Blended family couples can beat the odds--this book will tell you how."--Dr. Dennis Rainey, president of FamilyLife, author of Stepping Up

While this book contains numerous facts and empirical findings and touches on policy issues, its main contribution to the existing literature lies in the theoretical perspective it offers. The core of this book is a general equilibrium theory of labor and marriage presented in Chapter 2, which provides the conceptual framework for the rest of the chapters. Two major implications of the theory are sex ratio effects and compensating differentials in marriage. The book demonstrates how a few core concepts, linked via economic analysis, help explain a multitude of findings based on statistical analyses of data from a wide variety of cultures. It is hoped that readers of this book will improve their understanding of how marriage works to help us design better economic and social policies as well as help people live better and happier lives, making the book of interest to not only economists but sociologists and anthropologists as well.

*The Girl I Left Behind Me* addresses a neglected aspect of the history of the Hanoverian army. From 1685 to the beginning of the Victorian era, army administration attempted to discourage marriage among men in almost all ranks. It fostered a misogynist culture of the bachelor soldier who trifled with feminine hearts and avoided responsibility and commitment. The army's policy was unsuccessful in preventing military marriage. By concentrating on the many soldiers' wives who were unable to win permission to live "on the strength" of the regiment (entitled to half-rations) and travel with their husbands, this title explores the phenomenon of soldiers who persisted in defying the army's anti-marriage initiatives. Using evidence gathered from ballads, novels, court and parish records, letters, memoirs, and War Office papers, Jennine Hurl-Eamon shows that both soldiers and their wives exerted continual pressure on the state through evocative appeals to officers and civilians, fuelled by wives' pride in performing their own military "duty" at home. Respectable, companionate couples of all ranks reflect a subculture within the army that recognized the value in Enlightenment femininity. Looking at military marriages within the telescoping contexts of the state, their regimental and civilian communities, and the couples themselves, *The Girl I Left Behind Me* reveals the range of masculinities beneath the uniform, the positive influence of wives and sweethearts on soldiers' performance of their duties, and the surprising resilience of partnerships severed by war and army anti-marriage policies.

**deeply than they can love a woman. They are among the happiest men on earth. This is not a sneer meanly shot from cover at women. It is simply a statement of notorious fact. Men who worry themselves to distraction over the perfecting of a machine are indubitably blessed beyond their kind. Most of us have known such men. Yesterday they were constructing motorcars. But to-day aeroplanes are in the air--or, at any rate, they ought to be, according to the inventors. Watch the inventors. Invention is not usually their principal business. They must invent in their spare time. They must invent before breakfast, invent in the Strand between Lyons's and the office, invent after dinner, invent on Sundays. See with what ardour they rush home of a night! See how they seize a half-holiday, like hungry dogs a bone!**

*Master Plan for Marriage is the product of three decades of counseling with thousands of couples who are struggling. Everyone goes into marriage with great intention, but few really know how to be married well. This book shows couples that their way does not work, and it never has worked for them. In Master Plan for Marriage, you will see that only the Master's (Lord's) plan truly works. God's way to be married always works while our way never works. Master Plan for Marriage also shows the four-fold purpose that God has for marriage, to provide companionship, for procreation, to make us holy and to reveal the mystery of how Christ loves his church, therefore being a tool to fulfill the great commission.*
