TO SAVE THE GALAXY, A DEAD HERO MUST RISE AGAIN! NEWLY REVISED AND EXPANDED NOVEL SET IN THE TRAVELLER UNIVERSE FROM LEGENDARY GAME DESIGNER MARC MILLER Jonathan Bland is a Decider, empowered by the Emperor himself to deal with the inevitable crises of an empire. The chronicle of Bland reveals secrets of the history of the star-spanning Third Imperium and spans 400 years from early Imperium (about year 300) through the mid-post Civil War period (about year 700) touching known and unknown events you may have encountered in your own reading of the Imperium: everyday events, political intrigue, deadly dangers, Arbellatra, Capital, Encyclopediopolis, the Karand's Palace, and a Tigress-class Dreadnought. If you know the Traveller science-fiction role-playing game, then some of this is already familiar; if not, no matter—this story introduces the vast human-dominated interstellar empire of the far future in ways only the designer and chronicler of this particular universe can.

The Schillinger System of Musical Composition

A relentless alien bounty hunter encloses a Texas town under a dome to isolate, hunt, and kill its prey in “the ultimate horror novel” (The Philadelphia Inquirer). Ever since the copper mine closed, the West Texas desert hellholes of Inferno and Bordertown have been slowly dying. Snake River isn’t the only thing that divides them. Racism, gang wars, and anti-Mexican sentiment have turned the sun-scorched flatlands into a powder keg. If anything can unite them for now, at least in awe and wonder, it’s the UFO that comes soaring out of the clouds like a flaming locomotive. In the wake of the crash, a young alien named Daufin has arrived, too. A fugitive who has taken the form of a human, she knows the terror that awaits the inhabitants of this planet—because it is looking for her. When Stinger, the monstrous alien bounty hunter, arrives, it’s with a destructive fury and a devious plan to find Daufin—by entombing the residents in an impenetrable and inescapable dome. A relentless killing machine, Stinger has an infinite capacity for death and destruction. And over the next twenty-four hours, this town is going to bleed and burn. Now, the few remaining survivors must come together to protect Daufin, themselves, and the world beyond from total annihilation. From the New York Times–bestselling and Bram Stoker Award–winning author of Swan Song, Stinger was called “one of the best suspense novels of recent years” by the Science Fiction Chronicle.

Carole and her lover thought they had committed the perfect crime, murdering Carole s abusive husband and making it look like an accident. Unfortunately there was a witness, someone far more twisted than they are, with plans for a killing spree of his own. This novel contains graphic content and is recommended for regular readers of horror novels."

A family moves to a small town dominated by a murderous cult Despite its eerie name, Bethany’s Sin is a pleasant place. After a life of grim poverty, this new community seems like heaven to Evan Reid and his family. With its quaint shops, manicured lawns, and fresh summer smell, the town charms the Vietnam veteran, his wife, and their daughter like nowhere else they have ever been. But beneath that cheerful fa ç ade lurks something deadly. As soon as they enter their new house, Evan is consumed by fear. He can’t place its source, but there is something about the town’s mayor, Kathryn Drago, which makes him uneasy. By day she is a harmless retired archaeologist. But at night she leads an Amazonian cult whose next ritual calls for a secret ingredient: the blood of Evan Reid.

The freshly dead body sprawled on the Bedford Square doorstep of General Brandon Balantyne is an affront to every respectable sensibility. The general denies all knowledge of the shabbily dressed victim who has so rudely come to death outside his home, but Superintendent Thomas Pitt cannot believe him—for in the dead man’s pocket, Pitt finds a rare snuffbox that recently graced the general's study. The superintendent must tread lightly, however, lest his investigation trigger a tragedy of immense proportions, ensnaring honorable men like flies in a web. Pitt’s clever wife, Charlotte, becomes his full partner in probing this masterpiece of evil, spawned by an amorality greater than they can imagine.

He describes his sevice in the Italian Army in the First World War, his return to Paris, his association with the surrealist movement, and his subsequent disillusionment and self-isolation.

During their privileged, eccentric English childhood, Jack Rathbone enjoyed the unstinting adoration of his sister, Gin. So when both are art students in London, it is wrenching for her to watch him fall under the spell of Vera Savage, a flamboyant and reckless painter from Glasgow. Jack and Vera run off to New York City within weeks of meeting, and from a bruised, bereft distance Gin follows their progress south through Miami and pre-revolutionary Havana to Port Mungo, a seedy town in the mangrove swamps of Honduras. There, in an old banana warehouse, Jack obsessively devotes himself to his canvases while Vera succumbs to a chronic restlessness that not even the birth of two daughters can subdue. Passion, narcissism, and the relentless demands of creativity hold these riveting characters in thrall, and McGrath skillfully evokes a feverish world of tropical impulses and artistic ambition that leads ultimately to dark secrets and to death.

Arriving at her mother’s home at Rutland Place, Charlotte discovers that other residents of the exclusive neighborhood have also suffered similar small thefts. It all appears quite mild as crimes go—a light-fingered servant, perhaps. That is, until Mina Spencer–Brown, a woman known for her prying, is poisoned and dies. Inspector Thomas Pitt quickly surmises that Mina’s snooping might have led to her murder, but what secrets had she stumbled upon? And whose? As Pitt patiently struggles to break down the protective silence of high–born neighbors, Charlotte works behind the closed doors of society’s drawing rooms to help unravel a mystery that reveals sordid secrets and the chilling, dark corners of human behavior.
