

## The King's Sister

This study reconstructs for the first time Marguerite of Navarre s leadership of a broad circle of nobles, prelates, humanist authors, and commoners, who sought to advance the reform of the French church along evangelical (Protestant) lines. Hitherto misunderstood in scholarship, they are revealed to have pursued, despite persecution, a consistent reform program from the Meaux experiment to the end of Francis I s reign through a variety of means: fostering local church reform, publishing a large corpus of religious literature, high-profile public preaching, and attempting to shape the direction of royal policy. Their distinctive doctrines, relations with major reformers including their erstwhile colleague Calvin involvement in major Reformation events, and the impact of their unsuccessful attempt are all explored.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Jaylyn Reynolds didn't have what society considered to be a normal life. At a young age, due to circumstances out of her control, she was forced to go live with her brother, Jayvion. Not understanding why he had certain rules in place for her, she always felt like he didn't really like her. That was anything but the truth. It was for her own protection that she was kept away from his everyday dealings in the streets. In this short story, you will get to witness Jaylyn's young life from her perspective as she reveals how she became the hood king's sister and all of what that entails.

The Princess of Cleves by Madame de Lafayette - The Original Classic Edition Finally available, a high quality book of the original classic edition. It was previously published by other bona fide publishers, and is now, after many years, back in print. This is a new and freshly published edition of this culturally important work, which is now, at last, again available to you. Enjoy this classic work today. These selected paragraphs distill the contents and give you a quick look inside: They were no sooner gone but they began to launch out into the praises of Mademoiselle de Chartres, without bounds; they were sensible at length that they had run into excess in her commendation, and so both gave over for that time; but they were obliged the next day to renew the subject, for this new-risen beauty long continued to supply discourse to the whole Court; the Queen herself was lavish in her praise, and showed her particular marks of favour; the Queen-Dauphin made her one of her favourites, and begged her mother to bring her often to her Court: the Princesses, the King's daughters, made her a party in all their diversions: in short, she had the love and admiration of the whole Court, except that of the Duchess of Valentinois: not that this young beauty gave her umbrage, long experience convinced her she had nothing to fear on the part of the King, and she had to great a hatred for the Viscount of Chartres, whom she had endeavoured to bring into her interest by marrying him with one of her daughters, and who had joined himself to the Queen's party, that she could not have the least favourable thought of a person who bore his name, and was a great object of his friendship. ...Madam de Valentinois being jealous of a lady whom he had formerly loved, and whose wit and beauty were capable of lessening her interest, joined herself to the Constable, who was no more desirous than herself that the King should marry a sister of the Duke of Guise; they possessed the deceased King with their sentiments; and though he mortal hated the Duchess of Valentinois, and loved the Queen, he joined his endeavours with theirs to prevent the divorce: but in order to take from the King all thoughts of marrying the Queen my mother, they struck up a marriage between her and the King of Scotland, who had had for his first wife the King's sister, and they did this because it was the easiest to be brought to a conclusion, though they failed in their engagements to the King of England, who was very desirous of marrying her; and that failure wanted but little of occasioning a rupture between the two Crowns: for Henry the Eighth was inconsolable, when he found himself disappointed in his expectations of marrying my mother; and whatever other Princess of France was proposed to him, he always said, nothing could make him amends for her he had been deprived of. ...He frequently went to the Queen-Dauphin's Court, because the Princess of Cleves was often there, and he was very easy in leaving people in the opinion they had of his passion for that Queen; he put so great a value on Madam de Cleves, that he resolved to be rather wanting in giving proofs of his love, than to hazard its being publicly known; he did not so much as speak of it to the Viscount de Chartres, who was his intimate friend, and from whom he concealed nothing: the truth is, he conducted this affair with so much discretion, that nobody suspected he was in love with Madam de Cleves, except the Chevalier de Guise; and she would scarcely have perceived it herself, if the inclination she had for him had not led her into a particular attention to all his actions, but which she was convinced of it.

