Practicing Mindfulness offers effective, modern meditations and exercises to start practicing everyday mindfulness, today.

Grover learns simple meditation techniques and plays a fun game to help him learn to focus on one thing at a time in this helpful board book—based on the popular Sesame Street Monster Meditation video on YouTube, made in collaboration with the mindfulness app Headspace. Sometimes everyone needs to slow down and take some cleansing belly breaths—even Grover! Grover is trying to do so many things at once that nothing's getting done! This terrific board book features Grover learning a game to help him focus and complete one task at a time. The game is a fun and simple one that all young children can easily learn and do whenever they feel overwhelmed. Plus there's an offer in the book for a free month of the Headspace app! This is book 3 in a series of six books, all inspired by the popular Sesame Street Monster Meditation videos on YouTube, that will help young girls and boys learn mindfulness techniques along with their favorite characters. The videos are made in collaboration with Headspace, the mindfulness app. The art style in the books is the same as in the videos—bright and simple, to appeal to the youngest Sesame Street fans. Look for Sesame Street: Monster Meditation books 1 and 2: Being Patient with Cookie Monster Getting Ready for Bed with Elmo Sesame Workshop, the nonprofit educational organization behind Sesame Street, aims to help kids grow smarter, stronger, and kinder through its many unique domestic and international initiatives. These projects cover a wide array of topics for families around the world.

Korean edition of [The Headspace Guide to Meditation and Mindfulness] by Andy Puddicombe. Andy Puddicombe, a former Buddhist monk, the Voice of Headspace, and the UK's foremost mindfulness expert, is on a mission: to get people to take 10 minutes out of their day to sit in the here and now. Quiet the mind, feel less stressed, less tired, and achieve a new level of calm and fulfillment in just ten minutes a day. Korean edition translated by An Jin Hwan.

A practical, accessible guide to the fundamentals of Buddhist meditation, with pointers from some of today's most respected Buddhist teachers, including Pema Chödrön, Thich Nhat Hanh, Cyndi Lee, and Sharon Salzberg. As countless meditators have learned firsthand, meditation practice can positively transform the way we see and experience our lives. This practical, accessible guide to the fundamentals of Buddhist meditation introduces you to the practice, explains how it is approached in the main schools of Buddhism, and offers advice and inspiration from Buddhism's most renowned and effective meditation teachers, including Pema Chödrön, Thich Nhat Hanh, the Fourteenth Dalai Lama, Sharon Salzberg, Norman Fischer, Ajahn Chah, Chögyam Trungpa Rinpoche, Shunryu Suzuki Roshi, Sylvia Boorstein, Hoah Levine, Matthieu Ricard, Judy Lief, and many others. Topics include how to build excitement and energy to start a meditation routine and keep it going, setting up a meditation space, working with and through boredom, what to look for when seeking others to meditate with, how to know when it's time to try doing a formal meditation retreat, how to bring the practice "off the cushion" with walking meditation and other practices, and much more.

Time to Focus, Grover!: Sesame Street Monster Meditation in collaboration with Headspace

The Upside of Stress

Formally The Headspace Diet, this book is designed to show you how to find your ideal weight in an easy, manageable and mindful way. It allows you to escape the endless diet trap by following simple yet potentially life-changing exercises in order to develop new effective habits and a much improved relationship with food and your body. The Headspace mission is to get as many people taking just 10 minutes out of their day to practise these powerful mindfulness techniques. Mindful eating is a key aspect of mindfulness and as you start to practise it you will notice profound results, both in terms of your shape but also your overall health and well being. Have you tried every diet going only to see the weight creep back on again? Do you feel guilty and anxious about eating certain foods? Or find yourself unable to resist that extra helping even if you're not actually that hungry? Are you unhappy with your body and how it looks and feels? Now is the time to stop what you're doing and try a different, healthy and brilliantly effective approach...

Cookie Monster learns simple meditation techniques and plays a fun game to help be more patient—based on the popular Sesame Street Monster Meditation video on YouTube made in collaboration with the mindfulness app Headspace. Sometimes everyone needs to slow down and take some cleansing belly breaths—even Cookie Monster! This terrific board book features Cookie Monster learning a calming game to help pass the time as he waits for his cookies to finish baking. The game is a fun and simple one that all young boys and girls can easily play whenever they need to be patient. This is Book 1 in a series of 6 books, all inspired by the popular Sesame Street Monster Meditation videos on YouTube, that will help young girls and boys learn mindfulness techniques along with their favorite characters. The videos are made in collaboration with Headspace, the mindfulness app. Sesame Workshop, the nonprofit educational organization behind Sesame Street, aims to help kids grow smarter, stronger, and kinder through its many unique domestic and international initiatives. These projects cover a wide array of topics for families around the world.

