who looked intently at Albert Thomas, was more than just beautiful. Her white skin was tinted with the faintest pink colors. There was, in the sober depths of her blue-gray eyes, a glimmer which would have cautioned a man less satisfied with his own intellect and power of persuasion than the proprietor of Albert's Department Store. He wasn't looking at her face. His eyes were running up and down approvingly over her perfect figure, the exceptional poise she represented, and the shapeliness of the slender hands. \*\*\*\*\* "You don't understand, Loueva," Albert said. His voice was soft and gentle and held the hint of a caress. "Did you not read my small pamphlet?" he asked. "I guess you thought a man in my position, owner of this store and all, would take an interest in writing poetry. Am I right?" He didn't give time for the young woman to answer. "Most of it was written before I took ownership of this store..." Again, Loueva's lips were trembling, and yet, Mister Albert mistook the symptoms she reflected. "I didn't wish to discuss your poetry book, Mister Albert," she said with her indignation rising. "But, since it was evidently given to me for a purpose, I will only say that only a pervert could have written something like that. There's no way I could read your poems..." An elderly woman strolling through Morgan Park the next morning walked over and looked down at a body that obviously had been dead for several hours. Under the wintry light which lit the snow-covered ground, the corpse was utterly still and more than slightly frozen. The deceased person had been dead for some time. From their clothing, the person was well-to-do. One look at the shiny black shoes, it was apparent this individual worked in the big city. The woman who found the body backed up and knew there should be no touching to preserve the evidence. The murder victim had a story to tell! A close look revealed a wound on the left side of the chest just above the heart. The extraordinary feature was that the murderer must not only have composed the body but laid upon the deceased body's chest a handful of Amarillas. The authorities were summoned immediately. The coroner's office removed the body. The first bit of information the detectives of the police department derived was that the murder was not committed in Morgan Park, but somewhere else. In an emotionally charged investigation full of unforeseen twists and turns, Billy Bob Thornton will need to follow an elaborate trail of evidence, secrets, and hidden schemata to help solve a murder mystery that has connections to Beijing, China.

The mysterious death of Irene Adler's bees leads to a consultation with Sherlock Holmes and the discovery of a sinister connection to a case many years in the past. When this threat imperils the safety of everyone the detective holds dear, he and The Woman are forced to use every ounce of their ingenuity to save their friends.

Surveys the lives and works of some 90 contemporary women mystery writers, who are among the most popular authors read today.

This book provides a critical analysis of the employment of intelligence-led policing (ILP) strategies. It aims to convey a better understanding of some of the realities of the police investigative and criminal intelligence worlds, and to examine what the story of intelligence-led policing tells us about policing and the police organization.

"Michael Connelly: A Reader's Guide": covers everything about Connelly including his novels, his short stories, the articles he published as a crime reporter, and even movie treatments of his novels. Over 40 million fans have purchased books by Michael Connelly. His fans storm his website to discuss his characters and plots. Their passion for his characters is obvious. It's the same kind of enthusiasm now found among fans of the Harry Potter and Hunger Games series. Yet, while both those series have companion books that serve as readers' guides, no such book exists on Connelly.

What is unique about this book is that it shows how Connelly shaped his actual experiences as a crime reporter into his fiction. You will also find explanations of how Connelly fits into the mystery landscape.

HOMEgrown HOMICIDE Jessica is volunteering at the Cabot Cove women's shelter when a woman walks in bruised physically and mentally. Her husband is a well-respected businessman in town. Could this paragon of virtue be abusing his wife?

Despite Jessica's support and advice, the woman refuses to stay at the shelter, press charges, or even report the abuse. But a few days later the entire town is shocked to hear that domestic abuse has turned to murder. Investigating the crime, Jessica soon discovers that the woman's family has secrets and lies that go beyond domestic violence—and that the real killer may be hiding behind a wall of silence that could send the wrong person to prison....
