

Time For Kids: Clara Barton: Angel Of The Battlefield (Time For Kids Biographies)

The hip-hop movement began with a party in 1973. Musicians, dancers, and artists were a part of the hip-hop movement. The Birth of Hip-Hop explores the history of this movement and its importance today. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

A brief biography of the woman who overcame her shyness to become a teacher, a nurse during the Civil War, and founder of the American Red Cross.

William, the son of a duke and a peasant, spent his childhood in hiding, raised among the Norman peasantry. Lords owing fealty to him would have murdered him—if they had found him. He spent his early adult years fighting rebel lords for his birthright. As Duke of Normandy, he claimed the throne of England after the death of Edward the Confessor, King of England, who William said had promised to name him heir. When England refused him, he built a huge fleet, sailed across the channel, and killed Harold, the newly crowned English king, at the Battle of Hastings. One by one, English towns fell to William and his Norman army as they marched toward London. Cowering in fear, Londoners had no choice—they opened the gates and made William the Conqueror their first Norman king.

Cesar Chavez was one of the most influential labor leaders of the twentieth century. His story, from migrant field worker to champion of the voiceless, is a fascinating one that resonates today. Readers will be able to learn about the man Robert F. Kennedy called one of the heroic figures of our time through this account which interweaves Chavez's own words throughout the biographical text. Historic photographs bring the man to life, while sidebars and fact boxes offer more background information on his important work.

Traces the life of the Civil War nurse who cared for wounded soldiers and earned the title, "Angel of the Battlefield."

**Includes pictures *Includes excerpts of Barton's writing *Includes a bibliography for further reading*
"I may be compelled to face danger, but never fear it, and while our soldiers can stand and fight, I can stand and feed and nurse them." - Clara Barton
The Civil War was the deadliest conflict in American history, and had the two sides realized it would take 4 years and inflict over a million casualties, it might not have been fought. Since it did, however, Americans have long been fascinated by the Civil War, marveling at the size of the battles, the leadership of the generals, and the courage of the soldiers. For over 150 years, the war has been subjected to endless debate among civilians, historians, and the generals themselves. The Civil War is often considered one of the first modern wars, and while technology affected what happened on the battlefield, technology and new methods also improved the way soldiers were cared for away from the front lines. Civil War medicine is understandably (and rightly)

considered primitive by 21st century standards, but the ways in which injured and sick soldiers were removed behind the lines and nursed were considered state-of-the-art in the 1860s, and nobody was more responsible for that than Clara Barton, the "Florence Nightingale of America." Barton had been an educator and clerk before the Civil War broke out in 1861, but almost immediately, she went to work attempting to nurse injured Union soldiers and ensure army hospitals were properly supplied. By 1862, she was shadowing Union armies near Washington to bring supplies, clean field hospitals, and directly nurse wounded soldiers herself. In short order, she was recognized as the "Angel of the Battlefield." In the wake of the war, she gave speeches about her experiences and even went abroad to serve in a similar capacity during the Franco-Prussian War, and eventually she brought back the tenets of the International Red Cross to found the American Red Cross. Under her leadership, the organization would assist not just during wars, but also during natural disasters and other humanitarian crises, roles that the American Red Cross continues to fulfill today. Clara Barton: The Life and Legacy of the Civil War Nurse Who Founded the American Red Cross chronicles her remarkable life, and the manner in which she changed nursing in America forever. Along with pictures depicting important people, places, and events, you will learn about Clara Barton like never before.

Take a close-up look at Clara Barton, who bravely nursed soldiers during the Civil War. Interviews with experts and lively writing deliver the accurate reporting you expect from Time For Kids®. Historical and contemporary photographs capture the life of this caring woman and show how her legacy—the American Red Cross—assists people today.

Angel of the Battlefield

Clarissa "Clara" Barton was a shy girl who grew up to become a teacher, nurse, and humanitarian. At a time when few women worked outside the home, she became the first woman to hold a government job, as a patent clerk in Washington, DC. In 1864, she was appointed "lady in charge" of the hospitals at the front lines of the Union Army, where she became known as the "Angel of the Battlefield." Clara Barton built a career helping others. She went on to found the American Red Cross, one of her greatest accomplishments, and one of the most recognized organizations in the world.

"Explores the life of Clara Barton and her tireless work as a teacher, a nurse on the frontlines of the Civil War, and her creation of the American Red Cross"--Provided by publisher.

Profiles the life and accomplishments of Clara Barton, a teacher who organized efforts to bring nursing care to wounded soldiers during the Civil War and who went on to become the founder of the American Red Cross.

A childhood biography of the girl who became known as a fearless battlefield nurse during the Civil War and the founder of the American Red Cross.

