goes over a waterfall, a video goes viral, a family goes into meltdown -- life is about to get a lot more complicated for the Parker family. Like all families, the Parkers of Thunder Bay have had their share of complications. But when matriarch Kate Parker miraculously survives plummeting over a waterfall in a barrel -- a feat captured on a video that goes viral -- it's Kate's family who tumbles into chaos under the spotlight. Her prodigal daughter returns to town. Her 16-year-old granddaughter gets caught up in an online relationship with a man she has never met. Her husband sifts through their marriage to search for what sent his wife over the falls. Her adopted son fears losing the only family he's ever known. Then there is Kate, who once made a life-changing choice and now fears her advancing dementia will rob her of memories from when she was most herself. Set over the course of four calamitous days, Amy Jones's big-hearted first novel follows the Parkers' misadventures as catastrophe forces them to do something they never thought possible -- act like a family. The exact distance between Derbent, Russia, and Logan, Utah, is 6,511 miles. That may be hard for a child to comprehend, but Tanya would always joke with her parents that if they made her mad, she was going to pick up and move to the United States of America. No one paid attention to her. In fact, as Tanya grew older, everyone discouraged her from setting her sights on the U.S.A. and they even claimed that it was not possible. But the girl from a remote town by the Caspian Sea in the Caucus Mountains region of the Russian Federation would overcome everyones doubts and earn a full athletic scholarship to Utah State University. In this memoir, she tells the dramatic story of how big ambitions led her from being a girl with limited opportunities in the U.S.S.R. and post-communist Russia to a successful woman with a loving family in the United States. If youre interested in the social history of the Soviet Union and Russia, enjoy reading memoirs of immigrants, or simply love inspirational stories, then you need to read 6,511 Miles from Derbent. I would especially like to thank my friend, Jon P, for his help in Proof-Reading my story. Vasiliy Kuznetsov of Moscow, Russia for advising and interviewing me through the process. My husband and my children for their support and love.
