In this groundbreaking book, Sabri Suby, the founder of Australia's #1 fastest growing digital marketing agency, reveals his exclusive step-by-step formula for growing the sales of any business, in any industry or niche! The 8 phase 'secret selling system' detailed in this book has been deployed in over 167 industries and is responsible for generating over \$400 million dollars in sales. This isn't like any other marketing book you've ever read. There's no fluff or filler - just battle-hardened tactics that are working right now to rapidly grow sales. Use these timeless principles to rapidly and dramatically grow sales for your business and crush your competition into a fine powder.

Search engines and social media have certainly changed how prospecting pipelines for salespeople are built today, but the vitality of the pipeline itself has not. Even today, the key to success for a salesperson is his pipeline of prospects. Top producers are still prospecting. All. The. Time. However, buyers have evolved, therefore your prospecting needs to as well. In High-Profit Prospecting, sales expert Mark Hunter shatters costly prospecting myths and eliminates confusion about what works today. Merging new strategies with proven practices that unfortunately many have given up (much to their regret), this must-have resource for salespeople in every industry will help you:

- Find better leads and qualify them quickly
- Trade cold calling for informed calling
- Tailor your timing and message
- Leave a voicemail and craft a compelling email
- Use social media effectively
- Leverage referrals
- Get past gatekeepers and open new doors
- And more

For the salesperson, prospecting is still king. Take back control of your pipeline for success!

Every business has a sales funnel but few business owners ever pay attention to theirs. In fact, most people think of sales funnels as a "nice to know" concept and they don't realize the opportunity a powerful strategic tool offers their business. The sales funnel is the journey people take as they discover they have a problem and eventually realize that your business has the solution to solve it. Within your sales funnel are all the marketing and sales activities you perform to convince them to buy from you. ... And there's more. So much more. The sales funnel is an all-too-often overlooked tool that empowers business owners to accelerate business growth, attract more of the right customers, close more (and more profitable) sales, and do it all faster and easier. The sales funnel is your business; your business' most important asset. There is no other strategic tool that has the impact on your business that the sales funnel has, and business owners who master their sales funnel open a new world of possibility in their business. In The Sales Funnel Bible, business writer Aaron Hoos outlines the step-by-step way to understand your sales funnel and achieve sales funnel mastery in your business. The book leads you from the very basics (if you've never heard of a sales funnel before) all the way through to advanced techniques (for entrepreneurs who are actively building their sales funnel). It doesn't matter what you sell, who you sell to, what size of business you have, or how long you've been in business. The most effective way to grow your business is to master your sales funnel. The fastest way to get started is to read The Sales Funnel Bible.

Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. Traffic Secrets was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell. The One Hour Funnel(tm) is a proprietary system Cody Burch uses to quickly build beautiful, tested, high-converting funnels for himself and clients. High five yourself." - Jeff Wilson "I'm the most confident I've ever been about my funnel!" - Jon Cook "The One Hour Funnel System knocks it out of the park!" - Mike Ruman "There is a lot of noise out there in the funnel world... Cody cuts through it with his simple approaches and proven strategies." - Nicholas Kusmich
