For decades, Screen World has been the film professional's, as well as the film buff's, favorite and indispensable annual screen resource, full of all the necessary statistics and facts. Now Screen World editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes, this book chronicles the careers of every significant film actor, from the earliest silent screen stars — Chaplin, Pickford, Fairbanks — to the mid-1960s, when the old studio and star systems came crashing down. Each listing includes: a brief biography, photos from the famed Screen World archives, with many rare shots; vital statistics; a comprehensive filmography; and an informed, entertaining assessment of each actor's contributions — good or bad! In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity and glory that was the lifeblood of its subjects. Contains over 1 000 photos!

Synopsis Rest Stop is a 250 page realistic novel based on real characters I knew while I served my time in prison. It is about the convicts I lived with on a daily basis. The book starts off in prison and gives insight of the living conditions. It tells of the games that are needed in order to survive. It explains the brotherhood that forms between cell mates and the cliques you become part of, not by choice but out of necessity. Following a fight and a stabbing, the four inmates who are held responsible are being transported from a minimum security location to the main prison when they escape. The escape convicts come up with a plan to take over a rest-area on Interstate 15. It was just a few miles from Las Vegas. They figured that the people going to Vegas would have lots of cash on them. Their plan was to rob them and use the money to get out of the country. It is a long way from Oregon State Penitentiary to Las Vegas. A big part of the story takes place on the trip to get to the rest stop, with robbery, murder and rape along the way. The driving force behind the story is the dialog and vivid thought process, not only from the convicts but from the victims. Each chapter gives insight to the mind set and words of the escaped convicts, along with the Warden, the State Police and the Federal agent who is always just one step behind the inmates. The novel begins with a thrilling, fast paced opening. It holds the excited pace up to an unforgettably tense conclusion. Each chapter ends in a poem I wrote while in prison and coincides with the story. The epilogue leaves room for a sequel for a second book. Pitcairn Island -- remote and wild in the South Pacific, a place of towering cliffs and lava surf -- is home to descendants of Fletcher Christian and the Mutiny on the Bounty crew who fled there with a group of Tahitian maidens after deposing their captain, William Bligh, and seizing his ship in 1789. Shrouded in myth, the island was idealized by outsiders, who once considered it a tropical Shangri-La. But as the world was to discover two centuries after the mutiny, it was also a place of sinister secrets. In this riveting account, Kathy Marks tells a disturbing saga and asks profound questions about human behavior. In 2000, police descended on the British territory -- a lump of volcanic rock hundreds of miles from the nearest inhabited land -- to investigate an allegation of rape of a fifteen-year-old girl. They found themselves speaking to dozens of women and uncovering a trail of child abuse that went back at least three generations. Scarcely a Pitcairn man was untainted by the allegations, and barely a girl growing up on the island, home to just forty-seven people, had escaped. Yet most islanders, including the victims' mothers, feigned ignorance or claimed that the abuse was South Pacific "culture" -- the Pitcairn "way of life." The ensuing trials would tear the close-knit, interrelated community apart, for every family contained an offender or a victim, often both. The very future of the island, dependent on its men and their prowess in their longboats, appeared at risk. The islanders were resentful toward British authorities, whom they regarded as colonialists, and the newly arrived newspeople, who asked nettlesome questions and whose daily dispatches were closely scrutinized on the Internet. The case commanded worldwide attention. And as a succession of men passed through Pitcairn's makeshift courtroom, disturbing questions surfaced. How had the abuse remained hidden so long? Was it inevitable in such a place? Was Pitcairn a real-life Lord of the Flies? One of only six journalists to cover the trials, Marks lived on Pitcairn for six weeks, with the islanders as her neighbors. She depicts, vividly, the attractions and everyday difficulties of life on a remote tropical island. Moreover, outside court, she had daily encounters with the islanders, not all of them civil, and observed firsthand how the tiny, claustrophobic community ticked: the gossip, the feuding, the claustrophobic intimacy -- and the power dynamics that had allowed the abuse to flourish. Marks followed the legal and human drama through to its recent conclusion. She uncovers a society gone badly astray, leaving lives shattered and codes broken: a paradise truly lost.

