"Why do I always see the numbers 444 (or 111, 333, etc.) everywhere I go?" is one of the most frequently asked questions that Doreen Virtue receives at her worldwide workshops. In her best-selling book Healing with the Angels, Doreen included a chapter that briefly explained the meanings behind these number sequences, and many people have commented that they carry the book with them everywhere to help them interpret the numbers they see daily. By popular request from Doreen's audience members, Angel Numbers has been created to serve as a pocket guide containing the angelic meanings of numbers from 0 to 999. Designed to fit into a purse or pocket for easy transport, Angel Numbers provides an interpretation of more complex number sequences than was previously available in Healing with the Angels. This new book focuses on numbers such as 123, 337, 885, and so on. Whether you're seeing these numbers on license plates, telephone numbers, the clock, or other locations, they're very real messages from the angels. Angel Numbers will help you instantly understand the meaning of these signs!

Astrology is an ancient practice used by our ancestors to plan their life by the stars. Over the years we have lost touch with the universe around us and the important framework it can provide us to get the most out of life. The Signswill help you to discover more about yourself by teaching you how to interpret your natal chart (the arrangement of the stars at the time of our birth). By looking at how your chart impacts each aspect of your life, astrology encourages us to be more aware of others and ourselves and helps to modify how we react to other people and the situations we find ourselves in. This is not a crystal ball in which to read the future but instead should be seen as a path guiding you toward greater control of your life. Discover Valuable Knowledge Hidden In The Stars For some people, it is a forbidden art associated with sin and sorcery, banned by various organized religions. For others, it may be nothing more than wishful thinking, or an age old hoax that just won't go away. To the intuitive seeker, however, it is a valuable system filled with startling revelations about the self and others. It can explain people's many different personalities, be a great guide to healthy relationships and even aid us in finding success and meaning in our earthly lives. I am of course talking about the great language of the stars: Astrology. This ancient, cosmic science views mankind as not only being affected by genes and environment, but also by the condition of our solar system at the time of our birth. During the course of this book, we will go through the basics of astrology, before taking a close look at each of the 12 Zodiac signs, their unique traits and meanings, their ideal partners, and how this information can help you better understand the true spiritual essence of yourself and others. Uncover The Incredible Secrets Of The Zodiac!

In this inspiring guide to achieving happiness and wellness in life, work, and relationships, a "go-to life coach for those in the know" (InStyle) reveals how to use astrology as a roadmap to success. For thousands of years, people have looked to the night sky for guidance. Yet these days it's so easy to lose touch with the universe and the important direction it can provide. In The Signs, astrologer and life coach Carolyn Faulkner reveals how the ancient wisdom of the stars can empower you to get the most out of life. Faulkner's method is not about nebulous predictions or fate. It's about discovering the qualities, good and bad, associated with your natal chart—the position of the planets at the time of your birth—and using that knowledge to inform your decisions and relationships. Easy to use and designed as both an introduction for the cosmically curious and a deep dive for experienced spiritual seekers, this guide shows you how to interpret your chart, find balance, and reconnect with yourself. Consult The Signs to learn what to do when: • You're an inflexible Taurus, resistant to change. (Create things. Even a home-cooked meal will help you in wondrous ways.) • You live with an argumentative Aries. (Never fight fire with fire. Wait till your partner calms down to discuss your feelings.) • You have Capricorn influence. (Shed the need to conform. Structure is important, but it needs to be flexible enough to change as we grow.)

****A new constellation of astrology gurus - Vogue*** Nobody's future is written in the stars, but we can use that to help write our future. This volume ventures into terrain where even the most sophisticated map fails to lead--through the mapmaker's bias. Denis Wood shows how maps are not impartial reference objects, but rather instruments of communication, persuasion, and power. Like paintings, they express a point of view. By connecting us to a reality that does not exist in the abstract--a world of property lines and voting rights, taxation districts, and airport zones--they embody and project the interests of their creators. Sampling the scope of maps available today, illustrations include Peter Gould's AIDS map, Tom Van Sant's map of the earth, U.S. Geological Survey maps, and a child's drawing of the world. THE POWER OF MAPS was published in conjunction with an exhibition at the Cooper Hewitt Museum, the Smithsonian Institution's National Museum of Design.

OVER HALF A MILLION COPIES SOLD! This is the classic guide to astrological history, legend, and practice! Readers will enjoy simple, computer-accurate planetary tables that allow anyone born between 1900 and 2100 to pinpoint quickly their sun and moon signs, discover their ascendants, and map out the exact positions of the planets at the time of their birth. Celebrated astrologer Joanna Martine Woolfolk offers abundant insights on the personal relationships and emotional needs that motivate an individual, on how others perceive astrological types, and on dealing with the negative aspects of signs. Readers will also welcome the inclusion of new discoveries in astronomy. Lavishly illustrated and with an updated design, this new edition is an indispensable sourcebook for unlocking the mysteries of the cosmos through the twenty-first century and beyond.

Lift astrology out of the sun-sign columns, interpret your birth chart, and discover the true meaning of the stars and planets, and their influence on your personality. Most people know their sun sign and the broad character traits that go with it: Leos are Leaders, Scorpios are secretive, and Cancerians are sensitive. However, there is much more to astrology than this broad brushstroke approach, and in Be Your Own Astrologer, bestselling astrologer and tarot reader Joanna Watters gives you the tools you need to gain a deeper understanding of your sign and insights into hidden aspects of your personality. Joanna goes beyond the sun signs to look at the importance and influence of every planet's position in your birth chart. She will guide you, step by step, on your personal astrological journey and you will soon be able to interpret your own natal chart.

"Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller The Light Between Us. She possesses an incredible gift--the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In Signs, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully motivational in asking us to see beyond ourselves to a more magnificent universal design!"--

The Owner's Manual for Your Life! Founded in the twentieth century by the late spiritual teacher Ra Uru Hu, Human Design is often called the "new Astrology," and the "intersection of science and spirituality." Your Human Design chart is formulated by taking your birth date, time, and location and extrapolating specific personality traits and life paths from this convergence. A Human Design chart offers an astonishingly accurate guide to your personality, as well as direction and counsel on how each individual can deal with challenges in their life. Previously, Human Design charts have been notoriously difficult to interpret and decipher, usually taking a dedicated expert to read and translate them into plain English. At least, that used to be the case--until now. In Understanding Human Design: The Science of Discovering Who You Really Are, author Karen Curry walks you through the sometimes complex and intimidating Human Design chart with simple, direct language. You will learn about each level of Human Design, from the most basic elements of the chart to the deeper, more nuanced insights Human Design offers, all in an approachable and interesting way. Your personal Human Design Chart can reveal your strengths, your weaknesses, and perhaps most importantly, your potential.
