*SpongeBob SquarePants and Philosophy introduces fans of SpongeBob SquarePants to some of the great thinkers and questions in philosophy. The essays can be shared by young and old alike, kindling new interest in philosophy and life’s big questions. What keeps SpongeBob “reeling in” major audiences on a daily basis is that underneath the lighthearted and whimsical exterior are the seeds of philosophical discussions about identity and the self, our obligations toward others, benefits and tensions of the individual in community, principles of the marketplace and environmental ethics, and questions of just how exactly Jack Kahuna Laguna can build a fire at the bottom of the ocean. (Okay, so perhaps we don’t have an answer for that last one, but maybe if you look into that fire long enough the answer will be revealed.) The book begins with a section exploration of the major characters of the series. For instance, chapter 1 uses the philosophies of Aristotle to demonstrate why SpongeBob, more than any other character in the series, is defined by a life of well-being and flourishing. Chapter two provides an assessment of SpongeBob’s best friend, Patrick Star.*

*Welcome to Bikini Bottom - an underwater city in the South Pacific, where you're guaranteed an ocean view - and home to SpongeBob SquarePants! SpongeBob lives in his fully-furnished pineapple with pet snail Gary. His next door neighbour, Patrick Star, may be the dimmest creature in the entire ocean. And his friend, the air-suit-wearing Sandy Cheeks, is a squirrel with a taste for danger! With friends like these, it's no wonder SpongeBob keeps getting himself into all kinds of odd ocean adventures! Also featuring Squidward, Plankton and the whole cast of the smash-hit Nickelodeon animated series, SpongeBob SquarePants is a must for the child in all of us!*

Tall Tales was an innovative newspaper strip syndicated internationally by the New York Herald Tribune from 1957††1963. Whereas newspaper strips are square, single-panel or multiple-panel horizontal gag cartoons, Al Jaffee, known for the Fold-In in MAD Magazine, once again altered the format of his work to create a vertical strip—the first, and last, in newspaper history. Tall Tales contains the best 120 wordless strips out of over 2,200, scanned from the original files. The book features a new preface by Jaffee and an introduction by Stephen Colbert of The Colbert Report. †Al Jaffee is the cartoonist's cartoonist. He's a pioneer in every field, from comic books to book illustration to magazine cartoons. The worst thing about Jaffee is that every time I do a drawing, I find out he's done it before . . . and better.†?—Sergio Aragonés, cartoonist †This collection proves that not only has Al Jaffee always been funny, he's always been disturbed.†? — Stephen Colbert, from his introduction

This is the first in a two-volume retrospective collecting full comics stories, unpublished art, ads, etc. and biography of the famous Mad cartoonist. This is the first of two volumes reprinting copious amounts of comics stories and recounting the career of cartoonist Basil Wolverton. Based on his correspondence and journals, the biographical portion of the books follow Wolverton from childhood to adult day-to-day life as freelance cartoonist, itinerant handyman, persistent contest enterer, and local pastor of the Radio Church of God. Wolverton lived and worked in the Pacific Northwest, unique among the first generation of comic book pioneers. In the precious period before the industry calcified into a commercial institution, Wolverton was free to work under the radar to explore in detail his weird tales of the future. The book collects all of Wolverton ' s non-humorous comic stories and a substantial selection of his humorous comics, alongside dozens of pages of unpublished artwork, unsold features, and never-before-seen correspondence, including rejection letters!

Meet the women writers who defied convention to craft some of literature ’ s strangest tales, from Frankenstein to The Haunting of Hill House and beyond. Frankenstein was just the beginning: horror stories and other weird fiction wouldn ’ t exist without the women who created it. From Gothic ghost stories to psychological horror to science fiction, women have been primary architects of speculative literature of all sorts. And their own life stories are as intriguing as their fiction. Everyone knows about Mary Shelley, creator of Frankenstein, who was rumored to keep her late husband ’ s heart in her desk drawer. But have you heard of Margaret " Mad Madge " Cavendish, who wrote a science-fiction epic 150 years earlier (and liked to wear topless gowns to the theater)? If you know the astounding work of Shirley Jackson, whose novel The Haunting of Hill House was reinvented as a Netflix series, then try the psychological hauntings of Violet Paget, who was openly involved in long-term romantic relationships with women in the Victorian era. You ’ ll meet celebrated icons (Ann Radcliffe, V. C. Andrews), forgotten wordsmiths (Eli Colter, Ruby Jean Jensen), and today ’ s vanguard (Helen Oyeyemi). Curated reading lists point you to their most spine-chilling tales. Part biography, part reader ’ s guide, the engaging write-ups and detailed reading lists will introduce you to more than a hundred authors and over two hundred of their mysterious and spooky novels, novellas, and stories.

Fred, Wilma, Barney and Betty are at it again, and this time they brought some friends: George, Jane, Elroy and Judy Jetson! These two families animated prime-time television more than fifty years ago, but their loveable, bumbling antics are as timeless as the ages they live in. This collection includes some of the greatest comic hits from rock stars of animation, including: Fired! Big Baby Spacely Dodo A-Go-Go The First Purple Dinosaur on TV! Collects THE FLINTSTONES AND THE JETSONS #1-6.

**Perfect Nonsense tells the complete story behind one of the most innovative and under-rated Golden Age artists, classic children's illustrators, and nonsense poets in American history. There has never been a career retrospective of this startling cartoonist and illustrator – until now! Carlson's inspired cartoons – ranging from the intellectual to the surreal – place him at home with not only acknowledged masters of American humor like George Herriman, S. J. Perelman, Milt Gross, Bill Holman, and Jack Kent, but also globally celebrated absurdist like Beckett, Pirandello, and his life-long inspiration, Lewis Carroll.**
