Oil, Gas, and Mining: A Sourcebook for Understanding the Extractive Industries provides developing countries with a technical understanding and practical options around oil, gas, and mining sector development issues. A central premise of the Sourcebook is that good technical knowledge can better inform political, economic, and social choices with respect to sector development and the related risks and opportunities. The guidance provided by the Sourcebook assumes a broad set of overarching principles, all centered on good governance and directed at achieving positive and broadly based sustainable development outcomes. This Sourcebook is rich in presenting options to challenges, on the understanding that contexts and

The task of personal and family wealth management seems like it requires so many interrelated complex decisions with multiple risk dimensions that most people feel overwhelmed. However, we are all our own wealth managers, regardless of who you pay for advice and trade execution. Given the potential conflicts of

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

interest, managerial risk and high fees, it is not difficult to do better for yourself than what most professionals can do for you. Even if you choose to pay a professional, it is still your responsibility to monitor them concerning suitable strategies and performance net of fees. In this book, an author (Stanley J. Kon, PhD) with long careers as a professor of finance and in the practice of institutional investment management, will take you through a disciplined "Do-It-Yourself" investment process for wealth portfolio construction, monitoring and revision involving many accounts and many investments with overlapping risk dimensions.

This book sheds new light on the political economy of Russia under Putin's rule. The author, a former EU diplomat, presents a historical review of the Russian economy and 60 years of state-communist mismanagement, followed by oligarchic privatization. The book offers profound insights into Putin's rule and the power mechanics of the state-dominated management of the Russian economy. It identifies and assesses the lack of rule of law, together with an arbitrary and often corrupt administration that systematically discourages entrepreneurship and the emergence of

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

an independent middle class. Furthermore, the book discusses Russia's budgetary policy, its dependence on the export of natural resources, state-owned enterprises and their privileges, and Russia's external trade. This hard-hitting, substantial analysis debunks the myth of Russia's economic might and is a must read for anyone seeking to understand the economic realities of the Eurasian continent, or considering doing business with Russia.

There are those who think the goal of investing is to beat the market and amass as much wealth as possible, that street smarts and hard work ensure investment success, and that the road to happiness is paved with more of everything. And then there are those who get it. Want a more prosperous, less stressful financial life? Jonathan Clements, longtime personal finance columnist for The Wall Street Journal, is here to help. His goal: to provide readers with a coherent way to think about their finances, so they worry less about money, make smarter financial choices and squeeze more happiness out of the dollars that they have. How to Think About Money is built around five key ideas: Money can buy happiness, but we need to spend with

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

great care. Most of us will enjoy an extraordinarily long life--and that has profound financial implications. We are hardwired for financial failure, so sensible money management takes great mental strength. We need to bring order to our financial life--by focusing on our paycheck, or lack thereof. If we want to add to our wealth, we should strive to minimize the subtractions."Now why didn't I think of that? That's what you'll ask yourself after you read Jonathan Clements's fine new book. Its beauty lies in the commonsense and wisdom that is summed up in just five simple steps that will help you to earn your financial independence. Easy to understand, essential to follow."--John C. Bogle, founder, The Vanguard Group"Jonathan Clements brings his intelligence, insight and commonsense to How to Think About Money, which is packed with wisdom and great guidance. Read it and reap the rewards in the years and decades ahead."--Eric Tyson, author of Personal Finance for Dummies and Investing for Dummies "How to Think About Money is financial feng shui --a blueprint for harmonizing all the aspects of personal finance into a balanced way of approaching and managing money. I found myself measuring my own attitudes and beliefs

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

against the yardsticks in Jonathan Clements's book, and was pleased to find that we're on the same page. Anyone who feels overwhelmed by the challenges of today's world can benefit from Clements's advice on how to make smart financial choices, as well as how to develop, in his words, a 'coherent way to think about their financial life'."--Janet Bodnar, editor, Kiplinger's Personal Finance magazine"Concise, important and true. Jonathan Clements provides you a path not just to better finances, but to a better life."--Terry Burnham, finance professor, Chapman University, and author of Mean Markets and Lizard Brains"Jonathan Clements writes so well and thinks so clearly that even financial planning, saving, and wise decisions are almost fun to think through with him as our guide."--Charles Ellis, author of Winning the Loser's Game"Jonathan Clements, one of the premier financial writers of our times, provides readers with a roadmap for a successful financial life. It's an easy read that can result in changing the way readers look at investing and life. Read it and reap."--Mel Lindauer, Forbes.com columnist and co-author of The Bogleheads' Guide to Investing and The Bogleheads' Guide to