The Mindfulness Journals Is your daily guidebook for living in the present moment and experiencing the richness of life by applying mindfulness techniques to your work, your relationships, your habits, and even the most mundane tasks of your day.

As a former Buddhist monk with over 10 years of teaching experience, Andy Puddicombe has been acknowledged as the UK's foremost mindfulness meditation expert. Like his readers and students, he began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine—proving that just 10 minutes a day can make a world of difference. Simple exercises, stories and techniques culled from Andy's years of experience will help anyone calm the chatter in their minds. The result? More headspace, less stress. Get Some Headspace also brings us the extraordinary science behind this seemingly simple cure-all. This book and practice will help readers positively impact every area of their physical and mental health through mindfulness, from productivity and focus, to stress and anxiety relief, sleep, weight-loss, personal relationships...and the list goes on and on.

How Mindfulness Can Change Your Life in Ten Minutes a Day

I Am Here Now

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. "the greatest" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

"If you're thinking about trying mindfulness, this is the perfect introduction...I'm grateful to Andy for helping me on this journey." BILL GATES It's kind of genius! EMMA WATSON Feeling stressed about Christmas/Brexit/everthing? Try this... Demystifying meditation for the modern world: an accessible and practical route to improved health, happiness and well being, in as little as 10 minutes. Andy Puddicombe, founder of the celebrated Headspace, is on a mission: to get people to take effective techniques of meditation. * Rest an anxious, busy mind * Find greater ease when faced with difficult emotions, thoughts, circumstances * Improve focus and concentration * Sleep better * Achieve new levels of calm and fulfillment. The benefits of mindfulness and meditation are well documented and here Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. First published as Get Some Headspace, this reissue shows you Please note: This is a companion version & not the original book. Sample Book Insights: #1 The most common misconception about meditation is that it involves achieving a quiet empty mind through meditation, which is a bubble in which there is nothing but space and through which nothing unpleasant can enter. But meditation is actually about stopping thoughts and feelings. #2 When you first sit down to meditate, it can feel like you are caught in the middle of a traffic jam of your mind. You can see it more clearly. #3 When we try to control everything, we end up getting caught up in the rush hour traffic of our own minds. When we step back and observe the thoughts and feelings, there is a sense of increased space. It might feel as if we are simply an observer, watching the thoughts and feelings go by. #4 The thoughts that pop into your mind when you sit down to meditate or when you're walking down the street are autonomous. You didn't bring them to mind, they came.

"Emily Oster is the non-judgmental girlfriend holding our hand and guiding us through pregnancy and motherhood. She has done the work to get us the hard facts in a soft, understandable way." —Amy Schumer "Fully Revised and Updated for 2021" What to Expect When You're Expecting meets Freakonomics: an award-winning economist disproves standard recommendations about pregnancy to empower women while they're expecting. From the author of Crisbsheet and The Family Pregnancy—unquestionably one of the most profound, meaningful experiences of adulthood—can reduce otherwise intelligent women to, well, babies. Pregnant women are told to avoid cold cuts, sushi, alcohol, and coffee without ever being told why these are forbidden. Rules for prenatal testing are similarly unexplained. Moms-to-be desperately want a resource that empowers them to make their own right choices. When award-winning economist Emily Oster was a mom-to-be herself, she often misguded and some are just flat-out wrong. Debunking myths and explaining everything from the real effects of caffeine to the surprising dangers of gardening, Expecting Better is the book for every pregnant woman who wants to enjoy a healthy and relaxed pregnancy—and the occasional glass of wine.

The result? More headspace, less stress. Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. Switch off after work * Fall asleep at night * Feel less anxious, sad, or angry * Control your cravings * Find a healthy weight*

When Kite was a therapist for years before realizing all the talk and analysis weren't making a lasting difference in the lives of his patients. So he quit his practice and looked for a new way to help people feel better. What he discovered is a different approach to finding a secret, peaceful, and permanent place inside yourself that you can access at all times. a path to getting out of your head, to surrender to what is. You'll see that you already have what you need to be happy and well. Kite draws on the principles of ancient Chinese philosophy and his extensive experience helping people from all walks of life as a relaxation and acupuncture expert. His ten steps will show you how to tune in to your natural rhythms, view your emotions from a different perspective, and finally experience a state of bliss that you can return to again and again. The secret to feeling at home in yourself isn't therapy, meditation, silencing your phone, throwing out your possessions or traveling the world. The answer is already inside you.

