Exploring Gregory of Nyssa: Philosophical, Theological, and Historical Studies brings together an interdisciplinary team of historians, classicists, philosophers, and theologians to offer a holistic exploration of the thought of Gregory of Nyssa. The volume considers Gregory's role in the main philosophical and religious controversies of his era, such as his ecclesiastical involvement in the Neo-Nicene apologetical movement. It looks at his complex relationships—for example with his brother Basil of Caesarea and with Gregory of Nazianzus. Contributors highlight Gregory's debt to Origen, but also the divergence between the two thinkers, and their relationships to Platonism. They also examine Gregory of Nyssa's wider philosophy and metaphysics; deep questions in philosophy of language such as the nature of predication and

singular terms that inform our understanding of Gregory's thought; and the role of metaphysical concepts such as the nature of powers and identity. The study paints a picture of Gregory as a ground-breaking philosopher-theologian. It analyses the nature of the soul, and connection to theological issues such as resurrection; questions that are still of interest in the philosophy of religion today, such as divine impassibility and the nature of the Trinity; and returning to more immediately humane concerns, Gregory also has profound thoughts on topics such as vulnerability and self-direction. The volume will be of primary interest to researchers, lecturers, and postgraduate students in philosophy, classics, history, and theology, and can be recommended as secondary reading for undergraduates, especially those studying classics and theology.

her focus has shifted from American to African literature. Susan VanZanten began her career working on nineteenth-century American literature. A combination of personal circumstances, curricular demands, world events, and unfolding scholarship have led her to teach, research, and write about African literature and to advocate for a global approach to education and scholarship. This is the second book in the Turning South series, which offers reflections by eminent Christian scholars who have turned their attention and commitments beyond North America.

It is now 150 years ago, on 25th May 1842, that the son of a Salzburg ston emason presented a scientific work "On the coloured light of the double stars and certain other heavenly bodies" at a meeting of the Royal Bohemian Society of Sciences held in Prague. Christian Andreas Doppler, then professor at the Prague Technical Institute, set a milestone in scientific history in the meeting room of the Royal Society in the Charles University, just a few meters from the National Theatre where another genius from Salzburg, Wolfgang Amadeus Mozart, had celebrated his musical triumph with the premiere of his opera Don Giovanni fifty-five years earlier. Doppler's lecture set out in brilliant simplicity what we now call the Doppler principle, which since has found numerous uses in astronomy, which was of primary interest to Christian Doppler. In addition, it has found countless practical

applications in physics, navigation, aeronautics, geodesy, medicine, science and technology. In medicine alone, Doppler sonography is now an established diagnostic procedure in the fields of childbirth, cardiology and diseases of the blood vessels, neurology, neuro surgery and vascular surgery, and is continually finding new medical applications in today's world of high technology.

this book lies in its practical focus on the issues of matching work life to life in its totality. It offers an opportunity to reassess one's career and connect it to the spiritual values that bring meaning and depth to one's life. That is, drawing on strengths, life experiences, personal needs, and goals to arrive at meaningful work.

A fascinating read for anyone seeking to understand the conflict between Christianity and LGBTQI individuals, this book is, as its editors proclaim, "a fearlessly wide vision of queer Christians finding a place within Christianity—and claiming their authentic experience and voice."

Unlocked has been written to assist young Christians navigate the difficulties of finding and following God's will for their lives. Unfortunately, in contemporary American Christianity, there is a lot of misinformation concerning this important subject, and we aim to provide a biblical perspective on this issue. In short, this book argues that God's will is more like a journey than just a single destination. It's not something that we will hopefully obtain in the future; it's something that we can accomplish right now! We strongly emphasize that God has most expressly revealed his will in the Bible. Too often, we neglect this divine revelation to our detriment. We must realign our priorities by focusing, first and foremost, on what God has already said about his desires for our life before we ask the hard questions about particular careers or potential spouses. Inevitably, every Christian will encounter various problems along this journey, such as insecurity, fear, and doubt. God has provided powerful solutions to these hindrances in the Scriptures, and we strived to unpack this biblical teaching in a helpful way. Unlocked will fill you with a greater desire to accomplish God's will for your life and equip you to better handle the challenges that will arise along this journey. job and create your ideal career. Benjamin Barton, a law professor at the University of Tennessee, in his recent book on the legal profession, stated that only "44 percent of BigLaw lawyers report satisfaction with their careers." According to a 2014 Gallup poll, only 32.4% of professionals in the United States were engaged with their jobs. And over 15% were actively disengaged. There is a disconnect between lawyer's passions and their work. Some lawyers detest their jobs. Others tolerate their work for the paycheck. Either way, these lawyers are detached and dissatisfied with their jobs. They desire something deeper and more meaningful in their work and career. stations, may I ask you for one more favor today-the favor of a prayer to the Holy Ghost. I beseech all of you to ask the spirit of understanding to fill me with prudence; and the spirit of fortitude to give me strength and courage to carry on the battle against the hidden powers of darkness-perhaps not quite so hidden today as yesterday. May I also suggest that you will ask your little children who are ignorant of the causes of poverty, wretchedness and exploitation-may I suggest that you ask these innocent children to whisper a prayer for one who fully recognizes how unworthy he is but who fully realizes what a golden opportunity God has given to him to be an instrument for good. You are anxious to know what topics I shall discuss during the insuing year. Roundly speaking, it is my hope that these addresses will be concerned chiefly with Christian social justice. While my ultimate objective is to help more and more men to save their immortal souls, I recognize how difficult it is for man to practice Christian virtue, to live a holy life in peace and contentment, when he and a

