

The Lizard War (Battle Bugs)

"Book of Monsters" by David Fairchild, Marian Fairchild. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two:

The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

The Sunday Times Bestseller Following Star Wars: Aftermath and Star Wars: Life Debt, Chuck Wendig delivers the exhilarating conclusion to the bestselling trilogy set in the years between Return of the Jedi and The Force Awakens. As the final showdown between the New Republic and the Empire draws near, all eyes turn to a once-isolated planet: Jakku. The Battle of Endor shattered the Empire, scattering its remaining forces across the galaxy. But the months following the Rebellion's victory have not been easy. The fledgling New Republic has suffered a devastating attack from the Imperial remnant, forcing the new democracy to escalate their hunt for the hidden enemy. For her role in the deadly ambush, Grand Admiral Rae Sloane is the most wanted Imperial war criminal—and one-time rebel pilot Norra Wexley, back in service at Leia's urgent request, is leading the hunt. But more than just loyalty to the New Republic drives Norra forward: her husband was turned into a murderous pawn in Sloane's assassination plot, and now she wants vengeance as much as justice. But Sloane, too, is on a furious quest: pursuing the treacherous Gallius Rax to the barren planet Jakku. As the true mastermind behind the Empire's devastating attack, Rax has led the Empire to its defining moment. The cunning strategist has gathered the powerful remnants of the Empire's war machine, preparing to execute the late Emperor Palpatine's final plan. As the Imperial fleet orbits Jakku, an armada of Republic fighters closes in to finish what began at Endor. Norra and her crew soar into the heart of an apocalyptic clash that will leave land and sky alike scorched. And the future of the galaxy will finally be decided.

In this Journey to Star Wars: The Rise of Skywalker young adult novel set just before The Force Awakens, a restless teenager sets out to discover what connection his mysterious Force powers have to the fabled Jedi and what the Force has in store for him.

The Lizard War (Battle Bugs #1)

The Lizard War

Look out below! Gliding lizards have taken Bug Island by storm, and the Battle Bugs need Max's help. Fortunately, Max has the perfect plan up his sleeve. To fight the lizards, the bugs will have to take to the air. Max has to organize the butterfly squadrons before their homeland is completely overrun!

Ancient warriors! The Battle Bugs have discovered a tunnel that leads directly from Reptile Island to Bug Island. Max must plug it before the Battle Bugs' defenses fall! The tunnels connecting the islands hold more than either side bargained for -- p

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

Never leave a bug behind -- collect all the Battle Bugs books! After examining a strange old encyclopedia of bugs, eight-year-old Max Darwin finds himself mysteriously shrunken and whisked away to tropical Bug Island. There, to Max's amazement, he discovers that not only can he talk to the incredible bugs and insects that populate the island, but that they need his help. A rival island populated by reptiles is threatening to take over. Only Max can save the day, as he uses his knowledge of all things insect to help the Battle Bugs fight back against the invaders!

The Lizard King

Mutant Chronicles

The Snake Fight

Book 1 of Paradox

Star Wars: Aftermath: Empire's End

Over 3,000 Words Every Person Should be Able to Use (And a few that you probably shouldn't)

Max Darwin is called back to Bug Island urgently. Lizards have been spotted making landfall on the banks of the Roaring Rapids river. Max soon realizes that the lizards are just a small nuisance compared to the giant that's been ferrying them across from Reptile Island. Admiral Longtooth, a huge saltwater crocodile, is determined to show the bugs that the battle may be over, but they'll never win the war.

Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.

It's a bracketed showdown among sixteen bugs and insects! Which critter will win the Ultimate Bug Rumble?

Books for All Kinds of Readers Read HowYouWant offers the widest selection of on-demand, accessible format editions on the market today. Our 7 different sizes of EasyRead are optimized by increasing the font size and spacing between the words and the letters. We partner with leading publishers around the globe. American Indian Myths and Legends

Fans of Firefly and Elizabeth Moon will lap up this action-packed military science fiction series. Welcome to the start of a thrilling new space adventure, starring female mercenary Deviana Morris . . . Deviana Morris isn't your average mercenary. She has plans. Big ones. And a ton of ambition. One of those is going to get her killed one day - but not just yet. Not when she just got a job on a tiny trade ship with a nasty reputation for surprises.

