Kelly Rossi's Dating the Wrong Men: The Misadventurer's Guide through Bad Relationship Choices, a fresh, entertaining, and comically written memoir filled with invaluable life and dating lessons. Now happily-married, author Kelly Rossi uses her own inspirational story to walk you through 'Wrong Man' personality types that are all-too-familiar in the current dating environment complete with the bulleted signs that you might be in the same situation and advice to get through it. Unlike most books in the dating space, this book is refreshing, free from belittling, and empowering to those who read it. This is a true guide to love and romance for women working to find their prince in a pond of frogs. "This isn't another book by an overly confident man psychoanalyzing everything you're doing wrong, giving you that supposed 'turn-key' answer he's created," says Rossi. "This is a love story for any woman who has caught herself overanalyzing, making excuses, giving second chances, interpreting text messages, waiting for someone special, or even swearing off love forever." Written in a truly unique way, Rossi narrates her struggles in the quest to finding love and fulfillment, while learning how to avoid the pitfalls in today's selfish, male-ego driven society. Readers will laugh and cry as they venture through Rossi's relatable adventures as she takes you through every outrageous relationship - from the 'freeloader' to 'player'. For the women who constantly find themselves in the cycle of always dating and trying to find Mr. Right, this one-of-a-kind memoir will teach you how to break your frog-kissing habits, find a love you never knew existed, and learn how to hang onto your self-worth, dignity, and sanity! Identify with each "Wrong Man" story. Use it as a reference guide with "Signs You're Dating a ... " at the end of each "Wrong Man" chapter. Discover how a serial "Wrong Man" dater breaks the cycle of bad relationships and finds the 'Right' partner. Find and maintain your dignity and self-worth in any "Wrong Man" situation. "This is the often poignant but ultimately uplifting story of one girl's struggle to find the right man by dating all the wrong ones. If you're looking for love and fulfillment and need to know how to avoid the pitfalls, this engaging and often hilarious book is for you -- or for your daughters! You can't do better than to let Kelly Rossi be your guide to a lasting, loving relationship." John Russo

Rule #1 – Don't stand in the way of your brothers who want to rough him up. Rule #2 – Don't meet him for coffee and agree to allow him to meet your daughter. Rule #3 – Don't drool when your daughter falls asleep on his chest for the first time. It's just your ovaries talking. Rule #4 – Don't let him hold your hand. While we're at it, no hugs, no kisses on the cheek... just no physical contact in general. That only leads to remembering better times. The last one is the most important... Rule #5 – When you find yourself needing someone's help and you're tired of always asking your family, don't let him be the one who's there for you. A LIGHT-HEARTED, INTIMATE AND EMPHATICALLY FEMINIST HISTORY OF DATING 'A new approach to romance. . . The heroines of Regency novels could teach today's young women a trick or two' Sunday Times 'Entertaining and well-researched' The Lady 'Pacey, intelligent and authoritative with bags of wit' Law Gazette 'A whistle-stop tour of dating through history' History Extra What if Mr Darcy had simply been able to swipe right? Dating has never been easy. The road to true love has always been rutted with heartbreak, but do we have it any easier today? How did Victorians 'come out'? How did love blossom in war-torn Europe? And why did 80s' video-dating never take off? Bursting with little-known facts and tantalising tales of lovelorn men and besotted women, Nichi Hodgson's intriguing history of amorous relationships, from enamoured Georgians to frenziedly swiping millennials (and everyone in between) may leave you grateful that you live - and love - today.

Are you having the SUCCESS you want with women? Have you ever said the right things but notice that your potential lover is thinking of someone else? Are you your own worst enemy? A Better YOU, Man's Guide to Successful Dating, will give you the necessary tools and the mentality for improved, lasting relationships with the opposite sex. This book will lay out how to create an authentic persona and mindset that will allow you to get exactly what you deserve and especially what you want in order to create a better YOU.

Based on an episode of "Sex and the City," offers a lighthearted, no-nonsense look at dead-end relationships, providing advice for letting go and moving on.

The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for Modern Romance, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In Modern Romance, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

"Dating Advice for Women from Men" was written for women by a man. It might sound a bit ironic but it is filled with great tips that ladies venturing into the world of dating can use. Based on what the author advises, the best dating tips for women comes from the male perspective. Author, Lance Steele believes that women who have a difficult time dating do not take the time to look at things from a males point-of-view. What a male looks for in a woman and not the opposite way around is the key for a woman to find her special someone. Not understanding this angle often leads to ladies choosing the wrong man to pursue a relationship with or to end up ruining the one that they are with. This book is a great addition to any females book collection as it zones in on the main points that a women should focus on if she is seeking male companionship. The author has ensured that the text is laid out in a fashion that is easy to read and understand. In the dating game, all good advice is a necessary vice.

A "must-read" (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, "Why has everyone found love except me?" You're not the only one. Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn't lead to results. You have to actually change your behavior. Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of Maybe You Should Talk to Someone) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. How to Not Die Alone will help you find, build, and keep the relationship of your dreams.