The King's Sisters continues the story of Catherine Havens. It's now 1542, and another queen, Catherine Howard, has been beheaded for adultery. Although young Prince Edward is growing, and the line of Tudor succession seems secure, the king falls into a deep melancholy and questions the faith and loyalty of those around him. Catherine has found herself in a unique position as a married former nun. Now she is a wealthy widow. She has two children, a boy who has successfully joined the young prince's household and a daughter who lives with her at Richmond Palace, home to Henry's cast-off fourth wife, Anne of Cleves, now designated "The King's Beloved Sister." Catherine also enjoys the attentions of widower Benjamin Davies, and in the festive court atmosphere, she has furtively indulged her passion for him. But England has changed again. Anne of Cleves hopes for reinstatement as queen--until questions arise about the finances of the houses she keeps. Catherine, as one of the king's "reformed sisters," is singled out, just as she realizes that she is carrying a third child. The King's Sisters explores the Tudor court under an aging Henry VIII. He now has a son and heir, but his two daughters remain players in the political intrigues. The Cross and the Crown series follows the very private Catherine as she is thrust into the scheming. She is skilled enough to serve a former queen, but this may be the very quality that endangers her future. Sarah Kennedy opens magical windows into the world of Tudor's England and brings it to life in vibrant colors and unforgettable reverberations. She reinvents the genre of historical fiction of that period giving voice to women of all ages, social classes, and economic standing. She writes with astounding detail of material culture and deft psychological insight about the experiences of women from the royal sisters to maids and confidants amidst whom the feisty protagonist Catherine Haven sparkles in the full richness of her empowered self, in the delicious shades of her moods, intelligence, warm motherhood and sensuality. This third novel in the series soars to new heights and we follow the heroine breathlessly on her suspenseful, sometimes reckless, always riveting journey. Dornica Radulescu, author of Train to Trieste and Black Sea Twilight.

"Chilling and captivating, The Wicked Sister explores the complex layers of family bonds, guilt, and redemption. A beautifully written, haunting psychological thriller." --Megan Miranda, author of All the Missing Girls From the bestselling and award-winning author of The Marsh King's Daughter comes a startling novel of psychological suspense as two generations of sisters try to unravel their tangled relationships between nature and nurture, guilt and betrayal, love and evil. For a decade and a half, Rachel Cunningham has chosen to lock herself away in a psychiatric facility, tortured by gaps in her memory and the certainty that she is responsible for her parents' deaths. But when she learns new details about their murders, Rachel returns, in a quest for answers, to the place where she once felt safest: her family's sprawling log cabin in the remote forests of Michigan's Upper Peninsula. As Rachel begins to uncover what really happened on the day her parents were murdered, she learns--as her mother did years earlier--that home can be a place of unspeakable evil, and that the bond she shares with her sister might be the most poisonous of all.

A New York Times Bestseller In this third book in New York Times bestselling, Newbery Honor-winning author Shannon Hale’s Princess Academy series, Miri goes from student . . . to teacher! Miri has spent a year at the king’s palace, learning to be a proper princess. But instead of returning to her beloved Mount Eskel, Miri is ordered to journey to a distant swamp and start a princess academy for three sisters, cousins of the royal family. Unfortunately, Astrid, Felissa, and Sus are more interested in fishing than becoming princesses. As Miri spends more time with the sisters, she realizes the king and queen’s interest in them hides a long-buried secret. She must rely on her own strength and intelligence to unravel the mystery, protect the girls from a dangerous assignment, and finally make her way home. The Mancini Sisters, Marie and Hortense, were born in Rome, brought to the court of Louis XIV of France, and strategically married off by their uncle, Cardinal Mazarin, to secure his political power base. Such was the life of many young women, no independent status under the law and were entirely a part of their husband's property once married. Marie and Hortense, however, had other ambitions in mind altogether. Miserable in their marriages and determined to live independent lives, Marie and Hortense hid their husbands in secret and began lives of extraordinary daring on the run and in the public eye. The beguiling sisters quickly won the affections of noblemen and kings alike. Their flight became popular fodder for salon conversation and tabloid news, and was a staple of the imagination of the English-speaking world by seventeenth-century European society. The Countess of Grignan remarked that they were traveling "like two heroines out of a novel." Others gossiped that they "were roaming the countryside in pursuit of wandering lovers." Their scandalous lives, as well as themselves as men, gambling, and publicly disputing with their husbands—served as more than just entertainment. It sparked discussions across Europe concerning the legal rights of husbands over their wives.Elizabeth Goldsmith's vibrant and detailed life of the Mancini sisters—drawn from personal papers of the players involved and the tabloids of the time—illuminates the lives of two pioneering free spirits who were feminists long before the word existed.

