

## The Fourth Doctor Adventures Series 7A (Doctor Who The Fourth Doctor Adventures)

Last Man RunningBbc Books

The Doctor and Leela investigate the draining of electrical energy from a lighthouse and discover that the rumored beast of local superstition is a far more real and dangerous enemy.

The Doctor inadvertently materializes on Ashkellia, where the tomb of the dreaded Valdemar lies. Or are the tales of the evil ruler - reputedly responsible for the chaos surrounding the Higher Dimensions - only a myth after all?

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Doctor Who-Guide 1/3

The Lost Adventures by Douglas Adams

***The Doctor and his companions arrive at a city which appears to be a haven of beauty, harmony, and friendship, but they soon discover that the security of the city is founded on a deadly and appalling secret***

***From the unique mind of Douglas Adams, legendary author of The Hitchhiker’s Guide to the Galaxy, comes Shada, a story scripted for the television series Doctor Who but never produced—and now transformed into an original novel. A little knowledge is a dangerous thing. Imagine how dangerous a LOT of knowledge is... The Doctor’s old friend and fellow Time Lord, Professor Chronotis, has retired to Cambridge University, where among the other doddering old professors nobody will notice if he lives for centuries. He took with him a few little souvenirs—harmless things really. But among them, carelessly, he took The Worshipful and Ancient Law of Gallifrey. Even more carelessly, he has loaned this immensely powerful book to clueless graduate student Chris Parsons, who intends to use it to impress girls. The Worshipful and Ancient Law is among the most dangerous artifacts in the universe; it cannot be allowed to fall into the wrong hands. The hands of the sinister Skagra are unquestionably the wrongest ones possible. Skagra is a sadist and an egomaniac bent on universal domination. Having misguessed the state of fashion on Earth, he also wears terrible platform shoes. He is on his way to Cambridge. He wants the book. And he wants the Doctor...***

***People of Red Rocket Rising, my fellow citizens. Our long night is over. I've been contacted by a benevolent people. They too have known great trials, but they have overcome them and made it their mission to help others do the same. They have offered us refuge, and passage to the nearest human worlds. They have the resources, and the patience and compassion, to evacuate every one of us. My fellow citizens, my friends, rescue is at hand!***

***Recuperating after the trauma of his recent regeneration, the Doctor falls foul of a final booby-trap set by his arch-enemy, the Master. When he recovers, the disoriented Doctor looks in a mirror and sees the face of a stranger. He knows only that he is called “the Doctor” -- nothing more. But something deep inside tells him to trust the TARDIS, and his hands move over the controls of their own accord. The TARDIS takes him to a strangely familiar junkyard in late-nineties London, where he is flung into a confrontation between local drug-dealers and Samantha Jones, a rebellious teenage from Coal Hill School. But the Doctor soon finds the TARDIS transporting him to various other places in order to recover all of his memories -- and that involves seeing seven strangely-familiar faces.”--Page 4 of cover.***

***Doctor Who: Scratchman***

***Kaufman Field Guide to Nature of New England***

***The Twilight Kingdom***

***Doctor Who: The Fourth Doctor Complete Collection***

*The first Doctor, Ian, Barbara, and Vicki find themselves at a crucial moment in British history: London, November 1605. When they uncover a plot to blow up the Houses of Parliament, they think they know what to expect. But they're in for a very unpleasant surprise.*

*The blood of innocents has been spilt. A terrible sequence of events has been set in motion. The forces of darkness are on the move. Deep underground, an army of light prepares itself for the oncoming war. The Doctor's used to winning.*

*Stumbling in, reading the face of the enemy, and then beating the odds but what if this time he's got it wrong? Charley and C'rizz think he has.*

*We live forever, barring accidents. Just like everyone else in the universe. The Doctor travels back to the Ancient Days, an era where life flourishes and death is barely known... Then come the Kotturuh - creatures who spread through the cosmos dispensing mortality. They judge each and every species and decree its allotted time to live. For the first time, living things know the fear of ending. And they will go to any lengths to escape this grim new spectre, death. The Doctor is an old hand at cheating death. Now, at last, he can stop it at source. He is coming for the Kotturuh, ready to change everything so that Life wins from the start. Not just the last of the Time Lords. The Time Lord Victorious.*

*"Years after leaving UNIT, Jo Grant receives a plea for help from an old acquaintance. A palaeontological study of the earliest known humans is apparently under threat from a UNIT force led by a captain who does not officially exist.*

*Investigating further, she begins to find herself out of her depth -- and out of the twentieth century altogether. Meanwhile, the Doctor and Sam visit Earth in 2109 -- but there is no trace of the human race. Earth is the home of the Tractites, a peaceful race who have been living there for hundreds and thousands of years. Astonished and appalled, the Doctor travels back in time to see just what went wrong in Earth's pre-history. Why have Jo and the expedition been taken back in time? Are the Tractites all they seem? Finally, separated from the TARDIS, the Doctor's last chance to put things right rests with Sam -- but has even she turned against him?"--Page 4 of cover.*

*Doctor Who: Shada*

*Last Man Running*

*Doctor Who: All Flesh is Grass*

*Time Lord Victorious*

*Blood of the Daleks*

The Doctor and Leela arrive on Kaldor where the populace relies on benign and obedient robots to function, but the Doctor and Leela recognize these robots and know that they are not harmless servants.