The world needs a strong America, and America needs an economic revival after the Coronavirus season of shutdowns. Can the playbook that resulted in the greatest job market in history put Americans back to work? From the first moments of his presidency, Donald J. Trump put US economic revival at the top of his agenda. Cutting red tape and slashing business tax rates made companies eager to locate in America again. A surge in corporate investment led to record numbers of US job openings. But there was also another force at work at the start of the Trump era, and it's impossible to provide a fair accounting of Trump's governance without noting the unique obstacles he's faced. The President's critics styled themselves "The Resistance," as if they were confronting a tyrant at the head of an invading army rather than their duly elected President. Much of the media establishment regularly—and wrongly—accused him of betraying the country. Most disturbing was the resistance movement inside government, formed even before the 2016 election,

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

which unleashed unprecedented surveillance against Donald Trump. The political and media warfare has never ended. Just as an impeachment case collapsed in the Senate earlier this year, the world was beginning to realize how large a threat the Chinese communist government had become—and what it had been hiding in Wuhan. The destruction caused by the coronavirus is the latest and greatest test for the Trump prosperity agenda. Once again the health and wealth of the world depend on US leadership for economic revival. This is the story of the man US voters chose to lead in 2016 and will soon consider to lead again.

Written by the spouse of a physician, Advanced Tax Planning for Medical Professionals: A Concise Guide to Tax Reduction Strategies will walk you through the different types of tax planning strategies available to physicians, dentists, and other high-income professionals. As a medical professional you are bombarded with "financial gurus" before you even leave residency. It is important to have an understanding of different tax planning strategies in order to build wealth

and financial independence. This book provides a snapshot of basic to advanced strategies and case studies to see the strategies in action. If you are ready to keep more of what you earn with court-tested, IRS approved strategies, click the buy button now!

Taxes Come First The 2017 Trump Tax Cuts and Jobs Act has lowered tax rates for the beleaguered American taxpayer. We live in a Golden Age of Taxes. The clock is ticking. The Trump tax cuts are slated to expire in 2025, while a regime change in Washington could undo them as early as 2021. Like grave robbers opening King Tut's tomb, Congress -- with no debate or public discussion -- plans to raid your retirement accounts for even more money under the so-called "SECURE" Act. Hang on to your wallet. Nationally recognized investment advisor Phil DeMuth decrypts the 73,954 pages of tax code to show you where the trip-wires lie. He offers simple rules of thumb to navigate the minefield, all in sparkling English. If you aren't playing the long game with your taxes now, you are sending a valentine to the U.S.

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

Treasury every April 15 with a needlessly fat check attached. DeMuth shows how to safely pare your investment tax bill down to the legal minimum requirement. It adds up to a small fortune that would be better spent on your life, your family, and your retirement.

More than one million hardcovers sold Now available for the first time in paperback! The Classic Text Annotated to Update Graham's Timeless Wisdom for Today's Market Conditions The greatest investment advisor of the twentieth century, Benjamin Graham taught and inspired people worldwide. Graham's philosophy of "value investing" -- which shields investors from substantial error and teaches them to develop long-term strategies -- has made The Intelligent Investor the stock market bible ever since its original publication in 1949. Over the years, market developments have proven the wisdom of Graham's strategies. While preserving the integrity of Graham's original text, this revised edition includes updated commentary by noted financial journalist Jason Zweig, whose perspective

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

incorporates the realities of today's market, draws parallels between Graham's examples and today's financial headlines, and gives readers a more thorough understanding of how to apply Graham's principles. Vital and indispensable, this HarperBusiness Essentials edition of The Intelligent Investor is the most important book you will ever read on how to reach your financial goals.

