

The King And The Catholics: The Fight For Rights 1829

This is a critical study of the astonishing friendship between William Penn and James II—"two cardinal personalities of the modern era, authoritative men who deflected the political current of their time and left lasting influences that still can be felt on both sides of the Atlantic." Their friendship is no mere sidelight to seventeenth-century English history; indeed, it is not so much the friendship of a Quaker and a Catholic that intrigues us but, rather, the closeness of a Quaker leader and a Catholic monarch, standing together at the center of power in England for three decisive years. Vincent Buranelli introduces his problem thus: "Nothing else in the life of William Penn has puzzled the biographers and historians so much as his persistent loyalty to James II. The antithesis between Catholic monarch and Quaker subject would seem to make any real understanding between the two men improbable; their presumed inability to speak to one another is compounded by the customary interpretation of James as a would-be tyrant and of Penn as an apostle of religious liberty; and yet Penn was not only a courtier throughout his reign but also a friend, possibly the best friend, of the King. . . . James II is one of the most reviled figures of modern history. William Penn is one of the most revered. How is their steadfast friendship to be explained?" "Penn was loyal to James II, and he was right," argues Buranelli. His book texts this hypothesis and, in doing so, makes sense of a hitherto baffling side of William Penn.

In the eighteenth century, the Catholics of England lacked many basic freedoms under the law: they could not serve in political office, buy or inherit land, or be married by the rites of their own religion. So virulent was the sentiment against Catholics that, in 1780, violent riots erupted in London—incited by the anti-Papist Lord George Gordon—in response to the Act for Relief that had been passed to loosen some of these restrictions. The Gordon Riots marked a crucial turning point in the fight for Catholic emancipation. Over the next fifty years, factions battled to reform the laws of the land. Kings George III and George IV refused to address the "Catholic Question," even when pressed by their prime ministers. But in 1829, through the dogged work of charismatic Irish lawyer Daniel O'Connell and the support of the great Duke of Wellington, the watershed Roman Catholic Relief Act finally passed, opening the door to the radical transformation of the Victorian age. Gripping, spirited, and incisive, *The King and the Catholics* is character-driven narrative history at its best, reflecting the dire consequences of state-sanctioned oppression—and showing how sustained political action can triumph over injustice.

John Bergsma's popular Bible Basics for Catholics, which has sold more than 60,000 copies, offers readers an accessible vision of salvation history as it unfolds in the Bible, showing readers how the Bible points us to the saving life and work of Jesus. This new edition includes an additional chapter on covenant fulfillment in the Book of Revelation. Bergsma brings to his theology a combination of academic expertise, pastoral wisdom, and unique playfulness. Bible Basics for Catholics is based on Bergsma's popular Introduction to Theology course at Steubenville. As a teacher, Bergsma has an uncanny ability to make complex ideas understandable and faith-inspiring while staying true to both Catholic teaching and biblical scholarship. Readers will begin to see the Christian understanding of salvation by walking through the Old Testament, going through the great stories of Adam and Eve, Noah, Abraham, Moses, the great kings and prophets of Israel, and culminating in the person and work of Jesus Christ.

With Modifications from the Editio Typica

The haunting, vivid story of a nun whose past returns to her in unexpected ways, all while investigating a mysterious death and a series of harrowing abuse claims. A young nun is sent by the Vatican to investigate allegations of misconduct at a Catholic school in Iceland. During her time there, on a gray winter 's day, a young student at the school watches the school 's headmaster, Father August Franz, fall to his death from the church tower. Two decades later, the child—now a grown man, haunted by the past—calls the nun back to the scene of the crime. Seeking peace and calm in her twilight years at a convent in France, she has no choice to make a trip to Iceland again, a trip that brings her former visit, as well as her years as a young woman in Paris, powerfully and sometimes painfully to life. In Paris, she met an Icelandic girl who she has not seen since, but whose acquaintance changed her life, a relationship she relives all while reckoning with the mystery of August Franz 's death and the abuses of power that may have brought it on. In *The Sacrament*, critically acclaimed novelist Olaf Olafsson looks deeply at the complexity of our past lives and selves; the faulty nature of memory; and the indelible mark left by the

joys and traumas of youth. Affecting and beautifully observed, *The Sacrament* is both propulsively told and poignantly written—tinged with the tragedy of life ' s regrets but also moved by the possibilities of redemption, a new work from a novelist who consistently surprises and challenges.