Learn how meditation can transform your life TODAY! A 'meditation for beginners' guide that will give you life-long peace and happiness. A regular meditation habit can make you healthier, happier and more successful than ever! This book will teach you exactly how to calm your mind, release tension and 'let go' in a way that will change your life forever! Meditation isn't about chanting, crystals or playing with an eagle feather. It is a scientifically proven way of taking control of your life by taking control of your mind. With Meditation for Beginners - How to Relieve Stress, Anxiety and Depression and Return to a State of Inner Peace and Happiness you're going to learn exactly how to meditate, how to use meditation techniques to calm your mind and how to practice meditation daily. Meditation for Beginners Learning how to meditate and developing a regular meditation practice doesn't have to be difficult. Yes, meditation can seem difficult at first and learning how to take control of your mind can be a challenge, but meditating for only a few minutes a day can help you significantly reduce stress, improve your physical and mental health, maximize your ability to focus and increase productivity. Buddhism teaches that taking control of your mind through meditation is the only real antidote to stress, anxiety and depression. Scientific studies have validated this and offer proof that meditation CAN in fact change brain chemistry and alter brain waves. If your meditation efforts have been frustrating, don't worry Meditation for Beginners will help you overcome the common obstacles to developing a long term meditation habit. Meditation is like riding a bike. You fall at first but eventually your ability to meditate becomes easier and your meditation practice becomes the most refreshing and life-giving part of your day. Meditation for Beginners teaches you the science behind the amazing benefits of meditation how to meditate in a way that works for you How to create a meditating routine How to make meditation a habit How mindfulness meditation can help you become aware of the present moment How to make meditation the most important activity in your day How to provoke a meditative state How to create an ongoing state of inner peace and happiness How to find time to meditate Guided meditation Mantra meditation Mindfulness meditation Body scan meditation Talking meditation Prayer meditation ...and much more! In a step by step way, Meditation for Beginners will walk you through everything you need to know about meditation and how to successfully meditate every day. Here's a Preview of What You'll Learn... What is meditation The history of meditation The benefits of meditation for the body The benefits of meditation for the mind How meditation works The healing power of meditation Common obstacles to meditation Types and elements of meditation How to prepare for meditation How to practice meditation every day How to make the most of your meditation practice...and more! People who meditate regularly experience less worry, anxiety and stress and are more positive and productive. You too can experience the amazing benefits of meditation by downloading this book today!

The life-changing international bestseller reveals a set of simple yet powerful mindfulness practices that you can incorporate into daily life to help break the cycle of anxiety, stress, unhappiness, and exhaustion. Mindfulness promotes the kind of happiness and peace that gets into your bones. It seeps into everything you do and helps you meet the worst that life throws at you with new courage. Based on Mindfulness-Based Cognitive Therapy (MBCT), the book revolves around a straightforward form of mindfulness meditation which takes just a few minutes a day for the full benefits to be revealed. MBCT has been clinically proven to be at least as effective as drugs for depression and is widely recommended by US physicians and the UK's National Institute for Health and Clinical Excellence—in other words, it works. More importantly it also works for people who are not depressed but who are struggling to keep up with the constant demands of the modern world. MBCT was developed by the book's author, Oxford professor Mark Williams, and his colleagues at the Universities of Cambridge and Toronto. By investing just 10 to 20 minutes each day, you can learn the simple mindfulness meditations at the heart of MBCT and fully reap their benefits. The book includes links to audio meditations to help guide you through the process. You'll be surprised by how quickly these techniques will have you enjoying life again.

The Headspace Guide to Meditation and Mindfulness

The Gift of Presence

A pocket-sized collection of 25 easy mindfulness practices you can do anytime, anywhere—from the author of Mindful Eating Mindfulness can reduce stress, improve physical health and quality of life, and give you deep insight. Meditation practice is one way to do it, but not the only way. In fact, there are easy ways to fit it into your everyday life. Jan Chozen Bays provides here 25 practices that can be used on the go to cultivate mindfulness. The three-breath practice, the mindfulness of entering rooms, offering compliments, tasting your food one careful bite at a time—these deceptively simple practices can have a cumulative effect for the better. Use them to cultivate the gratitude and insight that come from paying attention with body, heart, and mind to life's many small moments. This book is an abridgment of Bays' longer collection How to Train a Wild Elephant: And Other Adventures in Mindfulness. Mindfulness on the Go is part of the Shambhala Pocket Library series. The Shambhala Pocket Library is a collection of short, portable teachings from notable figures across religious traditions and classic texts. The covers in this series are rendered by Colorado artist Robert Spellman. The books in this collection distill the wisdom and heart of the work Shambhala Publications has published over 50 years into a compact format that is collectible, reader-friendly, and applicable to everyday life.