When looking at a monthly brokerage statement, an investor's eyes go straight to the bottom line—the account value. But there's a catch. If you have big gains and decide to play it safe and take some of that money off the table, taxes will take a hefty chunk of those profits. Brokerage firms know how to handle such risk for their own accounts, hedging holdings, for example, to iron out volatility instead of incurring taxable capital gains. Savvy individual investors can use the same techniques to protect

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

themselves. In this indispensable guide, Robert Gordon, a Wall Street veteran, shares the strategies of an insider to demonstrate how you can use the tax laws to your advantage. Written in plain English, this book explains federal and state tax considerations that investors need to know to make the most tax-efficient choices and to protect their portfolios. The emphasis is on practical application, aimed at guiding you to specific, accessible tax-saving goals without having to wrestle down the entire Internal Revenue Code. Thanks to the talents of Gordon and respected journalist Jan M. Rosen, this book is clearly organized along transactional lines, offering easy entry for busy readers and allowing investors to zero in on a powerful array of proven, tax-minimizing techniques and strategies. By the time you finish reading *Wall Street Secrets for Tax-Efficient Investing*, you will be on your way to reducing your tax bite to a nibble and enjoying the full benefit of your investment earnings.

Every day, corporations are connecting the dots about our personal behavior—silently scrutinizing clues left behind by our work habits and Internet use. But who connects the dots about what firms are doing with all this information? Frank Pasquale exposes how powerful interests abuse secrecy for profit and explains ways to rein them in.

The gold standard for measuring financial progress, updated for today's market From Ross Levin, a trusted financial planner, comes *Implementing the Wealth Management Index*. The new edition of the book *Investment Advisor* called a "landmark opus," this revised and updated volume expands upon his legendary Wealth Management Index tool. A benchmark system that, through a series of questions and evaluations, enables advisors to score their performance for individual clients, the tool is used by firms around the world. In this new edition, the index looks at asset protection, disability and income protection, debt management, investment planning, and estate planning. The new edition adds more how-to information, as well as actual client examples and case studies to show how Levin's firm successfully

uses the index as a daily strategy. Asks the important questions, like "Did you use all reasonable means to reduce your taxes?" and "Have you established and funded all the necessary trusts? Have you made your desired gifts for this year? Newly revised and expanded for the first time since 1997 Essential guidance from a top man in the game, Implementing the Wealth Management Index is the one-stop resource for measuring client financial progress.

From the bestselling author of Authenticity and The Little Book of Stress Relief comes the definitive guide to treating — and eliminating — excessive stress in the workplace. Dr. David Posen, a popular speaker and a leading expert on stress mastery, identifies the three biggest problems that contribute to burnout and low productivity: Volume, Velocity, and Abuse. He shares revealing anecdotes and offers clear descriptions of the biology of stress to illustrate how downsizing, economic uncertainty, and technology have made the workplace more toxic than ever. Most importantly, he offers practical advice and easy techniques for managing the harmful symptoms and side effects of stress. Witty, engaging, and accessible, *Is Work Killing You?* touches on everything from meetings to tweeting, from fake work to face time, from deadlines to dead tired, and more. With this book, Dr. Posen gives us the tools to stop harming our most valuable resource — ourselves.

. . . Eat not up your property among yourselves unjustly except it be a trade amongst you, by mutual consent . . . and help you one another in righteousness and piety. . . (Al-Hadid 4:29; Al-Ma'idah 5:2) There cannot be any doubt that the current financial crisis, which began in the US, has gone global. This realization has fuelled the fire of debate over globalization. Today's globalization is no longer the globalization that Theodore Levitt, a former professor at the Harvard Business School, described in 1983 in his world famous article "The Globalization of Markets." Although, in old days, Levitt and his successors had not seen globalization as an utopian state free of problems, nowadays globalization has been reshaped completely. Therefore, in the perception of the editors it is justified to use the phrase "Globalisation 2.0" for the range of effects interpenetrating global economic arrangements. Globalisation 1.0 will never be restored again. Since the subprime crisis made its way to the global arena in the year 2008, companies and managers are confronted with the breathtaking speed of global, regional, and local changes. It is more than a provocation to divide developments into cause and effects. Forecasts in strategic management are no longer valid even for the moment they are published. Uncertainty occupies the driving seats in global, regional, and local oriented companies.