The Convict's Bounty Bride Life as a convict in an Australian penal colony was brutal, but James Hunter had the advantages of raw physical strength and courage on his side. He survived, and now he is back; a self-made man of means, determined to take the bride he was promised. Lady Thea Willers knows nothing of the bargain her father made to save her brother, nor does she have any interest in marriage. It might be a radical idea, but what Thea wants is a career. The revelation that her brother's liberty depends on her marrying James Hunter is devastating. But nothing, it seems, has the power to shake Thea's world upside down like James himself, or the way he makes her feel. In the New Republic, every woman must marry five men. It's the law. Welcome to the apocalypse. Nix never put his name in the marriage raffle for a reason. He doesn't need a woman. There aren't that many to go around anyway after a genetically engineered virus wiped out 90% of the female population. He has his job as head of the Security Squadron and it's all he needs. He looks out for the township. He protects the few women there are left. But when his name is called to be one of the five husbands to the woman rescued from the badlands, he doesn't speak up to correct the error. Because Audrey's like no one he's ever met before. Fiesty. That's the name for her. Not like so many of the women they've brought back before. She's not broken. She might be just the woman to handle a rough, brutal man like him. Sharing her with four other men is a small price to pay. In fact, the closer they all grow, the more Nix realizes he might finally have again what he lost so long ago--a real family. But when outside forces threaten everything he holds dear, Nix will be forced to face his deepest, darkest fear. When Audrey's life is endangered, will he be able to save the woman he's just learned how to love?

THE CHRONICLES OF NEWGATE

Galagnani's Messenger

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and

eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

The fourth and final book in the epic Convict Girls saga from bestselling author Deborah Challinor, vividly bringing the past and its people to life. 1832: Convict girls Friday Woolfe, Sarah Morgan and Harriet Clarke have been serving their sentences in Sydney Town for three years. For much of that time they have lived in fear of sinister and formidable Bella Jackson, who continues to blackmail them for a terrible crime. Each of them has begun to make a life for herself, but when Harrie's adopted child Charlotte is abducted and taken to Newcastle, the girls must risk their very freedom to save her. But is Friday up to the task? Will the desperate battle with her own vices drive her to fail not only herself, but those she loves and all who love her? In this final volume of a saga about four convict girls transported halfway around the world, friends and family reunite but cherished loved ones are lost, and an utterly shocking secret is revealed. Praise for Deborah Challinor and the Convict Girls series: 'Deborah Challinor brings Australia's convict past to life' -- Good Reading 'Challinor is a good storyteller; her characters have depth and her historical backdrops are well researched, seamless joining fact and fiction and creating a convincing, atmospheric yarn' -- Bookseller + Publisher 'Seamlessly fuses historical fact and engrossing fiction' -- Queensland Times

True crime stories provide the foundation of this prison memoir. Bill Dyer was robbed and shot at an ATM. In *Doing Time with God*, you go into prison with him and other victims of violence to meet with convicted felons who will be facing their worst and greatest realizations, before they are released. Nothing

is predictable when victims and offenders come together and share their stories of the true crimes that have devastated their lives...and reshaped them. Victim-survivors remember their losses and feel their pain; Offenders come face-to-face with the hurt they have caused, and open wounds from their own past. Walls of defensiveness and fear are knocked down by empathy and compassion, vulnerability and tears. Raw emotions flow. The way to peace is often intense, turbulent, and heartbreaking. Even when it's not pretty, the journey is beautiful in its honesty... miraculous in the way it unfolds...divine in how it transforms lives. **This Amazing Process Opens the Heart, Touches the Soul, and Renews the Mind**

Exile was a potent form of punishment and a catalyst for change in colonial Asia between the seventeenth and early twentieth centuries. Vast networks of forced migration supplied laborers to emerging colonial settlements, while European powers banished rivals to faraway locations. Exile in Colonial Asia explores the phenomenon of exile in ten case studies by way of three categories: "kings," royals banished as political exiles; "convicts," the vast majority of those whose lives are explored in this volume, sent halfway across the world with often unexpected consequences;

and “commemoration,” referring to the myriad ways in which the experience and its aftermath were remembered by those exiled, relatives left behind, colonial officials, and subsequent generations of descendants, devotees, historians, and politicians. Intended for a broad readership interested in the colonial period in Asia (South and Southeast Asia in particular), the volume encompasses a range of disciplinary perspectives: anthropology, gender studies, literature, history, and Asian, Australian, and Pacific studies. In addition to presenting fascinating, little-known, and varied case studies of exile in colonial Asia and Australia, the chapters collectively offer a sweeping, contextualized, comparative approach that links the narratives of diverse peoples and locales. Rather than confining research to the European colonial archives, whenever possible the authors put special emphasis on the use of indigenous primary sources hitherto little explored. Exile in Colonial Asia invites imaginative methodological innovation in exploring multiple archives and expands our theoretical frontiers in thinking about the interconnected histories of penal deportation, labor migration, political exile, colonial expansion, and individual destinies.