In an irresistible invitation to lighten up, look around, and live an unscripted life, a master of the art of improvisation explains how to adopt the attitudes and techniques used by generations of musicians and actors. Let's face it: Life is something we all make up as we go along. No matter how carefully we formulate a "script," it is bound to change when we interact with people with scripts of their own. Improv Wisdom shows how to apply the maxims of improvisational theater to real-life challenges—whether it's dealing with a demanding boss, a tired child, or one of life's never-ending surprises. Patricia Madson distills thirty years of experience into thirteen simple strategies, including "Say Yes," "Start Anywhere," "Face the Facts," and "Make Mistakes, Please," helping readers to loosen up, think on their feet, and take on everything life has to offer with skill,chutzpaz, and a sense of humor.

The mind contains the seeds of its own awakening—seeds that we can cultivate to bring forth the fruits of a life lived consciously. With Mindfulness, Joseph Goldstein shares the wisdom of his four decades of teaching and practice in a book that will serve as a lifelong companion for anyone committed to mindful living and the realization of inner freedom. Goldstein's source teaching is the Satipatthana Sutta, the Buddha's legendary discourse on the four foundations of mindfulness that became the basis for the many types of Vipassana (or insight meditation) found today. Exquisite in detail yet wholly accessible and relevant for the modern student, Mindfulness takes us through a profound study of: Ardency, clear knowing, mindfulness, and concentration—how to develop these four qualities of mind essential for walking the path wisely The Satipatthana refrain—how deeply contemplating the four foundations of mindfulness opens us to bare knowing and continuity of mindfulness Mindfulness of the body, including the breath, postures, activities, and physical characteristics Mindfulness of feelings—how the experience of our sense perceptions influences our inner and outer worlds Mindfulness of mind—learning to recognize skillful and unskillful states of mind and thought Mindfulness of dhammas (or categories of experience), including the Five Hindrances, the Six Sense Spheres, the Seven Factors of Awakening, and much more "There is a wealth of meaning and nuance in the

experience of mindfulness that can enrich our lives in unimagined ways," writes Goldstein. In Mindfulness you have the tools to mine these riches for yourself.

Enjoy a natural, positive pregnancy. Trimaster by trimester, this beautiful book gives you safe yoga, meditation, natural remedies, nutrition, and hypnobirthing techniques to match your stage of pregnancy. Encouraging, practical advice from midwife and positive birth expert, Tracy Donegan, will help you to understand your body, relish your pregnancy, and bond with your growing baby. Troubleshoot pregnancy aches and pains with appropriate exercises; quell morning sickness with natural remedies and food, bond with your baby through meditation and movement, and prepare your body and mind safely and healthily for childbirth using strengthening exercises and hypnobirthing techniques. Feel empowered to nurture and give birth to your baby with strength and confidence, and embrace your life as a new mum. "A must-read for all parents who want to create a healthier, more joyful, more peaceful world." - Deepak Chopra, MD

"What a gift to new and expecting moms. You have no idea the mountain and rollercoaster you're about to embark on, but Nurture somehow gives you a peek in and gives you essential information to help ground you." -Catherine McCord, founder of Woelicious and One Potato A comprehensive and judgement-free pregnancy companion. Nurture is the only all-in-one pregnancy and birthing book for modern mothers-to-be and their partners who want a more integrative approach. Author Erica Chidi Cohen has assisted countless births and helped hundreds of families ease into their new roles through her work as a doula. Nurture covers everything from the beginning months of pregnancy to the baby's first weeks. This empowering book includes:
• Supportive self-care and mindfulness exercises, trimester-specific holistic remedies, nourishing foods and recipes for every month of pregnancy, and expert tips for every birth environment.
• More than 40 charming and helpful illustrations, charts, and lists can be found throughout.
• Dozens of important topics that every modern mom needs to know including fetal development, making choices for a hospital, home or birth center birth, the basics of breastfeeding, tips on what to expect postpartum, and more. Nurture is an all-inclusive pregnancy and birthing guide book that gives soon-to-be mothers and their partners the information they need to make decisions, feel confident, and enjoy the beauty of creating new life. Nurture is a thoughtful and helpful gift for expecting mothers and their partners. Erica Chidi is co-founder and CEO of Loom in Los Angeles, CA. She began her work in San Francisco, volunteering as a doula within the prison system, working with pregnant inmates. She went on to build a successful doula and health education practice in Los Angeles and has been featured in Women's Health, Vogue, Goop, The Cut and Marie Claire.