Explores the contentious debates among Black Catholics about the proper relationship between religious practice and racial identity Chicago has been known as the Black Metropolis. But before the Great Migration, Chicago could have been called the Catholic Metropolis, with its skyline defined by parish spires as well as by industrial smoke stacks and skyscrapers. This book uncovers the intersection of the two. Authentically Black and Truly Catholic traces the developments within the church in Chicago to show how Black Catholic activists in the 1960s and 1970s made Black Catholicism as we know it today. The sweep of the Great Migration brought many Black migrants face-to-face with white missionaries for the first time and transformed the religious landscape of the urban North. The hopes migrants had for their new home met with the desires of missionaries to convert entire neighborhoods. Missionaries and migrants forged fraught relationships with one another and tens of thousands of Black men and women became Catholic in the middle decades of the twentieth century as a result. These Black Catholic converts saved failing parishes by embracing relationships and ritual life that distinguished them from the evangelical churches proliferating around them. They praised the “ quiet dignity ” of the Latin Mass, while distancing themselves from the gospel choirs, altar calls, and shouts of “ amen! ” increasingly common in Black evangelical churches. Their unique rituals and relationships came under intense scrutiny in the late 1960s, when a growing group of Black Catholic activists sparked a revolution in U.S. Catholicism. Inspired by both Black Power and Vatican II, they fought for the self-determination of Black parishes and the right to identify as both Black and Catholic. Faced with strong opposition from fellow Black Catholics, activists became missionaries of a sort as they sought to convert their coreligionists to a distinctively Black Catholicism. This book brings to light the complexities of these debates in what became one of the most significant Black Catholic communities in the country, changing the way we view the history of American Catholicism.

From as old as the 11th century, the 30 special Catholic prayers in this book are to Jesus Christ, the King, and to Mary, the Queen of Heaven, along with those to saints who were holy kings and queens. It also features centuries' old prayers that can be recited for today's kings, queens and royal families. Many prayers and litanies date back to the earliest days of the Church and were translated from various languages including French and German. This collection contains many prayers not commonly found elsewhere. It is illustrated with beautiful color photos as well as European religious paintings and drawings from the Renaissance.

A collection of prayers and information to help learn, renew, teach and live the risen life of Jesus Christ in the Catholic Church.

The King's Achievement

An Historical and Literary Account of the Formularies, Confessions of Faith, or Symbolic Books, of the Roman Catholic, Greek, and principal Protestant Churches. By the author of the *Horæ Biblicæ*, and intended as a supplement to that work ... To which are added four essays. I. A

succinct historical account of the religious orders of the Church of Rome. II. Observations on the restriction imposed by the Church of Rome on the general reading of the Bible in the vulgar tongue. III. The principles of Roman-catholics in regard to God and the King, first published in 1684 ... IV. On the reunion of Christians

Remember, remember, the Fifth of November ... With a narrative that grips the reader like a detective story, Antonia Fraser brings the characters and events of the Gunpowder Plot to life. Dramatically recreating the conditions and motives that surrounded the fateful night of 5 November 1605, she unravels the tangled web of religion and politics that spawned the plot. 'An excellent book which unravels the whole story of the plot' Literary Review 'Told with impressive scholarship and panache ... with a sense of pace and tension worthy of a John le Carré novel' Sunday Telegraph

