In this New York Times bestselling book, the police chief who led one of the most suspenseful manhunts in American history takes real headlines into the notorious "D.C. sniper" case that held the nation spellbound. In October 2002, ordinary Americans feared for their lives to pump gas at the local station or let their children play outside. For twenty-three nightmarish days, a series of random sniper killings in the Washington, D.C. area and launched the largest manhunt in American history—under the harsh glare of a media frenzy. Three Weeks in D.C. tells the story of Chief Charles Moose's efforts to crack a seemingly unsolvable case. As a stunned nation watched, Chief Moose stood tall in the face of horrific circumstances with a courageous presence whose tenacity brought snipers John Allen Muhammed and Lee Boyd Malvo to justice. But this is also the inspirational story of Moose's rise from a young African American cop battling prejudice to a respected chief of police—who couldn't stop until he captured the most bizarre killers America has ever known. "Compelling . . . A very candid story . . . Well worth reading."—The Washington Post "Fascinating. . . . An Oklahoman "Gutsy, endearing, no-nonsense . . . [cuts] through all the hubbub to show that behind the provocative headlines was little more than a heartfelt man just trying to do the best job he could."—Publishers Weekly

PAUL FALCON AND ANN SILVER: A LOVE STORY Ann Silver is a cop's cop. As the Midwest Homicide Investigator, she is called in to help local law enforcement on the worst of cases, looking for answers to murder. Hers is one of the region's most trusted investigative positions. Paul Falcon is the top murder cop in the Midwest. If the victim carried a federal badge or had a security clearance, odds are good Paul and his team see the murder. Their lives intersect when Ann arrives to pass a case off her desk and onto his. A car wreck and a suspicious death offer a lead on a shooter he is tracking. Paul isn't expecting to meet someone, the kind that goes on the personal side of the ledger, but Ann Silver has him. The better he gets to know her, the more Paul realizes her job barely scratches the surface of who she is. She knows spies and soldiers and has written books about them. She is friends with the former vice president. People with good reason to be cautious about who they know deeply trust her. Paul wonders just what secrets Ann is keeping, until she shows him the John Doe Killer case file, and he starts to realize he is falling in love with really is....

In this eagerly awaited new book by the international best-selling authors of *Mindhunter* and *Journey into Darkness*, master FBI profiler Douglas M. Stoen takes us into the minds and souls of both the hunters and the hunted. The legendary former head of the FBI's Investigative Support Unit is a pioneer of modern behavioral profiling of serial criminals. In *Mindhunter*, we followed his development into a modern, real-life Sherlock Holmes as he tracked down the Atlanta child murderer, San Francisco's Trailside Killer, and Seattle's Green River Killer -- a chase that nearly cost him his life. In *Journey into Darkness*, he directed his unique skills particularly to crimes against children and young adults, and showed how the quest for justice for survivors does not always end simply with catching the killer. Written with Mark Olshaker, the coauthor of Douglas's previous books and a novelist, journalist, and filmmaker, *Obsession* is vital reading for anyone seeking to understand and prevent violent crime. In *Obsession*, Douglas again takes us fascinatingly behind the scenes, focusing his expertise on predatory crimes, primarily against women. With a deep sense of empathy for the victims and an uncanny understanding of the perpetrators, Douglas looks at the obsessions that lead to rape, stalking, and sexual r

cases as Ronnie Shelton, the serial rapist who terrorized Cleveland; Joseph Thompson, New Zealand's South Auckland rapist; the stalking television star Rebecca Schaeffer; and New York's notorious "Preppie Murder." He plumbs the minds and motives of those who commit seemingly inexplicable offenses, using as examples his study of Ed Gein, Gary Heidnick, and Ted Bundy, the three obsessional killers who composite character of "Buffalo Bill" in *The Silence of the Lambs*. (Douglas himself was the model for Special Agent Jack Crawford.) But Douglas looks at obsession on the other side of the moral spectrum: his own career-long obsession with hunting these predators; the obsessional model police department's victim's program in Virginia that has literally saved the lives of survivors; and the obsession of a brilliant young man who established an innovative school in Harlem to combat crime, drugs, and despair. Finally, there's the poignant and moving story of Gene and their daughter, Jennifer, whose sister, Stephanie, was viciously murdered by a paroled rapist in Kansas, and who channeled their grief into fighting for a milestone Supreme Court ruling. Douglas analyzes the critical lessons of the Stephanie Schmidt case, which demonstrated empowerment galvanizing the victim's rights movement. In a final section that serves as a call to action, Douglas shows us how we can protect ourselves, our families, and loved ones against the scourge of the violent predators in our midst. But the first step is insight and no one is better qualified to penetrate obsession than John Douglas.

