

The Tooth Collector: Auschwitz Holocaust Atrocities

Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and For The guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.

Holocaust Narratives: Trauma, Memory and Identity Across Generations analyzes individual multi-generational frameworks of Holocaust trauma to answer one essential question: How do these narratives change to not only transmit the trauma of the Holocaust – and in the process add meaning to what is inherently an event that annihilates meaning – but also construct the trauma as a connector to a past that needs to be continued in the present? Meaningless or not, unspeakable or not, unknowable or not, the trauma, in all its impossibilities and intractabilities, spawns literary and scholarly engagement on a large scale. Narrative is the key connector that structures trauma for both individual and collective.

This is a biography and a ghost story set in various parts of the world including the slums of post war Dublin and the plush life of colonial Africa. From his arrival in Ireland from Hungary as a Radio Officer on board the ship Vicia in 1941, Steve Remenyi was faced with what might have been for others, insurmountable problems. His ship was trapped in Dublin. He couldn't speak English and he didn't know anyone in Ireland. But Steve

was both an optimist and a survivor and made the most of the challenges facing him. So he started a business.

Few growing up in the aftermath of World War II will ever forget the horrifying reports that Nazi concentration camp doctors had removed the skin of prisoners to make common, everyday lampshades. In *The Lampshade*, bestselling journalist Mark Jacobson tells the story of how he came into possession of one of these awful objects, and of his search to establish the origin, and larger meaning, of what can only be described as an icon of terror. Jacobson's mind-bending historical, moral, and philosophical journey into the recent past and his own soul begins in Hurricane Katrina-ravaged New Orleans. It is only months after the storm, with America's most romantic city still in tatters, when Skip Henderson, an old friend of Jacobson's, purchases an item at a rummage sale: a very strange looking and oddly textured lampshade. When he asks what it's made of, the seller, a man covered with jailhouse tattoos, replies, "That's made from the skin of Jews." The price: \$35. A few days later, Henderson sends the lampshade to Jacobson, saying, "You're the journalist, you find out what it is." The lampshade couldn't possibly be real, could it? But it is. DNA analysis proves it. This revelation sends Jacobson halfway around the world, to Yad Vashem in Jerusalem and to the Buchenwald concentration camp in Germany, where the lampshades were supposedly made on the order of the infamous "Bitch of Buchenwald," Ilse Koch. From the time he grew up in Queens, New York, in the 1950s, Jacobson has heard stories about the human skin lampshade and knew it to be the ultimate symbol of Nazi cruelty. Now he has one of these things in his house with a DNA report to prove it, and almost everything he finds out about it is contradictory, mysterious, shot through with legend and specious information. Through interviews with forensic experts, famous Holocaust scholars (and deniers), Buchenwald survivors and liberators, and New Orleans thieves and cops, Jacobson gradually comes to see the lampshade as a ghostly illuminator of his own existential status as a Jew, and to understand exactly what that means in the context of human responsibility. One question looms as his search goes on: what to do with the lampshade—this unsettling thing that used to be someone? It is a difficult dilemma to be sure, but far from the last one, since once a lampshade of human skin enters your life, it is very, very hard to forget.

Eva Mozes Kor was just ten years old when she arrived in Auschwitz. While her parents and two older sisters were taken to the gas chambers, she and her twin, Miriam, were herded into the care of the man known as the Angel of Death, Dr. Josef Mengele. Subjected to sadistic medical experiments, she was forced to fight daily for her and her twin's survival. In this incredible true story written for young adults, readers learn of a child's endurance and survival in the face of truly extraordinary evil and Eva's recovery and her controversial but often misunderstood decision to publicly forgive the Nazis. Readers will learn of how she triumphed over unfathomable pain and suffering into a life-long work for peace, human rights, and Holocaust education. The new edition provides interesting details and important context to the events related in the original story. A new Afterword by publisher Peggy Porter Tierney offers a richer portrayal of Eva as a person, the truth behind the controversies, and the eventful last ten years of her life.

