Personal narrative of a Catholic priest from the Voivodina region regarding the sufferings of the ethnic Danube Swabian Germans under the Tito partisan government in Yugoslavia during the decade after World War II. The Red Dragon has been variously treated as a grimoire, a piece of folk literature, and a joke manuscript; it comprises one part of what is loosely termed "The Grand Grimoire"- a collection of magickal works from the Renaissance such as the Black Pullet and Lesser Keys of Solomon. The Red Dragon however bears the title "Grand Grimoire" on its own. Multiple editions of it exist, some with material tacked on. It takes the form of a long ritualistic ceremony designed to secure communication with a demon known as "Lucifuge Rofocale" followed by various

This episode ultimately led to China's development of a military-run secret space program (SSP) using exotic electromagnetic propulsion systems now challenging US military dominance on Earth and in outer space. By 2030, China's economy will outgrow the US, and China plans to use its vast economic resources to project its presence deep into space in ways that will lead to increasing military confrontations with the newly created US Space Force.