From John Douglas—the legendary FBI criminal profiler, #1 New York Times bestselling author, and inspiration for the Netflix show *Mindhunter*—a chilling journey inside the mind and crimes of Larry Gene Bell, one of the most dangerous serial killers Douglas confronted, and the desperate hunt to identify and catch him. On May 31, 1985, two days before her high school graduation, Shari Smith was abducted from the driveway of her home in South Carolina. Based on the crime scene and the abductor's repeated and taunting calls to the family, law enforcement quickly realized they were dealing with a sophisticated and highly dangerous criminal. A letter arrived the next day entitled "Last Will & Testament," in which Shari, knowing she would be murdered, wrote bravely and achingly of her love for her parents, siblings, and boyfriend, saying that while they would miss her, she knew they would persevere through their faith. The abduction rocked her quiet town, triggering a massive manhunt and bringing in the FBI, which enlisted Douglas. A few days later, a phone call told the family where they could find Shari's body. Then nine-year-old Debra May Helmick was kidnapped from her yard, confirming the harsh realization that Smith's murder was no random act. A serial killer was evolving, and the only way to stop him was to use the study of criminal behavior to anticipate his next move before he could kill again. Douglas devised a risky and emotionally fraught plan: use Shari's lookalike older sister Dawn as bait to draw out the unknown subject. Dawn and her parents courageously agreed. One of the most important investigations of Douglas's storied career, this case details how the eerily accurate profile he created—alongside his carefully crafted manipulation of the killer's psychology—combined with dedicated police work and cutting-edge forensic science to end a reign of criminal terror. Shari's family took incredible personal risks to lure her killer from the shadows, Douglas and the FBI pushed criminal profiling to its limits, and it was one of his most dramatic and effective confrontations with a sadistic and remorseless killer.

"The voice that narrates In the Name of the Children: An F.B.I. Agent's Relentless Pursuit of the Nation's Worst Predators, which Rinek wrote with the journalist Marilee Strong, sounds warm and humane, qualities missing from much crime writing. Their book is a professional job, filled with illuminating details about the day-to-day operations of the bureau." –New York Times Book Review FBI Special Agent Jeff Rinek had a gift for getting child predators to confess. All he had to do was share a piece of his soul . . . In the Name of the Children gives an unflinching look at what it's like to fight a never-ending battle against an enemy far more insidious than terrorists: the predators, lurking amongst us, who seek to harm our children. During his 30-year career with the FBI, Jeff Rinek worked hundreds of investigations involving crimes against children: from stranger abduction to serial homicide to ritualized sexual abuse. Those who do this kind of work are required to plumb the depths of human depravity, to see things no one should ever have to see—and once seen can never forget. There is no more important—or more brutal—job in law enforcement, and few have been more successful than Rinek at solving these sort of cases. Most famously, Rinek got Cary Stayner to confess to all four of the killings known as the Yosemite Park Murders, an accomplishment made more extraordinary by the fact that the FBI nearly pinned the crimes on the wrong suspects. Rinek's recounting of the confession and what he learned about Stayner provides perhaps the most revelatory look ever inside the psyche of a serial killer and a privileged glimpse into the art of interrogation. In the Name of the Children takes readers into the trenches of real-time investigations where every second counts and any wrong decision or overlooked fact can have tragic repercussions. Rinek offers an insider's perspective of the actual case agents and street detectives who are the boots on the ground in this war at home. By placing us inside the heart and mind of a rigorously honest and remarkably self-reflective investigator, we will see with our own eyes what it takes—and what it costs—to try to keep our children safe and to bring to justice those who prey on society's most vulnerable victims. With each chapter dedicated to a real case he worked, In the Name of the Children also explores the evolution of Rinek as a Special Agent—whose unorthodox, empathy-based approach to interviewing suspects made him extraordinarily successful in obtaining confessions—and the toll it took to have such intimate contact with child molesters and

murderers. Beyond exploring the devastating impact of these unthinkable crimes on the victims and their families, this book offers an unprecedented look at how investigators and their loved ones cope while living in the specter of so much suffering.