The story of Catholicism in Britain from the Reformation to the present day, from a master of popular history – 'A first-class storyteller' The Times Throughout the three hundred years that followed the Act of Supremacy – which, by making Henry VIII head of the Church, confirmed in law the breach with Rome – English Catholics were prosecuted, persecuted and penalised for the public expression of their faith. Even after the passing of the emancipation acts Catholics were still the victims of institutionalised discrimination. The first book to tell the story of the Catholics in Britain in a single volume, The Catholics includes much previously unpublished information. It focuses on the lives, and sometimes deaths, of individual Catholics – martyrs and apostates, priests and laymen, converts and recusants. It tells the story of the men and women who faced the dangers and difficulties of being what their enemies still call 'Papists'. It describes the laws which circumscribed their lives, the political tensions which influenced their position within an essentially Anglican nation and the changes in dogma and liturgy by which Rome increasingly alienated their Protestant neighbours – and sometime even tested the loyalty of faithful Catholics. The survival of Catholicism in Britain is the triumph of more than simple faith. It is the victory of moral and spiritual unbending certainty. Catholicism survives because it does not compromise. It is a characteristic that excites admiration in even a hardened atheist.

A study of the hows and whys of the Catholic faith draws on scriptural passages, personal experience, and everyday life to offer a straightforward, thought-provoking response to common criticisms of Catholicism. 40,000 first printing.

The story of Catholic Emancipation begins with blood: the violent Anti-Catholic Gordon Riots in 1780, fuelled by the reduction in Penal Laws against the Roman Catholics harking back to the sixteenth century. Some fifty years later, the passing of the Emancipation Bill was hailed as a 'bloodless revolution'. However, some jobs remained barred to Catholics, and the King (or Queen) would always be a Protestant. Had the Irish Catholics been a 'millstone', as described by an English aristocrat, or were they the prime movers? While the English Catholic aristocracy and the Irish peasants and merchants approached the Catholic Question in very different ways, they manifestly shared the same objective. The King and the Catholics is a gripping character-driven narrative history at its very best; the story of individuals who are by turns flawed and admirable: George III, who opposed Emancipation on the basis of the Coronation Oath; his son, the indulgent Prince of Wales, who was enamoured with the Catholic Maria Fitzherbert before the voluptuous Lady Conyngham; Wellington and the 'born Tory' Peel vying for leadership; 'roaring' Lord Winchilsea; the heroic Daniel O'Connell. Antonia Fraser invests humanity in a huge cast of characters, and brings colour and humour to the vivid drama. We witness the arrival on Shoreham Beach of displaced nuns fleeing revolutionary France, the sensational libel trial of John Magee, the first Royal visit to Ireland since Richard II in 1399, and a duel between Prime Minister Wellington and Lord Winchilsea. Expertly written and deftly argued, The King and Catholics is also a distant mirror of our times, reflecting the political issues arising from religious intolerance.

Once a Catholic

Authentically Black and Truly Catholic

A Spiritual Road Map to Eternity

An Argument Against Catholic Emancipation

The King's Highway

The truth behind one of the oldest fictions in history can finally be told. The Catholics were in danger of wresting influence from Robert Cecil who had managed to remove Queen Elizabeth's favourites and put himself at the forefront of political power. King James, easily influenced, especially by a pretty face, male or female, needed to be restrained, especially with his profligate spending. Cecil had three goals, therefore: remove the Catholic nobility; limit Puritan influence and endear himself to the king by becoming even more favoured than the pretty boys at court, the most influential of them had saved James's life. The Puritans were dealt with by the king at 'The Hampton Court Conference' and that left the Catholics and the pretty boys. If he could only hatch a plot to discredit the Catholics and save the king at the same time, he would remove any potential opposition and earn the king's undying gratitude, put him above all others in the king's estimation. So he did

More than at any time in the past, Roman Catholics & evangelicals are working together. They are standing shoulder to shoulder against social evils. They are joining across denominational boundaries in renewal movements. And many evangelicals are finding the history, tradition, and grandeur of the Roman Catholic Church appealing. This newfound rapport has caused many evangelical leaders and laypeople to question the age-old disagreements that have divided Protestants and Catholics: Aren't we all saying the same thing in different language? The Roman Catholic Controversy is an absorbing look at current views of tradition and Scripture, the Papacy, the Mass, Purgatory, indulgences, and Marian doctrine. James White affirms that evangelicals and Catholics share common ground on some points. Yet there are crucial differences that remain regarding the Christian life--and the heart of the Gospel itself--that cannot be ignored.

