Policing rural Yorkshire is a far cry from Mike Pannett's old job hunting down drug gangs and knife crime in Central London. Settled back in his native Yorkshire, the former Metropolitan Policeman finds that life as a rural beat bobby is no picnic. After a crazed swordsman threatens to take his head off, he finds himself confronting a knife-wielding couple bent on carving each other up. When a stag night turns ugly he ends up with the groom, the best man and the bride-to-be all banged up in the cells -- and the wedding just hours away. With record-breaking floods and politicians to escort, will Mike find time woo the woman of his dreams? For fans of Gervase Phinn and James Herriot.

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

A business classic endorsed by Dale Carnegie, *How I Raised Myself from Failure to Success in Selling* is for anyone whose job it is to sell. Whether you are selling

houses or mutual funds, advertisements or ideas—or anything else—this book is for you. When Frank Bettger was twenty-nine he was a failed insurance salesman. By the time he was forty he owned a country estate and could have retired. What are the selling secrets that turned Bettger's life around from defeat to unparalleled success and fame as one of the highest paid salesmen in America? The answer is inside *How I Raised Myself from Failure to Success in Selling*. Bettger reveals his personal experiences and explains the foolproof principles that he developed and perfected. He shares instructive anecdotes and step-by-step guidelines on how to develop the style, spirit, and presence of a winning salesperson. No matter what you sell, you will be more efficient and profitable—and more valuable to your company—when you apply Bettger's keen insights on:

- The power of enthusiasm
- How to conquer fear
- The key word for turning a skeptical client into an enthusiastic buyer
- The quickest way to win confidence
- Seven golden rules for closing a sale

### A Star Above It and Other Stories

#### The Edinburgh Review

A completely updated, revised edition of the classic, outfitted with a whole new arsenal of indispensable knowledge on global affairs, popular culture, economic trends, scientific principles, and modern arts. Here's your chance to brush up on all those subjects you slept through in school, acquaint yourself with all the facts you once knew (then promptly forgot), catch up on major developments in the world today, and become the Renaissance man or woman you always knew you could be! How do you tell the Balkans from the Caucasus? What's the difference between fission and fusion? Whigs and Tories? Shiites and Sunnis? Deduction and induction? Why aren't all Shakespearean comedies necessarily thigh-slappers? What are transcendental numbers and what are they good for? What really happened in Plato's cave? Is postmodernism dead or just having a bad hair day? And for extra credit, when should you use the adjective continual and when should you use continuous? An Incomplete Education answers these and thousands of other questions with incomparable wit, style, and clarity. American Studies, Art

History, Economics, Film, Literature, Music, Philosophy, Political Science, Psychology, Religion, Science, and World History: Here's the bottom line on each of these major disciplines, distilled to its essence and served up with consummate flair. In this revised edition you'll find a vitally expanded treatment of international issues, reflecting the seismic geopolitical upheavals of the past decade, from economic free-fall in South America to Central Africa's world war, and from violent radicalization in the Muslim world to the crucial trade agreements that are defining globalization for the twenty-first century. And don't forget to read the section "A Nervous American's Guide to Living and Loving on Five Continents" before you answer a personal ad in the International Herald Tribune. As delightful as it is illuminating, *An Incomplete Education* packs ten thousand years of culture into a single superbly readable volume. This is a book to celebrate, to share, to give and receive, to pore over and browse through, and to return to again and again.

For a young lad like Mike Pannett, growing up in the North Yorkshire countryside in the late 1960s and early '70s was a dream come true. The sun always seemed to be

shining, the summer holidays lasted forever, and when you were sent to buy a fish supper for the family there was change to be had from that crumpled pound note. They really were the good old days. Given a fishing rod, a bottle of pop and a jam sandwich, a lad could wander as far as his bike would take him, and the countryside was one big adventure playground peopled by larger-than-life characters and endless opportunities for laughs and larks. Like many a boy, however, Mike learns things the hard way. He goes on a bike ride and lands up in A&E. He tries to be helpful around the home - and nearly burns the place down. And when he goes on a fishing trip it almost ends with a shipwreck. He's a likely lad, is Mike, and these are his likely tales.

