*All year the half-bloods have been preparing for battle against the Titans, knowing the odds of victory are grim. Kronos's army is stronger than ever, and with every god and half-blood he recruits, the evil Titan's power only grows. Now it's up to Percy Jackson and an army of young demigods to stop the Lord of Time.*

*The unforgettable second novel in the acclaimed Covenant series from #1 New York Times bestselling Jennifer L. Armentrout. Includes a special bonus scene from Seth's point of view. Enter the world of Covenant... For Alexandria, being destined to become some kind of supernatural electrical outlet isn't exactly awesome – especially when her ‘other half’ is everywhere she goes. Seth's in her training room, outside her classes, and keeps showing up in her bedroom – so not cool. Their connection does have some benefits, like staying off her memories of the tragic showdown with her mother, but it has no effect on what Alex feels for the forbidden, pure-blooded Aiden. When daemons infiltrate the Covenants and attack students, the gods send furies – creatures determined to eradicate any threat to the Covenants and to the gods... and that includes Alex. If that and hordes of aether-sucking monsters weren't bad enough, a mysterious threat seems willing to do anything to neutralize Seth, even if that means forcing Alex into servitude... or killing her.*

Ever since the Titans appeared in her Detroit neighborhood, Astrid Sullivan's world has revolved around the mechanical horses. It's not just the thrill of the race. It's the engineering of the horses themselves and the way they're programmed to seem so lifelike. The Titans are everything that fascinates Astrid, and nothing she'll ever touch. She hates them a little, too. Her dad lost everything betting on the Titans. And the races are a reminder of the gap between the rich jockeys who can afford the expensive machines and the working class friends and neighbors of Astrid's who wager on them. But when Astrid's offered a chance to enter an early model Titan in this year's derby, well, she decides to risk it all. Because for a girl from the wrong side of the tracks, it's more than a chance at fame or money. Betting on herself is the only way she can see to hang on to everyone in the world she cares about.

Unfortunately, she's crushing hard on the totally hot pure-blood Aiden. But falling for Aiden isn't her biggest problem-staying alive long enough to graduate the Covenant and become a Sentinel is. If she fails in her duty, she faces a future worse than death or slavery: being turned into a daemon, and being hunted by Aiden. And that would kind of suck.*
