The Founding Fathers of the United States of America created the first free people in modern times. They wrote a new kind of Constitution which is now the oldest in existence. They built a new kind of commonwealth designed as a model for the whole human race. They believed it was thoroughly possible to create a new kind of civilization; giving freedom, equality, and justice to all. The Founders created a new cultural climate that gave wings to the human spirit. They built a free-enterprise culture to encourage industry and prosperity. They gave humanity the needed ingredients for a gigantic 5,000-year leap in which more progress has been made in the past 200 years than all of prior recorded human history. All of this came about because of 28 basic principles the Founders discovered, upon which all free nations must be built in order to succeed. This eBook includes the original index, footnotes, table of contents and page numbering from the printed format, and also new illustrations.

The miracle of a wonderful partnership awaits each of us. All we have to do is close our eyes and open our minds.... The search for the love of our lives is one we've all experienced. Those of us who feel we just can't find what we're looking for often get stuck in a rut of negative beliefs, unfulfilled needs, and blame. Instead of looking within ourselves to discover who we truly are and what we desire, we often look to someone else "out there" to make us happy and whole. We bury our true needs, play games, and try to be someone we're not. The result is that we keep playing out the same unhealthy pattern, attracting more of what we don't really want, bringing ourselves only more frustration, loneliness, and pain. Meditation counselor Kathy Freston has been through that vicious cycle herself--and finally broke free. In this honest, compassionate, and wise book, she illuminates the path to greater self-awareness--and the real love we all crave. Not a pat book of "dating advice" or a guide to manipulating others, Expect a Miracle is a wholly new kind of guide to the search for a great relationship, one that puts the focus back where it belongs: on our own personal transformation. Using principles from Eastern philosophy, meditation, A Course in Miracles, twelve-step recovery, and psychotherapy, the book helps us to become magnetic to the perfect relationship that awaits us. With exercises, meditations, inspiring real stories, and the warm candor of a wise friend, Expect a Miracle is a positive, practical, and powerful book for all of us who are still looking for that one great love--the one that starts with a spiritual journey within.

This new fantasy-adventure series from N. D. Wilson, bestselling author of 100 Cupboards, pits a misfit twelve-year-old against a maniacal villain with a deadly vendetta. This one-of-a kind story is must read for fans of Brandon Mull and Soman Chainani, and the start of a thrilling tale from a masterful storyteller. Sam Miracle's life is made up of dreams, dreams where he's a courageous, legendary hero instead of a foster kid with two bad arms that can barely move. Sometimes these dreams feel so real, they seem like forgotten memories. And sometimes they make him believe that his arms might come alive again. But Sam is about to discover that the world he knows and the world he imagines are separated by only one thing: time. And that separation is only an illusion. The laws of time can be bent and shifted by people with special magic that allows them to travel through the past, present, and future. But not all of these "time walkers" can be trusted. One is out to protect Sam so that he can accept his greatest destiny, and another is out to kill him so that a prophecy will never be fulfilled. However, it's an adventurous girl named Glory and two peculiar snakes who show Sam the way through the dark paths of yesterday to help him make sure there will be a tomorrow for every last person on earth.

Are you prepared to dedicate 30 days to throwing off whatever conceals the greater self you have always suspected you are? If you're unsure do not even begin this book. In The Miracle Month, Mitch Horowitz, "a cross between Aleister Crowley and Alan Watts" (Duncan Trussell), provides a 30-day, self-enforced academy that disrupts, upends, and overthrows every social and self-imposed barrier to your innate power. "This book," Mitch writes, "is for people who would prefer nearly any alternative than to slide back into the anxiety, self-limitations, and half-in, half-out existence that they have known until now. Does that sound extreme? It is not. It is an open door to change." In Warrior Mom, (previously published as Miracle Mindset), celebrity health expert and four-time New York Times bestselling author, JJ Virgin reveals how one life-altering event taught her to trust her instincts, pay attention to the details that matter and defy the odds—and she shares how you can too. In 2012, JJ Virgin was in a hospital room next to her sixteen-year-old son who was struck by a hit-and-run driver and left for dead. She was told by doctors that he wouldn't last through the night and to let him go. With every reason to give up, JJ chose instead to invest her energy into the hope that her son would not just survive, but thrive. In Warrior Mom, she shares the lessons that gave her the courage to overcome the worst moment of her life. During this difficult time, she learned valuable personal lessons that helped her rebuild her life and find success and purpose in herself, her work, and teach her sons and community how to face their own obstacles and trials. Will you keep their secrets? Ignore their lies? In a small town in Virginia, a group of people know each other because they're part of a special treatment center, a hyperbaric chamber that may cure a range of conditions from infertility to autism. But then the chamber explodes, two people die, and it's clear the explosion wasn't an accident. A powerful showdown unfolds as the story moves across characters who are all maybe keeping secrets, hiding betrayals. NEW YORK TIMES BESTSELLER • A harrowing, moving memoir of the 1972 plane crash that left its survivors stranded on a glacier in the Andes—and one man ' s quest to lead them all home—now in a special edition for 2022, commemorating the fiftieth anniversary of the crash, featuring a new introduction by the author “ In straightforward, staggeringly honest prose, Nando Parrado tells us what it took—and what it actually felt like—to survive high in the Andes for seventy-two days after having been given up for dead. ” —Jon Krakauer, author of Into the Wild “ In the first hours there was nothing, no fear or sadness, just a black and perfect silence. ” Nando Parrado was unconscious for three days before he woke to discover that the plane carrying his rugby team to Chile had crashed deep in the Andes, killing many of his teammates, his mother, and his sister. Stranded with the few remaining survivors on a lifeless glacier and thinking constantly of his father ' s grief, Parrado resolved that he could not simply wait to die. So Parrado, an ordinary young man with no particular disposition for leadership or heroism, led an expedition up the treacherous slopes of a snowcapped mountain and across forty-five miles of frozen wilderness in an attempt to save his friends ' lives as well as his own. Decades after the disaster, Parrado tells his story with remarkable candor and depth of feeling. Miracle in the Andes, a first-person account of the crash and its aftermath, is more than a riveting tale of true-life adventure; it is a revealing look at life at the edge of death and a meditation on the limitless redemptive power of love.
