

The Girls' Book Of Crafts Activities

From Michaels–America’s largest specialty retailer of arts and crafts merchandise and the place to get supplies for painting, floral and home décor, needlework, scrapbooking, and more—comes an extraordinarily big, beautiful, and encyclopedic collection of techniques and 175 projects. Whatever a crafter’s pleasure, it is in here, from beading and woodworking to glass and fabric crafts. The 30 subject areas are divided into 9 chapters that all feature a basic instructions section packed with plentiful color pictures and designer tips; 5 to 10 projects; and a two-page spread of gallery photos of additional projects for inspiration. What’s included in this unequalled treasure trove?
* Beading: wire and bead jewelry, wire crafting, and decorative beading
* Clay: polymer and bread dough
* Painting: stenciling, faux finishing, and gold leafing. With the gliding techniques, even the simplest box can look like an heirloom.
* Paper: memory books and cards, decoupage, rubber stamping
* Floral crafts: dried flowers, silk flower arranging, potpourris and sachets. A rose floral silk pillow brings springtime indoors year-round.
* Glass: glass painting and etching. The lovely flasks with stars, leaves, and swirls would make a beautiful display.
* Home decorating: candlemaking and decorating (including gel) and soapmaking
* Wood: wood finishing and burning, plus clockmaking
* Fabric: painting on fabric, tie die, and sun painting
An appendix covers basic materials and techniques, including typing the perfect bow, lettering, and basic mat cutting. Whether you want more projects using your favorite craft, or are interested in learning a new one, this volume is a must-have.

The American Girl’s Handy Book was one of the earliest works written primarily for girls’ amusement and enjoyment. It introduced original and novel ideas to open new routes for enterprise and entertainment for girls. The main goal was to engrave upon the girls’ minds that they all have talent and the ability to achieve more than what they think is possible. During the time of this book’s publication, it was unusual to promote girls to be inventive. But the writer desired to awaken this creative side in them by giving detailed methods of new tasks and amusements, to put them on the road they could travel and explore alone. Anyone curious about knowing the initiatives taken for girls’ empowerment in the olden days will find this work beneficial.