Clara Barton: Angel of the Battlefield

In the eighteenth century, a woman had few choices. If she was lucky, she received a decent education. Then she got married. In an era when women didnt work, Clara Barton was one of the nations first career women. Not only did she work, she did a mans job and demanded a mans wage. Some said she was scandalous, but friends and family thought she was generous and charming. The wounded from the battles of the Civil War called her the angel of the

battlefield. Clara Barton is remembered not only as a nurse, but also as a woman who threw convention aside and went to the battlefields to care for the wounded and dying. Her courageous heart, personal sacrifice, and demands for better medical care for the wounded during the Civil War earned her the respect and love of the entire nation. After the war, she applied the same attributes to the founding of the American Red Cross. She is still loved today.

Brave Clara Barton

Heroes, traitors, and great thinkers come to life in this activity book, and the concepts of freedom and democracy are celebrated in true accounts of the distinguished officers, wise delegates, rugged riflemen, and hardworking farm wives and children who created the new nation. This collection tells the story of the Revolution, from the hated Stamp Act and the Boston Tea Party to the British surrender at Yorktown and the creation of the United States Constitution. All American students are required to study the Revolution and the Constitution, and these 21 activities make it fun and memorable. Kids create a fringed hunting shirt and a tricorne hat and reenact the Battle of Cowpens. They will learn how to make their voices heard in &“I Protest&” and how Congress works in &“There Ought to Be a Law.&” A final selection including the Declaration of Independence, a glossary, biographies, and pertinent Web sites makes this book a valuable resource for both students and teachers. Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! Do you think science is fun and exciting? Bill Nye does. In fact, he wanted to become an astronaut, but NASA rejected his applications. Instead, Nye has spent his career helping other people understand science and showing them how cool science can be. Nye went to college to become a mechanical engineer, and he got a job working for an aircraft company. But soon, he began focusing more and more on a career in comedy. Eventually, he got his own popular TV show, called Bill Nye the Science Guy. Through songs, skits, and jokes, Nye taught a generation of young people that science is fascinating and important. Learn more about Nye's career as a comedian, TV personality, and passionate science educator.

Tells how Clara Barton overcame childhood fears to become a teacher, Civil War nurse, and founder of the American Red Cross.

This powerful tribute to Civil War nurse Clara Barton and her heroic efforts during the Battle of Antietam reveals how she earned the name "The Angel of the Battlefield," and shows the beginnings of her journey as one of our country's greatest humanitarians and the founder of the American Red Cross. During the Civil War, Clara Barton—one of the first women to receive permission to serve on a battlefield—snuck her supply wagon to the head of a ten-mile wagon train to deliver provisions to the Antietam Battlefield. On the bloodiest day in American history, Clara and her team of helpers sprang into action as they nursed the wounded and dying, cooked meals for soldiers, and provided doctors with desperately needed medical supplies and lanterns so they could operate through the night. Author Claudia Friddell blends her words with Clara Barton's firsthand account to capture the nurse's brave actions, while Christopher Cyr's dramatically accurate illustrations portray one of the most heroic women in history.

She Spoke will inspire readers of all ages to shar truths and change the world.

A look at the life and times of the nurse who served on the battlefields of the Civil War and later founded the American Red Cross.

Time For Kids: Clara Barton

Who Was Clara Barton?

Clara Barton

Peter Stuyvesant

The Life and Legacy of the Civil War Nurse Who Founded the American Red Cross

When the Civil War broke out, Clara Barton wanted more than anything to be a Union soldier, an impossible dream for a thirty-nine-year-old woman, who stood a slender five feet tall. Determined to serve, she became a veritable soldier, a nurse, and a one-woman relief agency operating in the heart of the conflict. Now, award-winning author Stephen B. Oates, drawing on archival materials not used by her previous biographers, has written the first complete account of Clara Barton's active engagement in the Civil War. By the summer of 1862, with no institutional affiliation or official government appointment, but impelled by a sense of duty and a need to heal, she made her way to the front lines and the heat of battle. Oates tells the dramatic story of this woman who gave the world a new definition of courage, supplying medical relief to the wounded at some of the most famous battles of the war -- including Second Bull Run, Antietam, Fredericksburg, Battery Wagner, the Wilderness, Spotsylvania, and

Petersburg. Under fire with only her will as a shield, she worked while ankle deep in gore, in hellish makeshift battlefield hospitals -- a bullet-riddled farmhouse, a crumbling mansion, a windblown tent. Committed to healing soldiers' spirits as well as their bodies, she served not only as nurse and relief worker, but as surrogate mother, sister, wife, or sweetheart to thousands of sick, wounded, and dying men. Her contribution to the Union was incalculable and unique. It also became the defining event in Barton's life, giving her the opportunity as a woman to reach out for a new role and to define a new profession. Nursing, regarded as a menial service before the war, became a trained, paid occupation after the conflict. Although Barton went on to become the founder and first president of the Red Cross, the accomplishment for which she is best known, *A Woman of Valor* convinces us that her experience on the killing fields of the Civil War was her most extraordinary achievement.

A biography focusing on the youth of the nurse who organized the American Red Cross in Washington, D.C., in 1881.