Praise For THE LITTLE BOOK OF ALTERNATIVE INVESTMENTS "Ben and Phil have done it again. Another lucid, insightful book, designed to enhance your wealth! In today's stock-addled cult of equities, there is a gaping hole in most investors' portfolios...the whole panoply of alternative investments that can simultaneously help us cut our risk, better hedge our inflation risk, and boost our return. This Little Book is

filled with big ideas on how to make these markets and strategies a treasured part of our investing toolkit." —Robert Arnott, Chairman, Research Affiliates "I have been reading Ben Stein for thirty-five years and Phil DeMuth since he joined up with Ben ten years ago. They do solid work, and this latest is no exception." —Jim Rogers, author of *A Gift to My Children* "If anyone can make hedge funds sexy, Stein and DeMuth can, and they've done it with style in this engaging, instructive, and tasteful how-to guide for investing in alternatives. But you should read this Kama Sutra of investment manuals not just for the thrills, but also to learn how to avoid the hazards of promiscuous and unprotected investing." —Andrew Lo, Professor and Director, MIT Laboratory for Financial Engineering

Originally published in 1930, this book provides an account of Australian economic development from 1788 up until the early twentieth century. The text is divided into three main sections: 'Convicts, Wool, and Gold 1788-1860'; 'Colonial Particularism 1860-1900'; 'The Commonwealth'. Notes are incorporated throughout. This book will be of value to anyone with an interest in perspectives on the development of Australia and economic history.

A leading financial adviser offers a groundbreaking and simple approach to tackling personal finance by breaking down formulas used by the most successful businesses. A troubled economy calls for answers. People need sound, easy-to-follow financial advice that can be implemented immediately. For the first time, a leading financial adviser has developed a remarkable set of guidelines to give individuals the same kind of objective insight into their personal finances that successful businesses have. Your

In the new edition of "Retire Secure! "CPA and attorney James Lange supplements his proven methods for making the most of your retirement plans with updated information, analysis and examples as well as offers recommendations for new tax-saving strategies for retirees and older Americans. Always a strong proponent of contributing as much as you can to all the tax-deferred retirement plans available to you, Jim makes a convincing case

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

for adding a slight modification to his pay taxes later adage - "pay taxes later, except for the Roth." On the accumulation side of the equation, when individuals are working to save money for retirement, he delves into great detail on the differences between traditional and Roth retirement plan options. When it comes time to tap into your retirement savings, Jim revisits determining the appropriate spending order for the different classes of retirement assets, IRS minimum distribution rules, and annuities all with updated information. Jim also discusses proposed legislative changes that, if enacted, will greatly affect the income of retirees. He does all of this while being sure to address the challenges that retirees face when mapping out their estate plan - choosing beneficiaries, reducing federal estate taxes, and leaving legacies for both family and charities. Never one to shy away from looking at both sides of any decision, Jim analyzes the merits of his recommendations and each chapter offers case studies based on his accumulated experience and rigorous analysis. "Retire Secure!" offers everyone a better chance at accumulating money for retirement, but perhaps more significantly, it offers strategies for making your retirement money last throughout your life and your spouse's life. The icing on the cake is how to prudently pass on your money to your heirs and charities or, if you prefer, keep it out of the hands of others. Tackling these topics in three parts, Accumulation, Distribution, and Estate Planning, "Retire Secure!" delivers the most sophisticated financial and legal advice in the most accessible of manners. Jim makes it possible for the reader to gain a unique understanding of these stages and plan for them. "The Age Wave of retiring baby boomers is creating a seismic bonanza for financial advisors--if they can provide the kinds of creative and flexible strategies their clients will