White consumes the New Hampshire landscape, as US troops close like a platoon of ghosts on an armed cult, following a spate of unnaturally severe blizzards. Screams are carried on the frosty winds, but as the troops break in they find the house deserted. A gunfight with no victims. The Doctor, hoping to give Leela a taste of life among the tribes of Native America, finds he has fractionally misjudged his coordinates, and they too are trapped in the frozen wastes, for he has strangely lost his homing affinity with the TARDIS. In the nearby small town of Winnepesaukee, a little girl called Amber Mailloux, distressed by the disappearance of her father, frustrated with her mother’s roaming, unsettled life, feels almost at one with the heartless, lonely raging of the storm. But none of them know that the snow, the ice is not just a backdrop, but the real enemy. At the heart of the drift is a living presence, glorying in the cold, inhuman structures of the ice. And it's hungry...

Dr. Who encounters one of the most notorious characters from the past, as he journeys through time to solve the great Historical Mysteries. Not surprisingly the Doctor becomes mixed up with Richard the third himself, as he tries to unravel the perplexing problem of who exactly killed the Princes in the Tower.

THE SUNDAY TIMES BESTSELLER What are you afraid of? In his first-ever Doctor Who novel, Tom Baker’s incredible imagination is given free rein. A story so epic it was originally intended for

the big screen, Scratchman is a gripping, white-knuckle thriller almost forty years in the making. The Doctor, Harry and Sarah Jane Smith arrive at a remote Scottish island, when their holiday is cut short by the appearance of strange creatures – hideous scarecrows, who are preying on the local population. The islanders are living in fear, and the Doctor vows to save them all. But it doesn’t go to plan – the time travellers have fallen into a trap, and Scratchman is coming for them. With the fate of the universe hanging in the balance, the Doctor must battle an ancient force from another dimension, one who claims to be the Devil. Scratchman wants to know what the Doctor is most afraid of. And the Doctor’s worst nightmares are coming out to play...

50th Anniversary Edition

Fear of the Daleks

Death to the Daleks

The Eight Doctors

***"To continue Leela's education, the Doctor promises to take her to the famous Morovian Museum. But the TARDIS lands instead in a quiet English village, where they meet the enigmatic collector Harcourt and his family. When people start to die, reality doesn't appear quite what it was. There's something sinister going on within the walls of Harcourt's manor, and the stakes are higher than they can imagine. The Doctor is about to discover that a little knowledge can be a dangerous thing.”--Container.***

***The old village well is just a curiosity - something to attract tourists intrigued by stories of lost treasure, or visitors just making a wish. Unless something alien and terrifying could be lurking inside the well?***

***Something utterly monstrous that causes nothing but death and destruction? But who knows the real truth about the well? Who wishes to unleash the hideous force it contains? What terrible consequences will follow the search for a legendary treasure hidden at the bottom? No one wants to believe the Doctor's warnings about the deadly horror lying in wait - but soon they'll wish they had... Featuring the Tenth Doctor and Martha as played by David Tennant and Freema Agyeman in the hit sci-fi series from BBC Television.***

***"The legend dates back to Roman times, at least: a great White Worm, as wide as a man, slithers out of the rocks of the Dark Peak Gap to take animals, sometimes even children, for its food. When the Doctor and Leela arrive in the wilds of Derbyshire, only to get caught up in the hunt for a missing girl, they soon discover that the legend of the Worm is very much alive, even now, in 1979. Worse still, it seems that the Doctor isn't the only renegade Time Lord on the trail of this deadly and mysterious Worm”--Container.***

***The Doctor, Romana, and K-9 are hoping for a holiday in London in the sweltering summer of 1930. But the TARDIS is warning of time pollution. And that's not the only problem. What connects the isolated Sussex resort of Nutchurch with the secret society run by the eccentric Percy Closed? Why has millionaire Hepworth Stackhouse dismissed his staff and hired assassin Julia Orlostro? And what is the truth behind the infernal vapour known only as Zodaal? With the heat building, the Doctor and his friends set out to solve the mysteries. An adventure set in 1930s London, featuring the Fourth Doctor as played by Tom Baker and his companions Romana and K-9.***

The Good Soldier, Schweik

Doctor Who: Beautiful Chaos

***Even a Time Lord can’t change the past. A wasteland. A dead world... No, there is a biodome, rising from the ash. Here, life teems and flourishes, with strange and lush plants, and many-winged insects with bright carapaces - and one solitary sentient creature, who spends its days watering the plants, talking to the insects, and tending this lonely garden. This is Inyit, the Last of the Kotturuh. In All Flesh is Grass we are transported back to The Dark Times. The Tenth Doctor has sworn to stop the Kotturuh, ending Death and bringing Life to the universe. But his plan is unravelling - instead of bringing Life, nothing has changed and all around him people are dying. Death is everywhere. Now he must confront his former selves - one in league with their greatest nemesis and the other manning a ship of the undead...***

***When the Fourth Doctor and Sarah Jane Smith took a trip to London in 1887, they didn't count on being dragged into a petrifying alien conspiracy that stretches all the way back to Ancient Greece! Pursued through the streets by the fearsome Scryclops, and at the mercy of the mysterious Lady Emily Carstairs, the pair must team with Professor Odysseus James and his adventurer daughter, Athena, to avoid a horrifying fate - one already set in stone Collects Doctor Who: The Fourth Doctor mini-series #1-5 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri}***

***Whilst travelling in the vortex, the TARDIS is struck by an advanced war machine - a Time Tank! Losing Romana, the Doctor and K9 pursue the Tank to Aoris, a world quite literally at war with itself. Soldiers from the future are attacking the past of their own planet - gathering resources and stealing endangered species. But the past is not without weapons of its own - leaving deadly devices ready to trigger many years ahead after their enemies have been born. Trapped at opposite ends of a temporal war, the Time Lords have two time zones to save. But who is in the right, and who in the wrong? And when history itself is against you, can anybody actually win?***
