

## *There's Something I've Been Dying To Tell You: The Uplifting Bestseller*

**"Every life is different, but every death is the same. We live with others. We die alone." In his riveting, artfully written memoir *The Autobiography of an Execution*, David Dow enraptured readers with a searing and frank exploration of his work defending inmates on death row. But when Dow's father-in-law receives his own death sentence in the form of terminal cancer, and his gentle dog Winona suffers acute liver failure, the author is forced to reconcile with death in a far more personal way, both as a son and as a father. Told through the disparate lenses of the legal battles he's spent a career fighting, and the intimate confrontations with death each family faces at home, *THINGS I'VE LEARNED FROM DYING* offers a poignant and lyrical account of how illness and loss can ravage a family. Full of grace and intelligence, Dow offers readers hope without cliché and reaffirms our basic human needs for acceptance and love by giving voice to the anguish we all face--as parents, as children, as partners, as friends--when our loved ones die tragically, and far too soon.**

**Lynda Bellingham died in her husband Michael's arms on 19th October 2014. Lynda touched many lives in her memoir, *There's Something I've Been Dying to Tell You*, and in *My Lynda*, Michael tells his side of the story. He talks movingly about their ten years together and describes how, in the past year, he has struggled to cope. He shares candidly his experience of grief, offering hope and support to others who have lost partners and loved ones. His is a book to comfort those who loved Lynda, to tell the missing pieces of their life together, to write about how they both confronted the news of her illness, and how he managed to continue since that moment of hearing that she had a terminal illness.**

THE NEW YORK TIMES BESTSELLER! "I had the choice to come back ... or not. I chose to return when I realized that 'heaven' is a state, not a place" In this truly inspirational memoir, Anita Moorjani relates how, after fighting cancer for almost four years, her body began shutting down—overwhelmed by the malignant cells spreading throughout her system. As her organs failed, she entered into an extraordinary near-death experience where she realized her inherent worth . . . and the actual cause of her disease. Upon regaining consciousness, Anita found that her condition had improved so rapidly that she was released from the hospital within weeks—without a trace of cancer in her body! Within this enhanced e-book, Anita recounts—in words and on video—stories of her childhood in Hong Kong, her challenge to establish her career and find true love, as well as how she eventually ended up in that hospital bed where she defied all medical knowledge. In "Dying to Be Me," Anita Freely shares all she has learned about illness, healing, fear, "being love," and the true magnificence of each and every human being!

Six teenage girls wake with no memories. One of them is in a brick mansion, her blonde hair as shiny as her shoes. The others are in a cabin, their names tagged to the inside of their pants. Their heads, shaved. Slashes mark the cabin wall like someone has been counting. Hundreds of them. There ' s wilderness all around and one dead adult. The girls discover her body rotting somewhere in the trees. As the weeks pass, they band together to survive the cold, wondering where they are and how they got there. And why. When an old man arrives with a teenage boy, the girls learn of a faraway island called Foreverland where dreams come true and anything is possible. But Foreverland is dead. In order to escape the wilderness, they ' ll have to understand where they are. More importantly, who they are. INTERVIEW WITH THE AUTHOR HOW IMPORTANT ARE NAMES TO YOU IN THIS BOOK. DID YOU CHOOSE THEM BASED ON SOUND OR MEANING? Almost all of my books have names with special meaning, some foreshadowing a big twist. In *The Annihilation of Foreverland*, Reed ' s name was symbolic of his ability to tolerate suffering, bending in the face of gale forces but never breaking. WHERE DOES YOUR TOMORROW SPRING FROM? IN OTHER WORDS, HOW DID YOU COME UP WITH THE CRAZY WORLD? Sometimes, I can ' t remember how the story started by the time I get to the end. *The Annihilation of Foreverland* started with the premise of identity. I wanted to write it as a YA book in the science fiction dystopia genre in a way that slowly unfolded as well as questioned who we are and explore our fear of death, and what we ' re willing to do to avoid it. Like all of my stories, it does have a romantic angle mixed into the action. Because it should. GIVE YOUR BOOK THE BECHDEL TEST. IT HAS TO HAVE AT LEAST TWO (NAMED) WOMEN IN IT WHO TALK TO EACH OTHER ABOUT SOMETHING BESIDES A MAN. I failed because there ' s only one female in *The Annihilation of Foreverland*. However, the young adult sequel (*Foreverland is Dead*) passes with flying colors since its mostly female characters that rarely talk about men. WHAT SORT OF BODY COUNT ARE WE TALKING HERE? The bodies die, but not necessarily the characters. Chew on that a second. DO YOU WANT YOUR TOMORROW TO MAKE IT BIG, AS IN JK ROWLINGS-BIG? WHY OR WHY NOT? Believe it or not, no. Don ' t get me wrong, I ' d like to make enough cash to pay off this house and send my kids to college, but I ' ll pass on fame and fortune. Anonymity is a blessing. YOU CAST YOUR CHARACTERS FOR A MOVIE. WHO MAKES IT? In *The Annihilation of Foreverland*, I only casted two characters in my head while I was writing it. The Director is Jeff Bridges and Mr. Jones is Anthony Hopkins. It was like watching a movie as I wrote. HAVE YOU WRITTEN IN ANY OTHER GENRES BESIDES YA DYSTOPIAN? WHAT DREW YOU TO YOU THIS GENRE? I ' ve been fascinated by consciousness, identity and what this all means since I was young. I would read my grandfather ' s science fiction books with elements of artificial intelligence and alternate realities and wonder what happened when they died? I suppose that ' s why all of my writing deals with the big mysteries of life in one way or another. In a way, I write for my own exploration, in a sort of thought experiment approach, pulling apart our identities, exploring what makes us who we are. If I lost my memories, would I still be me? If I had my body parts replaced with synthetic replications, at what point would I not be me? Do I even need a body? What am I? A few years ago, I figured I ' d write a romance novel. Since all of my books have a romantic element, I thought it would be fun. Halfway through the novel, I found myself thinking more and more about the next project—a dystopian idea. So 40,000 words in, I scrapped the romance novel and got back to what I love. Science fiction.

