The Power Of A Positive No: Save The Deal Save The Relationship And Still Say No

Think of the toughest problems in your organization or community. What if they'd already been solved and you didn't even know it? In The Power of Positive Deviance, the authors present a counterintuitive new approach to problem-solving. Their advice? Leverage positive deviants--the few individuals in a group who find unique ways to look at, and overcome, seemingly insoluble difficulties. By seeing solutions where others don't, positive deviants spread and sustain needed change. With vivid, firsthand stories of how positive deviance has alleviated some of the world's toughest problems (malnutrition in Vietnam, staph infections in hospitals), the authors illuminate its core practices, including: · Mobilizing communities to discover "invisible" solutions in their midst · Using innovative designs to "act" your way into a new way of thinking instead of thinking your way into a new way of acting · Confounding the organizational "immune response" seeking to sustain the status quo Inspiring and insightful, The Power of Positive Deviance unveils a potent new way to tackle the thorniest challenges in your own company and community. Richard Pascale is an associate fellow of Templeton College, Oxford University, and author or coauthor of numerous books, including Managing on the Edge, Surfing the Edge of Chaos, and The Art of Japanese Management. Jerry Sternin was the world's leading expert in the application of positive deviance as a tool for addressing social and behavioral change. Monique Sternin has been an equal partner in these efforts and now heads the Positive Deviance Institute at Tufts University

Everything You Need to Awaken Your Soul, Raise Your Vibration, and Manifest an Inspired Life

Powerful Thinking, Powerful Life: 9 Powerful Ways for Self-Improvement, Increasing Self-Esteem, & Gaining Positive Energy, Motivation, Forgiveness, Ha

No is perhaps the most important and certainly the most powerful word in the language. Every day we find ourselves in situations where we need to say No–to people at work, at home, and in our communities–because No is the word we must use to protect ourselves and to stand up for everything and everyone that matters to us. But as we all know, the wrong No can also destroy what we most value by alienating and angering people. That's why saying No the right way is crucial. The secret to saying No without destroying relationships lies in the art of the Positive No, a proven technique that anyone can learn. This indispensable book gives you a simple three-step method for saying a Positive No. It will show you how to assert and defend your key interests; how to make your No firm and strong; how to resist the other side's aggression and manipulation; and how to do all this while still getting to Yes. In the end, the Positive No will help you get not just to any Yes but to the right Yes, the one that truly serves your interests. Based on William Ury's celebrated Harvard University course for managers and professionals, The Power of a Positive No offers concrete advice and practical examples for saying No in virtually any situation. Whether you need to say No to your customer or your coworker, your employee or your CEO, your child or your spouse, you will find in this book the secret to saying No clearly, respectfully, and effectively. In today's world of high stress and limitless choices, the pressure to give in and say Yes grows greater every day, producing overload and overwork, expanding e-mail and eroding ethics. Never has No been more needed. A Positive No has the power to profoundly transform our lives by enabling us to say Yes to what counts–our own needs, values, and priorities. Understood this way, No is the new Yes. And the Positive No may be the most valuable life skill you'll ever learn!

Learn the power of your words and how to use them positively; learn how prayers, encouragement, attitude and example can change your family forever.

PRE-ORDER NOW There are times when life feels like it has you cornered: financial difficulties, relationship issues, work problems, all of the above. Every one of us, at one time or another, will have to face up to the challenges that come our way. And there are two ways of meeting them: negatively, where blame is the answer, where other people are at fault, where you haven't been treated fairly. Or positively, where you own the situation, learn and grow from it, and become a better person at the end of it. Letting you into areas of his life he's never talked about before, in Zero Negativity, Ant will show you how to embrace failure and use it to your advantage, how to see change as the foundation of your future success, how to develop resilience, how to deal with bullies, what it means to be a positive roll model, and how to live a life with no regrets. This book will not tell you who to be, where you should live, or what job you should do. That's up to you. What this book is for, however, is to give you the tools you need to become the best possible version of yourself, to own who and what you are, and to live your life with Zero Negativity.

Getting Good at Getting Results

One of the most powerful forces in business today is the positive psychology movement -- overcoming self-defeating attitudes and developing our talents and positive traits. Much of the new thinking, in fact, stems directly from the concepts in Norman Vincent Peale's great classic bestseller, The Power of Positive Thinking, which has been translated into forty-two languages and has sold over 22 million copies. Now, after years of extensive research and field testing, working in cooperation with the Peale Center and major corporations nationwide, Scott Ventrella has adapted those concepts into a systematic program for people in business to achieve greater levels of personal and professional performance. The Power of Positive Thinking in Business provides a practical way for each of us to develop and actually strengthen the ten traits of a positive thinker. Inevitably, our performance rises to new levels when we learn how to overcome negative attitudinal barriers such as fear, lack of self-confidence, and low self-esteem, and instead develop the traits that characterize a positive thinker: optimism, enthusiasm, belief, integrity, courage, confidence, determination, patience, calmness, and focus. The Power of Positive Thinking in Business encourages us to concentrate on objective, rational thinking instead of self-limiting beliefs and negative self-talk. The result is an increased ability to deal effectively with tough situations and difficult people, in both business environments and personal lives. Together, rational thinking and the ten traits of a positive thinker can turn defeatist behavior into productive actions that will overcome the toughest of challenges with powerful, positive results. Best of all, these practical yet powerful concepts are applicable to businesspeople at all levels, disciplines, and functions within an organization, and have been adapted to appeal to people of all faiths.

The Power of Positive Drinking isn't a guide on how to get drunk. It is a guide to how to drink well. Drinking has a bad reputation in some quarters. But that's largely because we don't drink properly, as we have not yet been initiated in the art of drinking well. Most of us know plenty about healthy eating, but next to nothing about healthy drinking. This is Cleo Rocos' master class on how to imbibe successfully, on how to reach that delicious level of intoxication where you and your fellow drinkers blossom into the favourite version of yourselves and stay there. From Rocos we learn how to ensure that every drinking occasion snowballs into a glorious and triumphant event. Inside these pages lie the secrets of alcohol. The finest hints and tips on stylish drinking gleaned from seasoned and successful drinkers around the globe; failsafe recipes for some of the world's greatest snifters - martini recipes, margarita recipes, mojitos and cosmopolitans - along with a few of Cleo's own specialities, guaranteed to avoid that awful hangover.