2015 Washington Post Notable Book The Complete Works of Primo Levi, which includes seminal works like *If This Is a Man* and *The Periodic Table*, finally gathers all fourteen of Levi's books—memoirs, essays, poetry, commentary, and fiction—into three slipcased volumes. Primo Levi, the Italian-born chemist once described by Philip Roth as that “quicksilver little woodland creature enlivened by the forest's most astute intelligence,” has largely been considered a heroic figure in the annals of twentieth-century literature for *If This Is a Man*, his haunting account of Auschwitz. Yet Levi's body of work extends considerably beyond his experience as a survivor. Now, the transformation of Levi from Holocaust memoirist to one of the twentieth century's greatest writers culminates in this publication of *The Complete Works of Primo Levi*. This magisterial collection finally gathers all of Levi's fourteen books—memoirs,

essays, poetry, and fiction—into three slip-cased volumes. Thirteen of the books feature new translations, and the other is newly revised by the original translator. Nobel laureate Toni Morrison introduces Levi's writing as a "triumph of human identity and worth over the pathology of human destruction." The appearance of this historic publication will occasion a major reappraisal of "one of the most valuable writers of our time" (Alfred Kazin). The Complete Works of Primo Levi features all new translations of: *The Periodic Table*, *The Drowned and the Saved*, *The Truce*, *Natural Histories*, *Flaw of Form*, *The Wrench*, *Lilith*, *Other People's Trades*, and *If Not Now, When?*—as well as all of Levi's poems, essays, and other nonfiction work, some of which have never appeared before in English.

Among sources on the Holocaust, survivor testimonies are the least replaceable and most complex, reflecting both the personality of the narrator and the conditions and perceptions prevailing at the time of narration. Scholars, despite their aim to challenge memory and fill its gaps, often use testimonies uncritically or selectively-mining them to support generalizations. This book represents a departure, bringing Holocaust experts Atina Grossmann, Konrad Kwiet, Wendy Lower, Jürgen Matthäus, and Nechama Tec together to analyze the testimony of one Holocaust survivor. Born in Bratislava at the end of World War I, Helen "Zippi" Spitzer Tichauer was sent to Auschwitz in 1942. One of the few early arrivals to survive the camp and the death marches, she met her future husband in a DP camp, and they moved to New York in the 1960s. Beginning in 1946, Zippi devoted many hours to talking with a small group of scholars about her life. Her wide-ranging interviews are uniquely suited to raise questions on the meaning and use of survivor testimony. What do we know today about the workings of a death camp? How willing are we to learn from the experiences of a survivor, and how much is our perception preconditioned by standardized images? What are the mechanisms, aims, and pitfalls of storytelling? Can survivor testimonies be understood properly without guidance from those who experienced the events? This book's new, multifaceted approach toward Zippi's unique story combined with the authors' analysis of key aspects of Holocaust memory, its forms and its functions, makes it a rewarding and fascinating read.

An original contribution to Holocaust studies that demonstrates the theological and psychosocial issues emerging in novels and films by sons and daughters of survivors.

A sharp and passionate expose' that demolishes the myth of Swiss neutrality in World War II, showing how Switzerland laundered gold looted from the banks of Nazi-occupied Europe and from the bodies of concentration camp victims. Maps.

Kurt and Sonja Messerschmidt were among the last Jews deported from Nazi Berlin. They were among a handful of couples who were married in Theresienstadt, and are possibly the only pair who lived to describe their wedding. They survived Auschwitz, and unimaginable slave labor in other camps. Kurt was one of two survivors of a group of death marchers in southern Germany. They found each other again after liberation, and eventually emigrated to the United States. As told to Steve Hochstadt as part of the Holocaust and Human Rights Center of Maine's project to record and preserve individual experiences of Holocaust survivors,

this book captures Kurt ' s and Sonja ' s separate but always intertwined stories. Their accounts, as improbable as they are moving, tell from both sides how a loving relationship formed in persecution became an element of survival in the Holocaust.

A powerful visual presentation of the extermination process at Auschwitz is viewed through candid photographs of its victims.