be wanting and needing. Steve Gresham provides the solid, imaginative, yet practical guidance needed to build winning strategies to meet the needs of a new generation of investors. I have long respected his work and heartily recommend this book." --Ken Dychtwald, PhD, founder and CEO, Age Wave, and author of Age Wave, Age Power, The Power Years, and Workforce Crisis "Steve Gresham showed us in The Managed Account Handbook that the basics to a successful advisor do not differ from one country to another. In this book, he is expanding his horizon with his extensive experiences to further help you to develop the skills for building a devoted client base. This is the must-read book for all who want to succeed in the financial advisory industry." --Toshiya Shimizu President and CEO, Nikko Cordial Advisors Ltd. "For thirty years, advisors have been using wealth accumulation as their main sales weapon. With the boomers entering retirement, all that's out the window. Now the imperatives are income distribution, planning--making sure the investor does not run out of money. In Steve's newest book, he does an excellent job of walking advisors through this change and showing them how to alter their practices to not only survive but thrive. This is a must-read for any advisor who still wants to be in the business in ten years." --Len Reinhart founder and President, Lockwood Advisors? "For over thirty years, I have sought advice from industry experts who can help me grow and optimize my practice. Steve Gresham's advice is always of interest to me--he is always right there on the cutting edge." --John Rafal, President, Essex Financial Services Registered Rep.'s Top 50 Financial Advisor for 2006 and Barron's Top 100 Financial Advisor "A good coach can help even the best players reach their potential. As a financial advisor, you coach successful families to tackle life's challenges and achieve their goals. Steve Gresham

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

can help--he has the tactics to help you build a winning team." --Mike Krzyzewski Head Coach, Duke University Basketball and the 2006 U.S. National Team

With all of our focus on assets - and how much and when to allocate them - are we missing the bigger picture? Our book begins by reviewing the historical performance record of popular assets like stocks, bonds, and cash. We look at the impact inflation has on our money. We then start to examine how diversification through combining assets, in this case a simple stock and bond mix, works to mitigate the extreme drawdowns of risky asset classes. But we go beyond a limited stock/bond portfolio to consider a more global allocation that also takes into account real assets. We track 13 assets and their returns since 1973, with particular attention to a number of well-known portfolios, like Ray Dalio's All Weather portfolio, the Endowment portfolio, Warren Buffett's suggestion, and others. And what we find is that, with a few notable exceptions, many of the allocations have similar exposures. And yet, while we are all busy paying close attention to our portfolio's particular allocation of assets, the greatest impact on our portfolios may be something we fail to notice altogether...

It's Robin Hood like you've never seen him before, based on scholarly and historical speculation about what's really behind the outlaw's legend. 13th century England. Robert Godwinson, former lover of King Richard, lives with his band of Merry Men in Sherwood Forest, away from the watchful eye of Prince John, who has outlawed homosexuality. Though isolated, the men live in peace—that is, until a stranger enters their camp seeking aid for a nearby town besieged by the Sheriff of Nottingham. “ Witty, compelling, and just plain fun to read . . . ” —Evelyn Lamb, Scientific American The Freakonomics of math—a math-world superstar unveils the hidden beauty and logic of the world and puts its power in our hands The math we learn in school can seem like a dull set of rules, laid down by the ancients and not to be questioned. In How Not to Be Wrong, Jordan Ellenberg shows us how terribly limiting this view is: Math isn ’ t confined to abstract incidents that never occur in real life, but rather touches everything we do—the whole world is shot through with it. Math allows us to see the hidden structures underneath the messy and chaotic surface of our world. It ’ s a science of not being wrong, hammered out by centuries of hard work and argument. Armed with the tools of mathematics, we can see through to the true meaning of information we take for granted: How early should you get to the airport? What does “ public

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

opinion ” really represent? Why do tall parents have shorter children? Who really won Florida in 2000? And how likely are you, really, to develop cancer? How Not to Be Wrong presents the surprising revelations behind all of these questions and many more, using the mathematician ’ s method of analyzing life and exposing the hard-won insights of the academic community to the layman—minus the jargon. Ellenberg chases mathematical threads through a vast range of time and space, from the everyday to the cosmic, encountering, among other things, baseball, Reaganomics, daring lottery schemes, Voltaire, the replicability crisis in psychology, Italian Renaissance painting, artificial languages, the development of non-Euclidean geometry, the coming obesity apocalypse, Antonin Scalia ’ s views on crime and punishment, the psychology of slime molds, what Facebook can and can ’ t figure out about you, and the existence of God. Ellenberg pulls from history as well as from the latest theoretical developments to provide those not trained in math with the knowledge they need. Math, as Ellenberg says, is “ an atomic-powered prosthesis that you attach to your common sense, vastly multiplying its reach and strength. ” With the tools of mathematics in hand, you can understand the world in a deeper, more meaningful way. How Not to Be Wrong will show you how.