Mike Pannett, once of the Metropolitan Police, is back in Yorkshire, policing one of the largest rural beats in England. Mike is called to investigate a series of burglaries, which are sending shock waves through the area. Remote farmhouses appear to be the targets, which stretches Mike's small team to the limits. Then, as winter sets in, two dogs are found running loose - Mike fears the owner has gone missing in the dreadful weather and is forced to call

*Taken to a Xol lab, Cassidy prepares to meet the one woman who's never wanted her. It's not clear why the scientist requires her now, but she hangs on to two hopes—that Luke has gotten away and is safe, and that the vial of genetic material they'd fought to protect is destroyed. Life isn't fair, but she pushes aside the cruelty of losing Luke so soon after finding his love. Survival, however it may come, is imperative, because she refuses to fail in ending the diabolical "cure." Stranded in Mexico, Luke must contact the one person he's always wanted to keep from danger. It doesn't take much to convince his brother to be his backup in rescuing Cassidy from Project Xol's team, and soon, the brothers follow her trail. Even with the help of the billionaire who'd once funded the research, it seems impossible to take down such a corrupt team hellbent on unethical experiments and producing something that can change the world forever. *The Descendants is styled after works from the Bronze Age of Comic Books, a time before superhero comics were dominated by grim and gritty deconstructions; when comic books were fun. It is presented in a unique manner: as an all-prose comic book complete with issues, specials and annuals. Each tells a complete story that ties into the overall tale of the titular superheroes. In the second exciting volume: After fending off the threat of Morganna and the forces of Project Tome, The Descendants turn their sights to the homefront. The teens need to be reunited with their parents and the older members have families of their own to reconnect with. Of course, they'll have to do this while dealing with an anti-descendant religious movement as well as all-new villains like the Interfacers, Aces High and Mad-Mad Madigan. And if that wasn't enough, an old enemy returns with some monstrous new friends! They are heroes. They are people. This is their story. Now Boudrot's made a jailbreak and escaped into the bayou. In pure spiteful nastiness, Boudrot is three cuts above your regular dime-a-dozen lowlife, and it's a sure bet he's out for revenge on everyone involved in last year's incident. Nick and Desmond immediately set out to warn the innocent—relatively speaking, anyway—of trouble to come, and proceed to round up the troops for a showdown. But that*

It's 1978, and Dale Singleton is becoming alarmed as his friend, Ian Kaysen, is afflicted with a mysterious and seemingly untreatable illness characterized by pneumonia, lesions, and dementia. This novel of the first days of AIDS is viscerally affecting, as it conveys the shocked puzzlement of those troubled by Ian's condition while simultaneously documenting Jamaican society's struggle to accept the dignity of gay love. Dale's world collapses, yet his experience of being gay in a middle-class culture circumscribed by church, family, and compulsory heterosexuality is hauntingly memorable-and familiar. "

A Local Kid (Does Only O.K.) is a witty and affectionate account of one boy's growing up in Rogers, Arkansas in the late forties and the fifties in the days before malls, credit cards, and big-box stores when people shopped and found entertainment in what is now the "historic" town center. A 1960 graduate of Rogers High School, Bassham recalls his checkered employment history as a soda jerk, dishwasher, fry cook, carpenter, and sports reporter (at age 17) for the old

Rogers Daily News. Begun as a family history for his two daughters, this "remembrance" of his home town in the years after World War II grew into something more: a collection of lessons learned at the Presbyterian church; of triumphs and (mostly) disappointments on the gridiron and the basketball court; his brief career as a clarinetist under the spell of local musical prodigy Maxie Gundlach; Ben's love of the cars that graced dealers' showrooms; his devotion to fifties' television shows, and the many hours spent watching movies at the old Victory Theater. A cast of colorful local personalities comes alive in his portraits of town "characters," its leading citizens (including "Cactus" Clark, Joe Bill Hackler, Rev. Robert Moser, Heston Juhre, and others), and the author's eccentric relatives. Junk food consumed, clubs joined and abandoned, favorite "parking" spots, old days at the Monte Ne "Pyramids," and fun times on the White River in pre-Beaver Dam days are also lovingly recalled in this enjoyably off-beat autobiography.

a change from the Met, where he dealt with riots on the capital's streets and drug gangs in Battersea, and found out what it was like to stare down the wrong end of a sawn-off shotgun. Now, instead of hunting down knife-wielding muggers, he's chasing runaway bullocks, holding up the Last Night of the Proms traffic to escort a lost mole across the road and combing the countryside for the villains who stole the Colonel's balls. Mike's first year on his new patch is told in seventeen chapters which interweave his escapades on the beat month by month together with his growing knowledge of a landscape that changes with the seasons and some snapshots from his off-duty life. Here is a wonderfully entertaining celebration of North Yorkshire, its breathtaking scenery and wide variety of characters and communities.

**This volume is a study of the language of literary texts. It looks at the usefulness of pragmatic theories to the interpretation of literary texts and surveys methods of analysing narrative, with special attention given to narratorial authority and character focalisation. The book includes a description of Grice's Co-operative Principle and its contribution to the interpretation of literary texts, and considers Sperber and Wilson's Relevance Theory, with particular stress on the valuable insights into irony and varieties of indirect discourse it offers. Bakhtin's theories are introduced, and related to the more explicitly linguistic Relevance Theory. Metaphor, irony and parody are examined primarily as pragmatic phenomena, and there is a strand of sociolinguistic interest particularly in relation to the theories of Labov and Bakhtin.**