Suite Française is both a brilliant novel of wartime and an extraordinary historical document. An unmatched evocation of the exodus from Paris after the German invasion of 1940, and of life under the Nazi occupation, it was written by the esteemed French novelist Irène Némirovsky as events unfolded around her. This haunting masterpiece has been hailed by European critics as a War and Peace for the Second World War. Though she conceived the book as a five-part work (based on the form of Beethoven's Fifth Symphony), Irène Némirovsky was able to write only the first two parts, Storm in June and Dolce, before she was arrested in July 1942. She died in Auschwitz the following month. The manuscript was saved by her young daughter Denise; it was only decades later that Denise learned that what she had imagined was her mother's journal was in fact an invaluable work of art. Storm in June takes place in the tumult of the evacuation from Paris in 1940, just before the arrival of the invading German army. It moves vividly between different levels of society—from the wealthy Péricand family, whose servants pack up their possessions for them, to a group of orphans from the 16th arrondissement escaping in a military truck. Némirovsky's immense canvas includes deserting soldiers and terrified secretaries, cynical bank directors and hapless priests, egotistical writers and hardscrabble prostitutes—all thrown together in a chaotic attempt to escape the capital. Moving between them chapter by chapter, this thrilling novel describes a journey hampered and in some cases abandoned because of confusion, shelling, rumour, lack of supplies, bad luck and ordinary human weakness. Cars break down or are stolen; relatives are forgotten; friends are divided; but there are also moments of love and charity. Throughout, whether depicting saintly forbearance or the basest selfishness, Storm in June neither sweetens nor demonizes its characters; unsentimentally, with stunning perceptiveness, Némirovsky shows the complexities that mean no-one is simply a hero or villain. The second volume, Dolce, is set in the German-occupied village of Bussy. Again, Némirovsky switches seamlessly between social strata, from tenant farmers to the local aristocracy. The focus, however, is on the delicate, secret love affair between a German soldier and the French woman in whose house he has been billeted; the passion, doubts and deceits of their burgeoning relationship echo the complex mixture of hostility and acceptance felt by the occupied community as a whole. Némirovsky is amazingly sensitive in her depiction of changing, often contradictory emotions, but her attention to the personal is matched by her sharp-eyed discussion of small-town life and the politics of occupation. In this myth-dissolving book, the French villagers see the Germans as

oppressive warriors, but also as handsome young men, and occupation does nothing to remedy the condescension and envy that bedevil relations between rich and poor. Quite apart from the astonishing story of its survival, Suite Française is a novel of genius and lasting artistic value. Subtle, often fiercely ironic, and deeply compassionate, it is both a piercing record of its time and a humane, profoundly moving novel.

Winner of the National Jewish Book Award: "This valuable resource covers an aspect of the Holocaust rarely addressed and never in such detail." —Library Journal This is the first volume in a monumental seven-volume encyclopedia, reflecting years of work by the Jack, Joseph, and Morton Mandel Center for Advanced Holocaust Studies at the United States Holocaust Memorial Museum, which will describe the universe of camps and ghettos—many thousands more than previously known—that the Nazis and their allies operated, from Norway to North Africa and from France to Russia. For the first time, a single reference work will provide detailed information on each individual site. This first volume covers three groups of camps: the early camps that the Nazis established in the first year of Hitler's rule, the major SS concentration camps with their constellations of subcamps, and the special camps for Polish and German children and adolescents. Overview essays provide context for each category, while each camp entry provides basic information about the site's purpose; prisoners; guards; working and living conditions; and key events in the camp's history. Material from personal testimonies helps convey the character of the site, while source citations provide a path to additional information.

This four-volume set provides reference entries, primary documents, and personal accounts from individuals who lived through the Holocaust that allow readers to better understand the cultural, political, and economic motivations that spurred the Final Solution. • Provides an easily readable encyclopedic collection of secondary source materials, such as reference entries, maps, and tables, that offer a breadth of content for understanding the Holocaust • Examines a broad range of themes relating to the Holocaust, enabling readers to consider important questions about the historical experience and its implications for today • Includes two volumes of primary source material that introduce users to the cultural, political, and economic motivations that spurred the Final Solution • Presents memoirs and personal narratives that showcase the experiences of survivors and resisters who lived through the chaos and horror of the Final Solution • Includes a comprehensive bibliography that serves as a gateway to further research