This is the authoritative guide to conducting the Mindful Self-Compassion (MSC) program, which provides powerful tools for coping with life challenges and enhancing emotional well-being. MSC codvelopers Christopher Germer and Kristin Neff review relevant theory and research and describe the program's unique pedagogy. Readers are taken step by step through facilitating each of the eight sessions and the accompanying full-day retreat. Detailed vignettes illustrate not only how to teach the course's didactic and experiential content, but also how to engage with participants, manage group processes, and overcome common obstacles. The final section of the book describes how to integrate self-compassion into psychotherapy. Purchasers get access to a companion website with downloadable audio recordings of the guided meditations. Note: This book is not intended to replace formal training for teaching the MSC program. See also two related resources for MSC participants and general readers, The Mindful Self-Compassion Workbook, by Kristin Neff and Christopher Germer, and The Mindful Path to Self-Compassion, by Christopher Germer.

If you're thinking about buying this book, it's probably because it feels like something's missing in your career. Guess what? It could be YOU. Whether you're living for the weekends or counting the minutes until 5 pm every day, life is too short to wish it away because you feel stuck in your job. The good news is that you have the power to stop living on autopilot and turn your career around. "Follow your passion," "find your purpose," and "do what you love" have joined the parade of bland directives that aren't doing much to actually help you figure out what you're meant to do with your career. Instead, they only create more confusion. If all we had to do is "follow our bliss" . . . why aren't we blissful yet? The truth is, the best career is not one where you only do what you love, but one where you honor who you are. In You Turn, counterterrorism professional turned career coach Ashley Stahl shares the strategies she's used to help directors ditch their Monday blues, get clarity on what work lights them up, and devise an action plan to create a career they love. This book gives readers access to Stahl's coveted 11-step roadmap that has guided thousands of coaching clients in 31 countries to self-discovery and success. Throughout her process, you'll:
• Discover your Core Skillset. Uncover your gifts and talents to create an intentional career path that's fulfilling and aligned with who you are—and what you're good at.
• Understand your "Inner Money Blueprint." Discover the root of your money mindset, and how to break free of financial limitation.
• Clarify your Core Interests. Identify the difference between a passion, gift, and calling so you can get clear on what's meant to be a hobby—and what's meant to be a career!
• Become your own coach. Walk away with a unique set of tools for staying true to your best self in times of stress, frustration, or anxiety. Whether you're considering a career pivot, or just curious about what else is possible for you, it's time to make a "you turn"—to get unstuck, discover your true self, and thrive (not just survive) in your career.

A Modern Guide to Pregnancy, Birth, Early Motherhood—and Trusting Yourself and Your Body

The Headspace Guide to... Mindfulness & Meditation

Overcoming Multiple Sclerosis Handbook

Mindfulness for Beginners

The Little Book of Meditation

'The expert's expert. Simplicity is the key with this technique.' The Times 'Do you guys know about Headspace...? It's kind of genius.' Emma Watson The best start for your baby begins with your mind Widely acknowledged as one of the world's foremost experts on mindfulness, Andy Puddicombe, co - founder of Headspace, is your friendly guide in this wonderful new approach to pregnancy, birth and new parenthood. Whether you are trying for a baby, are mid-term, or have already arrived home with your new baby, this practical and reassuring guide will teach you and your partner how to calmly navigate the anxieties and demands of this epic adventure. With helpful exercises for both mother to be and her partner, Andy shows how to live mindfully and get the most from pregnancy and the early days of parenthood. The Headspace Guide To...A Mindful Pregnancy provides you with tools to live mindfully during this rare and precious opportunity to nurture a healthy happy mind. Imagine creating the most peaceful environment possible for your child and this book will show you how.