The Glorious Fool isn't misnamed: it likes to get into trouble. And with a reputation for bad luck that makes one year as security detail on this ship equal to five years everywhere else - Devi knows she's found the perfect way to get the jump on the next part of her Plan. But the Fool doesn't give up its secrets without a fight, and one year might be more than even Devi can handle. Review for FORTUNE'S PAWN: 'This book kicked ass . . . I just loved it!' - FELICIA DAY 'Devi is hands-down one of the best sci-fi heroines I've read in years' - RT BOOK REVIEWS 'Rollicking space opera starring a tough, sexy, armor-clad space chick . . . [Bach] does a nice job of painting a scenario that, if familiar - think the space marines of the Alien franchise or the motley crew of Firefly - allows her plenty of room for action. And action aplenty is what she delivers . . . Lots of fun' - KIRKUS REVIEWS

Never leave a bug behind -- Collect all the Battle Bugs books! Ancient warriors!The Battle Bugs have discovered a tunnel that leads directly from Reptile Island to Bug Island. Max must plug it before the Battle Bugs' defenses fall!The tunnels connecting the islands hold more than either side bargained for -- prehistoric creatures ready to battle! The fate of Bug Island rests on the sturdy shell of an ancient snail. Can one bug turn the tide of war? Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The classic thriller about a hostile foreign power infiltrating American politics: “Brilliant . . . wild and exhilarating.” —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors’ signal. Now he’s been returned to the United States with a covert mission: to kill a candidate running for US president . . . This “shocking, tense” and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). “Crammed with suspense.” —Chicago Tribune “Condon is wickedly skillful.” —Time

A Memoir

The Dragonfly Defense (Battle Bugs #7)

A Savage Journey to the Heart of the American Dream

The Glass Castle

Incidents in the Life of a Slave Girl (EasyRead Super Large 20pt Edition)

A dark lord will rise. Such is the prophecy that dogs Ringil Eskiath—Gil, for short—a washed-up mercenary and onetime war hero whose cynicism is surpassed only by the speed of his sword. Gil is estranged from his aristocratic family, but when his mother enlists his help in freeing a cousin sold into slavery, Gil sets out to track her down. But it soon becomes apparent that more is at stake than the fate of one young woman. Grim sorceries are awakening in the land. Some speak in whispers of the return of the Aldrain, a race of widely feared, cruel yet beautiful demons. Now Gil and two old comrades are all that stand in the way of a prophecy whose fulfillment will drown an entire world in blood. But with heroes like these, the cure is likely to be worse than the disease.

When eleven-year-old Gregor falls through a grate in the laundry room of his apartment building, he hurtles into the dark Underland, where spiders, rats and giant cockroaches coexist uneasily with humans. This world is on the brink of war, and Gregor's arrival is no accident. Gregor has a vital role to play in the Underland's uncertain future.

Imagine The Sopranos, with snakes! The Lizard King is a fascinating account of a father and son family business suspected of smuggling reptiles, and the federal agent who tried to take them down. When Bryan Christy began to investigate the world of reptile smuggling, he had no idea what he would be in for. In the course of his research, he was bitten between the eyes by a blood python, chased by a mother alligator, and sprayed by a bird-eating tarantula. But perhaps more dangerous was coming face to face with Michael J. Van Nostrand, owner of Strictly Reptiles, a thriving family business in Hollywood, Florida. Van Nostrand imports as many as 300,000 iguanas each year (over half the total of America's most popular imported reptile), as well as hundreds of thousands of snakes, lizards, frogs, spiders, and scorpions. Van Nostrand was suspected of being a reptile smuggler by Special Agent Chip Bepler of the U.S. Fish and Wildlife Service, who devoted years of his life in an obsessive quest to expose The Lizard King's cold-blooded crimes. How this cat-and-mouse game ended is engrossing and surprising.