Jim Brady worked with the FBI for thirty-three years—and he 's the oldest living retired employee of the Memphis division of the bureau. He began working for the bureau in March 1954, going to fingerprint school in the Washington, D.C. office. There, he learned how to compare and contrast fingerprints and went on to teach at the very same fingerprint school. He served in numerous other roles over the next few decades. Whether it was a federal case, serving on a task force, or

working as a private investigator with local, state, and federal officers, he brought his best to the table every day. In this book, he examines some of the FBI's most interesting cases, including the investigation into Martin Luther King Jr.'s assassination. Another interesting case was Billy Dean Anderson, who had been on the FBI top ten list for five years and was found living in a two-room cave in middle Tennessee. He also looks back at the civil era of James Meredith, the first black student to enter Ole Miss and the subsequent rioting that killed two individuals and wounded forty. The book also documents how law enforcement has changed over time, including the increasing importance of computers.

Criminologists are increasingly exploring nontraditional objects, sources of information, methods of analyzing this information, and explanatory frameworks for helping guide analysis and interpretation. One such nontraditional object is the "fictional reality." Fictional realities are fictional social realities, such as those found in novels and film. There is a precedent for the analytical and pedagogical use of "fictional realities" in criminology, but in general this has been limited to seeing fiction and film as a stock of readily accessible and useful examples rather than as complex objects to be deconstructed and theorized. This book will tell you about a variety of famous criminal cases that the FBI use criminology to catch the crimes. In this book, you can find: Hannibal Lecter Joseph Paul Franklin The FBI's Role Takes Shape The Birth of Behavioral Analysis in the FBI Ted Bundy's Campaign of Terror Wayne Williams and the Atlanta Child Murders Andrew Cunanan Murders a Fashion Icon The FBI and Jeffrey Dahmer Mad Bomber George Metesky George "Machine Gun" Kelly

LARGE PRINT EDITION Jim Ingram is to the FBI what Elliot Ness was to the Treasury Department—a larger-than-life symbol of American justice, a Klan-busting crime fighter who was involved with some of the highest profile FBI cases of the 1950s, 1960s and 1970s. In his memoir Ingram provides insider information about those cases. Jim Ingram was the primary source in journalist Jack Nelson's 1993 bestselling book, "Terror in the Night: The Klan's Campaign Against the Jews," which focused on the FBI's infiltration of the Klan in an effort to protect Mississippi Jews. Jim Ingram passed away in August 2009 of cancer, but worked on this memoir with co-author James L. Dickerson right up until his death. Following his death, the FBI supplied Dickerson with more than 1,400 pages of previously classified documents. Interestingly, after nearly 30 years with the FBI, Ingram was brought out of retirement in the 2000s as a cold-case investigator of Mississippi civil rights-era murders, casting him into his fifth decade of crime fighting. In this memoir, Jim Ingram provides insider information on the above high-profile cases and others, along with a personal perspective on his nearly 30-year career of law enforcement. During that career, he headed up the FBI offices in New York and Chicago, and was in charge of the violent crimes civil rights desk in Mississippi in the 1960s, and served in the 1970s as deputy assistant FBI director in Washington, DC. In the later years of his career, he became the FBI's top expert on terrorism.

This book discloses, for the first time, how he secretly trained U.S. Army and U.S. Air Force personnel on terrorism. After his retirement from the FBI, Ingram served as Public Safety Commissioner for the State of Mississippi, which put him in charge of the Highway Patrol. had been heavily infiltrated by the KKK while he was head of the civil rights desk in Mississippi. Appointed by Governor Kirk Fordice, a conservative Republican with a penchant for abrasiveness, Ingram became good friends with the man despite their political differences. Ingram's memories of the governor's tempestuous marital conflicts add spice to a book that revolves around the major crimes of the past century.