***How sick are you of US politics? How doomed is the world because of who has claimed the Oval Office throne—er, chair? Refresh your spirit by laughing along with what Mark Twain might have written about today's political falderal. “Solidly entertaining.” —Publishers Weekly WINNER 2016 IBPA Benjamin Franklin Gold Medal for Science Fiction & Fantasy. Morgan le Fay, sixth-century Queen of Gore and the only major character not killed off by Mark Twain in A Connecticut Yankee in King Arthur’s Court, vows revenge upon the Yankee Hank Morgan. She casts a spell to take her to 1879 Connecticut so she may waylay Sir Boss before he can travel back in time to destroy her world. But the spell misses by 300 miles and 200 years, landing her in the Washington, D.C., of 2079, replete with flying limousines, hovering office buildings, virtual-reality television, and sundry other technological marvels. Whatever is a time-displaced queen of magic and minions to do? Why, rebuild her kingdom, of course—two kingdoms, in fact: as Campaign Boss for the reelection of American President Malory Beckham Hinton, and as owner of the London Knights world-champion baseball franchise. Written as though by the old master himself, King Arthur’s Sister in Washington’s Court by Mark Twain as channeled by Kim Iverson Headlee offers laughs, love, and a candid look at American society, popular culture, politics, baseball... and the human heart. Mark Twain began work on A Connecticut Yankee in King Arthur’s Court in 1879—the same year the Yankee Hank Morgan departed for his sojourn in sixth-century Britain. The first edition was published in 1889 and features more than 200 illustrations by the man who later would become founder of the Boy Scouts of America, Daniel Carter Beard. These illustrations are now in the public domain, and a handful have been incorporated into King Arthur’s Sister in Washington’s Court as an artistic homage to this classic edition of the first time travel story in all literature.***

***Much has been written about Henry VIII and his six wives, but his sisters, Margaret and Mary, have had less of the limelight until Maria Perry in Sisters to the King examined their amazing lives and their influence on European history. This fascinating biography is now released in B-format paperback. In the Tudor age both Margaret and Mary were thought to be more important personalities than Henry’s six wives. Margaret became Queen of Scotland at the age of thirteen. Mary, Henry’s famously beautiful younger sister, was married off to the ageing king of France. Against convention both chose their second husbands for love. Maria Perry wonderfully illuminates the characters of these two remarkable women in this engrossing study, as well as uncovering new evidence on other aspects of the Tudor age: fresh information about Henry’s upbringing and his wedding n ight; and a revealing new study of Henry’s ‘worldly jewel’, his illegitimate son the Duke of Richmond, previously a shadowy figure. Truly groundbreaking in both depth and scope, Sisters to the King not only reveals two remarkable historical figures, but also radically alters our view of Henry VIII and Tudor history.***

***Court intriguers are beginning to sense that young King Louis XV, after seven years of marriage, is tiring of his Polish wife. The race is on to find a mistress for the royal bed. The King’s scheming ministers push Louise, the eldest of the aristocratic Nesle sisters, into the arms of the King. Over the following decade, of the five Nesle sisters-- Louise, Pauline, Diane, Hortense, and Marie-Anne-- four will become mistresses to King Louis XV. All will conspire, betray, suffer, and triumph in a desperate fight for both love and power.***

**Whoever said nothing good comes from the hood never met Jaylyn Reynolds, sister of Jayvion, who was known as the king of the hood. From the inside looking out, Jaylyn takes us on a trip down memory lane, as she recalls what it was like growing up with someone that the streets feared. He may have ruled the hood with an iron fist and bore a cold heart, but when it came to Jaylyn, he played no games. It's no secret that every action in street life causes a reaction, and one specific event landed a target on Jaylyn's back. Suddenly, the life Jayvion kept her hidden from appeared at their front door, and the life he tried to shield her from was exposed in a way that changed her life forever. In the midst of all the street drama, Jaylyn also finds herself struggling with feelings for a man she knows is off limits. She soon finds herself in a war with her emotions greater than any battle Jayvion could possibly have in the hood, and that's getting her brother to accept the man who has captured her heart.Life changes drastically in the blink of an eye for Jaylyn Reynolds. She can only pray to survive it all. Follow the drama and action in Memoirs of a Hood King's Sister.**