Everything Happens for a Reason

A Science Fiction Thriller

Loving and Losing My Beloved Wife, Lynda Bellingham

Chambers's Journal  
Too Close to the Edge  
Fahrenheit 451

**NEW YORK TIMES BESTSELLER • “A meditation on sense-making when there’s no sense to be made, on letting go when we can’t hold on, and on being unafraid even when we’re terrified.”—Lucy Kalanithi “Belongs on the shelf alongside other terrific books about this difficult subject, like Paul Kalanithi’s When Breath Becomes Air and Atul Gawande’s Being Mortal.”—Bill Gates NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE** Kate Bowler is a professor at Duke Divinity School with a modest Christian upbringing, but she specializes in the study of the prosperity gospel, a creed that sees fortune as a blessing from God and misfortune as a mark of God’s disapproval. At thirty-five, everything in her life seems to point toward “blessing.” She is thriving in her job, married to her high school sweetheart, and loves life with her newborn son. Then she is diagnosed with stage IV colon cancer. The prospect of her own mortality forces Kate to realize that she has been tacitly subscribing to the prosperity gospel, living with the conviction that she can control the shape of her life with “a surge of determination.” Even as this type of Christianity celebrates the American can-do spirit, it implies that if you “can’t do” and succumb to illness or misfortune, you are a failure. Kate is very sick, and no amount of positive thinking will shrink her tumors. What does it mean to die, she wonders, in a society that insists everything happens for a reason? Kate is stripped of this certainty only to discover that without it, life is hard but beautiful in a way it never has been before. Frank and funny, dark and wise, Kate Bowler pulls the reader deeply into her life in an account she populates affectionately with a colorful, often hilarious retinue of friends, mega-church preachers, relatives, and doctors. Everything Happens for a Reason tells her story, offering up her irreverent, hard-won observations on dying and the ways it has taught her to live. Praise for Everything Happens for a Reason “I fell hard and fast for Kate Bowler. Her writing is naked, elegant, and gripping—she’s like a Christian Joan Didion. I left Kate’s story feeling more present, more grateful, and a hell of a lot less alone. And what else is art for?”—Glennon Doyle, #1 New York Times bestselling author of Love Warrior and president of Together Rising

Important American periodical dating back to 1850.

There's Something I've Been Meaning to Tell You

All the Year Round

There's Something I've Been Dying to Tell You

Driven by Lust

Library of Southern Literature

Grandma always said dying is the the easy part; it’s the living that’s hard. I’ve been fighting to live since I was seven years old, and now the doctors say I’m gonna lose that battle soon. I’ve crossed off just about everything on my bucket list—I’ve seen the Eiffel Tower and the Coliseum and I’ve been swimming in the Caribbean; I’ve lived like I’m dying, because I am. There’s just one thing left on my list: I want to be a bride. I want to wear white and have my dad walk me down the aisle. I want a first dance and cake and a night to feel like a princess...and I want it with Westley Britton. The perfect guy. Musician, actor, and every girl’s dream man. My dream man. Only, he doesn’t even know I exist. It’s the start of a strange, improbable fairy tale. When you’re talking about terminal leukemia, happily ever after seems impossible, but when your celebrity crush and the man of your dreams shows up out of the blue and proposes to you, it makes you feel like anything is possible. Even that hardest thing: living.