great group of his fellowmen are denied unjustly an equitable share in the goods and wealth of this world-goods and wealth which our common Father in heaven bestowed upon all men for all men to use and enjoy-goods and wealth, which, alas, have been concentrated in the hands of a few to the detriment of the many because an un-Christian species of social injustice was foisted upon us in the past few centuries and because, as a result of this, an alien philosophy of social injustice, under the name either of Communism or Naziism, is endeavoring to win our allegiance today. Fearlessly, Christian social justice challenges these several systems for the attention and the support, in this instance, of the American public-a public composed of persons who, despite their many faults and shortcomings, will never surrender the heritage of Bethlehem, of Pilate's hall, of Calvary Hill or of the Easter morning sepulchre from whose empty depths there echo and re-echo the immortal words, "I am the Resurrection and the Life." Fortified with these precious heritages it is our hope to

carry on a campaign of instruction and inspiration even though we find ourselves opposed by the rugged individualists on the right and by the unchristly radicals on the left. It is our hope to convert a zealous band of followers into a group of active Christians-. Christians who, by the sincerity of their lives and the logic of their doctrines shall win millions of followers who are convinced that there is no way other than Christ's way for saving America and restoring prosperity and peace for all. My friends, at the outset, permit me to clarify the fundamental doctrine of Christian social justice-the doctrine that differentiates it from every other plan of life proposed for man to follow. It is this: Christ came on earth not only to redeem and save individuals but also to establish an absolutely new social order. Recognizing the chaotic condition of society in His own time; aware of the universal slavery practiced virtually by every nation; and conscious of the spiritual darkness which had encompassed every kingdom, empire,

republic and tribe, our Saviour well understood that man, left to his natural abilities, was unable to acquire peace and prosperity in this world and save his immortal soul in the hereafter.

The call to teach means different things to different people. This collection contends, however, that, at the very least, faithful work in the teaching vocation involves excellence, commitment, and community. Representing diverse disciplines and institutional perspectives from a Christian research university, the contributors present reflections based on personal experience, empirical data, and theoretical models. This wide-ranging collection offers insight, encouragement, and a challenge to teachers in all areas of Christian higher education. Building upon the legacy of thoughtful teaching at Baylor University while looking toward the future of higher education, this collection is framed for Christians who teach in higher education but who are also committed to research and graduate training.

the hurt he's caused? Chastity Wayne, finally free from her mother's past, is ready to move on with life. On the verge of a great relationship and about to start her burgeoning art career, she's sucked back into her family saga as she breaks her personal promise never to read her father's letters. From the moment the first envelope is opened, the emotional freedom she's tried so hard to find is slowly reclaimed word by word. WARNING -I write about characters that struggle with real-life issues. My characters, to date, have never done the deed. In fact, they've chosen the right path with abstaining from their desire for the right reasons. However, this book will touch on the subject - so be aware. Why does a 'Christian' author talk about such things? I believe Christians are sinners, and we're saved by God's grace. We're NOT going to be white as the driven snow, and if you think Christians should be you're kidding yourself. **HOWEVER**, I believe by accepting Jesus - that God gives us the strength and desire to be more like Him when-when we're searching for His influence in our lives. We're not all going to be there out of the gate and even when we do finally reach that point - we're

going to fall and stumble. Why? Because we sin. It's human nature. Even if we don't want to - we're going to mess up. That's the beautiful thing about building a relationship with God. He takes us 'where we are' (hence characters in this book who are going to say something or do something questionable) and brings us to where He wants us to be. Isn't that what it's all about? Knowing that we all can come to Him, no matter how badly we've screwed up? This is the whole point of GRACE! So, heads up to those who have been offended by this - or those who may be offended by this - please know God loves all of us -right where we are - and that's whom I'm called to write about.

