Spannungen zwischen zwei mächtigen Gegnern im interstellaren Raum eskalieren. Die Venette-Versammlung war bislang immer unabhängig, doch nun ist sie im Begriff, zum Brennpunkt einer angespannten militärischen Pattsituation zwischen zwei Machtblöcken zu werden, die nun den interstellaren Raum beherrschen: die Vereinigte Föderation der Planeten und der jüngst geschlossene Typhon-Pakt. Die venettische Regierung bittet die Tzenkethi-Koalition, Teil des Typhon-Paktes, um Schutz innerhalb der neuen Ordnung und stimmt der Nutzung dreier ihrer Versorgungsbasen durch die Tzenkethi zu. Doch

diese Basen würden im Falle einer Militarisierung die Waffen der Tzenkethi unzumutbar nahe an die Gebiete der Föderation, der Cardassianer und der Ferengi bringen. Indistinguishable from Magic

The Fall: Peaceable Kingdoms

Star Trek: Deep Space Nine: The Missing

One hundred years ago, four crewmembers of the "U.S.S Enterprise™ crossed the dimensional barrier and found a mirror image

of their own universe, populated by nightmare duplicates of their shipmates. Barely able to escape with their lives, they returned, thankful that the accident which had brought them there could not be duplicated, or so they thought. But now the scientists of that empire have found a doorway into our universe. Their plan is to destroy from within, to replace a Federation Starships with one of their own. Their victims are the crew of the "U.S.S. Enterprise NCC-1701-D, who now find themselves engaged in combat against the

most savage enemies they have ever encountered, themselves.

The Shape of Things to Come The cataclysmic events of Star Trek: Destiny have devastated known space. Worlds have fallen. Lives have been destroyed. And in the uneasy weeks that follow, the survivors of the holocaust continue to be tested to the limits of their endurance. But strange and mysterious occurrences are destabilizing the galaxy's battle-weary Allies even further. In the Federation, efforts to replenish diminished resources and give

succor to millions of evacuees are thwarted at every turn. On the borders of the battered Klingon Empire, the devious Kinshaya sense weakness -- and opportunity. In Romulan space, the already-fractured empire is dangerously close to civil war. As events undermining the quadrant's attempts to heal itself become increasingly widespread, one man begins to understand what is truly unfolding. Sonek Pran -- teacher, diplomat, and sometime adviser to the Federation President -- perceives a pattern in the

seeming randomness. And as each new piece of evidence falls into place, a disturbing picture encompassing half the galaxy begins to take shape...revealing a challenge to the Federation and its allies utterly unlike anything they have faced before.

Few films have been so keenly awaited or the subject of so much internet debate as the twelfth Star Trek movie -- the first since 2002 -- which is scheduled to be released in May 2009. Directed by J.J. Abrams, creator of cutting-edge cult television shows Lost and

Alias, the film is expected to launch the Star Trek franchise into a new stellar era. Going back to the very beginnings of the classic Star Trek, the film tells how James T. Kirk, the half-Vulcan Spock, Dr McCoy, engineer Montgomery Scott and crew members Chekov, Sulu and Uhura first came together as rookie Starfleet recruits, and how they embraced the destiny that would later send them out across the galaxy accompanied by the immortal words: 'These are the voyages of the Starship Enterprise...' A largely brand new

cast including Chris Pine as Kirk, Zachary Quinto (Heroes) as Spock, Simon Pegg as Scotty, Karl Urban as McCoy alongside Eric Bana, Winona Ryder and Leonard Nimoy will bring Star Trek to a whole new audience, while at the same time Alan Dean Foster's novelization will enthrall both existing fans and a new generation of readers.

The pulse-pounding new Star Trek thriller from David Mack—a direct sequel to the New York Times bestselling series The Fall! Amoral, shrouded in secrecy, and answerable

to no one, Section 31 is the mysterious covert operations division of Starfleet, a rogue shadow group committed to safeguarding the Federation at any cost. Doctor Julian Bashir sacrificed his career for a chance to infiltrate Section 31 and destroy it from within. Now it's asking him to help it stop the Breen from stealing a dangerous new technology from the Mirror Universe—one that could give the Breen control over the galaxy. It's a mission Bashir can't refuse—but is it really the shot he's been waiting for? Or is it a trap from

which even his genetically enhanced intellect can't escape?™, ®, & © 2014 CBS Studios, Inc. STAR TREK and related marks are trademarks of CBS Studios, Inc. All Rights Reserved.

The Fall! The entire sector is waiting to see what the newly reopened Bajoran wormhole will mean for the shifting political landscape in the Alpha Quadrant. On Deep Space 9, Captain Ro Laren is suddenly drawn into the affairs of the People of the Open Sky, who have come to the station in search of sanctuary. Despite the opposition of the station's security officer, Jefferson Blackmer, Ro Laren and Deep Space 9's new CMO, Doctor Beverly Crusher, offer the People aid. But when Dr. Crusher's highly secure files are accessed without permission—the same files that hold the secrets of the Shedai, a race whose powerful but half-understood scientific secrets solved the Andorian catastrophe—the People seem the likeliest suspects. As tensions rise on the station, the science vessel Athene Donald arrives as part of its journey of exploration. The brainchild of Doctor Katherine Pulaski, this ship

is crewed by different species from the Khitomer Accords and the Typhon Pact. Pulaski's hope is that science will do what diplomacy has not: help the great powers put aside their hostilities and work together. But when the Athene Donald is summarily stopped in her voyage by the powerful vessel of a hitherto unknown species, Pulaski begins to wonder—will this first contact bring her crew together or tear them all apart?™, ®, & © 2014 CBS Studios, Inc. The Enterprise-E is on a diplomatic mission to the Talarian Republic, the last holdout in the Federation's efforts to expand the Khitomer Accords in response to the emergence of the Typhon Pact. In the wake of Andor's recent secession, the Federation is more concerned than ever with strengthening its alliances. The Talarians have been a tenuous potential partner at best, given the history of conflict and mistrust between them and the Federation. But the negotiations between Picard and the Talarians are disrupted by a growing public protest of those who are demanding greater rights—and before long, it becomes clear that the dissidents are not limiting themselves to nonviolent means....