Too Close to the Edge- A SHORT STORY- Artist Penelope had been looking forward to going with her husband, sister and brother-in-law to see the Grand Canyon...even though she was terrified of heights and, when she got there, couldn’t bear to get too close to the edge. She watched people balancing on one foot, acting foolish, taking photos, oblivious of the death waiting below them at their feet. Their careless antics made her dizzy, took her breath away. Scared her. Especially when the woman beside her relates the story of a small child that fell into the Canyon to her death the day before. Many people died that way. Over the edge. Many also died down inside the Canyon. Hikers. Lost people. People on the river going through the rapids. Then she sees a young girl go over the edge and no one will believe her. For there was no child that had died—that day anyway. Was she seeing things that weren’t there...or was there another explanation?

***A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.***

***A NEW YORK TIMES BOOK CRITICS’ TOP 10 BOOK OF THE YEAR “In its loving, fierce specificity, this book on how to die is also a blessedly saccharine-free guide for how to live” (The New York Times). Former NEA fellow and Pushcart Prize-winning writer Sallie Tisdale offers a lyrical, thought-provoking, yet practical perspective on death and dying in Advice for Future Corpses (and Those Who Love Them). Informed by her many years working as a nurse, with more than a decade in palliative care, Tisdale provides a frank, direct, and compassionate meditation on the inevitable. From the sublime (the faint sound of Mozart as you take your last breath) to the ridiculous (lessons on how to close the sagging jaw of a corpse), Tisdale leads us through the peaks and troughs of death with a calm, wise, and humorous hand. Advice for Future Corpses is more than a how-to manual or a spiritual bible: it is a graceful compilation of honest and intimate anecdotes based on the deaths Tisdale has witnessed in her work and life, as well as stories from cultures, traditions, and literature around the world. Tisdale explores all the heartbreaking, beautiful, terrifying, confusing, absurd, and even joyful experiences that accompany the work of dying, including: A Good Death: What does it mean to die “a good death”? Can there be more than one kind of good death? What can I do to make my death, or the deaths of my loved ones, good? Communication: What to say and not to say, what to ask, and when, from the dying, loved ones, doctors, and more. Last Months, Weeks, Days, and Hours: What you might expect, physically and emotionally, including the limitations, freedoms, pain, and joy of this unique time. Bodies: What happens to a body after death? What options are available to me after my death, and how do I choose—and make sure my wishes are followed? Grief: “Grief is the story that must***

*be told over and over...Grief is the breath after the last one." Beautifully written and compulsively readable, Advice for Future Corpses offers the resources and reassurance that we all need for planning the ends of our lives, and is essential reading for future corpses everywhere. "Sallie Tisdale's elegantly understated new book pretends to be a user's guide when in fact it's a profound meditation" (David Shields, bestselling author of Reality Hunger).*

*There's nothing I wouldn't do for my best friend. Like, hide the fact I've been in love with her for years. Or agree to be her fake boyfriend when we have to return to her hometown for her exes wedding. Little does Jillian know this is what I've been waiting for. It's a dream come true. I finally get to touch her and love her in all the ways I've been dying to show her. For one weekend only, she's mine, even if she thinks it's fake. Pretending to love her is easy. I want her to be mine forever. Getting Jillian to admit it's what she wants too, is another thing. On or off the ice, I have no problems fighting dirty to get what I want. But this is one fight I might just lose.*

*This book is a tragic tale of the consequences of choosing a life of hustle and lust. The story begins with LaQuan, a.k.a. Cain Jenkins (the main character), being released from prison. Now in the fight of his life, there is a fierce battle being fought for his soul. Satan wants him to be a promoter of his kingdom and lures him with lustful rewards. LaQuan chooses riches, fame, women, and money; but he realizes that his choice of material possessions is not filling the void in his heart. LaQuans family is close and supportive. His mother, Beverly, is always encouraging him to come to church. Her dream is that one day, he will bring Gods Word to others. LaQuan ignores this calling and pursues the hustle and sex with many women. While incarcerated, he finds love with Carmen, a correctional officer; but his lust causes him to be unfaithful. LaQuan witnesses death and murders, indulges in unprotected sex, and sees his friends incarcerated because of the hustle. Nothing seems to get his attention until his worst fear comes true and the love of his life is murdered. It is only at this point that he surrenders and denounces a life of lust and hustle. It is only at this point that his life begins.*