Many generations ago, a mysterious cataclysm struck the world. Governments collapsed and people scattered, to rebuild where they could. A mutation, “the Change,” arose, granting some people unique powers. Though the area once called Los Angeles retains its cultural diversity, its technological marvels have faded into legend. “Las Anclas” now resembles a Wild West frontier town... where the Sheriff possesses superhuman strength, the doctor can warp time to heal his patients, and the distant ruins of an ancient city bristle with deadly crystalline trees that take their jewel-like colors from the clothes of the people they killed. Teenage prospector Ross Juarez's best find ever – an ancient book he doesn’t know how to read – nearly costs him his life when a bounty hunter is set on him to kill him and steal the book. Ross barely makes it to Las Anclas, bringing with him a precious artifact, a power no one has ever had before, and a whole lot of trouble.

Fear and Loathing in Las Vegas

This debut from a strong new talent in military science fiction tells the powerful story of military personnel chosen to battle an approaching alien force. It should appeal to fans of David Drake and David Weber.

Max Darwin is summoned back to Bug Island to discover the island in turmoil. Spike has vanished, and his disappearance has all the hallmarks of one of General Komodo's dastardly schemes. Max soon discovers that Spike has been bugnapped and is being held prisoner in the Reptilian Empire! Max must devise a daring rescue plan that involves traveling deep into enemy territory.

“Fascinating. Doidge’s book is a remarkable and hopeful portrait of the endless adaptability of the human brain.”—Oliver Sacks, MD, author of The Man Who Mistook His Wife for a Hat What is neuroplasticity? Is it possible to change your brain? Norman Doidge’s inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they’ve transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

For adventure-seekers-- bugs, races and beyond! The exciting conclusion to an epic series! In this final installment, the time has come for the Battle Bugs to drive General Komodo's reptilian forces off Bug Island for good. Using all the knowledge Max has gained in his time with the Battle Bugs, he must lead the bug army in an all-out attack. It's a bug battle royale, with only one possible winner!

Secret weapon! When Max receives an especially urgent message from the Battle Bugs, he knows an epic fight is brewing. An old foe has returned and is more fearsome than ever. The reptile army is gathering strength-and only Max can stop it.

The skies explode in this thrilling alternate history novel in Taylor Anderson's New York Times bestselling Destroyermen series. After the terrible battle between the men of the destroyer USS Walker and their Lemurian allies against the savage Grik, Lieutenant Commander Matthew Reddy is

shocked by the arrival of a strange ship captained by Commodore Jenks of the New Britain Imperial Navy—an island-nation populated by the descendants of British East Indiesmen swept through the rift centuries before. With the Walker undergoing much-needed repairs, Reddy knows the Grik have only

been fended off, not defeated, and he will need all hands on deck to fight them off when they next attack--but Jenks' loyalties seem uncertain. As tension between the Allies and the Imperials mount, Reddy will come to realize that his suspicions are not misplaced—and that a greater danger than

the Grik is about be revealed...

Never leave a bug behind-- collect all the Battle Bugs books! Never leave a bug behind! Bug Island is under attack! The lizard army is invading and the Battle Bugs are losing. Their only hope against the intruders is a strange creature they've never seen before-- a human being named Max. Max doesn't know how he ended up on Bug Island--but he does know the Battle Bugs need his help!

"It will be a dangerous mission. I don't expect that any of us will survive. But it's a chance to save mankind, to save our world. Maybe the last chance." By the end of the twenty-third century, Earth is a plague-ridden, war-ravaged cesspool dominated by megacorporations whose ruthless armies fight one another for power and for the very scarce resources there are left. Capitol fighters Mitch Hunter and Nathan Rooker are battling the opposing forces of the Bauhaus corporation when a cannon blast exposes and destroys an ancient stone seal in the ground. From the bowels of the Earth crawl hordes of necromutants with razorlike boneblades for arms, hideous humanoids that thrive and multiply by commandeering the bodies of dying soldiers. Mitch barely escapes-- only to discover that both the rise of the mutants and the "Deliverer" who will save humanity have been prophesied.

Unless Mitch and a group of warriors from each of the megacorporations succeed in reaching the hidden horrors and wiping out the mutant scourge, our world will literally become a hell on Earth. Now a major motion picture

The lizard army has returned to Bug Island, bigger and more powerful than ever - its bloodthirsty leader, General Komodo, determined to destroy General Barton's Battle Bugs once and for all. Can Max help the battle-weary bugs defeat the invaders and safeguard their future on Bug Island? One final epic confrontation will seal their fate for ever. . .