**Elizabeth of Lancaster Sister. Wife. Traitor. One betrayal is all it takes to change history... June, 1380: Elizabeth Plantagenet - seventeen years old, spoilt, headstrong, fun-loving and intelligent — is about to be married. The Earl of Pembroke is an advantageous choice for all concerned, except Elizabeth, as the Earl is only eight years old. June, 1386: Scandalously pregnant by Sir John Holland, Duke of Exeter, whilst still married to the Earl, Elizabeth is hastily married again. As half-brother to King Richard II, Sir John is a man known to all for both his charm and self-interested scheming. Soon Elizabeth is drawn into the heart of a dangerous rebellion with her brother, King Henry IV, on one side, and her husband on the other. As tensions become a matter of life or death, Elizabeth is presented with an impossible choice of where to give her loyalty... “One of the best writers around... she outdoes even Philippa Gregory.” — The Sun “Extremely compelling historical fiction.” — Cosmopolitan “...packed with powerful emotions and tumultuous unfolding of an affair that changed the course of royal history, this is a novel in which to enjoy the past in all its rich colour and dramatic detail...” — Lancashire Evening Post “Anne O'Brien has joined the exclusive club of excellent historical novelists.” — Sunday Express**

The King's SisterHarperCollins Australia

A fresh look at Anne of Cleves' life as a German noblewoman, and the Continental politics that affected her marriage. Did the doomed union really cause the fall and execution of Thomas Cromwell?

Patient, perfect, and used to being first, Marguerite becomes Queen of France. But Louis IX is a religious zealot who denies himself the love and companionship his wife craves. Can she borrow enough of her sister's boldness to grasp her chance for happiness in a forbidden love? Passionate, strong-willed, and stubborn, Eleanor becomes Queen of England. Henry III is a good man, but not a good king. Can Eleanor stop competing with her sister and value what she has, or will she let it slip away? The Sister Queens is historical fiction at its most compelling, and is an unforgettable first novel.

"This study reconstructs for the first time Marguerite of Navarre's leadership of a broad circle of nobles, prelates, humanist authors, and commoners, who sought to advance the reform of the French church along evangelical (Protestant) lines. Hitherto misunderstood in scholarship, they are revealed to have pursued, despite persecution, a consistent reform program from the Meaux experiment to the end of Francis I's reign through a variety of means: fostering local church reform, publishing a large corpus of religious literature, high-profile public preaching, and attempting to shape the direction of royal policy. Their distinctive doctrines, relations with major reformers - including their erstwhile colleague Calvin - involvement in major Reformation events, and the impact of their unsuccessful attempt are all explored."--Publisher's website.

A fresh look at Anne of Cleves' life as a German noblewoman, and the Continental politics that affected her marriage. Did the doomed union really cause the fall and execution of Thomas Cromwell?

Isabella de Valois was 3 years old when, on a hot August day in 1392, her father suddenly went mad. Less than four years later, she was married by proxy to the English King Richard II and arrived in England with a French retinue and her doll's house. Richard's humiliating deposition and brutal murder by his cousin, the future Henry IV, forced Isabella's desperate return to France where she found her country fatally divided. Isabella's sister, Catherine de Valois, became the beautiful young bride of Henry V and is unique in history for being the daughter of a king, the wife of a king, the mother of a king and the grandmother of a king. Like her sister, Catherine was viewed as a bargaining chip in times of political turmoil, yet her passionate love affair with the young Owain Tudor established the entire Tudor dynasty and set in motion one of the most fascinating periods of British history. The Sister Queens is a gripping tale of love, exile and conflict in a time when even royal women had to fight for survival.

**Henry VIII's sisters, neglected by generations of historians, affected the lives of their contemporaries much more forcefully than did any of their brother's famous six wives. In The Sisters of Henry VIII, Maria Perry brings history alive by examining the lives of these extraordinary women and their influence on Europe in the Tudor Age. Margaret became queen of Scotland at age thirteen; family members arranged beautiful Mary's betrothal to the aging king of France when she was twelve. But both women chose their second husbands for love: Margaret married and divorced twice after Henry's advancing armies slaughtered her first husband and kidnapped her children; Mary risked execution by proposing to the handsome duke of Suffolk. Groundbreaking in both depth and scope, Perry's work rescues two remarkable princesses from the shadows of history and offers a fresh interpretation of a royal family and an era sure to fascinate readers of Alison Weir and Antonia Fraser.**