Harris and Warren present a practical guide to meditation that debunks the myths, misconceptions, and self-deceptions that make many people reluctant to try it. They suggest a range of meditation practices that may lower your blood pressure, mitigate depression and anxiety, and literally rewire key parts of your brain. The first yoga text to outline a step-by-step sequence for developing a complete practice according to viniyoga--yoga adapted to the needs of the individual. • A contemporary classic by a world-renowned teacher. • This new edition adds thirty-two poems by Krishnamacharya that capture the essence of his teachings. Sri Tirumalai Krishnamacharya, who lived to be over 100 years old, was one of the greatest yogis of the modern era. Elements of Krishnamacharya's teaching have become well known around the world through the work of B. K. S. Iyengar, Pattabhi Jois, and Indra Devi, who all studied with Krishnamacharya. Krishnamacharya's son T. K. V. Desikachar lived and studied with his father all his life and now teaches the full spectrum of Krishnamacharya's yoga. Desikachar has based his method on Krishnamacharya's fundamental concept of viniyoga, which maintains that practices must be continually adapted to the individual's changing needs to achieve the maximum therapeutic value. In The Heart of Yoga Desikachar offers a distillation of his father's system as well as his own practical approach, which he describes as "a program for the spine at every level--physical, mental, and spiritual." This is the first yoga text to outline a step-by-step sequence for developing a complete practice according to the age-old principles of yoga. Desikachar discusses all the elements of yoga--poses and counterposes, conscious breathing, meditation, and philosophy--and shows how the yoga student may develop a practice tailored to his or her current state of health, age, occupation, and lifestyle. This is a revised edition of The Heart of Yoga.

More and more people are beginning to recognize a profound inner longing for authenticity, connection, compassion, and aliveness. Meditation, Pema explains, gives us a golden key to address this yearning. This comprehensive guide shows readers how to honestly meet and openly relate with the mind to embrace the fullness of our experience as we discover:
• The basics of meditation, from getting settled and the six points of posture to working with your breath and cultivating an attitude of unconditional friendliness
• Gentleness, patience and humor – three ingredients for a well-balanced practice
• Shamatha (or calm abiding), the art of stabilizing the mind to remain present with whatever arises
• Thoughts and emotions as "sheer delight"— instead of obstacles-in meditation Here is a indispensable book from the meditation teacher who remains a first choice for students the world over. Ani Pema Chödrön is an American-born Tibetan Buddhist nun and best selling author. She taught as an elementary school teacher for many years in both New Mexico and California. Pema has two children and three grandchildren.

Practical Advice and Inspiration from Contemporary Buddhist Teachers

Simple Meditation Practices You Can Do Anywhere

Mindfulness is the simple and powerful practice of training your attention. It's simple in that it's just about paying attention to what's happening here and now, and powerful because it can keep you from getting lost in thoughts about the future or past, which often generate more stress on top of the real pressures of everyday life. While learning to live in the moment, the joyful mindfulness exercises, meditations, coloring pages, and habit-breakers in this beautifully designed and illustrated book will challenge your powers of observation, investigation, and curiosity while bringing new awareness to your senses, thoughts, and emotions. I Am Here Now inspires readers to explore the world with greater curiosity and find moments of mindfulness in everyday life, while unleashing your creativity along the way.

From the bestselling author of The Little Book of Mindfulness. Meditation is an easy way to bring more peace and tranquility into your life. Packed with practical advice, useful meditations and affirming thoughts, this little book teaches you how to be happier, healthier and more relaxed - without sitting for hours on a meditation cushion. Dr Patrizia Collard, bestselling author of The Little Book of Mindfulness, shows you another way, with these fun and efficient exercises: just 5 to 10 minutes a day is enough to strengthen your immune system, relieve stress and improve your mood.

head. Whether you like mindfulness or movement meditations, or simple mantras, everyone will find a meditation to suit them. A practical, user-friendly guide for women seeking focus and calm in the midst of life's storms. Overwhelmed by the demands of family, work, and multiple responsibilities, many women find themselves feeling scattered, and distracted. In this eye-opening book, co-founder and CEO of the Mindsight Institute, Caroline Welch takes readers on a mindfulness journey to help them de-stress and cultivate inner peace. According to Welch, you do not need countless hours sitting in silence to be more present in your life--the key is to practice mindfulness wherever you are whenever you can. The Gift of Presence guides readers in developing four innate capacities we all possess that will allow us to become more resilient and centered in our lives--even when life is throwing all at us that it has at us. Presence: The ability to remain firmly in the present moment; to be fully aware of what's happening as it's happening. Purpose: the personal meaning that gets us going and gives direction to our lives. Pivoting: an openness to change that allows you to switch direction if that is what is needed. Key: the awareness that it is impossible to

everything we want or need to do all at once: the ability to take life one step at a time. This life-changing book reveals that you already hold in your hands the keys to a more harmonious life--you simply need to look within.

