Tower Of London Address Birthday Book

From venerable Westminster Abbey to the cutting-edge exhibitions of the Tate Modern art museum, from the Tower of London's imposing facades guarding the Thames to idyllic St. James's Park, London's storied history and myriad charms make it easy to understand why the city is the number one tourist destination for Americans visiting Europe.

Henry VIII is one of history's most memorable monarchs. Popularly known for his six wives, and the unfortunate fate which befell Anne Boleyn and Catherine Howard, Henry initiated many reforms and changes which still affect our lives today. The annulment of his marriage to Catherine of Aragon set in motion the separation of the English church from Rome and the establishment of the Church of England, which in turn led to the dissolution of the monasteries, the hauntingly evocative remains of which can be seen across the United Kingdom. Henry also oversaw the legal union between England and Wales, and he is also known as 'the father of the Royal Navy', with one of his great warships, the _Mary Rose_, lost in 1545 and recovered in 1982, becoming one of the most famous wrecks in maritime history. In addition to the monasteries, other buildings around the UK continue to remind us of the times of the Tudors – there is the site of Greenwich Palace at the Royal Naval College Greenwich, where Henry was born; his great palace at Hampton Court; Lambeth Palace where Thomas More refused to sign the oath to make Henry the Head of the Church, and the Bell Tower in the Tower of London where More was imprisoned before he was beheaded. Henry's breach with the Pope led to the threat of war with Catholic France and Spain, which prompted Henry to construct a series of powerful forts around the English and Welsh coasts. These elegant and symmetrical defensive structures are still awe-inspiring. In this engaging and hugely informative book, the author takes us on a journey across the country, from Deal Castle on the south coast, to Tower Green where Anne Boleyn and Catherine Howard lost their heads, and far north to Rievaulx Abbey in Yorkshire. Along the way we see places where Henry stayed, where the _Mary Rose_ was recovered, the homes of his consorts and Smithfield where prominent individuals convicted of heresy were burned at the stake. Travel, then, not just across the country, but also back in time through 100 objects from the days of the second Tudor monarch – Henry VIII.

'There is no one-volume book in print that carries so much valuable information on London and its history' Illustrated London News The London Encyclopaedia is the most comprehensive book on London ever published. In its first new edition in over ten years, completely revised and updated, it comprises some 6,000 entries, organised alphabetically, cross-referenced and supported by two large indexes – one for the 10,000 people mentioned in the text and one general – and is illustrated with over 500 drawings, prints and photographs. Everything of relevance to the history, culture, commerce and government of the capital is documented in this phenomenal book. From the very first settlements through to the skyline of today, The London Encyclopaedia comprehends all that is London. 'Written in very accessible prose with a range of memorable quotations and affectionate jokes...a monumental achievement written with real love' Financial Times

Connor Sparrowhawk - A Death by Indifference

Millions live there, millions more visit each year - but how many really know London? Do you know when Big Ben first bonged - or even who Ben was? Why the River Thames is so-called? Which top Nazi was locked up in the Tower? Or what runs through the more than 50 miles of train-size tunnels which ring the city, stretch further than the Channel Tunnel and lie deeper than the Tube - and, no, the answer's not trains. The world's first celebrity chef, its oldest club, the worst ever mockney accent, a chapel full of prizefighters and the last Prime Minister to challenge a rival to a duel with pistols - from the truth about Handel's ears to hippos living in Trafalgar Square, it's all in When Did Big Ben First Bong?, the ultimate trivia guide to the greatest city on Earth.

Conquest

In 2014 the Royal Gibraltar Regiment celebrated its 75th anniversary. This is the history of the regiment and its preceding formations, a history that shows how a locally raised volunteer unit developed into a modern, light-role infantry battalion, based in Gibraltar and operating all over the world. The book takes the reader back to the beginning of British rule in Gibraltar and the involvement of the local population in the Great Siege during the 18th century. From there it embarks on a journey that describes the history of the Volunteer Corps in the First World War and the Gibraltar Defence Force which was established in 1939, the Gibraltar Regiment during the Cold War and finally the Royal Gibraltar Regiment in its current form. The changing roles of the regiment and the internal developments are described and explained within the wider political and military context of Gibraltar. This journey is brought to life with the help of photographs, illustrations and the words of the regiment's soldiers.

They're not like us, the royals. Or are they? This is the definitive compendium of new and little-known facts about the British royal family.

Samuel Pepys is as much a paragon of literature as Chaucer and Shakespeare. His Diary is one of the principal sources for many aspects of the history of its period. In spite of its significance, all previous editions were inadequately edited and suffered from a number of omissions—until Robert Latham and William Matthews went back to the 300-year-old original manuscript and deciphered each passage and phrase, no matter how obscure or indiscreet. The Diary deals with some of the most dramatic events in English history. Pepys witnessed the London Fire, the Great Plague, the Restoration of Charles II, and the Dutch Wars. He was a patron of the arts, having himself composed many delightful songs and participated in the artistic life of London. His flair for gossip and detail reveals a portrait of the times that rivals the most swashbuckling and romantic historical novels. In none of the earlier versions was there a reliable, full text, with commentary and notation with any claim to completeness. This edition, first published in 1970, is the first in which the entire diary is printed with systematic comment. This is the only complete edition available; it is as close to Pepys's original as possible.

National Geographic traveller guide to London, England.

This book explores how memories and traces of the reign of Richard III survived a century and more to influence the world and work of William Shakespeare. Although Richard and his era had passed beyond living memory before Shakespeare wrote Richard III, Elizabethan England still abounded with the remains and vestiges of his reign. These traces took the form of inherited memories and household articles, established institutions and popular practices, textsand tombs. Charting the fortunes of these pieces of the past over the course of the sixteenth century, Shakespeare and the Remains of Richard III offers a new approach to the cultural history of the Tudor era,whilst shedding fresh light on the sources and preoccupations of Shakespeare's play.