The adventures of the Magic Pickle continue as he fights the food fight against a brotherhood of evil fruits and vegetables who are plotting to take over the world! Meet the Magic Pickle, a flying kosher dill secret weapon, created in a government lab under the floor of Jo Jo Wigman's bedroom. He's here to save the world from The Brotherhood of Evil Produce who are threatening to take over the planet!

A Primer on Reptiles and Amphibians is an innovative educational resource designed to forge a connection between the reader and the creeping critters of the world. Turtles, frogs, lizards, salamanders, snakes, and crocodiles; these animals evoke fear and fascination. This primer dispels myths and unlocks mysteries surrounding these diverse survivors which have mastered virtually every habitat on Earth. Tragically, these animals now face pressures of unprecedented severity, but there is still time to make a difference if more of us work together.Micha Petty is an international award-winning Master Naturalist and wildlife rehabilitator. This critically-acclaimed debut volume is a collection of Micha's interpretive writings, carefully crafted to make learning easy for everyone. These bulletins display his passion for Conservation Through Education while covering topics such as living harmoniously with wildlife, physiology, natural history, observation, and conservation. Flip to any page to be instantly introduced to new facets of reptiles, amphibians, the perils they face, and how you can join the fight to save them.

Even the fastest ship in the galaxy can ' t outrun the past. . . . THEN: It ' s one of the galaxy ' s most dangerous secrets: a mysterious transmitter with unknown power and a reward for its discovery that most could only dream of claiming. But those who fly the Millennium Falconthroughout its infamous history aren ' t your average scoundrels. Not once, but twice, the crew of the Falcon tries to claim the elusive prize—first, Lando Calrissian and the droid L3-37 at the dawn of an ambitious career, and later, a young and hungry Han Solo with the help of his copilot, Chewbacca. But the device ' s creator, the volatile criminal Fyzen Gor, isn ' t interested in sharing. And Gor knows how to hold a grudge. . . . NOW: It ' s been ten years since the rebel hero Han Solo last encountered Fyzen Gor. After mounting a successful rebellion against the Empire and starting a family with an Alderaanian princess, Han hasn ' t given much thought to the mad inventor. But when Lando turns up at Han ' s doorstep in the middle of the night, it ' s Fyzen ' s assassins that he ' s running from. And without Han ' s help, Lando—and all life on Cloud City—will be annihilated. With the assistance of a young hotshot pilot, an Ewok slicer prodigy, the woman who might be the love of Lando ' s life, and Han ' s best and furriest friend, the two most notorious scoundrels in the New Republic are working together once more. They ' ll have to journey across the stars—and into the past—before Gor uses the device ' s power to reshape the galaxy.

From the bestselling author of the generation-defining series The Baby-sitters Club comes a series for a new generation! Karen Brewer, Big SisterEverybody used to love Karen. She was cute. She was the liittlest sister. But now baby Emily is in their family, and Karen feels left out. Then Emily gets sick and everybody has to take care of her. Even Karen. And that's when Karen finds out that being a big sister is the most fun of all!

It is an age when Valdemar is yet unfounded, its organization of Heralds yet unformed, and magic is still a wild and uncontrolled force. Skandranon Rashkae is perhaps the finest specimen of his race, with gleaming ebony feathers, majestic wingspan, keen magesight and sharp intelligence. Courageous, bold, and crafty, Skan is everything a gryphon should be. He is the fulfillment of everything that the Mage of Silence, the human sorcerer called Urtho, intended to achieve when he created these magical beings to be his champions, the defenders of his realm--a verdant plain long coveted by the evil mage Maar. Now Maar is once again advancing on Urtho's Keep, this time with a huge force spearheaded by magical constructs of his own--cruel birds of prey ready to perform any evil their creator may demand of them. And when one of Urtho's Seers wakes from a horrifying vision in which she sees a devastating magical weapon being placed in the hands of Maar's common soldiers, Skandrannon is sent to spy across enemy lines, cloaked in the protective of Urtho's powerful Spell of Silence.