In this follow-up to the international phenomenon The Courage to Be Disliked, discover how to reconnect with your true self, experience true happiness, and live the life you want. What if one simple choice could unlock your destiny? Already a major Japanese bestseller, this eye-opening and accessible follow-up to the “compelling” (Marc Andreessen) international phenomenon The Courage to Be Disliked shares the powerful teachings of Alfred Adler, one of the giants of 19th-century psychology, through another illuminating dialogue between the philosopher and a young man. Three years after their first conversation, the young man finds himself disillusioned and disappointed, convinced Adler’s teachings only work in theory, not in practice. But through further discussions between the philosopher and the young man, they deepen their own understandings of Adler’s powerful teachings, and learn the tools needed to apply Adler’s teachings to the chaos of everyday life. To be read on its own or as a companion to the bestselling first book, The Courage to Be Happy reveals a bold new way of thinking and living, empowering you to let go of the shackles of past trauma and the expectations of others, and to use this freedom to create the life you truly desire. Plainspoken yet profoundly moving, reading The Courage to Be Happy will light a torch with the power to illuminate your life and brighten the world as we know it. Discover the courage to choose happiness.

The Alcohol Experiment: Expanded Edition

A Mindfulness Guide for Women

'The expert's expert. Simplicity is the key with this technique.' The Times 'Do you guys know about Headspace...! It's kind of genius.' Emma Watson The best start for your baby begins with your mind Widely acknowledged as one of the world's foremost experts on mindfulness, Andy Puddicombe, co - founder of Headspace, is your friendly guide in this wonderful new approach to pregnancy, birth and new parenthood. Whether you are trying for a baby, are mid-term, or have already arrived home with your new baby, this practical and reassuring guide will teach you and your partner how to calmly navigate the anxieties and demands of this epic adventure. With helpful exercises for both mother to be and her partner, Andy shows how to live mindfully and get the most from pregnancy and the early days of parenthood. The Headspace Guide To...A Mindful Pregnancy provides you with tools to live mindfully during this rare and precious opportunity to nurture a healthy happy mind. Imagine creating the most peaceful environment possible for your child and this book will show you how.

Now complete with daily prompts to reflect on each day of a month-long, alcohol-free plan, the author of This Naked Mind helps readers challenge their thinking, find clarity, and form new habits. Changing your habits can be hard without the right tools. This is especially true for alcohol because habits are, by definition, subconscious thought processes. Through her methodical research of the latest neuroscience and her own journey, Annie Grace has cracked the code on habit change by addressing the specific ways habits form. This unique and unprecedented method has now helped thousands redefine their relationship to drinking painlessly and without misery. In The Alcohol Experiment, Annie offers a judgment-free action plan for anyone who's ever wondered what life without alcohol is like. The rules are simple: Abstain from drinking for 30 days and just see how you feel. Annie arms her readers with the science-backed information to address the cultural and emotional conditioning we experience around alcohol. The result is a mindful approach that puts you back in control and permanently stops cravings. With a chapter and journal prompt devoted to each day of the experiment, Annie presents wisdom, tested strategies, and thought-provoking information to supplement the plan and support your step-by-step success as you learn what feels good for you. It's your body, your mind, and your choice.

A complete guide to a healthy and active life with MS on the Overcoming Multiple Sclerosis Program, with chapters from a team of international experts and personal stories from around the world. A long, healthy, happy life is possible after a diagnosis of multiple sclerosis. Around the world, thousands of people are living active and fulfilling lives on the Overcoming Multiple Sclerosis Program. The Overcoming Multiple Sclerosis Handbook explains what MS is, and outlines the scientifically credible and evidence-based 7 step self-management program originally devised by Professor George Jelinek. It covers all aspects of living on the program, from first diagnosis to later life, with chapters from medical specialists and other experts on choosing your healthcare team, improving resilience, work, pregnancy and progressive MS. The book taps into the wealth of knowledge and experience in the community of people following the Overcoming Multiple Sclerosis Program, with personal stories from across the world. If you have recently been diagnosed with MS, if you have been living with MS for years, or if you have a family member with MS, the Overcoming Multiple Sclerosis Handbook is your best companion. It is also an invaluable resource for doctors treating people with MS. 'If you or someone that you love is impacted by MS this book is a must-read.' - Dr Aaron Boster, The Boster Center for Multiple Sclerosis, Columbus, Ohio 'This highly recommended book highlights the importance of a holistic approach to MS management.' - Professor Richard Nicholas, Imperial College London 'Overcoming MS is now the essential mainstay of MS management, before or alongside drug therapy, offering the best chance of a full and healthy life for people with MS.' - Dr Peter Silbert, Clinical Professor of Neurology, University of Western Australia Medical School