Features inspirational stories offering words of wisdom, hope, and empowerment

How, a mere generation after Vatican Council II initiated the biggest reform since the Reformation, can the Catholic Church be in such deep trouble? The question resonates through this new book by Andrew Greeley, the most recognized, respected, and influential commentator on American Catholic life. A

timely and much-needed review of forty years of Church history, The Catholic Revolution offers a genuinely new interpretation of the complex and radical shift in American Catholic attitudes since the second Vatican Council (1962-1965). Drawing on a wealth of data collected over the last thirty years, Greeley points to a rift between the higher and lower orders in the Church that began in the wake of Vatican Council II—when bishops, euphoric in their (temporary) freedom from the obstructions of the Roman Curia, introduced modest changes that nonetheless proved too much for still-rigid structures of Catholicism: the "new wine" burst the "old wineskins." As the Church leadership tried to reimpose the old order, clergy and the laity, newly persuaded that "unchangeable" Catholicism could in fact change, began to make their own reforms, sweeping away the old "rules" that no longer made sense. The revolution that Greeley describes brought about changes that continue to reverberate—in a chasm between leadership and laity, and in a whole generation of Catholics who have become Catholic on their own terms. Coming at a time of crisis and doubt for the Catholic Church, this richly detailed, deeply thoughtful analysis brings light and clarity to the years of turmoil that have shaken the foundations, if not the faith, of American Catholics.

This updated second edition of the Catechism of the Catholic Church incorporates all the final modifications made in the complete, official Latin text, accompanied by line-by-line explanations of orthodox Catholicism, summaries of each section, a detailed index, extensive cross-references, and helpful footnotes.

An insane king. His fleeing daughter. Estranged brothers, with a scarred past, risking everything to save her from a fate worse than death. Toss in a holy priest and a lovable wolfhound, and get ready for a wild race across Ireland. Will Dymphna escape her deranged father and his sinful desires? For the first time ever, the story of Saint Dymphna is brought to life in this dramatic novel for adults and older teens. With raw adventure, gripping action, and even humor in the midst of dark mental turmoil,

Susan Peek's newest novel will introduce you to a saint you will love forever! Teenage girls will see that Dymphna was just like them, a real girl, while young men will thrill at the heart-stopping danger and meet heroes they can easily relate to. If ever a Heavenly friend was needed in these times of widespread depression and emotional instability, this forgotten Irish saint is it!

Is Catholicism more than giving up beer or chocolate for Lent? Even if it's good beer or great chocolate the answer is a resounding "yes!" In fact, we're called to have such faith that when others meet us they actually see Christ. But how do we do that in a world where Notre Dame means "football" and not Our Lady? By following the lead of so many before us... We have living examples of holy men and women who overcame the same types of temptations we face and shortcomings we all have, to become "huge, blinking neon signs that pointed to Jesus." And if they can do it so can we...with a little practice. Author, lecturer, and Catholic covert Matthew Leonard combines the stories of the saints' triumphs and struggles along with his own personal anecdotes and wry humor to show us all a fresh take on the art of being truly Catholic in a contemporary world.