In *Catching a Russian Spy*, Bryan Denson presents the story of the FBI's investigation of Aldrich Ames, and brings to life Agent Les Wiser, Jr., the agent who helped bring him to justice. Aldrich H. "Rick" Ames was a 31-year veteran of the CIA. He was also a Russian spy. By the time Ames was arrested in 1994, he had betrayed the identities of dozens and caused the deaths of ten agents. The notorious KGB (and later the Russian intelligence service, SVR) paid him millions of dollars. Agent Leslie G. "Les" Wiser, Jr. ran the FBI's Nightmover investigation tasked with uncovering a mole in the CIA. The team worked night and day to collect evidence—sneaking into Ames' home, hiding a homing beacon in his Jaguar, and installing a video camera above his desk. But the spy kept one step ahead, even after agents followed him to Bogota, Colombia. In a crazy twist, the FBI would score its biggest clue from inside Ames' garbage can. At the time of his arrest on February 21, 1994, he had compromised more highly-classified CIA assets than any other agent in history. First in the FBI Files, a true-crime series for middle grade readers that follows FBI agents behind the scenes as they work to keep Americans safe.

Candice DeLong has been called a real-life Clarice Starling and a female Donnie Brasco. She has been on the front lines of some of the FBI's most gripping and memorable cases, including being chosen as one of the three agents to carry out the manhunt for the Unabomber in Lincoln, Montana. She has tailed terrorists, gone undercover as a gangster's moll, and posed as the madam for a call-girl ring. Now for the first time she reveals the dangers and rewards of being a woman on the front lines of the world's most powerful law enforcement agency. She traces the unusual career path that led her to crime fighting, and recounts the incredible obstacles she faced as a woman and as a fledgling agent. She takes readers step by step through the profiling process and shows how she helped solve a number of incredible cases. The story of her role as a lead investigator on the notorious Tylenol Murderer case is particularly compelling. Finally, she gives the true, insiders story behind the investigation that led to the arrest of the Unabomber including information that the media can't or won't reveal. A remarkable portrait of courage and grace under fire, Special Agent offers a missing chapter to the annals of law enforcement and a dramatic and often funny portrait of an extraordinary woman who has dedicated her heart and soul to the crusade against crime. Candice DeLong's Top Cases: 1. TYMURS-(Bureau acronym for Tylenol Murders) 8 victims, 1982. 2. F.A.L.N. Terrorist Organization, 1981-84. 3. Melissa Ackerman kidnap/rape/murder, 1986. 4. Serial child killer Brian Dugan (Illinois). Brian Dugan was the most prolific serial killer Illinois had ever encountered. 5. The Burlington Rapist (Illinois serial rapist), 1984. 6. The Lecherous Landlord was the first and most significant Discrimination in Housing case in the history of the Chicago FBI. 7. Undercover work on UNABOM, including an afternoon with Ted Kaczynski on his arrest day, April 3, 1996.