Since 1957, Chase's Calendar of Events lists everything worth knowing and celebrating for each day of the year: 12,500 holidays, national days, historical milestones, famous birthdays, festivals, sporting events and more. "One of the most impressive reference volumes in the world." Publishers Weekly

On July 4th 2013, Connor Sparrowhawk, also known as Laughing Boy or LB, was found dead in a specialist NHS unit. Connor, who had autism and epilepsy, had a seizure while in the bath and no member of staff was on hand to stop him from drowning. An entirely preventable death. Sara Ryan presents a frank, sometimes funny and touching account of her son's early life and preventable death and the unfolding #JusticeforLB campaign. This serves as a wake-up call to all of us and asks: can we really claim that we respect the life and dignity of learning disabled people?

Copyright 2021 All Rights Reserved Copyright 2021 All Rights Reserved Copyright 2021 All Rights Reserved Copyright 2021 All Rights Reserved It is 1951. Countries continue to struggle politically and economically after World War II. Hostilities, unlike any others throughout history, rage between peoples and nations. The Cold War and the Korean and Indochina conflicts, to name a few, are costing many lives. A brilliant idea is shared by one friend to another. A young congressman from the homeland of Abraham Lincoln borrows a record-setting single-engine light monoplane and christens her the Friendship Flame. Guided by his Christian faith and determined to do his bit for peace, the lone pilot lifts off from Carlinville's grass runway to circumnavigate planet Earth and carries only essential supplies and friendship scrolls, a unique tool he utilizes to express goodwill toward his fellow men. Ride along on his daring and epic journey traversing oceans, islands, deserts, forests, mountains, and plains. The tranquil Terceira Island, one of the world's deepest coal mines in Borinage, the Brandenburg Gate in Berlin, the Dublin Mansion House, the Vatican in Rome, the Victory Monument in Ankara, mosques in Baghdad and Tehran, an orphanage in Calcutta, the Shwedagon Pagoda Temple in Rangoon, Wat Pho in Bangkok, and the Genbaku Dome in Hiroshima are just some of the fascinating stops on the world tour. Friendships and alliances are forged in faraway places as the solon meets local citizens and gifts his goodwill scrolls to mayors and other government officials. The reader will be inspired by this delightful, heartwarming account. What can one person do to spread peace on earth?

With hundreds of full-color photographs, hand-drawn illustrations, and custom maps that illuminate every page, DK Eyewitness Travel Guide: London truly shows you what others only tell you.

Rock, Paper, Slippers is a nostalgic look back at growing-up in the 60s, 70s and beyond, and laughs in the faces of our preposterous younger selves. It's an unapologetic memoir that runs from childhood memories to mid-life crisis and safely out the other side, whilst tapping into all of our pasts along the way. It's a book for anyone who has ever sniggered at references to Mrs Slocombe's pussy, dreamed of scoring the winning goal in a cup final, written their initials on a record label or stood in front of their bedroom mirror, strapped on a cricket bat guitar and sung 'Gonna Make You A Star' into a hairbrush at their pouty reflection. At the forefront of all this growing-up business is an obsession with pop music: buying it, loving it, falling out with it, making up with it again and eventually having the audacity to play it with real instruments in front of real people. Written with humour and a smattering of touching frankness, Rock, Paper, Slippers may be one man's journey to his middle years, but it forces you to recognise and celebrate your own glorious odyssey too. Recognise your age, turn another page, it's a middle-age rampage, yeah!

The 22nd edition of Time Out London will help visitors to navigate the 2000 year old city, from the many must visits through to the eccentricities and particularities that give London its flavor. Time Out keeps you abreast of the latest in terms of cultural events, entertainment, restaurants, shopping, bar and pub scene, as well as taking you to the out-of-the-way neighborhoods in the throes of gentrification. Day trips and local excursions are also recommended, as rolling hills, seaside walks and ancient cities are all within your grasp. Whether your stay is brief or lengthy, Time Out will help you make the most of your time.

The first in a stunning new science fiction trilogy, Conquest introduces a world where humanity has been conquered by a powerful alien rulership--unless a group of young rebels can unlock their powers and help rescue humankind from its terrible fate. Earth has been invaded by the Illyri--a beautiful, civilized, yet ruthless alien race. The Resistance grows stronger against the invaders, for it is up to the young people of the Earth to lead the battle and save humanity. Syl Hellais, conceived among the stars, is the oldest alien child on Earth. The daughter of one of the planet's rulers, she has hidden gifts and powers that she does yet fully understand. But all is not as it seems. Secret experiments are being conducted on humans, the Illyri are at war among themselves, and the sinister Nairene Sisterhood has arrived on Earth, hungry for new blood. When Syl helps a pair of young fighters escape execution, she finds herself sentenced to death and pursued by her own kind. Soon, she even risks breaking the greatest taboo of her race by falling in love with a human. Now the hunter has become the hunted, and the predators have become prey. And as Syl is about to learn, the real invasion is yet to begin.

Here is the whole of recorded British royal history, from the legendary King Alfred the Great onwards, including the monarchies of England, Scotland, Wales and the United Kingdom for over a thousand years. Fascinating portraits are expertly woven into a history of division and eventual union of the British Isles - even royals we think most familiar are revealed in a new and sometimes surprising light. This revised and shortened edition of The Mammoth Book of British Kings & Queens includes biographies of the royals of recorded British history, plus an overview of the semi-legendary figures of pre-history and the Dark Ages - an accessible source for students and general readers.