What if the power to control the most terrifying animals in history fell into the hands of one of the most brilliant and ferocious military leaders of all time? Battlesaurus reimagines the 1815 Battle of Waterloo as something other than a crushing defeat for the French emperor Napoléon Bonaparte, when he unleashes a terrible secret weapon—giant carnivorous survivors from pre-history—on his unsuspecting British and Prussian adversaries. In this world, smaller "saurs" are an everyday danger in the forests of Europe, and the Americas are a forbidden zone roamed by the largest and most deadly animals ever to walk the earth. But in his quest for power, Napoléon has found a way to turn these giant dinosaurs into nineteenth-century weapons of mass destruction. Only Willem Verheyen, an outsider living in hiding in the tiny village of Gaillemarde, has the power to ruin the tyrant's plans. And Napoléon will stop at nothing to find him. War is coming, and young Willem is no longer safe, for Gaillemarde is just a stone's throw from the fields of Waterloo—fields which will soon run red with blood. Battlesaurus: Rampage at Waterloo by Brian Falkner is the first in a thrilling alternate historical fantasy duology, which concludes with the sequel, Battlesaurus: Clash of Empires. "Part historical fiction, part dinosaur fantasy mash-up, this book will appeal to history buffs and dinosaur fanatics alike. The battle scenes between Napoléon's army and the British are depicted in incredible detail, making readers feel as if they are right in the midst of the fight . . . The first of a promising duology that readers will find thrilling and positively addicting." —School Library Journal "This alternative history asks, what if Napoléon won the battle at Waterloo . . . The novel quickly ramps up to suspense, immersing the reader in the swiftly moving plot. Characters are very well drawn, capturing the reader's sympathy. With an ending wide open for a sequel, complete with a plot-thickening cliff-hanger, one can only hope that Falkner is a swift writer." —Booklist

A guide to non-traditional sexual expression, presented in the form of answers to written letters, draws on the author's expertise in evolutionary biology and considers such topics as necrophilia, bestiality, sex changes, virgin births, and male pregnancy. 50,000 first printing.

The True Crimes and Passions of the World's Greatest Reptile Smugglers

Gregor the Overlander

A Hymn Before Battle

Humankind may have won the battle, but a new threat looms larger than ever before... Earth's armed forces have stopped the Lanky advance and chased their ships out of the solar system, but for CDC officer Andrew Grayson, the war feels anything but won. On Mars, the grinding duty of flushing out the twenty-meter-tall alien invaders from their burrows underground is wearing down troops and equipment at an alarming rate. And for the remaining extrasolar colonies, the threat of a Lanky attack is ever present. Earth's game changer? New advanced ships and weapons, designed to hunt and kill Lankies and place humanity's militaries on equal footing with their formidable foes. Andrew and his wife, Halley, both now burdened with command responsibilities and in charge of more lives than just their own, are once again in humanity's vanguard as they prepare for this new phase in the war. But the Lankies have their own agenda...and in war, the enemy doesn't usually wait until you are prepared. As Andrew is once again plunged into the chaos and violence of war with an unyielding species, he is forced to confront the toll this endless conflict is taking on them all, and the high price of survival...at any cost.

50th Anniversary Edition • With an introduction by Caitly Weaver, acclaimed New York Times journalist This cult classic of gonzo journalism is the best chronicle of drug-soaked, addle-brained, rollicking good times ever committed to the printed page. It is also the tale of a long weekend road trip that has gone down in the annals of American pop culture as one of the strangest journeys ever undertaken. Also a major motion picture directed by Terry Gilliam, starring Johnny Depp and Benicio del Toro.

More than 160 tales from eighty tribal groups gives us a rich and lively panorama of the Native American mythic heritage. From across the continent comes tales of creation and love; heroes and war; animals, tricksters, and the end of the world. In addition to mining the best folkloric sources of the nineteenth century, the editors have also included a broad selection of contemporary Native American voices. With black-and-white illustrations throughout Selected and edited by Richard Erdoes and Alfonso Ortiz Part of the Pantheon Fairy Tale and Folklore Library