By turns, it is riotous, deeply serious, practical and sad. Reading it is like being at her kitchen table with a glass of wine to hand. (Daily Telegraph) Lynda Bellingham was a tremendously gifted storyteller with a rich collection of tales of love, loss and laughter and this memoir brings her kind heart, courage and emotion to the page in vivid detail. There's Something I've Been Dying To Tell You is a brave memoir about Lynda's battle with cancer, facing death she found joy and shared it with millions. Her story is an affecting and at times heart-breaking one but it is so often laugh-out-loud too and ultimately the way Lynda told her life story serves as a great inspiration to us all. Woven into this very moving and brave story are extraordinary, colourful tales of her acting and family life that will enlighten and entertain as well as the journey that Lynda has taken to find the family of her birth father having already suffered heartache in her search for her birth mother. In the search for her father's family, Lynda finds a family with a history in entertainment showing that acting was always in the blood. This book was written in Lynda's final months and revealed for the first time, and in great detail, her fight with cancer and how her life was transformed since her diagnosis. This edition includes a brand new chapter written by Lynda's husband Michael about his love for her, her love of life and her glorious final

send-off.

Things I've Learned from Dying

Advice for Future Corpses (and Those Who Love Them)

The Beginning

Offers a three-part process for seizing the day, avoiding stagnation and doing your best at work without procrastinating by discovering what drives you and learning how to harness curiosity, humility and brilliance.

"Live to Death" The idea of this book title was quite spontaneous as I find it difficult to find that perfect anything. However, the title does makes sense with my beliefs and a lot of this book. The idea is to simply live life to the fullest, from the beginning to the end, to live life to the death of it, and to truly live, not only survive. To find meaning, and purpose is to give my mind to people, just like me. Main Themes - To find love for all stages of life, and events in life, even when they are not the brightest. To live life to the fullest, from the beginning to the end. Relation - It's life. We all live it. No matter your age, direction, class, beliefs, you are living, so it's applicable to all those that are alive, have existed, or will exist. The Main Plot. I hope to hopefully inspire a positive light, even in dark times, there is always beauty. Main Question - There are an infinite amount of questions you could ask yourself from reading this. I would hope for you to ask yourself questions about yourself from reading this. What is my life? Am I living? Am I alive? Have I died? In, "Live to Death" lies the poetry that I've written over the past 3 years of my life. All of this poetry comes from the reality that I've experienced, rather it be through my very own eyes, or in my mind. This is my reality. I hope you can find yourself into my reality and seeing through my eyes and into my mind.

Stories of the Intimate Privilege of Accompanying the Dying

McClure's Magazine

Ballou's Monthly Magazine

Harper's New Monthly Magazine

"In a society which denies death Marjorie Ryerson's book can help everyone awaken to the beauty and meaning of life. Death is the greatest teacher I know of, about life, and by sharing the stories within this book with us she will help us all to live fuller, more meaningful lives." -Bernie Siegel, M.D., author of Help Me to Heal and 365 Prescriptions for the Soul "Ryerson offers us the rare opportunity to free ourselves from fear and recognize in our own lives the power of love and the presence of mystery. A book for anyone who has ever wondered what it takes to face the unknown." -Rachel Naomi Remen, M.D., author of Kitchen Table Wisdom and My Grandfather's Blessings "Companions for the Passage provides a unique look at the ways people adapt to loss. These are powerful stories for anyone who has experienced the death of a loved one." ---J. Donald Schumacher, President and CEO, National Hospice and Palliative Care Organization Companions for the Passage, from the author of the acclaimed Water Music, is an unforgettable book on a rarely visited subject: the personal stories of those who have witnessed the death of a loved one. Similar to works of Studs Terkel, author Marjorie Ryerson's interviews capture the human condition through their wide variety of experiences and voices. Some of the interviewees are religious, some not; some encouraged their loved ones to accept death, others to fight it to the end. There are stories of heroic nurses and of indifferent hospital bureaucracies, of deaths that came too soon, and those that came at the end of a long, rich life. Possessing an affirmative quality that is anything but sentimental, ultimately these stories celebrate the experience of being present at the death of a loved one.