Facing persecution in early modern England, some Catholics chose exile over conformity. Some even cast their lot with foreign monarchs rather than wait for their own rulers to have a change of heart. This book studies the relationship forged by English exiles and Philip II of Spain. It shows how these expatriates, known as the "Spanish Elizabethans," used the most powerful tools at their disposal—paper, pens, and presses—to incite war against England during the "messianic" phase of Philip's reign, from the years leading up to the Grand Armada until the king's death in 1598. Freddy Cristóbal Domínguez looks at English Catholic propaganda within its international and transnational contexts. He examines a range of long-neglected polemical texts, demonstrating their prominence during an important moment of early modern politico-religious strife and exploring the transnational dynamic of early modern polemics and the flexible rhetorical approaches required by exile. He concludes that while these exiles may have lived on the margins, their books were central to early modern Spanish politics and are key to understanding the broader narrative of the Counter-Reformation. Deeply researched and highly original, *Radicals in Exile* makes an important contribution to the study of religious exile in early modern Europe. It will be welcomed by historians of early modern Iberian and English politics and religion as well as scholars of book history.

Roman Catholics in Alabama and Georgia, 1945-1970

The South's Tolerable Alien

Be Healed

The Fight for Rights 1829

The Catholic Church

Chicken Soup for the Soul

In *The South's Tolerable Alien*, Andrew S. Moore probes the role of Catholics in the post--World War II South and argues persuasively that, until the 1960s, religion rivaled race as a boundary separating residents of the Bible Belt. Delving deep into underutilized diocesan archives, he explores the ways in which southern Catholics worked to be both good Catholics and good southerners in a region largely defined by Protestant denominations, and explains how the burgeoning civil rights movement ultimately breached these religious barriers. With religious intolerance integral to southern Protestant identity, anti-Catholicism persisted longer in the South than in any other part of the country. Yet despite the prejudices against them, southern Catholics refused to shrink from public view, creating a separate subculture to sustain their religious identity as they marked out public sacred space from which they could engage their critics. Moore describes in detail the Catholics' civic displays and public rituals -- including the diocese of Mobile-Birmingham's annual Christ the King celebrations, which featured downtown parades of over 25,000 people. More than mere assertions of their presence, these pageants provided Catholics with opportunities to craft a secular identity within the American mainstream. As Moore maintains, the rise of the civil rights movement slowly diminished religious tension among white southerners as violent confrontations in Selma and Birmingham forced Catholics, as well as others, to take a stand. Once the civil rights movement was in full swing, either support for or opposition to racial desegregation became paramount and contributed to social and political realignments along racial lines instead of religious ones. Comparing the responses to the struggle to end Jim Crow among dioceses, Moore finds that, among Catholics, there was no simple liberal/conservative dichotomy. Instead, he argues that, in the South, the civil rights movement was more important than the Second Vatican Council in reshaping the social and political stances of the Catholic Church. By describing the relationship between Catholics and Protestants in the South from a Catholic perspective, Moore demonstrates that, despite the persistence of anti-Catholicism throughout this period, white Protestants were gradually coming to terms with the modern South's religious pluralism. With *The South's Tolerable Alien*, Moore offers the first serious analysis of southern Catholicism outside of Louisiana and makes an enormous contribution to the study of southern religion.

Examines the history of the American Catholic Church and its influence in national life, and discusses its attitudes toward the role of women, abortion, sexuality, politics, education, and other issues

How does Jesus fulfill over three hundred Old Testament Prophecies? (each listed inside this book) Is Catholicism inherently Anti-Semitic? Do the Hebrew Scriptures accurately predict Jesus of Nazareth as the Messiah? How does Jewish thinking presuppose devotion to Mary? Is the Catholic Church a fulfillment of historic Israel? How do Jewish water rituals relate to Catholic baptism? Is the Holy Sacrifice of the Mass a Passover meal? Should the Catholic priesthood conform to the priesthood established by Moses? How has the Jewish Temple influenced traditional Christian architecture? Does the Pope wear a yarmulke? Praise for *The Crucified Rabbi* "Taylor Marshall helps us to be more Catholic by taking our faith to its most