25, 1944, prisoners at Auschwitz heard a deafening explosion. Emerging from their barracks, they witnessed the crematoria and gas chambers--part of the largest killing machine in human history--come crashing down. Most assumed they had fallen victim to inmate sabotage and thousands silently cheered. However, the Final Solution's most efficient murder apparatus had not been felled by Jews, but rather by the ruthless architect of mass genocide, Reichsführer-SS Heinrich Himmler. It was an edict that has puzzled historians for more than six decades. Holocaust historian and New York Times bestselling author Max Wallace--a veteran interviewer for Steven Spielberg's Shoah Foundation--draws on an explosive cache of recently declassified documents and an account from the only living eyewitness to unravel the mystery. He uncovers an astounding story involving the secret negotiations of an unlikely trio--a former fascist President of Switzerland, a courageous Orthodox Jewish woman, and Himmler's Finnish osteopath--to end the Holocaust, aided by clandestine Swedish and American intelligence efforts. He documents their efforts to deceive Himmler, who, as Germany's defeat loomed, sought to enter an alliance with the West against the Soviet Union. By exploiting that fantasy and persuading Himmler to betray Hitler's orders, the group helped to prevent the liquidation of tens of thousands of Jews during the last months of the Second World War, and thwarted Hitler's plan to take "every last Jew" down with the Reich. Deeply researched and dramatically recounted, *In the Name of Humanity* is a remarkable tale of bravery and audacious tactics that will help rewrite the history of the Holocaust.

In his final book before his death, Primo Levi returns once more to his time at Auschwitz in a moving meditation on memory, resiliency, and the struggle to comprehend unimaginable tragedy. Drawing on history, philosophy, and his own personal experiences, Levi asks if we have already begun to forget about the Holocaust. His last book before his death, Levi returns to the subject that would define his reputation as a writer and a witness. Levi breaks his book into eight essays, ranging from topics like the unreliability of memory to how violence twists both the victim and the victimizer. He shares how difficult it is for him to tell his experiences with his children and friends. He also debunks the myth that most of the Germans were in the dark about the Final Solution or that Jews never attempted to escape the camps. As the Holocaust recedes into the past and fewer and fewer survivors are left to tell their stories, *The Drowned and the Saved* is a vital first-person testament. Along with Elie Wiesel and Hannah Arendt, Primo Levi is remembered as one of the most powerful and perceptive writers on the Holocaust and the Jewish experience during World War II. This is an essential book both for students and literary readers. Reading Primo Levi is a lesson in the resiliency of the human spirit.

From January to April 2000 historian David Irving brought a high-profile libel case against Penguin Books and Deborah Lipstadt in the British High Court, charging that Lipstadt's book, Denying the Holocaust (1993), falsely labeled him a Holocaust denier. The question about the evidence for Auschwitz as a death camp played a central role in these proceedings. Irving had based his alleged denial of the Holocaust in part on a 1988 report by an American execution specialist, Fred Leuchter, which claimed that there was no evidence for homicidal gas chambers in Auschwitz. In connection with their defense, Penguin and Lipstadt engaged architectural historian Robert Jan van Pelt to present evidence for our knowledge that Auschwitz had been an extermination camp where up to one million Jews were killed, mainly in gas chambers. Employing painstaking historical scholarship, van Pelt prepared and submitted an exhaustive forensic report that he successfully defended in cross-examination in court.

INSTANT NEW YORK TIMES BESTSELLER "Heartbreaking, inspirational, and uplifting, this is an engaging story of one remarkable woman's will to survive." — Library Journal "Utterly compelling, heartbreaking, truthful and yet redemptive . . . a testimony of irrepressible spirit and an unforgettable family chronicle. I couldn't stop reading it."—Simon Sebag Montefiore In this life-affirming intergenerational memoir, Lily Ebert, a Holocaust survivor, and her great-grandson, Dov Forman, come together to share her story—an unforgettable tale of resilience and resistance. On Yom Kippur, 1944, fighting to stay alive as a prisoner in Auschwitz, Lily Ebert made a promise to herself. She would survive the hell she was in and tell the world her story, for everyone who couldn't. Now, at ninety-eight, this remarkable woman—and TikTok sensation, thanks to the help of her eighteen-year-old great-grandson—fulfills that vow, relaying the details of her harrowing experiences with candor, charm, and an overflowing heart. In these pages, she writes movingly about her happy childhood in Hungary, the death of her mother and two youngest siblings on their arrival at Auschwitz, and her determination to keep her two other sisters safe. She describes the inhumanity of the camp and the small acts of defiance that gave her strength. Lily lost so much, but she built a new life for herself and her family, first in Israel and then in London. Dov knows that it is up to younger people like him to keep Lily's promise. He and Lily bridge the generation gap to share her experience, reminding us of the joy that accompanies the solemn responsibility of keeping the past—and our stories—alive.