More and more of us are suffering from the stresses and strains of modern life. Mindfulness is an increasingly popular discipline that can not only help alleviate the symptoms of stress, anxiety and depression brought on by the pressures of our daily existence but can actually bring calm, joy and happiness into our lives. In The Little Book of Mindfulness Tiddy Rowan, herself a practitioner for over 30 years, has gathered together a seminal collection of over 150 techniques, tips, exercises, advice and guided meditations that will enable people at every level to follow the breath, still the mind and relax the body, whilst generating and boosting a feeling of well-being and contentment that will permeate every aspect of everyday life. The perfect little gift to bring lasting happiness and peace for friends and family.

Everything You Need You Have

The Mindful Manifesto

From the bestselling author of HAPPY and the HAPPY PLACE PODCAST THE FOLLOW UP TO THE SUNDAY TIMES BESTSELLER, HAPPY: FINDING JOY IN EVERY DAY AND LETTING GO OF PERFECT 'Calm for me is less about thought and much more about feeling. It is a stillness that allows my lungs to expand like hot air balloons. It is an acceptance of the noise around me. It is a magic alchemy that might last a second or a whole day, where I feel relaxed yet aware; still yet dynamic; open yet protected . . . ' *** In today's always-on world, for many of us it seems impossible to relax, take time out or mute the encircling 'noise'. It is easy to feel trapped in this frenzied state of mind: we are surrounded by negative stories in the press, weighed down by pressures from work, family life or school and subject to constant scrutiny under the all-seeing eye of social media. As a result, mental health illnesses are on the rise in every age group, and more of us than ever before yearn for silence, peace and calm. CALM is Fearene's mission to find the simple things that can inch us away from stress and over to the good stuff. Including expert advice, conversations with wise friends from all walks of life, easy ideas to try, activities to complete - and the little things that have made a difference to her own, sometimes-bumpy life - this book is a friendly reminder that Calm is a place that exists in us all, we just have to find our way back to it.

Drawing from groundbreaking research, psychologist and award-winning teacher Kelly McGonigal, PhD, offers a surprising new view of stress—one that reveals the upside of stress, and shows us exactly how to capitalize on its benefits. You hear it all the time: stress causes heart disease; stress causes insomnia; stress is bad for you! But what if changing how you think about stress could make you happier, healthier, and better able to reach your goals? Combining exciting new research on resilience and mindset, Kelly McGonigal, PhD, proves that undergoing stress is not bad for you; it is undergoing stress while believing that stress is bad for you that makes it harmful. In fact, stress has many benefits, from giving us greater focus and energy, to strengthening our personal relationships. McGonigal shows readers how to cultivate a mindset that embraces stress, and activate the brain's natural ability to learn from challenging experiences. Both practical and life-changing, The Upside of Stress is not a guide to getting rid of stress, but a toolkit for getting better at it—by understanding, accepting, and leveraging it to your advantage.

Stress is endemic in our culture. We live in a speedy, pressurized world, and there's often little time to really experience and enjoy our lives. Rather than constantly trying to keep up, perhaps it's time for us to stop and pay attention, to our bodies, minds, and the world. For thousands of years Eastern traditions have taught meditation to help people lead healthier, happier lives. Now, scientific research is confirming that mindfulness can help us all improve our mental and physical well-being. Written by Dr. Jonny Heaveresdge and Ed Halliwell, The Mindful Manifesto integrates the latest scientific and medical research on mindfulness with meditation's historical context. We will see how mindfulness can:
• treat mental health problems such as depression and anxiety
• help us cope with the busyness of everyday life
• improve our physical health and manage chronic illness
• help us let go of unwanted behaviors and improve how we function in our relationships and jobs. And why stop there? With examples of how the mindfulness movement is already well underway, we see that encouraging governments and other powerful institutions to take a mindful approach could make a massive difference to the health and happiness of the whole world.