"Finding Truth in Life and Love: One Man's Journey." Wow, what a title, but I hear you say the great thinkers of our time can explain Love, Life and the Universe, so why have you bothered writing a book? Stephen Hawking says, "the universe can and will create itself from nothing". Richard Dawkins explanation of life is, "We are survival machines, robot vehicles blindly programmed to preserve the selfish molecules known as genes". And as for love, science has proven that love is just a bunch of chemical reactions. So, what can I offer on the subject at hand? All these intelligent people indeed have more to say on the subject with all their knowledge gained through degrees and doctorates. What can I add to the subject with my most prized qualification being my

100-yards swimming certificate from primary school? Well, indeed, I do not have a lot of knowledge, but I do consider that life has taught me to be wise. You may ask what the difference is between knowledge and wisdom. Well, knowledge is knowing that a tomato is a fruit, wisdom is not putting tomatoes in your fruit salad. Reading some of the explanations by the world's greatest minds, like Stephen Hawking, when he says the universe will create itself from "nothing", I get the uneasy feeling that someone is messing with the fruit salad. This uneasiness and my stubborn, enquiring nature have set me on a half century discovery for truth. The earth is travelling at 67,000 miles per hour through space. Is someone driving? What about all the religions of the world? Are some or all of them true? What is the truth in any case? Does the truth matter? Why don't we abandon the truth, and all invent our reality to suit our lives?

Based on exploration of boundaries between spirituality and religion this text argues that theological study of spirituality is important for interpretation of the Christian path in a pluralistic world. As a text for the study of

Christian spirituality it explores a number of topics as context for the main argument. These include relevant sociological studies, post modern culture, contemporary study of Christian spirituality, and a brief history of the relationship between theology and spirituality. Success Is Great. But Significance Is Lasting. You've achieved a measure of success in the first half of life, and it's been a thrill. But deep in your heart, you want your second half to count for something far more. Something bigger than you. Significance. You're not alone; you're in "Halftime." You want to discover where your deepest passions intersect with your greatest abilities and harness them to help change the world. But what does significance look like? How do you attain it? What will it cost you? What if you are not yet financially independent? Who can help you make sense out of this stage of life? Lloyd Reeb knows how it is. He's wrestled with the same questions---and found answers. In *From Success to Significance*, he unfolds a blueprint that has helped thousands of men and women redefine success and infuse their lives with eternal significance. Adapt Reeb's approach to your circumstances and, with God's help, put it in motion. It works, and it will work for you. Discover God's unique purpose for your life. Your talents, your drives, and everything you are will make sense in a new way and have an impact you've never dreamed of. Go ahead, start dreaming. Because significance is within your reach, and it starts by finding the freedom to dream. "Many people measure their success

by wealth, recognition, power, and status. There's nothing wrong with those, but if that's all you're focused on, you're missing the boat. Lloyd Reeb shows that if you focus on significance---using your time and talent to serve others---that's when truly meaningful success can come your way."

As the Bible indicates, our lives are a construction zone, for our bodies are temples of the divine Spirit. Formed initially in the image of God, human beings lost intimacy with God through corruption, rebellion, or neglect. In response, the divine Creator loves us back into relationship, providing means of grace to help restore us to wholeness, beginning with our body and continuing through our mind, soul, and spirit. As buildings need cleaning, maintenance, and ongoing care, so our inner temple needs spiritual stimulus, cleaning, and care. Rebuilding the Temple is the fourth book in Vande Kappelle's series on spirituality and the arts. Books in this series reinforce the essential principle underlying all authentic spirituality: "Go deep in any one place and you will meet the infinite aliveness that is God, for God is everywhere!" Whereas earlier books consider the connection of spirituality with creative arts such as poetry, film, music, theater, drama, dance, and modern literature, this volume takes readers on a journey through classic Christian literature, beginning with the Bible and continuing through inspirational works written by diverse spiritual mentors such as Augustine, Dante, Luther, Calvin, Teresa of

Ávila, George Fox, Blaise Pascal, Henri Nouwen, A. W. Tozer, John McLaren, John Shelby Spong, Richard Rohr, and Marcus Borg. Reading their works reminds us that Christian literature is most practical and inspirational when it takes a narrative approach to theology, interpreting the spiritual journey through the ongoing stories of people and communities rather than trying to capture timeless truths analytically or through rational argumentation. Like its companion texts, Wading on Water, Deep Splendor, and Deeper Splendor, this volume is useful for individual or group study. Each chapter concludes with questions suitable for discussion or reflection.

