Dog is a cat- the only problem is that he doesn't behave like one! Instead he wags his tail, sticks out his tongue and yaps in a manner which is distinctly puppyish. Something has to be done! The pride of cats is at stake - the shame of an entire species a consequence of allowing a feline to behave in such a disgraceful canine manner.

"Is that my cat? It can't be. My cat is a slim, sleek pussy cat." Something strange is happening with this rather large kitty- the one who used to fit through the cat door, climbed trees fearlessly, and always wanted to play. Now she lazes on the windowsill, and it takes two hands to pick her up! Keep guessing as the story unfolds page by page, until right at the end when there's a big surprise!

Acclaimed illustrator Kayomi Harai presents dozens of delightful kitties to color, each perched in her own pretty teacup.

captain's log! We have entered a galaxy where beloved illustrator Jenny Parks has conjured an astonishingly vivid homage to the original Star Trek series with an unexpected twist: a cast of cats. Featuring a hilarious new take on iconic characters and scenes—from Kirk in the Captain's chair to Spock offering his Vulcan wisdom—this eye-opening adventure stays true to the tone of the classic TV show. Playful, loving, and from a strange new world, Star Trek Cats is the perfect gift for fans of, well, Star Trek and cats.

The “irresistible” New York Times bestseller that “features heartwarming stories of interspecies love and adorable photographs” (The New York Times Book Review). Written by National Geographic magazine writer Jennifer Holland, Unlikely Friendships documents one heartwarming tale after another of animals who, with nothing else in common, bond in the most unexpected ways. A cat and a bird. A mare and a fawn. An elephant and a sheep. A snake and a hamster. The well-documented stories of Koko the gorilla and All Ball the kitten; and the hippo Owen and the tortoise Mzee. And almost inexplicable stories of predators befriending prey—an Indian leopard slips into a village every night to sleep with a calf. A lioness mothers a baby oryx. Holland narrates the details and arc of each story, and offers insights into why—how the young leopard, probably motherless, sought maternal comfort with the calf, and how a baby oryx inspired the same mothering instinct. In the lioness. Or, in the story of Cashew, the lab mix that was losing his eyesight, and Libby, the stray cat who began to guide the dog’s way through the house and yard. With Libby, Cashew lived out his last few years with loving support and a lasting friendship. These are the most amazing friendships between species, collected from around the world and documented in a selection of full-color candid photographs. “The feel-good book of the summer—maybe the year—may very well be Unlikely Friendships.” —USA Today “With awe-inducing photographs, the book highlights the most improbable animal connections.” —National Geographic

Our dogs are our best friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Based on the runaway web phenomenon, Dog Shaming features hilarious and adorable photos of petulant pups accompanied by notes detailing their misdeeds: waking sleeping babies, eating vomit, chasing postmen, unplugging alarm clocks, peeing on turf, etc. So share in the shaming and laugh through your frustration as Dog Shaming reminds us that unconditional love goes both ways.

A humorous collection of dozens of photos of funny and adorable cats as they play with, roll in, and chow down their favorite snack of choice – catnip. Cats love catnip. Whether it's eating it, playing with it, or rolling around in it, catnip turns our domestic feline friends into hilarious balls of activity. Carefree and unconstrained, they are free to be silly, exceptionally playful, and downright gnarly. Professional pet photographer and self-confessed crazy cat man Andrew Marttila (the photographer behind Shop Cats of New York) captures a range of the cats' silly and expressive personalities as they react to their catnip trip. Delightful, elegant Fluffy transforms into a hell-bent renegade. Shy, reserved Mittens becomes a free-loving acrobat. In the blink of an eye, a cat's expression transforms from bored to inquisitive to playful to curious to bizarre . . . to utterly unhinged. A fun and delightful look at our furry companions, this gift book is perfect for every cat lover.

Give your best friend more purr and pounce with this whiskers-to-tail guide to the good life! One reason we're wild for cats is that our cats are still wild at heart. On our laps, they're purring lovebugs, but on the prowl, they're fearsome hunters—with territorial instincts to match. The Handbook for a Happy Cat takes us inside the feline mind to decode what our cats really want in life and how they try to tell us. You'll learn: Why a bigger water bowl does away with "whisker stress" How to move like a mouse for maximum fun at playtime Skills to teach your kitten for a lifetime of easy vet visits, grooming, and more Subtle signs of stress such as excessive scent-marking and lip-licking How to tell frolic from fighting in the multi-cat household (and how to give frenemies a fresh start) What makes a scratching post so tempting that your sofa will be spared How to reassure a spooked cat with the "slow blink" Why it's pointless to "punish" a cat—but training is possible! Certified behaviorist Liesbeth Puts traces every feline mystery to cats' natural behavior and needs. A happy cat is a cat who can be herself!

Filled with beautiful color photographs of these furry friends, this book reveals virtually everything needed to appreciate this mysterious, lovable companion.Chapter One, "Evolutionary Cat," traces the domestic feline back to the Paleocene Era, then introduces its big cat relatives. Sidebars highlight the fascinating evolutionary differences between big cats and small cats, which clearly explain why the smaller kitties became household favorites. Cats have been both revered and scorned throughout history. Egyptian law protected sacred cats, and the beauty of Egyptian women was measured by their resemblance to the cat. But the cat's spiritual heyday came to a halt in the Middle Ages, when the Christian church crushed the worship of cat-gods. Yet, in the seventeenth century, cat popularity rose again as the French aristocracy welcomed the cat back into polite society.Chapter Two, "Cultured Cat," is a survey of artistic homage paid to the cat. From Aesop's fables to Lewis Carroll's Alice in Wonderland, cats have been featured as analogy, metaphor, and hero. From the Egyptians to Leonardo da Vinci and beyond, the cat has been featured in paintings and other media. Notable cat lovers include Winston Churchill, President Lincoln, and President Roosevelt, whose cat, Slippers, often attended White House dinners. Enemies of the cat include Hitler, Alexander the Great, and Napoleon.Chapter Three, "Physical Cat," is a guide to understanding and caring for your cat.

First, each of the cat's senses and physical attributes are described, to reveal how they see the world. Important cat care issues are discussed, such as whether you should get your cat "fixed" (definitely!) and what ailments your cat is likely to suffer from. Also provided are tips for proper training, advice on when to vaccinate, and information about choosing and caring for kittens.Cat Life closes with a "Gallery of Breeds," a parade of fascinating cat types with descriptions of their unique personalities and special characteristics. Overflowing with endearing photograpgs and enlightening, entertaining text, Cat Life is sure to capture the fancy of allurophiles everywhere.