A Novel

The Story of Steve

" In 1941 Berek Jakubowicz (now Benjamin Jacobs) was deported from his Polish village and remained a prisoner of the Reich until the final days of the war. His possession of a few dental tools and rudimentary skills saved his life. Jacobs helped assemble V1 and V2 rockets in Buchenwald and Dora-Mittelbau; spent a year and a half in Auschwitz, where he was forced to remove gold teeth from corpses; and survived the RAF attack on three ocean liners turned prison camps in the Bay of Lubeck. This is his story.

"Richard Lukas presents the eyewitness accounts of these and other Polish Christians who suffered at the hands of the Germans. They bear witness to unspeakable horrors endured by those who were tortured, forced into slavery, shipped off to concentration camps, and even subjected to medical experiments. Their stories provide a somber reminder that non-Jewish Poles were just as likely as Jews to suffer at the hands of the Nazis, who viewed them with nearly equal contempt."

From the author of the multi-million copy bestseller *The Tattooist of Auschwitz* comes a new novel based on a riveting true story of love and resilience. Her beauty saved her – and condemned her. Cilka is just sixteen years old when she is taken to Auschwitz-Birkenau Concentration Camp in 1942, where the commandant immediately notices how beautiful she is. Forcibly separated from the other women prisoners, Cilka learns quickly that power, even unwillingly taken, equals survival. When the war is over and the camp is liberated, freedom is not granted to Cilka: She is charged as a collaborator for sleeping with the enemy and sent to a Siberian prison camp. But did she really have a choice? And where do the lines of morality lie for Cilka, who was sent to Auschwitz when she was still a child? In Siberia, Cilka faces challenges both new and horribly familiar, including the unwanted attention of the guards. But when she meets a kind female doctor, Cilka is taken under her wing and begins to tend to the ill in the camp, struggling to care for them under brutal conditions. Confronting death and terror daily, Cilka discovers a strength she never knew she had. And when she begins to tentatively form bonds and relationships in this harsh, new reality, Cilka finds that despite everything that has happened to her, there is room in her heart for love. From child to woman, from woman to healer, Cilka's journey illuminates the resilience of the human spirit—and the will we have to survive.

The first comprehensive study of Holocaust literature as a major postwar literary genre, *The Holocaust Novel* provides an ideal student guide to the powerful and moving works written in

response to this historical tragedy. This student-friendly volume answers a dire need for readers to understand a genre in which boundaries and often blurred between history, fiction, autobiography, and memoir. Other essential features for students here include an annotated bibliography, chronology, and further reading list. A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. *Night* is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work. *The Handbook of Polish, Czech, and Slovak Holocaust Fiction* aims to increase the visibility and show the versatility of works from East-Central European countries. It is the first encyclopedic work to bridge the gap between the literary production of countries that are considered to be main sites of the Holocaust and their recognition in international academic and public discourse. It contains over 100 entries offering not only facts about the content and motifs but also pointing out the characteristic fictional features of each work and its meaning for academic discourse and wider reception in the country of origin and abroad. The

publication will appeal to the academic and broader public interested in the representation of the Holocaust, anti-Semitism, and World War II in literature and the arts. Besides prose, it also considers poetry and theatrical plays from 1943 through 2018. An introduction to the historical events and cultural developments in Poland, Czechoslovakia, Czech, and Slovak Republic, and their impact on the artistic output helps to contextualise the motif changes and fictional strategies that authors have been applying for decades. The publication is the result of long-term scholarly cooperation of specialists from four countries and several dozen academic centres.

The most complete English-language collection of the prose of Tadeusz Borowski, the most challenging chronicler of Auschwitz, with a foreword by Timothy Snyder, author of *On Tyranny* In 1943, the twenty-year-old Polish poet Tadeusz Borowski was arrested and deported to Auschwitz as a political prisoner. What he experienced in the camp left him convinced that no one who survived Auschwitz was innocent. All were complicit; the camp regime depended on this. Borowski's tales present the horrors of the camp as reflections of basic human nature and impulse, stripped of the artificial boundaries of culture and custom. Inside the camp, the strongest of the prisoners form uneasy alliances with their captors and one another, watching unflinchingly as the weak scabble and struggle against their inevitable fate. In the last analysis, suffering is never ennobling and goodness is tantamount to suicide. Bringing together for the first time in English Borowski's major writings and many previously uncollected works, this is the most complete collection of stories in a new, authoritative translation, with a substantial foreword by Timothy Snyder that speaks to its enduring relevance.