Two young men set out on a religious journey. One was born a Muslim from East Africa, and the other was born in the Caribbean and brought up as a Christian. Although they grew up on different sides of the Atlantic, they had one thing in common which is to find the truth. As they embarked on the journey to find truth, they contemplated the truth as they knew it when they were growing up. Did they arrive at it on their own, or was it their parents truth? The journey for truth brought these two men together, and a deep friendship developed. A pact was formed that neither one would leave the other behind in their educational development and their spiritual pursuit. The friendship led to a greater discovery between the two men that will last a lifetime.

Transparency is vital to the building and strengthening of every relationship and every ministry. It allows people to see you as approachable and to feel safer when talking to you. Transparency is a gateway to trust, and trustworthiness is an important quality which people seek in a good, ministerial leader. They want to know: Is this person trustworthy? Is this person honest? How do I know I can talk to this person without fear of condemnation? It is with this in mind that Rohini Townsend approaches writing, friendships, ministry, and life itself. Her desire to see people healed and whole has led to a candor and openness that is sure to tug at the heartstrings of the despondent. *Put Some Shoes On*, is an emotional and gripping story of one little girl's journey through heartache, rejection, abuse, and turmoil. Finding Mom is a story of tragedy, secrets, and forgiveness. As a six-year-old, Steve Messer found his mother's body after she committed suicide in 1961, and for the next fifty years, he and his family lived in silence about her death and her life. This book chronicles the physical and emotional journey the author and his wife took to find his mother again, but this time as a fully human woman instead of a haunting figure shrouded in silence, this time as the mom who deeply loved her son in the midst of her deepening depression. Responding to a gentle but unmistakable nudge from the Lord, leaning on supportive family members, and utilizing his training as a historian, Messer spent six months gathering documents and images, interviewing individuals who knew his mother, and traveling to sites associated with her life. The physical journey culminated with two family gatherings that welcomed Marian Pett Messer back after the decades of silence, but the emotional journey of new-found

"Have you ever felt like what you do the majority of the week at work may not have any value to God? Many Christians struggle to find any meaning in their work.

Many are taught it's just a place to share your faith or earn a paycheck to donate to missions. Businessman Hugh Whelchel was just that guy but knew there had to be more.

His thorough biblical investigation reveals the eternal significance of work within the grand biblical story of God's mission throughout history."--Publisher description.

In popular usage, "mysticism" typically refers to New Age or Eastern forms of spirituality. However, the mystical tradition is also an important component of the Christian tradition. At its heart--and much like its expression in other faith traditions--Christian mysticism is an ancient practice that incorporates meditation, contemplation, worship, philosophy, the quest for personal enlightenment, and the experience of Divine presence. This volume is a comprehensive introduction and guide to Christian mysticism. It is a big book about a big possibility: the hope of achieving real, blissful, experiential unison with God. Among the topics covered here are a general introduction to mysticism, the Bible and mysticism, the history and types of Christian mysticism, biographical sketches of leading Christian mystics, and practical instructions about practicing mysticism today. This is a breathtaking work that explores a form of spirituality that has changed lives over the course of 2,000 years. Learning about Christian mysticism and how it has been articulated through the centuries will prove inspirational for today's seekers, regardless of the faith tradition. "The mystic is not a special kind of person; every person is a special kind of mytic."

Nobody is immune to depression, not even the most faithful and dedicated Christians. Finding the strength to effectively cope with ongoing depression in one's life may seem like an insurmountable personal and faith challenge for many followers of Jesus. You may feel like you're useless, unworthy of joy, and a complete spiritual failure. While a number of books have been written on depression from a

psychological perspective, *Overcoming the Blues* addresses spiritual concerns to provide hope and comfort for the faithful. As a counseling professor, minister, and licensed clinical pastoral therapist, Dr. Ryan Noel Fraser has recognized the ubiquity of depression among believers, as well as the overwhelming need for capable caregivers within the church. His revolutionary how-to guide offers practical guidance and holistic methods to relieve the distressing symptoms of depression in three Christ-centered ways: (1) Recognize God's abiding presence (2) Reach out to others (2 Corinthians 1:3-5) (3) Respect your limitations This book seeks to motivate, mentor, and mobilize sufferers of depression in the church to see that serving is so much more than merely a short-lived distraction from your own suffering; it can be a powerful and restorative antidote—a transformative way of life that facilitates healing and hope.