profound depths - its ancient roots in the religion of Israel, the Judaism beloved by the Apostles, the religion of the Temple and Synagogue, the Torah and the sacrifice. Jesus said he came not to abolish that faith but to fulfill it. In this book, we see that fullness down to the smallest details. I treasure this book." Mike Aquilina, author of *The Fathers of the Church* "Such sparkling insights appear on almost every page, as Taylor Marshall deftly compares various features of Judaism to their Catholic counterparts: the priesthood, vestments, holy days, marriage, and saints, to name but a few. Saint Augustine's dictum, "The New Covenant is in the Old, concealed; the Old Covenant is in the New, revealed" is on full display in *The Crucified Rabbi* --Cale Clarke, *Catholic Insight Magazine* "This is a fascinating book full of interesting details. *The Crucified Rabbi* should be required reading for every student of the Catholic faith." Father Dwight Longenecker, author of *Mary: A Catholic/Evangelical Debate*

No one brings English history to life like Antonia Fraser. In bestselling books like *Mary Queen of Scots* and *The Six Wives of Henry VIII*, she has shown why she is the finest of contemporary popular historians, one who by meticulous research portrays the dramas of the past in all their richness and revealing detail. Now, in *Faith and Treason*, she re-creates the seventeenth-century terrorist conspiracy known as the Gunpowder Plot. In England, November 5 is Guy Fawkes Day, when fireworks displays commemorate the shocking moment in 1605 when government authorities uncovered a secret plan to blow up the House of Parliament--and King James I along with it. A group of English Catholics, seeking to unseat the king and reintroduce Catholicism as the state religion, daringly placed in position thirty-six barrels of gunpowder in a cellar under the Palace of Westminster. Their aim was to ignite the gunpowder at the opening of the parliamentary session. Though the charismatic Catholic Robert Catesby was the group's leader, it was the devout Guy Fawkes who emerged as its most famous member, as he was the one who was captured and who revealed under torture the names of his fellow plotters. In the aftermath of their arrests, conditions grew worse for English Catholics, as legal penalties against them were stiffened and public sentiment became rabidly intolerant. In a narrative that reads like a gripping detective story, Antonia Fraser has untangled the web of religion, politics, and personalities that surrounded that fateful night of November 5. And in examining the lengths to which individuals will go for their faith, she finds in this long-ago event a reflection of the religion-inspired terrorism that has produced gunpowder plots of our own time.

The Crucified Rabbi

The King and the Catholics

A Simple Statement of Catholic Belief and Duty

- and for Kings and Queens on Earth

Saint Dymphna of Ireland

Judaism and the Origins of Catholic Christianity

A Study of William Penn and James II

In this extraordinary book, the renowned Hans Kung chronicles the Roman Catholic Church's role as a world power throughout history. He examines great schisms — between East and West, Catholicism and Protestantism — the evolving role of the papacy and the stories of the great reforming popes; and the expansion of a global Church infrastructure. The book concluded with a searching assessment of how the Catholic faith will confront the immense challenges posed in the new millennium by the scientific community, by women questioning their role in the Church, and by those seeking reform of the strictures against abortion and contraception. The Catholic Church is a landmark book by a controversial and profoundly influential thinker.

In the tradition of such beloved spiritual teachers as Francis MacNutt and Michael Scanlan, Be Healed: A Guide to Encountering the Powerful Love of Jesus in Your Life offers in book form Bob Schuchts's popular program for spiritual, emotional, and physical healing through the power of the Holy Spirit and the sacraments. This renowned program for spiritual restoration is steeped in scripture and the wisdom of the Catholic Church. Deeply intimate and vulnerable about his own journey of healing, Catholic therapist Bob Schuchts connects with his readers by sharing the series of betrayals he endured in high school—his father's infidelity, his parents' divorce, and his older brother's drug addiction—and his subsequent seasons of struggle with God and faith. Be Healed is based on the program first used in dioceses across the United States to form the hearts and minds of Catholic clergy. Schuchts's trusted process for finding inner peace and healing is now expanded to serve the entire body of Christ, helping people recognize their brokenness and find hope in the risen Christ.