Criminal Identification

The FBI

The legendary FBI criminal profiler and international bestselling author of Mindhunter and The Killer Across the Table returns with this timely, relevant book that goes to the heart of extremism and domestic terrorism, examining in-depth his chilling pursuit of, and eventual prison confrontation with Joseph Paul Franklin, a White Nationalist serial killer and one of the most disturbing psychopaths he has ever encountered. Worshippers stream out of an Midwestern synagogue after sabbath services, unaware that only a hundred yards away, an expert marksman and avowed racist, antisemite and member of the Ku Klux Klan, patiently awaits, his hunting rifle at the ready. The October 8, 1977 shooting was a forerunner to the tragedies and divisiveness that plague us today. John Douglas, the FBI's pioneering, first full-time criminal profiler, hunted the shooter—a white supremacist named Joseph Paul Franklin, whose Nazi-inspired beliefs propelled a three-year reign of terror across the United States, targeting African Americans, Jews, and interracial couples. In addition, Franklin bombed the home of Jewish leader Morris Amitay, shot and paralyzed Hustler magazine publisher Larry Flynt, and seriously wounded civil rights leader Vernon Jordan. The fugitive supported his murderous spree robbing banks in five states, from Georgia to Ohio. Douglas and his writing partner Mark Olshaker return to this disturbing case that reached the highest levels of the Bureau, which was fearful Franklin would become a presidential assassin—and haunted him for years to come as the threat of copycat domestic terrorist killers increasingly became a reality. Detailing the dogged pursuit of Franklin that employed profiling, psychology and meticulous detective work, Douglas and Olshaker relate how the case was a make-or-break test for the still-experimental behavioral science unit and revealed a new type of, determined, mission-driven serial killer whose only motivation was hate. A riveting, cautionary tale rooted in history that continues to echo today, The Killer's Shadow is a terrifying and essential exploration of the criminal personality in the vile grip of extremism and what happens when rage-filled speech evolves into deadly action and hatred of the

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

From an award-winning New York Times reporter comes the full, mind-boggling true story of the lies, crimes, and ineptitude behind the Enron scandal that imperiled a presidency, destroyed a marketplace, and changed Washington and Wall Street forever. It was the corporate collapse that appeared to come out of nowhere. In late 2001, the Enron Corporation—a darling of the financial world, a company whose executives were friends of presidents and the powerful—imploded virtually overnight, leaving vast wreckage in its wake and sparking a criminal investigation that would last for years. Kurt Eichenwald transforms the unbelievable story of the Enron scandal into a rip-roaring narrative of epic proportions, taking readers behind every closed door—from the Oval Office to the executive suites, from the highest reaches of the Justice Department to the homes and bedrooms of the top officers. It is a tale of global reach—from Houston to Washington, from Bombay to London, from Munich to Sao Paolo—laying out the unbelievable scenes that twisted together to create this shocking true story. Eichenwald reveals never-disclosed details of a story that features a cast including George W. Bush, Dick Cheney, Paul O'Neill, Harvey Pitt, Colin Powell, Gray Davis, Arnold Schwarzenegger, Alan Greenspan, Ken Lay, Andy Fastow, Jeff Skilling, Bill Clinton, Rupert Murdoch and Sumner Redstone. With its you-are-there glimpse into the secretive worlds of corporate power, Conspiracy of Fools is an all-true financial and political thriller of cinematic proportions.

In the #1 New York Times bestseller Mindhunter, John Douglas, who headed the FBI's elite Investigative Support Unit, told the story of his brilliant and terrifying career tracking down some of the most heinous criminals in history. Now, in Journey into Darkness, Douglas profiles vicious serial killers, rapists, and child molesters. He is straightforward, blunt, often irreverent, and outspoken, but takes pains not to glorify any of these murderers. Some of the unique cases Douglas discusses include: -The Clairemont killer -The schoolgirl murders -Richmond's First Serial Murderer -The brutal and sadistic murder of Suzanne Marie Collins -Polly Klaas' abduction and murder by Richard Allen Davis, -The tragedy that led to the creation of Megan's Law With Journey into Darkness, Douglas provides more than a glimpse into the minds of serial killers; he demonstrates what a powerful weapon behavioral science has become. Profiling criminals helps not only to capture them, but also helps society understand how these predators work and what can be done to prevent them from striking again. Douglas focuses especially on pedophiles and child abductors, fully

explaining what drives them, and how to keep children away from them. As he points out, "The best way to protect your children is to know your enemy." He includes eight rules for safety, a list of steps parents can take to prevent child abduction and exploitation, tips on how to detect sexual exploitation, basic rules of safety for children, and a chart, based on age, which details the safety skills children should have to protect themselves. In his review for Mindhunter in The New York Times Book Review, Dean Koontz said, "Because of his insights and the power of the material, he leaves us shaken, gripped by a quiet grief for the innocent victims and anguished by the human condition." Journey into Darkness continues this perilous trip into the psyche of the serial killer, but also offers a glimmer of hope that profiling may enable law enforcement to see the indicators of a serial killer's mind and intervene before he kills, or kills again.