National Book Award winner Masha Gessen's biography of a ruthless man's

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

ascent to near-absolute power. “ In a country where journalists critical of the government have a way of meeting untimely deaths, Gessen has shown remarkable courage in researching and writing this unflinching indictment of the most powerful man in Russia. ” —The Wall Street Journal “ Thanks to fearless reporting and acute psychological insights, Masha Gessen has done the impossible in writing a highly readable, compelling life of Russia's mysterious president-for-life. ” – Tina Brown, The Daily Beast

The Man Without a Face is the chilling account of how a low-level, small-minded KGB operative ascended to the Russian presidency and, in an astonishingly short time, destroyed years of progress and made his country once more a threat to his own people and to the world. Handpicked as a successor by the "family" surrounding an ailing and increasingly unpopular Boris Yeltsin, Vladimir Putin seemed like a perfect choice for the oligarchy to shape according to its own designs. Suddenly the boy who had stood in the shadows, dreaming of ruling the world, was a public figure, and his popularity soared. Russia and an infatuated West were determined to see the progressive leader of their dreams, even as he seized control of media, sent political rivals and critics into exile or to the grave, and smashed the country's fragile electoral system, concentrating power in the hands of his cronies. As a journalist living in Moscow, Masha Gessen experienced this history firsthand, and for The Man

Download Free The Overtaxed Investor: Slash Your Tax Bill Be A Tax Alpha Dog

Without a Face has drawn on information and sources no other writer has tapped. This account of how a "faceless" man maneuvered his way into absolute—and absolutely corrupt—power is the definitive biography of Vladimir Putin.

—Bloomberg From the award-winning and bestselling author of Ghost Wars and Directorate S, an extraordinary exposé of Big Oil. Includes a profile of current Secretary of State and former chairman and chief executive of ExxonMobil, Rex Tillerson In this, the first hard-hitting examination of ExxonMobil—the largest and most powerful private corporation in the United States—Steve Coll reveals the true extent of its power. Private Empire pulls back the curtain, tracking the corporation’s recent history and its central role on the world stage, beginning with the Exxon Valdez accident in 1989 and leading to the Deepwater Horizon oil spill in the Gulf of Mexico in 2010. The action spans the globe—featuring kidnapping cases, civil wars, and high-stakes struggles at the Kremlin—and the narrative is driven by larger-than-life characters, including corporate legend Lee “Iron Ass” Raymond, ExxonMobil’s chief executive until 2005, and current chairman and chief executive Rex Tillerson, President-elect Donald Trump’s nomination for Secretary of State. A penetrating, news-breaking study, Private Empire is a defining portrait of Big Oil in American politics and foreign policy.

Every company has a personality. Does yours help or hinder your results? Does it make you fit for growth? Find out by taking the quiz that's helped 50,000 people better understand their organizations at OrgDNA.com and to learn more about Organizational DNA. Just as you can understand an individual's personality, so too can you understand a company's type—what makes it tick, what's good and bad about it. Results explains why some organizations bob and weave and roll with the punches to consistently deliver on commitments and produce great results, while others can't leave their corner of the ring without tripping on their own shoelaces. Gary Neilson and Bruce Pasternack help you identify which of the seven company types you work for—and how to keep what's good and fix what's wrong. You'll feel the shock of recognition (“That's me, that's my company”) as you find out whether your organization is:

- **Passive-Aggressive** (“everyone agrees, smiles, and nods, but nothing changes”): entrenched underground resistance makes getting anything done like trying to nail Jell-O to the wall
- **Fits-and-Starts** (“let 1,000 flowers bloom”): filled with smart people pulling in different directions
- **Outgrown** (“the good old days meet a brave new world”): reacts slowly to market developments, since it's too hard to run new ideas up the flagpole
- **Overmanaged** (“we're from corporate and we're here to help”): more reporting than working, as managers check on their subordinates' work so they can in turn report to their bosses
- **Just-in-Time** (“succeeding, but by the skin of our teeth”): can turn on a dime and create real breakthroughs but also tends to burn out its best and brightest
- **Military Precision** (“flying in formation”): executes brilliant strategies but