From the author of the international bestseller *On Tyranny*, the definitive history of Hitler's and Stalin's politics of mass killing, explaining why Ukraine has been at the center of Western history for the last century. Americans call the Second World War "the Good War." But before it even began, America's ally Stalin had killed millions of his own citizens—and kept killing them during and after the war. Before Hitler was defeated, he had murdered six million Jews and nearly as many other Europeans. At war's end, German and Soviet killing sites fell behind the Iron Curtain, leaving the history of mass killing in darkness. Assiduously researched, deeply humane, and utterly definitive, *Bloodlands* is a new kind of European history, presenting the mass murders committed by the Nazi and Stalinist regimes as two aspects of a single story. With a new afterword addressing the relevance of these events to the contemporary decline of democracy, *Bloodlands* is required reading for anyone seeking to understand the central tragedy of modern history

and its meaning today.

Leon Leyson (born Leib Lezjon) was only ten years old when the Nazis invaded Poland and his family was forced to relocate to the Krakow ghetto. With incredible luck, perseverance and grit, Leyson was able to survive the sadism of the Nazis, including that of the demonic Amon Goeth, commandant of Plaszow, the concentration camp outside Krakow. Ultimately, it was the generosity and cunning of one man, a man named Oskar Schindler, who saved Leon Leyson's life, and the lives of his mother, his father, and two of his four siblings, by adding their names to his list of workers in his factory - a list that became world renowned: Schindler's List. This, the only memoir published by a former Schindler's List child, perfectly captures the innocence of a small boy who goes through the unthinkable. Most notable is the lack of rancour, the lack of venom, and the abundance of dignity in Mr Leyson's telling. *The Boy on the Wooden Box* is a legacy of hope, a memoir unlike anything you've ever read.

Told in short, gripping chapters, this is an unforgettable true story of survival. The author was featured in Steven Spielberg's *Survivors of the Shoah Visual History Foundation*. At just 15, her mother, and brother were taken from their Romanian town to the Auschwitz-II/Birkenau concentration camp. When they arrived at Auschwitz, a soldier waved Elly to the right; her mother and brother to the left. She never saw her family alive again. Thanks to a series of miracles, Elly survived the Holocaust. Today she is dedicated to keeping alive the stories of those who did not. Elly appeared on CBS's *60 Minutes* for her involvement in bringing an important lawsuit against Volkswagen, whose German factory used her and other Jews as slave laborers.

Provides a chilling account of the experiments and scientific research performed on human subjects, primarily concentration camp inmates, by Nazi physicians, based on previously unpublished photographs and documents used during the Nuremberg trials.

Once upon a time there was a king, and the king commissioned his favorite wizard to create a magic mirror. This mirror didn't show you your reflection. It showed you your soul—it showed you who you really were. The wizard couldn't look at it without turning away. The king couldn't look at it. The courtiers couldn't look at it. A chestful of treasure was offered to anyone who could look at it for sixty seconds without turning away. And no one could. *The Zone of Interest* is a love story with a violently unromantic setting. Can love survive the mirror? Can we even meet each other's eye, after we have seen who we really are? Powered by both wit and compassion, and in characteristically vivid prose, Martin Amis's unforgettable new novel excavates the depths and contradictions of the human soul.

Sources of Holocaust Insight maps the odyssey of an American Christian philosopher who has studied, written, and taught about the Holocaust for more than fifty years. What findings result from John Roth's journey; what moods pervade it? How have events and

experiences, scholars and students, texts and testimonies—especially the questions they raise—affected Roth’s Holocaust studies and guided his efforts to heed the biblical proverb: “Whatever else you get, get insight”? More sources than Roth can acknowledge have informed his encounters with the Holocaust. But particular persons—among them Elie Wiesel, Raul Hilberg, Primo Levi, and Albert Camus—loom especially large. Revisiting Roth’s sources of Holocaust insight, this book does so not only to pay tribute to them but also to show how the ethical, philosophical, and religious reverberations of the Holocaust confer and encourage responsibility for human well-being in the twenty-first century. Seeing differently, seeing better—sound learning and teaching about the Holocaust aim for what may be the most important Holocaust insight of all: Take nothing good for granted.