In 1962 a group of Catholic leaders traveled to Rome, charged by Pope John XXIII with the task of making the gospel of Christ relevant in a modern world. The Second Vatican Council transformed the lives of Catholics through sweeping reforms--yet its effect on the daily lives of practicing Catholics has never been fully understood. In this illuminating study, religious historian Colleen McDannell presents new insight into Vatican II by shifting the framework of its analysis: from men to women, from urban to suburban, from theory to practice. Using the story of her Catholic mother's life as a narrative thread, McDannell presents in The Spirit of Vatican II a refreshingly positive portrayal of the state of modern Catholicism--and a testament to the lasting effects of its liberalization.

Are you a Catholic who no longer practices your faith? Do you feel closed off from the church because of your political or lifestyle circumstances? In Archbishop Wynn Wagner's enlightening, supportive, and sometimes irreverent book, Recovering Catholic: How to be Catholic without being Roman Catholic, you'll discover an entirely new way of looking at, and participating in, the Christian world you once loved. The author, who considers himself a recovering Catholic, introduces us to the Old Catholic Church, where 100% is Catholic, and 0% is Roman Catholic. So what's missing? Dogma, unfair judgment, homophobia, racism, and levels of discrimination we prefer not to discuss outside the church, and which the Roman Catholic clergy refuse to acknowledge inside the church. This book and this man will remind you about the joys that exist in a religion that loves and accepts. Amen to that!

*Or, the Catholic Church the Way of Salvation, as Revealed in the Holy Scriptures
England, Ireland, and the Fight for Religious Freedom, 1780-1829*

The Petition of the Catholics of Ireland, to the King's Most Excellent Majesty

***A History of Catholic Reform in America
Terror And Faith In 1605***

*In the eighteenth century, the Catholics of England lacked many basic freedoms under the law: they could not serve in political office, buy or inherit land, or be married by the rites of their own religion. So virulent was the sentiment against Catholics that, in 1780, violent riots erupted in London--incited by the anti-Papist Lord George Gordon--in response to the Act for Relief that had been passed to loosen some of these restrictions. The Gordon Riots marked a crucial turning point in the fight for Catholic emancipation. Over the next fifty years, factions battled to reform the laws of the land. Kings George III and George IV refused to address the "Catholic Question," even when pressed by their prime ministers. But in 1829, through the dogged work of charismatic Irish lawyer Daniel O'Connell and the support of the great Duke of Wellington, the watershed Roman Catholic Relief Act finally passed, opening the door to the radical transformation of the Victorian age. Gripping, spirited, and incisive, *The King and the Catholics* is character-driven narrative history at its best, reflecting the dire consequences of state-sanctioned oppression--and showing how sustained political action can triumph over injustice.*

*Why is it, asks Bishop Fulton Sheen, that one hears so often the expression "Go to hell!" and almost never the expression "Go to heaven!" Here, at his most penetrating, challenging, and illuminating best is Bishop Sheen with his answer, in a book that breathes new meaning into the truths about heaven and hell, and new life into the concepts of faith, tolerance, love, prayer, suffering, and death. Beginning with "The First Faint Summons to Heaven," Sheen shows how unpopular it is today to be a true Christian, and describes the struggle for living our faith amid the disorders of our times. Keenly aware of evil in the myriad forms it takes in today's world, Bishop Sheen writes about the constant battle man faces with the "seven pallbearers of character" - pride, avarice, envy, lust, anger, gluttony and sloth - linking them with the corrosive forces that never cease in their attacks on the Church and those who earnestly desire to be serious Christians. In *Go to Heaven*, a great spiritual teacher and writer, deeply aware of the human and spiritual conflicts being waged in the world, shows us the way to heaven in a most eloquent book, encouraging the reader to choose heaven now, and to understand the "reality of hell."*

Prominent personalities reveal how the Roman Catholic experience has shaped their careers, relationships, and feelings. A manual for Christian understanding and practice, this work sets out in clear and simple terms the doctrines of creation, revelation and redemption. Concise explanations are offered for key biblical teachings, the sacraments, prayer and the Christian life.
